## LAST WEEK'S PROCEEDINGS - 21 JANUARY 2015

PP Heman acted as the Luncheon Chair again this week. He started the meeting at 1:00 pm sharp and welcomed back Rotarian Peter Yeung, PP Andrew Chen and PP Hubert Chan while IPP Jonathan also introduced his colleague, Ms Nicole Tse as his guest. In this meeting, we celebrated the birthdays of Rotarian Peter Yeung and Secretary Avis Kong with a song, a cake and gift. PP Heman then made the announcements, after which PE William also made the announcement that our Happy Lunch with Choi Jun students will be held on Jan 30, 2015 and that the venue should be on Hong Kong side. PE William also acted as SAA and announced that we had collected HK\$1,400 as the Red Box contribution in this luncheon.

The highlight of the luncheon was the presentation our guest speaker, Mr Alan Young. He is the Head of the Caritas IT Advancement Centre, Canossa Hospital as well as the Precious Blood Hospital. His topic was "Collateral view of a private hospital information system to enhance patient care- Canossa Hospital experience." After his informative and interesting presentation, it aroused a lot of queries from our members. PP Heman invited PP Hubert to present a vote of thanks to our Speaker and P Norman then presented a souvenir to our Guest Speaker.

The meeting was adjourned at 14:00 and everyone joined in the group photo.

# THE LAST LAUGH

## Bill and Hillary Clinton

When Bill and Hillary first got married Bill said, "I am putting a box under the bed. You must promise never to look in it."

In all their 30 years of marriage, Hillary never looked.

On the afternoon of their 30th anniversary, curiosity got the best of her and she lifted the lid and peeked inside. In the box were 3 empty beer cans and \$8,874.25 in cash. She closed the box and put it back under the bed. Now that she knew what was in the box, she was doubly curious as to why there even was such a box with such contents.

That evening, they were out for a special anniversary dinner. After dinner, Hillary could no longer contain her curiosity and she confessed, saying, "I am so sorry, Bill. For all these years, I kept my promise and never looked into the box under our bed. However, today the temptation was too much and I gave in. But now I need to know, why do you keep the 3 beer cans in the box?"

Bill thought for a while and said, "I guess after all these years you deserve to know the truth. Whenever I was unfaithful to you, I put an empty beer can in the box under the bed to remind myself not to do it again."

Hillary was shocked, but said, "Hmmm, Jennifer, Paula and Monica. I am very disappointed and saddened by your behavior. However, since you are addicted to sex, I guess it does happen and I guess 3 times is not that bad considering your problem."

Bill thanked her for being so understanding. They hugged and made their peace. A little while later Hillary asked Bill, "So why do you have all that money in the box?"

Bill answered: "Well, whenever the box filled up with empty cans, I took them to the recycling center and redeemed them for cash."

## OUT & ABOUT

### Blind bowling

On Jan 18<sup>th</sup> 2015, President Norman and his family participated in the District Blind Bowling competition at the South China Athletic Association Bowling Centre. Sponsored by the Labour & Welfare Bureau, this event is organised by the Hong Kong Blind Sports Federation (HKBSF) and co-organised by Rotary Club of Kwai Chung. Its main objectives are to raise the self-confidence of people with visual impairment through equal participation in sports training and sports tournament and to arouse the public awareness on their abilities.

President joined in the spirit of the occasion to don a blindfold for his first bowl, and he reported that it was a happy participation and good experience. Unfortunately there were no awards for his team – but it's the taking part that counts!

### Rotary Leadership Institute

On January 17<sup>th</sup> 2015, PN Chris attended Part 3 of the Rotary Leadership Institute to complete the course, which covered topics such as International Service and Public Image and Public Relations. Facilitators included our own DGN Eric, PDG Anthony Hung and IPDG Eugene Fong, with opening remarks by DG Belinda. Chris participated in workshop sessions and commented that overall, the course has "Helped me understand what it means to be a good Rotarian".

## ANNOUNCEMENTS

1. District Rotary Day is scheduled on March 1, 2015. It is going to be an Ultra-Marathon of 50 km run. We shall organize our Rotaractors to participate. If any members would like to join, please register with Pres. Norman. We have registered for 1 booth and 2 running teams.
2. THE ONE Gala dinner is scheduled on Jun 23, 2015. RIP Gary Huang and RIPE KP Ravindran will join this party. Any member interested in joining this Dinner, please mark down the date and register with Pres. Norman.
3. The regular meeting for Feb 18, 2015 is cancelled since it is the Chinese New Year Eve.
4. An EGM notice has been sent to all members. The EGM date is Feb 25, 2015 and we shall vote for the change of meeting schedule in this EGM.
5. An area 3 joint- club CNY luncheon will take place on Monday January 23rd, with VIP guest speaker Jasper Tsang Yok Sing. Members who wish to join this please inform President Norman.

## SPOTLIGHT ON - "Collateral View of a Private Hospital Information System to enhance Patient Care – Canossa Hospital experience"

### Alan Young

Alan joined the Community & Higher Education Service of Caritas Hong Kong in 1984 and has been serving as the school Principal at the Community & Higher Education Service of Caritas Hong Kong for over 23 years. He was the founder of the Caritas Information Technology Advancement Centre and co-in-charge of the Marketing and Purchasing Department until March 31, 2014. Caritas I.T. Advancement Centre, CITAC was delinked from the Community & Higher Education Service to become an independent I.T. Centre directly under the Deputy Chief Executive of Caritas Hong Kong in April 2014. Alan has also been re-titled as Head of CITAC.

Before entering the topic, Alan Young spoke about the government-initiated electronic health records sharing program "e-HR", although the bill is still pending for legislation, he told members the pros and cons of sharing patient records among public/private hospitals and public/private clinics. In view of enhancing better patient care via e-HR, the design of his hospital information systems is e-HR ready. His hospitals have adopted the hospital authority provided standard modules such as Allergy, Adverse Drug Reaction, Medical Order Entry, Discharge Summary etc. these modules are being used as interfaces between government and private hospitals for sharing patient data.

He followed on to introduce his hospital information system by showing the clinicians' view when patient seeking consultation. He showed members that in the old days, records such as diagnosis, prescription, laboratory reports etc were all hard copies and filed in a patient chart. It was very difficult for the attending doctor to refer to this information, which might be important in deciding the follow up treatment. Having integrated the information in a collateral view in the new system, doctors are just a few key strokes away from getting all the information instantly on screen. Details include clinical information from all previous visits and even radiology images. He added that a few months later, reports from Dialysis and Endoscopy will also be grouped into the view. He also showed that alerts such as allergy and drug reaction can be seen on screen by the attending doctors. Doctors can also prescribe drugs using the hospital authority modules and map with the hospital pharmacy for dispensing.

These are now for the staff of his hospital to share, however, once the legislation has passed the e-HR bill, his system makes it possible to share patient information from all participating hospitals and clinics. Members were concerned about privacy and he told members that the government has a protocol for patient to consent the sharing action and that there is a high standard of security requirements for healthcare organizations to join the e-HR.

## CLUB FELLOWSHIP - PP Uncle John Cup Golf Tournament
