MESSAGE FROM THE PRESIDENT

EXPRESS great pleasure that this baby club, after shortly being admitted into the membership of Rotary International, is able to publish its maiden issue of a weekly Bulletin, *Tung Feng*. The name *Tung Feng* is often on Chinese lips whenever they need anything or financial assistance to cope with any crisis. According to Chinese history, it frequently cropped up in the period of the Three Kingdoms when a noted strategist, Kurg Ming, tactfully borrowed from heaven an East Wind (*Tung Feng*) to win a battle against his opponent, Tso-Tsao. Contrary to Western connotation, the name means good luck and fortune to Chinese. I am glad it has been chosen as the title of this Bulletin and hope it will endow the publication with unusual success.

This weekly Bulletin is principally intended to stimulate members' interest and improve their attendance by announcing the date, place and program of forthcoming meetings and reporting helpful information about the club and its members, and Rotary International. In view of such functions, it is the duty of the editor to select and prepare materials of interest to meet the requirements of the club and its members. It should be an open eye through which we are able to see better the life of the club, the conduct of its members and their world-wide Rotary movement.

We are fortunate to have Henry as the Bulletin chairman, a well experienced publisher.

It is grateful to know that he will generously contribute a certain portion of the printing expenses involved in the publication. Apart from the effort of the editor, much of its success will still depend on the cooperation of members. We want constant advice from members who should read the Bulletin regularly and keep it in a special file instead of leaving it unread and throwing it into the waste-paper basket. Every member should treat the Bulletin as the club's history in leaflets and keep it for permanent reference. If this publication proves to be a practical help to members in learning Rotarians' conduct, club activities and Rotary information, it may well deserve its name as *Tung Feng*.

(signed) John Yuen
President

OUR FIRST SEVEN WEEKS

During the short space of the past seven weeks since the initiation of our regular weekly meetings at Winner House on March 31, we have had the honour of visits to our Club luncheons of 31 Rotarians from other clubs, some located as far as Australia and Taipei, as well as of 18 guests of our members. We also received with deep appreciation five banners and a number of felicitious messages and good wishes.

The five banners received by us to date were sent by Rotary Clubs of Kuching (Sarawak),

Next Meeting: Wednesday, May 19

Speaker: Rtn. William Nichol

Subject: Vocational Talk On Automobile Industry.

Narrabri (Australia), Macao, Kowloon and Taipei.

Our sincere thanks must be extended to those Rotary veterans who have helped us at the early stage in successfully establishing our Club. Among them are Rtn. G. E. Marden, Rotary International Administrative Advisor, Rtn. George Lin, President of the Rotary Club of Hong Kong, and Rtns. Charlie T. F. Wei, C. T. Wang and many others.

The biggest functions thus far attended by our members were the Inter-City Forum on April 17 at the American Club and the Annual Rotary Ball on May 14 at the Skyroom, both sponsored by our mother club, the Rotary Club of Hong Kong.

Led by President John, 12 members of our Club participated in the Inter-City Forum which was attended by a total of 103 Rotarians from the Rotary Clubs of Hong Kong, Kowloon, Hong Kong Island East, Hong Kong Island West, Taipei, Keelung, Manila and Honolulu.

The average weekly attendance during the first seven regular meetings was almost 22 out of 27 members, representing roughly 80 percent of our strength.

Detailed attendance during the period under review was as follows:

Meeting	No. of Members Present	Percentage
March 31	20	74.7
April 7	21	77.7
14	21	77.7
22	20	74.7
28	24	88.8
May 5	23	85.0
12	22	81.4

"ROTARY AS I LOOK AT IT"

We started off our programmes for our newly-born Club on April 14 with a talk on "Rotary As I Look at It" by Dr. C. T. Wang, past R.I. Vice-President and generally acclaimed as the Father of the Rotary Club movement in China. Dr. Wang is not only a Rotary veteran of unsurpassed standing, but also a man of distinguished achievements in the Chinese diplomatic and political fields. There was nothing more appropriate than to have had a man of Dr. Wang's qualifications to be our first speaker.

Dr. Wang dwelt mostly on the Rotary spirit and gave us rich advice on how to bring our Club up to the best possible standards.

"HOW TO MAKE YOUR CLUB GROW"

Dr. Wang was followed the next week by another Rotary veteran of similar calibre, Charlie T. F. Wei, who was a past District Governor of Central China. Charlie talked on "How to Make Your Club Grow", and through a wealth of illustrations he showed us how to go about becoming a good Rotarian.

"A WONDERFUL FISH—TILATIA"

A digression from Rotary subjects was afforded the following week by Dr. Ling Shao-ven, who is one of the few world's experts on fresh fish. He is with the FAO of the United Nations and is presently on loan to the Thai Government to help develop the fishing industry Thailand. Dr. Ling talked on "The Story of A Wonderful Fish—Tilatia". From the profuse laughter and hand-clapping, it was evident that Dr. Ling's talk was very much appreciated. It was amazing to realise that there is so little we know and so much we should know about fish, especially about Tilatia fish, which Dr. Ling said might be a factor in solving our food problem. The fish is unique for its quick rate of growth and reproduction and its being able to thrive in both sea and fresh water.

"THE MACHINE AGE"

Our fourth speaker was Rotarian Bill Anderson of our sponsor club, the Rotary Club of Hong Kong. He is now serving as secretary of the Club. He gave us an interesting insight into the intricacies and capabilities of the machine age—the cash registers and adding machines. The talk was illustrated with a 25-minute 16-MM film, shown on a sound projector which was kindly lent by the United States Information Service.

"THE COMMUNITY SERVICE"

The latest speaker prior to the publication of this Bulletin was Rtn. F. C. Clemo, one of the founders of the Kowloon Rotary Club, who gave us a very interesting and constructive talk on the activities of his Club, especially in the field of community service.

Rtn. Clemo spoke of the first idea of the formation of a Rotary Club in Kowloon early in January, 1948. The suggestion was, however, turned down by the Rotary International for fear of lack of members. However, in June, the same year, the Club was formed with 25 chartered members with Rtn. Clemo as its first President.

Rtn. Clemo paid high tribute to our President John, who was then a Hongkong Rotarian, for his assistances to the Club. There were now

43 members and the average weekly attendance record was 86.66 per cent.

Speaking of the activities of the Kowloon Club, Rtn. Clemo said the Club started with absolutely nothing at all. However, in nine months the Club had \$54,000 in its "kitty."

The Kowloon Rotary Club first started a Trachoma Clinic in Arran Street, Kowloon, which cost about \$95,000 and since its operation, 250,000 cases of Trachoma had been dealt with including both operations and treatments. The Clinic was later handed over to the Emmanuel Mission.

The Club's next project is to help the lepers and they have contributed \$20,000 for the benefit of the sick. Further, they have donated \$5,000 to the Babies' Home in Taipo and have also provided expenses for five students in five different schools.

APPOINTMENTS

At the last meeting of the Board of Directors, the following appointments were made:

- President John Yuen to be our Delegate to the Rotary International Convention in Seattle.
- Rtn. S. L. Yuen to be Chairman of the Youth Sub-Committee.
- Rtn. "Jimmy" Wu Man Hon to be Chairman of the Charity Sub-Committee.
- Both Sub-Committees will function under the Community Service Committee headed by Chairman Rtn. S. K. Chen.

TWO "MUSTS"

Members are reminded to attend the forthcoming regular meeting on WEDNESDAY, MAY 19, when a group photograph will be taken, and the Charter Night on FRIDAY, MAY 28.

The Charter Night will be held at Ritz Garden at 8.30 p.m. on Friday, May 28, in conjunction with the Rotary Club of Hongkong Island West. Fifty-five Charter Members of both clubs will be hosts and they should all attend the function with their "Rotary-Annes".

The function, a formal one, is expected to be attended by some 350 guest Rotarians and "Rotary-Annes" from the Rotary Clubs of Hong Kong, Kowloon and Macao.

ROTARY NEWS FROM ABROAD

Seattle Convention Highlights

Plans are being completed for the programme of the 1954 convention of Rotary International in Seattle, Washington, U.S.A., June 6-10.

On Saturday, June 5, prior to the formal opening of the convention, the council on legislation will meet and there will be a boat trip and salmon barbecue for early arrivals.

Among the convention speakers will be President Joaquin Serratosa Cibils, President Nominee Herbert J. Taylor, Past President Richard C. Hedke, Secretary George R. Means, Treasurer Richard E. Vernor, Secretary of State John Foster Dulles of the U.S.A., Governor Arthur B. Langlie of the State of Washington, and Canadian author and newspaperman Bruce Hutchison.

Two features of unusual interest will be a symposium on "Rotary in Action Throughout the World" and a forum discussion on the Rotary Foundation Fellowship programme. J. Martin Klotsche, president of the Wisconsin State College in Milwaukee, Wisconsin, U.S.A., will serve as moderator of the symposium which will have participants from four countries, and Dan Procter, president of the Oklahoma College for Women in Chickasha, Oklahoma, U.S.A., will be the moderator of the forum, comprised of Rotary Fellows from Australia, England and Norway.

Proposed legislation will be considered. Rotary International officers will be elected, and Rotarians will meet together in discussion assemblies.

Hospitality plans include an acquaintance dance in honour of the president of Rotary International, a concert by the Seattle Symphony Orchestra, regional dinners and entertainment features typical of the U.S.A. Northwest.

Man's Devotion to Man

Not often are Rotarians called on to demonstrate "Service Above Self" by personally endan-

gering their own lives. Members of the Rotary Club of Cocanada, India, received this challenge and answered it heroically, when the Godavari River flooded their area a few months ago. Stranded villagers of nearby Valasapakala faced starvation. Cocanada Rotarians, working with the local Central Relief Committee, shouldered food supplies and waded neck deep through treacherous floodwaters to feed these isolated villagers.

This incident illustrates more effectively than words and pictures just what Rotary principle represent in terms of action. It is in the power of each club to duplicate within circumstantial restrictions this nobly dedicated effort of Cocanada Rotarians. "Service" can be merely a word. Service can be a flaming, practical ideal. Rotarians of Cocanada chose to make *service* a visible part of their lives.

In Memoriam

Rotarians mourn the passing of the following past officers of Rotary International:
Lalit Sen, Asansol, IndiaGovernor, 1951-52
Edward A. Simmons, Trenton,
Ontario, CanadaGovernor, 1948-49

New Officers of Taipei Rotary Club

According to *Typhoon*, Bulletin of the Taipei Rotary Club, the following officers were elected for the Rotary year 1954-55 by its Board of Directors-elect:

PresidentE. T. Tsu
Vice-PresidentSomchai Anuman Rajadhorn
TreasurerFelix S. Y. Chang
Honorary Secretary ...Cho Tung-lai
Assistant SecretaryJohann Young
Sergeant-at-Arms Benjamin S. J. Cheng

THE JOINT CHARTER NIGHT

ALL preparations are well in hand for the Joint Charter Night, of the Rotary Club of Hongkong Island West and Rotary Club of Hongkong Island East, which will be held at Ritz Garden on Friday, May 28, from 8.30 p.m. to 2 a.m.

It will be "The Biggest Social Event" of our two clubs and all Charter members are reminded once again that they are expected to

attend the function with their Rotary-Annes, and are to act as hosts and hostesses at their respective tables during the night.

The Joint Charter Night will start off with a welcome speech in English by our President John Yuen, followed by a welcome address in Chinese by President Fung Hon-Cho of the Island West Club.

Owing to the absence from the Colony of Rtn. G. E. Marden, Rotary International Administrative Adviser, Rtn. Charlie T. F. Wei, past Governor of 97 Districts, will act as a Rotary International Special Representative to present Charters to our two clubs, and Rtn. George Lin, President of our sponsor club, Rotary Club of Hong Kong, will present Jewels to President John Yuen of our club, and to President Fung Hon-Cho of the Island West Club.

The Night's programme has been very well mapped out by the Joint Charter Night Committee who assures all those who will attend the function an entertaining and memorable evening with some special surprises in addition to songs to

The three photos shown on this and the following pages were taken by Francis Wu at the Annual Rotary Ball held on May 14 at Skyroom. Above: Rtns. K. C. Coh and Bill Nichol with their Rotary-Annes arriving at the Ball.

be sung by popular Chinese actresses and *Pipa* and flute solos by well-known artistes.

To ensure a 100 per cent success for the evening, the Joint Charter Night Committee will hold a further meeting on Tuesday, May 25, at Ritz Garden, to finalise the preparations for the function. The Committee held three meetings during the past six weeks and consulted with and obtained valuable advice and assistance from other members of our two clubs who are not serving on the Committee.

The function is expected to be attended by all the 55 Charter members of both clubs, their Rotary-Annes and guests as well as Rotarians of our member clubs of Hong Kong, Kowloon, Macao and Taipei. Souvenirs will be presented during the course of the night by both clubs to delegates attending the function from other Rotary clubs.

Last Minute Flash

The Joint Committee for our Joint Charter Night has just arranged to make 200 seats available to friends of all Charter members—100 for us and 100 for the Rotary Club of Hongkong Island West.

Being a club of 25 members, each member may invite as many as four guests. Charges will be \$15 per guest, and guest-cards will be obtainable at our next regular meeting on May 26 from the Hon. Treasurer. Guest-cards not taken up by 2.30 p.m. on May 26 will be offered to members who wish to invite more than four guests.

Since this will be "The Biggest Social Event" for all of us, every Charter member of our club is urged to give his full support and to invite not less than four guests each. In extending invitations to friends, members should give first consideration to prospective candidates whom they wish to be inducted as Rotarians of our club.

Ferry Service on Charter Night

Arrangements have been made with the authorities concerned for the last ferry boat on our Joint Charter Night to leave the Hong Kong Star Ferry Pier at TWO A.M.

Those from Kowloon are thus assured ample time to catch the last ferry if they leave Ritz Garden around 1.30 a.m.

Next Meeting: Wednesday, May 26

Speaker: Rotarian Fung Ping Fan

Subject: Magic Carpet to be illustrated with movie film.

Attendance

Due to their absence at four consecutive meetings, Y. C. Kwan and Y. P. Kwan have had their membership terminated. The decision was made at the last Board of Directors meeting.

Out of 25 members, 23 attended last week's regular meeting on May 19, 1954, representing 92% which is the record attendance to date:

Rotarians present	23

do. absence excused	1
Total	25

Charter Member Buttons

Members who have not yet obtained their Charter Members Buttons may purchase them from the Hon. Treasurer, Rtn. "Dragon" Nie Yung Lung at \$15 each.

These Buttons have just been airlifted to us from Chicago by the Rotary International.

Miss Lola Yang being introduced to Rtn. A. J. Picciotto, of Rotary Club of Hong Kong, by our Hon. Secretary Pat (on her right). Rtn. Charlie T. F. Wei is seen in the centre.

Community Service

Rtn. Seaker K. Chan, Chairman of the Community Service Committee, will be pleased to receive recommendations and suggestions in writing from all our members as to which project in the field of community service in our area is most needed and should be tackled first.

It is the duty of every Rotarian to render service and he is expected to do so in this connection by Rtn. Seaker K. Chan whose address is c/o Roxy Theatre, Causeway Bay, to which you may send your suggestions and recommendations.

AUTOMOBILE TRADE IN HONG KONG

"Most local Chinese automobile owners select motor cars by the colour and shape instead of the quality of the machines," contended Rtn. Bill Nichol at our last weekly meeting when he spoke on the subject of automobile business.

With 30 years' experience and training in his profession, 12 of which were spent in Hong Kong, Rtn. Bill said that the automobile car business might be divided into two sides: sales and service.

The majority of the customers here, he said, were Chinese, many of whom knew no English. Failing to appreciate the mechanical side of a car,

although fully explained in English in the manufacturers' catalogue, the customers viewed the shape and colour of the car as the all-important elements in making a purchase.

Hence, Rtn. Bill added, in designing new models, the manufacturers must take into consideration the universal taste of the prospective buyers. A car, regardless of how good its engine is, does not sell if people here do not like its looks.

People in Australia for instance, said Rtn. Bill, wanted dustproof cars while the people in Hong Kong want waterproof ones. He also pointed out that certain cars would be unsatisfactory here, as they are not suitable to some Chinese ladies who wear long gowns with lower slits.

The speaker pointed out that as in sale the servicing of cars was confronted with the problem of language. Most mechanics do not understand English and they have to memorise the names of the motor parts by heart.

As Chinese mechanics were unable to read shop manuals in English and various up-to-date methods of servicing and repairing, Rtn. Bill felt that the government ought to impose as strict examinations on mechanics as they do on engineers and officers of ships.

Because there is only one technical training school in the Colony, the speaker said that better training facilities were needed for the training of qualified and skilled motor mechanics.

He hoped that before long, the automobile industry in Hong Kong would realize the need for better mechanics and take the necessary steps to deal with the problem.

The speaker was thanked by Rtn. Hsi Yu-I, Chairman of the Vocational Service Committee. The meeting concluded with a toast to Rotary International, coupled with the Rotary Club of Birmingham, Alabama, U.S.A.

The Programme of Rotary

Rotary's programme is to encourage and foster the "Ideal of Service" as a basis of worthy enterprise and, in particular, to encourage and foster:

- 1) *The development of acquaintance as an opportunity for service;*
- 2) *High ethical standards in business and professions; the recognition of the worthiness of all useful occupations; and the dignifying by each Rotarian of his occupation as an opportunity to serve society;*
- 3) *The application of the "Ideal of Service" by every Rotarian to his personal business and community life;*
- 4) *The advancement of international understanding, goodwill and peace through a world fellowship of business and professional men united in the "Ideal of Service".*

HISTORIC CHARTER NIGHT

ONE of the biggest social events in Hong Kong for Rotary took place at the Ritz Ballroom on Friday evening, May 28, when more than 400 Rotarians, Rotary-Annes and their friends attended the Joint Charter Night of the Rotary Clubs of Hong Kong Island East and West.

The event was of special significance as it was the first time in the past 49 years in Rotary history that two clubs in one city received their Charter on the same day.

The main ballroom of the Ritz presented a gala atmosphere. Flags of all nations, as befitting the international character of Rotary, and Rotary wheels and emblems as well as multi-coloured balloons and bunting were the chief decorations.

Among the many distinguished guests were the Hon. Sir Shou-son Chow, the Hon. R. R. Todd and Mrs. Todd, Dr. the Hon. S. N. Chau and Mrs. Chau, Dr. and Mrs. C. T. Wang, Mr. P. Y. Wong, Mr. George Lin, Mr. Fung Ping-fan, Mr. and Mrs. W. V. Pennell, Mr. and Mrs. F. C. Clemo, Dr. Li Shu-fan and Mr. and Mrs. T. F. Wei.

Rotarian T. F. Wei, acting on behalf of Rotarian G. E. Marden, Rotary International Administrative Adviser who is absent from Hong Kong, presented the Rotary Charters to the new Clubs.

Rotarian George Lin, President of Rotary Club of Hong Kong, the sponsor Club of the two new Clubs, presented the President's Jewels to Presidents John Yuen and H. C. Fung, respectively, of the Rotary Clubs East and West.

The programme of the evening also included a Cantonese song rendered by Miss Fong Yim-fun, popular Cantonese opera star, a *Pi-pa* and a flute solo by Mr. Shao Tit-Hung (his fingers are said to be insured for \$10,000) and modern Chinese songs by Miss Liu Chi, well-known movie star. The artistes justifiably received thunderous applause.

The official ceremonies were concluded after the presentation of souvenirs by Presidents John Yuen and H. C. Fung to the following Rotarians:

- Rtn. George Lin, President of Hong Kong Club
- " T. F. Wei, Past District Governor
- " C. Fonseca, Macao Club Representative
- " P. Y. Wong, President of Kowloon Club
- " E. T. Tsu, President-Elect of Taipei Club
- " C. T. Wang, Past Vice-President of Rotary International

Thanks must be expressed to all those who served on the Joint Charter Night Committee for planning the programme and in making the function such a great success.

Extension Resume

ON the auspicious occasion of Charter presentation to the two new Rotary Clubs in Hong Kong, a short resumé of the history of their organization should not be inappropriate.

The clubs were organized on the suggestion of Rotary International President Joaquin during his visit with his Rotary-Anne to Hong Kong in November, 1953. The Board of Directors of the Rotary Club of Hong Kong considered it desirable, in accordance with the suggestion, to establish a Club in the Eastern district and another in the Western district of the Island.

Two Extension Committees were appointed in December, 1953, by the Board to survey these districts and to advise the sponsor Club as to the feasibility of having new Clubs organized in the respective areas.

The members of these two extension committees were: for the Club in the Eastern district—Rotarians John Yuen (Chairman), K. A. Goh, K. C. Goh, and P. Y. Koo; for the Club in the Western district—Rotarians T. F. Wei (Chairman), Daniel P. K. Au, James T. S. Choy, Man-wei Wai, and David S. C. Lam.

The Inaugural Meetings

Joint meetings were held by our committees first to decide on the territorial limits of the proposed Clubs; and after consultations with Rotarian Kenneth Barnett, a proposed division was submitted to the administrative adviser, Rotarian "Gem" Marden, and the same was duly approved.

It was then decided that the Club in the Eastern district should be known as "The Rotary Club of Hong Kong Island East" and other as "The Rotary Club of Hong Kong Island West".

The members of our committees then undertook the selection of outstanding, public-spirited and respectable business and professional men in our respective districts fulfilling the classification requirements of Rotary, and enlisted only those whom we thought would make good Rotarians as Charter members.

Joint Meetings Held

The Rotary Club of Hong Kong Island East had its inaugural meeting at 7 p.m. on March 11, 1954, at the Winner House with 27 Charter members (the minimum required is 20) and the West Club was inaugurated at 1 p.m. on March 26, 1954, at the Golden Dragon Restaurant with 30 Charter members. The Cantonese dialect is used by the latter Club in conducting its meetings.

We are very proud that both Clubs were admitted to Rotary International as member Clubs during the month of April, 1954, and it is most gratifying to the members of our two committees to witness tonight the presentation of Rotary Charters at a joint meeting which in itself is a unique feature of this gathering.

To the officers and Charter members of both Clubs we extend our most hearty congratulations.

T. F. Wei	John Yuen
Chairman	Chairman
Extension Committee	Extension Committee

President John's Welcome Speech

Officers, Rotarians and Rotary Annes of Rotary Clubs of Hong Kong, Kowloon and Macao. In the name of all officers, and members of the Rotary Club of Hong Kong Island East including myself as the President, I offer you a hearty welcome, and in particular I thank the charming ladies for their presence.

The gathering tonight marks a great occasion; for as a child is officially christened in a church, tonight a baby Rotary Club is being chartered by Rotary International. It is an historical event that the twins, East and West, are able to hold a joint Charter celebration which rather belies Kipling's saying that "Never the twain shall meet".

Never before in the history of Hong Kong have two Rotary Clubs been sponsored, organized and admitted in the same month of a Rotary Year. This unparalleled record in Rotary extension here deserves applause.

We are specially fortunate in having our Charter granted in the year of Rotary's 49th birthday and very close to its Golden Anniversary next February.

We shall live up to the traditions for which Rotary International stands the world over.

A Chinese Proverb

Apart from rejoicing in this proud moment, we should not, as a Chinese proverb says, "forget the source of water while we are drinking". In thinking of this source of gratitude, we should pay special tribute to Rotary International through its administrative adviser G. E. Marden for approving the Club extension, to Rotary Club of Hong Kong for sponsoring the project, and to the members of the extension committee for carrying out the actual formation.

I am confident that with the united efforts of all Rotarians who represent a cross section of the community, we shall render a practical contribution in the advancement of industrial, cultural and spiritual welfare as well as the promotion of better understanding between peoples of different professions, classes and nationalities in Hong Kong and Kowloon where all peoples are enabled to live together to enjoy freedom, peace and security.

Presentation of Charters

Before presenting the Rotary Charters to the new Clubs Rtn. T. F. Wei, speaking on behalf of Rtn. G. E. Marden, Rotary International Administrative Adviser, who is absent from Hong Kong, welcomed the new members to the Rotary fold.

He expressed his pleasure over the enthusiastic attendance at the function, particularly mentioning Rtn. George Lin, President of the Rotary Club of Hong Kong and sponsor of the new Clubs, who was present although ill with a temperature of 102, and Rtn. Fung Ping-fan, who turned up even though it was his birthday anniversary.

Rotarian Wei reported that the need was felt in Hong Kong for a Club composed of members speaking the Chinese language, and so it was decided to establish one in H.K. Island West speaking the Cantonese dialect and one in H.K. Island East speaking the Mandarin dialect. While preparations were under way, however, foreign friends showed their interest in joining the East club. It was, therefore, finally decided that the official language of Rotary Club H.K. Island East should be English in order that non-Chinese friends may become members.

Presentation of Jewels

In presenting Jewels to President John Yuen of the Rotary Club of Hong Kong Island East and to President Fung Hon-Chu of the Rotary Club of Hong Kong Island West, Rtn. George Lin, President of the Rotary Club of Hong Kong, said that he was really very happy to take part in the Joint Charter Night ceremonies although he was not feeling well and was running a temperature of 102 degrees.

Rtn. George happily recalled that the Rotary Club of Hong Kong sponsored the Macao Club seven years ago and another Club in Kowloon the following year.

After six years of relaxation, he continued, the mother Club regained energy and sponsored the present twin Clubs of the Hong Kong Island

East and West which was a unique feat achieved by his Club.

President George also presented Rotary literature—*The Object of Rotary and The Adventure in Service*—to each of the 55 Charter members of the two Clubs.

Dr. C. T. Wang's Speech

"Friendship and Service", the two main principles on which Rotary has been founded, was the keynote of Rtn. C. T. Wang's speech at the Charter Night function. Rtn. Wang, past Vice-President of Rotary International, was one of the guests of honour.

Congratulating members of the Rotary Club in Hong Kong for sponsoring the formation of the two new clubs in Hong Kong Island East and Hong Kong Island West, Dr. Wang remarked on the unusual case of "twins" being born in the same city which, he said, was the first he had seen in his experience.

He marvelled at the vast and magnificent growth of Rotary throughout the world which, from the embryo of an idea planted by Harris and his three friends, has in less than 50 years developed into 8,000 clubs in 88 countries or areas with a membership of nearly 400,000.

But, Rotary was born with a strong constitution, he continued. It has been founded on the two important words "Friendship, Service." While it was on friendship that Rotary was established, the important thing was that friends must give service, not only to each other but to their profession and also to the community in which they live and, further, to humanity and world peace.

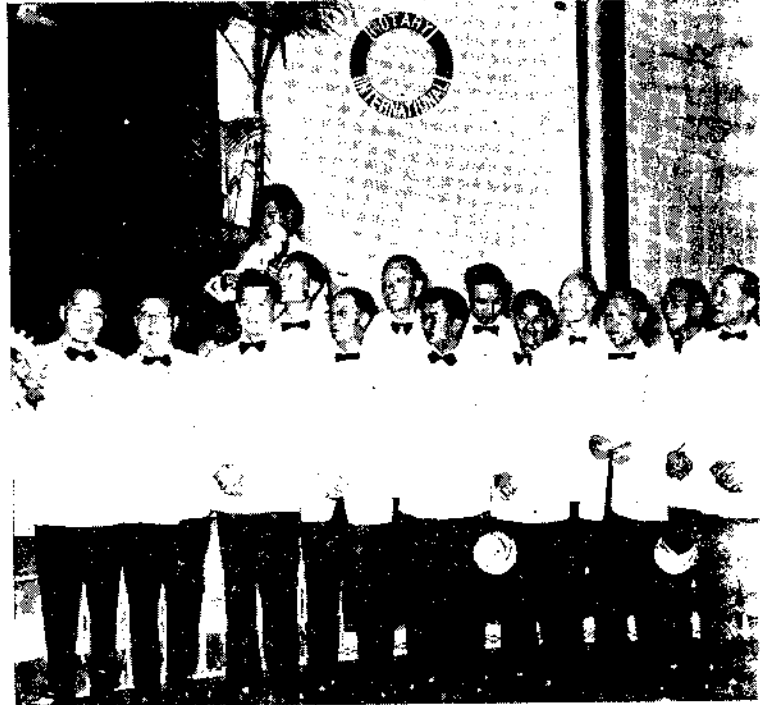

A child needs nurturing and constant and regular attention; so, also in the case with Rotary. Therefore, it must meet once a week. It must make contacts with other Clubs by district assemblies and district conferences. It must maintain contact with Clubs throughout the world by international conferences. The Rotarian must be an active member. Any member who fails to attend four consecutive meetings will have his membership dropped.

A Rotarian must be constantly on the lookout for new recruits. He must look for the right type of man to join the Rotary Club, the right kind who can be of service. It is now up to the new Rotarians to be constantly on the lookout for new recruits.

Rotary does not transfer its members to other clubs. "If you believe in the ideals and ideas of Rotary, you cannot help being a Rotarian. Hence the saying: "Once a Rotarian, always a Rotarian," Dr. Wang concluded.

Launch Picnic Party—June 5th

Through the courtesy of Rtn. Tom Freeman, a launch picnic aboard CAT's motor launch "Narcissus" for members of our Club and their families has been planned for the coming Saturday afternoon, June 5th.

The motor launch is scheduled to leave Blake Pier, opposite the General Post Office in Hong Kong, at 2 p.m., thence proceed to the Police Pier next to the Kowloon Star Ferry Wharf to pick up those staying on the other side of the harbour, at 2.15 p.m.

Upon returning around 8 o'clock in the evening, or at the pleasure of the majority on board, the launch will first call at the Police Pier before returning to Blake Pier.

June 5th being the 5th day of the 5th Moon in Luna calendar, the early part of the afternoon will be spent watching the Dragon Boat races at Aberdeen, after which the "Narcissus" will proceed to one of the beaches to enable us to do some swimming.

Since the "Narcissus" is limited to carry 40 persons, including a crew of 10, our members must be limited to 30. Therefore, although the invitation to the party is issued to everyone of our 25 Charter members and one member of his family, we will have to discuss the matter further at our

next regular weekly luncheon meeting on June 2 in order to make final plans in respect to those who will be going on this trip.

GREETINGS FROM TAIWAN

Rtn. E. T. Tsu, President-Elect of the Taipei Rotary Club, brought greetings and congratulations from the Rotary Clubs in Taiwan.

There were also "twins" in Taiwan, "born" the same day but in different places, he said. One was in the northern part of the island and one in the southern part. Both were "born" on November 12, 1953.

He drew attention to the fact that the Club of H.K. Island East uses the western language while the Club of H.K. Island West uses an Asian language. If this principle is followed, there should be everlasting peace and understanding, he added.

Rotary Fellowship Fully Demonstrated At Last Meeting

It was very much in evidence at our last weekly luncheon meeting that Rotary Fellowship was fully appreciated by all the visiting Rotarians and our members as well as their guests.

President John warmly welcomed back Rtn. Seven S. C. Shih who had been away on an one-month business-pleasure trip to Japan, where he attended the meeting of Tokyo Rotary Club on April 28 and of the Rotary Club of Tokyo North on May 6.

Rtn. Seven brought back a bannerette from the Rotary Club of Tokyo North, which was presented to us by Rtn. Tom Freeman, Chairman of our International Service Committee. President John received the bannerette on behalf of our Club and asked Rtn. Tom to express our deep appreciation in writing to the Rotary Club of Tokyo North.

The Tokyo Rotary Club meeting was conducted in the Japanese language, but ear-phones were available with English translations rendered by efficient interpreters to non-Japanese speaking Rotarians. Rtn. Seven attended that meeting together with Rtn. R. Y. Cheng of the Rotary Club of Hong Kong.

Warm Greetings

Warm greetings were extended to our Club by Rtn. E. T. Tsu, President-Elect of the Rotary Club of Taipei, on behalf of his Club and the Rotary Clubs of Keelung, Tainan and Kaohsiung.

Rtn. Tsu said that the Rotary Club of Kaohsiung had yet not received its Charter and, that he would extend his invitation to all our members to attend the Charter Night of this Club when the date was fixed.

Accompanied by Rtn. Tommy Shen, Hon. Secretary-Elect of the same Club, Rtn. Tsu is on his way to attend the Rotary International Convention at Seattle in June. Rtn. Tsu has kindly promised to send us an appropriate Rotary gift which he hoped to purchase upon reaching Chicago.

President John thanked Rtn. Tsu in advance and said that he would hold discussions with him before his departure from Hong Kong to see if it would be possible for Rtn. Tsu to represent our Club at the Seattle Convention.

House of Friendship

A colour film entitled "The Magic Carpet" was shown by our last meeting's speaker, Rtn. Fung Ping Fan, who made it available to us at a very short notice, for which he was specially thanked by President John.

The 800-foot film covering many interesting and historic landmarks in Europe and the United States was taken by Rtn. Fung during the course of his trip to those countries with his Rotary-Anne and daughter last year.

Lasting approximately 25 minutes, with a running commentary by Rtn. Fung, the film showed us beautiful scenes in Montreaux, Switzerland, with houses on cliffs, like in Hong Kong, plus lake views, colourful gardens and mountains covered with snow which all added much interesting appeal.

Famous landmarks, including the splendid view of Eiffel Tower in Paris was included in the film. Rtn. Fung who is an expert photographer focussed his shots on the "House of Friendship" which was the convention place of the Rotary Club of Paris. There, we saw snapshots of the social activities of the Rotarians, including Rtn. Fung and Rtn. Jerry O'Donnell of the Rotary Club of Hong Kong, which were most inspiring.

Scenes of the United States shown in the film included the famous Mount Rushmore and its vast sculptured mountainside impressions of four past Presidents of America, and also the residence of the well membered Rtn. Charles Carroll, formerly of the Rotary Club of Kowloon. Rtn. Carroll and his Rotary-Anne looked very fine and in good spirit.

The meeting ended with a Toast to the Rotary International coupled with the Rotary Club of Taipei.

MESSAGE FOR RTN. C. T. WANG

A message expressing his best regards has been received from Rtn. Inui Kiyosue, Chairman of the Public Relations Committee of the Rotary Club of Tokyo, addressed to his erstwhile class-mate in America, Rtn. C. T. Wang.

The message was brought back by our member Rtn. Seven S. C. Shih who recently visited Japan and attended one of the meetings of the Rotary Club of Tokyo.

Attendance

There was a record attendance at our last regular weekly luncheon on May 26, 1954. A total of 40 participated in the meeting, including nine visiting Rotarians, three guests of our members and four press representatives.

Of the 25 members, 24 turned up (the other was on leave), representing 96%, which is the highest attendance record to date—the next highest was 92% at the previous meeting.

The majority of our members were quick to implement President John's announcement at the previous meeting when he stated that due to extreme hot weather, members would be permitted to do away with their jackets when attending future meetings.

ENJOYABLE LAUNCH PICNIC PARTY

NOTWITHSTANDING the continuous overcast weather and occasional heavy showers, a party of 28 Rotarians, members of their families and friends thoroughly enjoyed the seven-hour picnic excursion aboard CAT's luxurious motor launch *Narcissus* last Saturday afternoon, June 5. It is hoped that similar informal get-togethers will be organized in future in order to further strengthen Rotary fellowship.

The party was given by Rtn. Tom Freeman, Chairman of our International Service Committee, with his Rotary-Anne as hostess, while the 30-passenger boat, complete with every amenity, was put at our disposal through the courtesy of Civil Air Transport, with whom Rtn. Tom is connected.

Member Rotarian guests attending the party held an on-the-spot meeting at which it was decided that each member contribute a certain amount to the Club's Community Service Fund as a token of our appreciation for the enjoyable picnic given by Rtn. Tom and Mrs. Freeman. It is expected that the Sergeant-At-Arms, Rtn. Ben Lee, will have no difficulty at our next regular luncheon (June 9) to collect at least \$200 for the Community Service Fund from the 10 member Rotarians who participated in the picnic.

Thanks must be extended to Mr. Paul Tay, a former member of the Rotary Club of Amoy, and his brother, Mr. Peter Tay, both of CAT's Public Relations Office, for being on board to

take many photographs which will be available for publication in the next issue of *Tung Feng*.

It is learned that Rtn. Tom will arrange another launch picnic party later on to enable other member Rotarians and members of their families to enjoy his and Mrs. Freeman's hospitality.

The *Narcissus* after picking up passengers at Blake Pier in Hong Kong and the Police Pier in Kowloon, left at 2.20 p.m. for West Point, where she anchored to enable those on board to witness the preliminary Dragon boat races at the Chung Sing Bathing Society.

As many as eight narrow 30-foot Dragon boats, each carrying 30 rowers, took part in the preliminary races on the waters off West Point, where three Police launches patrolled and directed some 40 pleasure launches, chartered ferry boats and motor-driven and sailing junks which gathered there to watch the races, to keep the fairway clear for the Dragon boat races.

Our launch left West Point at 4 p.m. without seeing the final race and proceeded to Clear Water Bay, reaching there around 5.15 p.m. Sandwiches and drinks were served, after which a number of Rotarians and their Rotary-Annes took off for swimming or for a boat ride to the beach.

After enjoying one and a half hours' stay at Clear Water Bay, the *Narcissus* lifted anchor at 6.40 p.m., returning to Blake Pier around 9 p.m.

On the way back a buffet dinner, consisting of delicious ham, beef, chicken, salad, fish, was served.

Those who participated in the launch picnic as guests of Rtn. Tom and Mrs. Freeman were:

- Rtn. John Yuen and two daughters, Mary and Helen
- Rtn. S. C. Shih and his Rotary-Anne
- Rtn. Bill Nichol and his Rotary-Anne
- Rtn. S. W. Zao, his Rotary-Anne and son, Billy
- Rtn. H. C. Yang and his Rotary-Anne
- Rtn. Alan Yin and his Rotary-Anne
- Rtn. Joseph Fung and his Rotary-Anne
- Rtn. Henry Chang and his Rotary-Anne
- Rtn. Y. F. Chen and his son
- Rtn. Y. C. Lee and his friend, Mr. Lemah Kuh
- Mrs. T. T. Lim, mother of Mrs. Freeman
- Master Wesly, son of Rtn. and Mrs. Tom Freeman
- Messrs. Paul and Peter Tay

TOMORROW'S SPEAKER

An interesting talk on how to paint portraits will be given at tomorrow's meeting by Mr. Paul Fitzgerald, noted Australian portrait painter, who recently arrived in Hong Kong from Singapore en route back to Australia.

During the Coronation year in England, Mr. Fitzgerald was commissioned to paint the portraits of peers, politicians, diplomats, Eastern rulers and society ladies.

Mr. Fitzgerald went to England from Australia four years ago and then studied and painted on the Continent, returning to England at intervals to fulfil commissions. The Coronation year brought him his greatest triumphs. He was asked to paint the Sultan of Selangor in his Coronation robes and the Tengku Ampuan in the baju of deep purple and wearing her diamond tiara. Recently, while in Singapore he painted the Raja Muda, who had commissioned two paintings, one for himself and one for his father, the Sultan.

Among the artist's notable paintings while in London were those of Commander Michael Parker, Equerry to the Duke of Edinburgh; a fellow Australian, the Australian High Commissioner in London, Sir Thomas White, and Lady White and their two daughters.

Before he left to take up his appointment as Governor-General of Australia, Field Marshal Sir William Slim asked Mr. Fitzgerald to paint him in his full uniform, a portrait which was quickly followed by those of Lady Slim and their daughter, Una.

Other interesting sitters were the yacht designer Uffa Fox, whom the artist painted against the background of the Duke of Edinburgh's new

yacht; and Lord Gowrie, Lieut.-Governor of Windsor, which portrait was commissioned by the Cavalry Club, London. A number of Peers and Peereses in their Coronation robes also sat for Mr. Fitzgerald.

Record Attendance Broken

The record attendance of 40 at our meeting on May 26 was broken at our last regular luncheon on June 2, when 44 members, visiting Rotarians and guests turned up.

President John attributed the highest attendance so far to the good guest speaker and his enlightening talk on the situation in Indo-China, a subject of general interest.

The speaker was Mr. Fred Hampson, a veteran foreign correspondent, who is Associated Press Bureau Chief for Hong Kong, the China Mainland and Taiwan, and Chairman of the Foreign Correspondents' Club in Hong Kong.

H. K. AREA FULLY REPRESENTED AT SEATTLE CONVENTION

All the Rotary Clubs in the Colony of Hong Kong will be represented at the forthcoming Rotary International Convention in Seattle, U. S. A., from June 4 to June 10.

Rtn. E. T. Tsu, President-Elect of the Rotary Club of Taipei, will, in addition to all Rotary Clubs in Taiwan, represent our Club as well as the Rotary Club of Hong-kong Island West.

Rtn. E. T. Tsu has already been given our Club's proxy and credentials to the Seattle Convention and will make a report to us when passing through Hong Kong towards the end of this month on his return to Taiwan.

Rtn. Dave Edwins of the Rotary Club of Kowloon will attend the Seattle Convention on behalf of his own Club and the Rotary Club of Hong Kong.

He had just recently completed a four-day visit to Indo-China, where he made on-the-spot observations of the military and political situations and talked to many survivors of Dien Bien Phu.

Shortly after the meeting was convened, President John extended a warm welcome to the visiting Rotarians and the guests. He also expressed special thanks to Rtn. George Lin for his presence at our Charter Night despite his illness and to Rtns. H. C. Fung and T. Y. Lo, both

of the members and until a great

of the Island West Club, as well as to other members of our Club for their valuable assistance and untiring efforts in making the Charter Night a great success.

President John announced that at the end of this year our Club would present souvenir medals to visiting Rotarians who topped the visiting Rotarians' attendance record at our regular meetings during the year.

During the meeting, Rtn. Tom Freeman read a letter dated May 26 from Rotary Club of Greenwich, Connecticut, U.S.A. The letter follows:

Dear Fellow Rotarians:

Welcome to Rotary International. The Rotary Club of Greenwich, Connecticut, U.S.A., extends to you their best wishes and congratulations.

We are sure that the members of your club will profit by their association with each other and with other members of Rotary International. In our experience we know of no other organization where the character of the membership is such that each member continually strives to become more of a credit to himself, his club and his community. It is this feature of Rotary which truly makes Rotary great and which will give to you the desire to make your club outstanding.

"With best wishes for success, we remain,

(the

*Frederick Jaccarino, Chairman,
International Contacts Committee,
Rotary Club of Greenwich.*

COMMUNITY SERVICE FUND

The Community Service Fund now stands at \$474 following the last two weekly regular meetings at which 12 member Rotarians contributed fines totalling \$80 toward the fund, according to the latest report of the Sergeant-At-Arms, Rtn. Ben Lee.

The Sergeant-At-Arms wishes to take this opportunity to thank the contributors for their cooperation and is looking forward to more contributions in the future in the form of donations rather than fines.

Fines were imposed on Rotarians for failing to sign the attendance record, for signing on the wrong page of the guests' book, for being late in attendance and for having been too polite to other fellow members by addressing them as MISTER.

MR. HAMPSON'S TALK

Speaking on the subject of *The Situation in Indo-China*, Mr. Hampson was of the opinion that if the Red River Delta was taken by the Vietminh the rest of Indo-China would fall into the Communists' hands within 13 to 18 months.

Mr. Hampson added: "Politics have taken precedence over the actual fighting and there is a feeling that everything will be settled in Paris or Geneva. The enemy, however, are not waiting—and are ready to fight.

"Indo-China, especially the Delta, is a land of great indecision, and everyone is waiting and hoping that the situation will be settled elsewhere."

He said that there was a general feeling in Indo-China that the people in France were not behind the fighters, and that the French at home were ready to make any kind of agreement to end the war.

Turning to the military situation in Indo-China, Mr. Hampson said that, disregarding politics and Geneva, it was not too bad—if the Delta were reinforced.

THE ACTUAL SOLDIERS

He explained that the fall of Dien Bien Phu was not disastrous, but that the losses of fighting men were all out of proportion, in that all the troops lost in the battle were actual fighting infantrymen. The result was that many units in the Delta were without "finger-tips"—the actual soldiers who fight in the frontline.

He was of the opinion that Dien Bien Phu was a miscalculation on the part of the French, who had the idea of stopping the Vietminh guerilla tactics and bringing them out in the open for a fight.

"However, the French did not allow for the artillery," continued Mr. Hampson. "I've spoken to survivors, and to the nurse, Mlle. Genevieve de Galard, and they all voiced the opinion that it was artillery that licked them—not human seas, grenade men or anything else."

"To the Reds, Dien Bien Phu offers a great psychological opportunity. In itself it was not a major loss—but with the discouragement and inertia that followed it, Dien Bien Phu might become a disaster," said Mr. Hampson.

ON THEIR FEET

The simple situation now was that the French were trying to get back on their feet again—while the other side were attempting to strike with sufficient force before French Union reinforcements arrived, the speaker said.

There was a strong assumption now that the Reds would move against Hanoi and the Delta, or else they could move their four Dien Bien Phu divisions back into their original positions at the edge of the Delta and go back to "the long slow pressure campaign." But that would mean that they would be throwing away the advantage of Dien Bien Phu, said Mr. Hampson.

Mr. Hampson believed that the French Union forces could hold the Delta—providing they stopped thinking about Paris and Geneva, and started thinking about fighting and winning the war.

The speaker concluded that in order to win the war, the Vietminh must win the Delta. "They can raid all over Laos and Cambodia and the border country—but they can't win until they take the Delta. That means that they cannot win until they beat the French where the Union Forces are the strongest."

In answer to a question, Mr. Hampson said that he was of the opinion that if the French lose the Delta, all of Indo-China would be in Vietminh hands within 13 to 18 months.

On behalf of our Club, Rtn. K. T. Wong, Chairman of the Public Information Committee, appropriately thanked the speaker, Mr. Fred Hampson, after which the meeting ended with a Toast to Rotary International with which the Rotary Club of Hongkong Island West was coupled.

Attendance of Members

Of our 25 members, 23 attended last week's meeting representing 92% as follows:

In Memoriam

With deep regret and sadness we record the death of Rtn. Otto Kuttner of the Rotary Club of Hong Kong, which occurred on Friday, May 28, at the age of 71 after a prolonged illness for about a year since the sudden death of his son in the II. K. Defence Force exercises in the New Territories.

The late Rtn. Kuttner is survived by his wife to whom we express our deepest sympathy in her bereavement.

It is with sadness that the passing of the following past officers of Rotary International is reported:

Raymond Ham, Aurora, Missouri, U.S.A.	Governor, 1937-38
Roy A. Plumb, Hamtramck, Michigan, U.S.A.	Governor, 1938-39
Thornton D. Thacker, McAllen, Texas, U.S.A.	Governor, 1952-53

Bannerettes, Lapel Buttons &

Photos Are Ready

Our Club's bannerettes, members' lapel buttons (please don't confuse with the Charter members' lapel buttons), membership cards and the group photographs which appeared in the second issue of our weekly Bulletin, will be ready for distribution at the next luncheon meeting on June 9.

While membership cards are free of charge, members may obtain bannerettes at \$5 each from either Hon. Secretary Pat or Hon. Treasurer "Dragon". Gold-plated members' lapel buttons are \$10 each and the group photos, \$1 each.

Each member is restricted to purchase two bannerettes.

Rotary International Hqrs. Cornerstone Is Laid

Cornerstone ceremonies for the new headquarters building of Rotary International in Evanston were held on May, 16.

Past President Frank E. Spain, chairman of the headquarters committee, served as master of ceremonies. Other participants were President Joaquin Serratos Cibils; Vice-President Nitish C. Laharry; Past President Guy Gundaker, chairman of the cornerstone committee, who laid the cornerstone; the President of the Rotary Club of Evanston, the architects, and the contractor.

Approximately 400 Rotarians, guests, and members of the secretariat staff were in attendance. Included among those present were several past presidents of Rotary International and members of the board of directors, whose meetings were scheduled near the date of the cornerstone ceremony, the members of the headquarters and cornerstone committees, a Rotarian of Chicago who has held membership since the founding year of the organization in 1905, and Rotarians from Australia, Belgium, Canada, England, India, Japan, Peru, Trieste, Uruguay, and the United States of America.

The headquarters building is now close to completion, and near the opening of the new Rotary year will be ready for occupancy by the president's office, the office of the Rotary Foundation, and the central office of the secretariat.

Golden Anniversary Film

Edward Arnold and Jim Backus, two outstanding actors, have been signed for leading roles in a motion picture that will dramatize the story of Rotary International.

Titled, "The Great Adventure," this film will be one of the outstanding features of the Golden Anniversary celebration.

The supporting cast features, among others, Scandinavian, Scottish, Indian, Japanese, Australian, Brazilian and North American characters.

The 16 mm., black and white sound movie will be produced in three languages—English, French, and Spanish. Running time for the movie will be limited to 27½ minutes, making it ideal for public showing on television and in motion picture theatres.

Current plans call for each district governor to receive one copy well in advance of the opening of the Golden Anniversary celebration, although the film is not to be shown prior to 23 February, 1955, the opening date for the Golden Anniversary celebration, and copies will not be available much in advance of that date.

Resolutions Passed By Board

The following resolutions were passed by the Board of Directors at a meeting held on June 4 with President John Yuen in the chair:

1. Approval for paying the difference between revenue and expenditure of the Joint Charter Night out of the Club's Fund. The difference amounted to \$398.75.
2. Permission for Rtn. Alan Yin, Chairman of the Classification Committee, to invite Rtns. Wilson T. S. Wang and Henry Chang to serve on his Committee.
3. Permission for Rtn. Bill Nichol, Chairman of the Membership Committee, to invite Rtns. K. C. Goh, S. H. Ma, Jimmy Wu and S. L. Yuen to join his Committee.
4. Invitation to Rtn. Henry Chang, Chairman of the Bulletin Committee, to attend future meetings of the Board of Directors in order to enable him to report the meetings in *Tung Fung*.

News Contributions Solicited

All member Rotarians, especially those serving as chairmen on various committees, are requested to send in as much and as often as possible interesting news items for publication in *Tung Fung*.

News items concerning the activities of various committees and personal items which make interesting reading to other member Rotarians are all welcome. Letters to the Editor are also welcome.

A record book will be placed at the attendance table each week for members to list the other Rotary Clubs which they visited during the week prior to attending our weekly meeting.

The Editor takes pleasure in announcing that Rtn. Wilson T. S. Wang and Rtn. K. T. Wang have consented to serve as members on the Club Bulletin Committee.

gave an interesting and educational talk on the Queen of Flowers—the Rose—illustrated with a colour-movie and many colour slides showing various kinds of Roses. The film and slides were taken by Rtn. Li at several Rose nurseries in Paris.

"The Australian Day"

The presentation was made in the presence of 57 Rotarians of the Rotary Clubs of Hong Kong, Kowloon, Hongkong Island West and East, to President H. C. Fung at the West Club's regular meeting held at the Golden Dragon Restaurant.

Next Meeting: Wednesday, June 16.

Speaker: Rtn. Frank Harris.

Subject: Holiday in Portugal (to be illustrated with slides).

It was an "Australian Day" at our last luncheon meeting on June 9, when three Australians visited us and joined in our Rotary Fellowship.

Receiving the bannerette, President H. C. expressed his Club's deepest appreciation for the thoughtfulness of "their elder brother" and assured us that as soon as their bannerettes were ready he would present their maiden one to us.

They were our speaker, Mr. Paul Fitzgerald, a noted artist from Australia, Rtn. Keith L. Ballantyne of Melbourne Rotary Club, and Rtn. H. Menzies of Hong Kong Rotary Club who is the Australian Trade Commissioner in Hong Kong.

In addition to President John, three other members of our Club, Rtns. Pat Cha, "Dragon" Nie and Henry Chang attended the presentation, and all were accorded a very warm welcome by members of the West Club.

Giving us an interesting talk on "The Approach to Portrait Painting", Mr. Fitzgerald said that in the past many people had tried to classify what art was and many definitions had been given. But the one definition given by Tolstoy was the clearest—that art was the communication of feelings.

President H. C. took the opportunity to specially thank President John, Rtns. Pat and "Dragon" for their valuable efforts in having helped to make the Joint Charter Night a tremendous success.

A lecturer must be able to transfer his thoughts to others, so an artist must be able to express and transfer his feelings. There were many other fields in the art of painting; not only that the feelings should be well transferred, but there were also combinations, rhythms, forms

The meeting was conducted in the Cantonese dialect and a five-course lunch was served. The speaker was Rtn. Dr. Li Shu-Fan who

tones, designs and harmonies, which, when all combined, gave one the pleasure and sense of satisfaction, said Mr. Fitzgerald. He also spoke of the employment of various lines and colours. Here, the ability of putting all these down in painting needed skilled craftsmanship and technique but some artists had gone to extremes on technique, he added.

Portrait painting was most interesting, where one had the thrill of trying to get the personality of the person. It always presented a challenge to the artist. A person's character always showed in his face and the artist had to concentrate in watching the various expressions. To be able to observe one's personality, it was always advisable to get associated and acquainted with the person.

Mr. Fitzgerald concluded with a few anecdotes about paintings.

The speaker was appropriately thanked by Rtn. Alan Yin, Chairman of our Classification Committee, after which the meeting ended with a Toast to the Rotary International, coupled with the Rotary Club of Melbourne.

During the meeting, Rtn. Tom Freeman, Chairman of our International Service Committee read a letter from Rtn. George F. Longergan, of the Rotary Club of Fortitude Valley, Queensland, Australia. The letter reads:—

Dear Fellow Rotarians,

May I take this opportunity to welcome you and your fellow members to the Fellowship of "Rotary". Like our own club and all Rotary Clubs all over the world, we stand for the same thing, and as we think of you just starting out in your new club, I hope it will be of interest to you to know that we, here in our club, take these few moments out to think of you.

Ours is a sub-city club, and at the moment our membership totals 55 members and covers most classifications found in any large city, from Doctors to Banking, Construction Companies to Undertakers, so you see we cover just about everything.

We are located in the northern section of the City of Brisbane, which is the Capital city of State

of Queens.

Letters to The Editor

The space under this heading is available to all members of our Club and other Rotary Clubs. Correspondence should be confined to Rotary subjects and must be accompanied with name and address not necessarily for publication but as a token of good faith. Pen names may be used.

The views expressed in *Letters to the Editor* are not necessarily those of the Editor or the Rotary Club of Hongkong Island East.

Should any questions be asked, the Editor will try his best to answer them after consulting the parties concerned.—EDITOR.

Sir,

Following your announcement in the June 8th issue of "Tung Feng" that Letters to the Editor are welcome, I wish to take the opportunity to enquire into the following two points:

1. What is the procedure for attending meetings of other Rotary Clubs?

2. Who pays the lunch expenses of the visiting Rotarians?

Yours in Rotary,
A Very New Member

EDITOR'S ANSWERS:

1. All Rotary Clubs welcome members from other Clubs to their meetings. On such visits make it known at the Attendance Table that you are on a visit, showing your Membership card if requested, and sign the Visiting Rotarians' book.

2. All visiting Rotarians pay their respective lunch expenses as fixed by each Club, unless he has been invited to attend in which case his host pays the bill.

* * * *

Sir,

Some time ago we were told that the Community Service Committee would study the needs of our district . . . receive suggestions from members and submit recommendations to the Board for consideration.

Although ours is very new club, I believe that we should waste no time on deciding which is a worthy project but make preparations to start as soon as possible.

Yours sincerely,
Interested

EDITOR'S ANSWERS:

The Community Service Committee has neither decided on any plan to be submitted to the Board and nor, according to Chairman Seaker K. Chan, has any suggestions been received from members up to last Wednesday.

In a talk with "Tung Feng" last Friday (June 11), Mr. K. Keen, Social Welfare Officer of the Hong Kong Government and a Hon. Member of the Rotary Club of Hongkong Island West, offered the following projects for our consideration:

1. Free Schools
2. Free Clinics
3. Physical training centres for youths
4. Libraries
5. Day Nurseries for children between ages 4 and 6 years whose mothers are of factory workers
6. Street Boys' and Girls' Clubs.

Rtn. Keen estimates that there are 50,000 street boys and girls in Hong Kong, 3,000 to 4,000 of whom are looked after by different charitable organizations. So, there is plenty room for more clubs of such nature.

* * * *

1954-55 Rotary International Officers Elected

Rotary International ended its annual convention in Seattle on June 10 with the election of one President, three Vice-Presidents and one Secretary for the Rotary Year 1954-55, according to a news dispatch of June 11.

Rtn. Herbert J. Taylor of Chicago was elected President succeeding Rtn. Joaquin S. Cibils of Uruguay who visited Hong Kong in November 1953 and whose suggestions to the Rotary Club of Hong Kong were responsible for the formation of the Rotary Clubs of Hongkong Island East and West.

Rtn. Gian Paolo Lang, Livornos, Italy, was elected first Vice-President; Rtn. Stamp W. Wortley, Frinton-On-Sea, England, second Vice-President; and Rtn. Benny H. Hughes, Beaumont, Texas, third Vice-President.

Rtn. George R. Means of Chicago was re-elected Secretary.

HER MAJESTY HONOURS HK ROTARIANS

THREE Rotarians and one Rotary-Anne of the Rotary Club of Hong Kong were honoured by Her Majesty Queen Elizabeth in Her Majesty's Birthday Honours List. They are:

- Rtn. B. C. Field, who received the M.B.E.;
- Rtn. W. J. Gorman, who received the Queen's Fire Service Medal;
- Rtn. Arthur Woo, who received the O.B.E.;
- Lady Lo, Rotary-Anne of Sir Man-kam Lo who received the M.B.E.

This was referred to at the regular meeting June 15, 1954, of the Hong Kong Club by President George Lin, who extended the Club's congratulations to the recipients.

At the same meeting, President John presented our bannerette to President George. Our Club was well represented by Rtns. "Dragon" Y. L. Nie, Pat Cha, Tom Freeman and Bill Nichol in addition to President John.

Those who attended the bannerette presentation to our Sponsor Club brought back news that Rtn. Charlie T. F. Wei would soon leave for Taipei on business transfer. We all are heavily indebted to Rtn. Charlie for his generous and valuable advice on the organisation of our Club. We certainly will miss him and hope that he will

come back to visit us whenever he has the chance. We wish him *bon voyage* and continued success in all his future endeavours.

Some heartening news was brought back from that same meeting. Rtn. C. T. Wang, Past Vice-President of Rotary International and "Father of the Rotary Movement in China" was nominated by President-Elect Pennell to succeed Rtn. Charlie Wei as an incoming Director of the Hong Kong Club and was immediately elected by popular vote.

Jewel & Sash For Rtns. Pat & Ben

At our last weekly meeting on June 16, President John presented the Jewel to our Hon. Secretary Pat Cha and Sash to our Sergeant-At-Arms Ben Lee.

Receiving the Jewel, Rtn. Pat expressed his deep appreciation and pledged his fullest co-operation in discharging his duties as Hon. Secretary of

our Club, and Rtn. Ben assured us of his ever-increasing efforts for more donations from himself as well as other members in future in order to justify his receiving the Sash which is said to be the most expensive one among our Club's Sashes.

Next Meeting: Wednesday, June 23.

Speaker: Rtn. Alan C. L. Yin

Subject: "Watch"-Catch in Air-Conditioning (A Vocational Talk).

In the absence of Rtn. Tom Freeman, Chairman of our International Service Committee, Rtn. Pat read out letters received from two Rotary Clubs in the United States as follows:

has neither to the Board member K. Chan, from members

Dear Rotarians,

Greetings, glad to see that you are a new Club and member of our great family. As you know, it is a wonderful feeling to be a Rotarian in this great world.

We here in Fort Lauderdale, Florida, U.S.A., come to wish you a successful club and membership, to work for Peace and International Understanding.

If you ever come to this country, I hope you will have the opportunity to make up at our club. We will be very glad to hear from you telling us about your club.

Rotarily Yours,

(Signed) Felix Francois,
Chairman,
International Contact,
3033 Seville Street,
Fort Lauderdale, Florida.

Dear Mr. Yuen,

The radio can circle the world with a message in a matter of seconds; a plane can circle the globe in a matter of days; but we have just learned officially of the formal installation of your club as a part of Rotary International. Although this letter may be a little late, it carries the hearty greetings of Rotary Club No. 49 of Newark, New Jersey, our congratulations on your membership in Rotary, and our best wishes for your continued growth and prosperity.

One of the most inspiring thoughts of Rotary is that so many of us are joined together in a pledge of "Service Above Self" throughout the entire world and so Newark sends a personal invitation to each of your members to consider us your home club if your travels bring you to our part of the world.

Rotarily Yours,
(Signed) Lloyd I. Folckening,
Chairman,

International Correspondence Committee

"Holiday In Portugal"

During the course of our meeting, Rtn. Frank Harris gave an enjoyable talk on "Holiday in Portugal", which was accompanied by many magnificent colourful slides taken during his trip, including beautiful scenery, monuments, roads, modern constructions, beaches etc.

Introduced by President John, the speaker said that the title was rather misleading in that his trip to Portugal was entirely of a business nature, but it was also true that in Portugal even business seemed to be a sort of holiday.

Rtn. Harris described Portugal as "the Jewel of Europe" and recommended a visit to that country to anyone who intends to make a tour of Europe.

"Portugal is a petit but beautiful country. One would be highly impressed by its sceneries at once when they are in the country," he said.

Rtn. Harris explained that Portugal was comparatively a poor country, yet, in spite of its poverty, the country's housing programme, road

system, and
mirable.
ness and

system, and new urbanistic conceptions were admirable. These were all due to the industriousness and diligence of the Portuguese people, he remarked.

Referring to the exports of the country, Rtn. Harris said that the important exports were cork, sardines and port wine. They comprised the main income of the country.

"One of the bad things in Portugal," Rtn. Harris said, "is illiteracy. However, the government has devoted itself to the abolition of it. According to the government statistics about 40 per cent of the people are illiterate."

Rtn. Jimmy Wu thanked the speaker, after which the meeting ended with a Toast to the Rotary International, coupled with the Rotary Club of Newark, New Jersey.

Attendance

Altogether 31 persons, including members, their guests and visiting Rotarians participated in our last regular luncheon meeting on June 16, 1954.

Of our 25 members, 22 were present, which represented 88% as follows:

Rotarians present	22
" excused/absent	3
Total	25

Rtn. Y. C. Fogg, Chairman of the Attendance Committee, reports that he has invited Rtns. Y. C. Lee, Y. F. Chen, S. C. Shih, P. L. Tsiang, S. L. Yuen and H. C. Yang to serve on his Committee.

Through remarkable co-operation which has been very much in evidence in the past, the attendance work at each future meeting will be taken care of in turn by three members together with Chairman Fogg.

Letters to The Editor

Sir,

The first issue of TUNG FENG has just reached us, and we cannot resist writing you another letter today to let you know how much we have enjoyed reading it.

It is a good-looking and well-written publication, and your club is to be congratulated on a fine job . . .

We appreciate very much your thoughtfulness in sending us a copy of this first issue, and will be looking forward to future issues with interest. We hope we are on the mailing list to receive copies regularly by surface post!

Sincerely,
Warren L. Matthews
Eastern Hemisphere Department
Rotary International

Sir,

This is to acknowledge with many thanks your TUNG FENG weekly bulletin of your Club. I enjoy reading it as it gives forth the life and spirit of your Club.

Such a publication shall be welcome by all fellow Rotarians.

Please put my name on your mailing list, as I shall be only too glad to receive a copy from you regularly.

With best personal regards,

Yours Rotarily,
T. S. Mao
Taipei Rotary Club

Sir,

While I fully endorse the spirit of "Interested", I believe that we should first embark on fund-raising prior to making preparations for any worthy community project.

According to the latest issue of our Bulletin, our Community Service Fund stands at \$659 only. What can we do with such a small amount?

Yours sincerely,
Also Interested

EDITOR'S ANSWER:

With additional contributions and fines collected at our last meeting on June 16, the Community Service Fund now stands at \$723 which in fact is rather negligible for starting any project.

In an interview with Tung Feng, Rtn. F. C. Clemo who told us, at one of our earlier meetings, of the colossal sums raised by his Club (Kowloon) during the first few months, referred to the following sources to help increase our Community Service Fund:

1. Regular contributions and fines at meetings.
2. Annual Ball with income from the Ball, advertisement in the programme, dinner, and donations through raffles.
3. Occasional "Dutch" auctions at regular meetings.
4. Occasional informal get-togethers with dances.

Rtn. Fogg Christens Artist Fitzgerald

Mr. Paul Fitzgerald, the noted Australian artist, who was our speaker at the June 9th meeting, received his Chinese name 費紀律 from Rtn. Y. C. Fogg.

Mr. Fitzgerald was greatly delighted in accepting Rtn. Fogg's translation and said that he hoped to practice and write his name in Chinese soon.

"ANSWER TO BRAIN-WASHING"

THE record attendance of 40 on May 26 was considerably improved upon at our regular meeting on June 23, when 61 persons, including 24 members, 15 guests, 20 visiting Rotarians and two press representatives, were present to hear "The Answer To Brain-Washing", eloquently delivered by Mr. Edward Hunter, well-known American foreign correspondent and author of "Brain-Washing in Red China".

and Miss Katherine Soo (assistant secretary to our Hon. Secretary Pat).

President John said that Mr. Edward Hunter, noted author and veteran foreign correspondent, wrote a book called "Brain-Washing in Red China", one of the best sellers in America.

President John added: "Mr. Hunter has just told me that the term 'Brain-Washing' was discovered by him in Hong Kong. We are indeed very proud that Hong Kong has given the author a good name for his book, which has become so popular.

The Speaker received a prolonged applause after completing his talk which lasted 35 minutes, following which President John called on our Hon. Secretary Pat to thank Mr. Hunter.

Expressing most sincere thanks on behalf of our Club and the visiting Rotarians and guests, Rtn. Pat said:

"I am sure all of you will agree with me that Mr. Hunter was in no way like, as he himself described, a student addressing a group of professors. As far as we can see, he is the only professor that is qualified in the Free World to talk on 'Brain-Washing', which is the basic weapon of world Communism.

It was the first time in the history of our Club that three ladies came to our luncheon meeting and that the usual horse-shoe table was replaced by separate round tables in order to accommodate the record crowd.

The Programme Committee should be congratulated for its success in inviting Mr. Ed. Hunter, the advance notice of whose interesting talk led to as many as 14 members from our mother Club "invading" our territory in addition to attracting five from our sister clubs of Island West, Kowloon and Yokohama as well as so many guests.

Immediately after the main course of the lunch was served, President John called the meeting to order and introduced and welcomed the visiting Rotarians and the guests, especially the three ladies: Mrs. Bill Nichol, Miss Shirley Dee

Next Meeting: Wednesday, June 30
Speaker: Rtn. Alan C. L. Yin

"Four or five years ago, I used to see Ed. at the Foreign Correspondents' Club of Hong Kong and found him always hard at work, collecting data, checking and cross-checking the facts and finally crystalizing all his efforts into his book which the world has enjoyed or should be fortunate to have today."

Rtn. Pat said that Mr. Hunter was back here on a fact-finding tour in preparation for another book and wished him continued success. At the proposal of Rtn. Pat, all those present accorded Mr. Hunter their thanks in the traditional Rotary manner.

The meeting which was the most successful one since the initiation of our Club ended with the usual Toast to the Rotary all over the world, associated with which was the Rotary Club of Yokohama.

Reds Useless Without Outside Help

Mr. Hunter said in his talk that he did not invent the word "brain-washing" but learned it first in Hong Kong from Chinese who had come from the interior. The Chinese had begun to use the word to express suppression and pressure and since the word had been used in his book, it had developed into a new form—a form that exposed the real pressure implied in brain-washing.

All the stories told by people from China and the Communist countries in Europe were identical in every respect. The pressure in each individual case might differ in degree but the arrangements were identical.

Speaking of the elements of brain-washing, Mr. Hunter said the Communists employed hunger, fatigue, tenseness and uncertainty, violence, drugs and hypnotism.

The basic weapon against such pressure was control of mind—the mental survival stamina. The first element was prayer and faith. Belief in oneself was also essential in the Chinese tradition of faith.

Referring to Aristotle who said once that "A is A and not for the tiniest fraction of a second is A of B. If A is of B it is no longer A", Mr. Hunter said that this was another element in mental survival stamina. If the Communists could convince the prisoner that A could be of B for a fraction of a second then the wedge got into the mind of the prisoner and would crack into him.

Several other elements were the closed mind. General Dean did it when he swatted flies and kept the score. A woman in Chengtu made a

belt out of her hair while in prison: they had kept themselves busy.

Another element in mental survival stamina was conviction—religious conviction, patriotic conviction. To have confidence in oneself was also important.

The speaker referred to the spirit of Rotary. He said that when the Communists occupy an area, they suppress every organization including Rotary Clubs, because the Rotary spirit can destroy Communism.

Mr. Hunter concluded that the Free World had the strength within itself to defeat Communism, and without help from the non-Communist world, the Communists would collapse. Communism used bluff to conceal its own weakness; "That's my message to Hong Kong," he said.

Rtn. Bill Throws Big Party

More than 50 per cent of our members availed themselves of the hospitality of Rtn. Bill and Mrs. Nichol last Tuesday evening (June 22) at a cocktail party celebrating the opening of Bill's latest service-to-the-client scheme—a most modern and up-to-date automobile showroom.

The Host

Thanking the many guests, including our members, for their presence at the function, Rtn. Bill said that the showroom and service station of his establishment—Metro Cars (HK) Ltd., in King's Road—were intended as a step forward in the improvement of the motor car industry in Hong Kong, and invited the public to visit his place any time for advice on the servicing and care of their cars.

With more than 30 years of experience in the automobile business, Rtn. Bill came to Hong Kong about 12 years ago after having learned his profession in England and did business in Australia and Singapore. He is now the Managing Director of Metro Cars (HK) Ltd, which he founded about a year ago and which are agents in Hong Kong for Austin cars.

Built on a plot of land of more than 90,000 square feet, Metro Cars (HK) Ltd. have already spent some \$1,130,000 on automobile

equipment, showrooms, service stations, lubricatorium, business offices, used cars and spare parts departments.

Occupying 4,700 square feet of land, the latest showroom absorbed \$130,000 and is built on modern lines. It is effectively decorated in shades of pastel blue, pink and cream, and is fitted with comfortable armchairs for the convenience of customers. The latest models of the world-famous Austin cars, including Healey "100", were on display.

The Hostess

Mr. Y. R. Frost, General Manager of Asia-Petroleum Co. (South China) Ltd., paid special tribute to Rtn. Bill and his staff for having made the company into a very successful enterprise within a short space of only one year.

Rtn. Bill's Rotary-Anne Olivia and daughter Andrea are with him in Hong Kong.

Those who were present at the party from our Club were Rtns. John Yuen, Y. C. Lee, H. C. Yang, S. H. Ma, Y. F. Chen, Hsi Yu-I, Wilson Wang, Pat Cha, Joseph Fung, K. C. Goh, Alan Yin, "Dragon" Nie, Ben Lee, Henry Chang and Tom and Mrs. Helen Freeman.

Rtns. Fung Ping-Fan and Bill Anderson, both of the Rotary Club of Hong Kong, were also seen at the party.

Attendance

Of our 25 members, 24 participated in the last weekly luncheon meeting on June 23, representing 96% as follows:

Bannerette For Kowloon Club

Our Club's third bannerette was presented to the Rotary Club of Kowloon last Thursday (June 24), when President John and Rtns. Pat Cha and Henry Chang crossed the harbour to enjoy the Rotary fellowship of our hosts.

It was Kowloon Club's closed meeting, marking the last occasion in the Rotary Year 1953-54 of out-going President P. Y. Wong being in the chair. Two more bannerettes were also presented to the host Club on the same occasion by Rtn. P. J. Patican for West Hollywood (USA) Club, and Rtn. Moshe Bejarano for Jaffe Tel-Aviv Club (Israel), respectively.

This brings the total collection of Rotary bannerettes by Kowloon Club to 119, of which 116 were colourfully displayed on lines across the four corners of the air-conditioned Peninsula Hotel dining room. Forty Rotarians, including those from other Clubs, were present.

Past President Fred Clemo thanked the out-going President and his officers on behalf of the Club, saying that they had carried out their duties most ably and succeeded in their work in no uncertain manner, through which the club was closely held together. He also wished the incoming officers for 1954-55 a very happy and successful year.

President-Elect Grimsdale, who is to assume the Presidency as of July 1 together with his elected "cabinet", assured the gathering that the new officers would do their utmost for the Club during the next Rotary Year, and for the community in the area and for the fellowship at future meetings.

R. I. Convention Report

"Welcome Rotarians" lettered in Rotary colours on billboards—thousands of posters in show windows—wishes in person from Seattle Rotarians and their ladies—greeted 8,646 Rotarians and members of their families from 53 countries and geographical regions who converged upon the city of Seattle, Washington, for the 1954 Annual Convention of Rotary International June 6—10.

An agenda of 37 proposed enactments and resolutions faced the Council on Legislations, to which task two full days were devoted on June 5—6.

First business was the adoption of the Convention programme, followed by the preliminary report of the Credentials Committee and presentation of the Board of Directors and the Past Presidents of Rotary International in attendance.

Nominations were made for President and Treasurer and the Secretary was instructed to cast a unanimous vote in favour of the single nominee for each office—Herbert J. Taylor of Chicago, Illinois, U.S.A., as President and Richard E. Vernor, also of Chicago, as Treasurer.

The second plenary session opened with an address by George R. Means, Secretary of RI, "What Rotary Has Done This Year," in which he highlighted outstanding accomplishments during 1953-54. Richard E. Vernor, Treasurer of RI, spoke on "Where Does Your Rotary Dollar Go?"

Past President Richard C. Hedke of Detroit, Michigan, U.S.A., presented the report of the "Committee for Clarifying and Improving Relationships Between Member Clubs and the Board of Directors of RI," of which he was Chairman. Charles W. Pettengill of Greenwich, Connecticut, U.S.A., submitted a report regarding preparation and disposition of the former committee, of which he was chairman, on rewriting constitutional documents of RI.

Past President S. Kendrick Guernsey of Jacksonville, Florida, U.S.A., presented the report of the Council on Legislation, and the delegates voted on the proposed enactments and resolutions.

Balloting for Directors from Zones 4 and 5 of the U.S.A., and on two items of legislation, began early Wednesday morning, followed by the third plenary session.

The programme opened with the Rotary Foundation Fellowship Forum, with Dan Procter of Chickasha, Oklahoma, U.S.A., serving as moderator. Three splendid young college graduates related their experiences as Rotary Foundation Fellows and gave their impressions on ways in which Rotary is achieving its purpose of international understanding.

The fourth, and final, plenary session opened with reports from the Credentials, Registration, and Election Arrangements Committees, followed by presentation of the 1954 Convention Committee. Rotary International officials for the 1954-55 Rotary year were formally elected and presented to the Convention.

A notable address was delivered by the Honorable John Foster Dulles, Secretary of State of the United States of America, in which he discussed the problem of building unity in the world on a foundation of diversity, and emphasized that the presence of Rotarians from 53 countries at the Convention represented unity in diversity through the Rotary ideals.

After President Serratoso Cibils had delivered his final message, President-Elect Herbert J. Taylor gave the closing address of the Convention on the subject "Our Golden Anniversary" in which he keynoted Rotary's opportunity and challenge during the approaching fiftieth anniversary year.

Thus was another Rotary Convention brought to an end on a high note of accomplishment. With the traditional singing of "Auld Lang Syne," Rotary's 45th Annual Convention was officially adjourned.

YOU ARE INVITED

to attend the meetings of other Rotary Clubs in our area as often as possible, especially the following two meetings:

1. Rotary Club of Hong Kong on June 29 at Paramount Ballroom. Speaker: Mr. Edward Hunter.
2. Rotary Club of Kowloon on July 1 at Peninsula Hotel. Speaker: Rtn. O. E. Hosper from Oakland, California, U.S.A. Subject: "The Rotary Hand of Success". The new officers for 1954-55 of Kowloon Club will formally assume office on July 1.

Letters to The Editor

Sir,

Is Rotary allowed to delve into politics? I ask this question because your speaker, Mr. Edward Hunter, spoke on a subject which I think is concerned with politics . . . Can you enlighten me? . . .

Concerned

EDITOR'S ANSWER:

According to Article 57 of Pamphlet No. 38, issued by Rotary International, the general welfare of the community is of concern to the members of each club and the merits of any public question involving such welfare may be fairly and intelligently studied and discussed before a club meeting for the enlightenment of its members in forming their individual opinion.

Note to "Worker".—Your letter of June 23 will be published provided you forward your name and address as a token of good faith but not necessarily for publication.—Ed.

Vol. 2, No. 1

JULY 6, 1954

R. I. ADMINISTRATIVE ADVISER: T. F. WEI

ROTARIAN Charlie T. F. Wei, Past District Governor, has been appointed by Rotary International as its Administrative Adviser to Rotary Clubs in Hong Kong, Kowloon, Macao and Taiwan for the 1954-55 Rotary Year. Charlie succeeds Rtn. G. E. Marden.

The appointment was made known by the newly-elected R.I. President Herbert J. Taylor in a letter received by Charlie on the eve of his departure for Taiwan on business transfer.

At a farewell dinner given in his honour by the Board of Directors of our Club at Winner House last Friday, Rtn. Charlie expressed great satisfaction with the steady progress made by our Club during the past three months and urged us to press on with our efforts—which, he emphasized, should be balanced—in the four avenues of Services.

Extending our congratulations and best wishes to Charlie, President John assured the new Administrative Adviser that we would closely and wholeheartedly follow his instructions.

Rtn. Charlie said that he would maintain close contact with our Club and other Clubs in his area in order to further strengthen and promote the Rotary Objects and the activities of all our member Clubs.

Those who wish to correspond with Charlie may direct their letters to him through his office:

Taiwan Trading Company, 107 Chung Shan Road, Taipei, Taiwan.

The local Immigration authorities have kindly granted Charlie a multiple re-entry visa to Hong Kong valid for six months, which may be renewed upon expiration, so that he may carry out his duties as R.I. Administrative Adviser to this area smoothly and expediently in the event of his personal presence in Hong Kong becoming necessary.

On behalf of our Club, *Tung Feng* wishes to register deep appreciation and thanks to the Immigration authorities for the courtesies extended to our new Administrative Adviser. We are sure that the other Clubs in Hong Kong, Kowloon, Macao and Taiwan will join in this expression of appreciation.

The following 10 Rotary Clubs are under the jurisdiction of Rtn. Charlie:

- The Rotary Club of Hong Kong
- The Rotary Club of Hongkong Island East
- The Rotary Club of Hongkong Island West
- The Rotary Club of Kowloon
- The Rotary Club of Macao
- The Rotary Club of Taipei
- The Rotary Club of Taipei North (being organized)
- The Rotary Club of Keelung
- The Rotary Club of Kaohsiung
- The Rotary Club of Tainan.

PRESIDENT
HOEN YUEN
VICE PRESIDENT

ALAN C. L. YIN
BULLETIN CHAIRMAN
HENRY CHANG

Rtn. Charlie said that he has already conveyed his wishes to the Rotary Club of Kowloon to survey their area with a view to promoting and organizing at least one more club in Kowloon. It is most likely that a new club will be located in the Mongkok or Taipo district.

Rtn. Charlie has kindly consented to act on our Club's behalf and present our bannerettes to the Rotary Clubs of Taipei, Keelung, Kaohsiung and Tainan.

The new R.I. Administrative Adviser left for Taiwan on board the s.s. Shengking last Saturday. His Rotary-Anne will remain in Hong Kong for a short while before joining Rtn. Charlie in Taipei.

APPEAL TO MEMBERS

All members are requested by President John and the Board of Directors to accord full attention to Speakers at our future meetings. It is expected that members should not devote their time to anything else but to listening to the Speaker during the course of his speech.

Entering Second Year

According to Chinese traditional reckoning, today we are a two-year-old baby member of Rotary International, though we were "born" only three months ago.

All officers of our Charter Year will continue in their offices for the duration of our second year which is the 1954-55 Rotary Year (ending June 30, 1955). The 1954-55 Year is of special significance to all Rotary Clubs in the world, being the 50th anniversary of the founding of the Rotary organisation. Rotarians throughout the world are preparing to celebrate the Golden Jubilee.

Extensive plans are being made to use this mile-stone in the history of Rotary as a means of attaining two objectives; namely, (1) To strengthen Rotary in every phase of its activities; and (2) To give the general public a better understanding and appreciation of Rotary.

As we are entering the new Rotary Year, the *Tung Feng* weekly bulletin goes into Vol. 2 as of this issue. The first issue of our Bulletin was published on May 18, 1954, and since then altogether seven issues have been produced; these complete Vol. 1, our first Rotary Year's publishing effort undertaken by the Club Bulletin Committee.

The Editor of *Tung Feng* wishes to take this opportunity to thank all those who have assisted in contributing news items and helped to bring out the bulletin regularly in the past seven weeks. The success of the Club Bulletin to a great extent depends upon the co-operation of our members and the Editor thinks it appropriate to reprint part of the message of President John Yuen, which appeared in the first issue of *Tung Feng* as follows:

"Apart from the efforts of the Editor, much of its success will still depend on the co-operation of members. We want constant advice from members who should read the Bulletin regularly and keep it in a special file instead of leaving it unread and throwing it into the waste-paper basket. Every member should treat the Bulletin as the Club's history in leaflets and keep it for permanent reference."

Constructive criticism and advice on how to make our Club Bulletin a still better publication will always be welcome by the Editor.

At Rotary Last Week

Last week's regular meeting saw a record collection of \$210 for the Community Service Fund which now stands at \$1,041, with Rtn. Bill Nichol and members who participated in Bill's recent cocktail party all making contributions towards the cause.

Visiting Rtn. Hopfer from Oakland, California, also made donations to the Fund. He said he was most pleased to do because his name "HOP" in the club seems to have given him the privilege of being half Chinese.

President John happily noted the birthd^y (June 30) of Rtn. Hsi Yu-I, whose absence from the meeting on account of urgent business somehow disappointed those present for we all would have enjoyed singing HAPPY BIRTHDAY to Rtn. Hsi led by Rtn. Alan Yin and tasting the birthday cake prepared by our Sergeant-At-Arms.

A new move has been adopted by President John: In future, representatives of the Press will be introduced at meetings by Rtn. K. T. Wang, Chairman of the Public Information Committee.

Air-Conditioning . . . Or "Vatch"

The speaker of the day was Rtn. Alan Yin who rendered a most commendable example to other members by giving a talk on his vocation: "Vatch"—The Catch in Air-Conditioning.

Rtn. Alan, a graduate in Civil Engineering, St. John's University, Shanghai, in 1926, said there were only three students taking the Course,

from which cause one the Course

Mr. Kenneth

from which he was graduated first and last because one of the three unfortunately died during the Course and the other failed to graduate.

In the United States, he studied Heat Engineering between 1927-28 at the Massachusetts Institute of Technology (Boston) and later changed his studies to Refrigeration and Air-Conditioning Engineering.

Upon completion of his studies in the United States, Rtn. Alan returned to Shanghai and started his career as a Refrigeration and Air-Conditioning Engineer. This was 25 years ago when the word "air-conditioning" was just being introduced to the public.

The first air-condition system put up by Rtn. Alan was in a silk manufacturing plant in Chinkiang, along the Yangtse River near Nanking, because silk-worms did care for air-conditioning though the human being at that time did not.

Turning to his subject, Rtn. Alan explained that the word "VATCH", though not found in any dictionary, constituted the most important parts of the air-conditioning system. For, he continued, without the five features of V. A. T. C. H. no air-conditioning performance could be perfect.

They are V for ventilation; A for air circulation; T for temperature; C for cleanliness of air; and H for humidity control in a relative degree.

In conclusion, Rtn. Alan said that the slogan for "air-conditioned" may be replaced in the near future by one word: "VATCHED".

Rtn. Y. F. Chen appropriately thanked the speaker, after which the meeting ended with the usual Toast to Rotary International coupled with the Rotary Club of Oakland, California.

Attendance

Thirty two persons attended our last week's luncheon meeting on June 30. Of our 25 members, 22 were present, representing 88% as follows:

Latest Board Meeting

Five resolutions were passed by the Board of Directors at a meeting held last Friday and presided over by President John Yuen. Present were Rtns. Pat Cha, "Dragon" Nie, S. K. Chan, K. S. Chang, S. H. Ma, K. C. Goh, Bill Nichol and Henry Chang (representing *Tung Feng Bulletin*). The resolutions were:

1. Confirmation of the resolutions passed at the previous Board's meeting (June 4).

2. Acceptance with much regret of the resignation from membership of Rtn. Tsiang Paoli who, as a result of resigning his post as the Managing Director of Everlasting Nylon Knitting Mills Ltd., lost his Classification of Clothing Industry (Major) and Hosiery Manufacturing (Minor).

Donations To Club Fund

Sergeant-At-Arms Rtn. Ben may collect donations from the following Rotarians to supplement our Club's Fund (not the Community Service Fund):

Rtn. S. K. Chan (\$5), K. S. Chang (\$5), K. C. Goh (\$5) and "Dragon" Nie (\$10).

To further help the Club's Fund, it was suggested at last Friday's meeting of the Board that a Ladies' Night with Chinese food and dancing for our members and their guests be held on Thursday night, August 12.

Preparation for the function will be in the hands of the Fellowship Service Committee.

3. Adoption of the List of Available Classification for 1954-55 submitted by the Classification Committee. The list will be published for information of members in the next issue of *Tung Feng*.

4. Approval in principal of a Community Service project, recommended by Rtn. S. K. Chan, Chairman of the Community Service Committee. Details of this project will be further studied by Rtn. Seaker's Committee and discussed by the Board later.

Rtn. Seaker's proposed project for 1954-55 envisages the setting up of a Recreation Centre on a 38,000-square-foot lot along King's Road, next to Hong Kong Tobacco Co., Ltd. and opposite the China Motor Bus Co., Ltd.

The ground, granted by Hong Kong Government to the North Point Kaifong Association of

which Rtn. Seaker is, concurrently, the Chairman, could be made available to our Club, leaving approximately 5,000 to 6,000 square feet of space to the Kaifong Association for a free school.

5. Postponing of the Board's decision to adopt our Club's budget for 1954-55 until our Hon. Treasurer, Rtn. "Dragon" Nie, prepares a written itemised budget.

Letters to The Editor

Sir,

Although I have returned to Birmingham, I found it necessary to make several quick trips to other parts of the States and have just now settled down to what might be called daily routine.

I received the May 25th weekly bulletin of your splendid Rotary Club of Hongkong Island East and, in fact, took it with me today to our Birmingham Club Luncheon and showed it to a number of our members present. All of them without exception complimented the publication, not only because of the interesting news items but also because of the splendid pictures which were reproduced. I hope that our Secretary follows some of the ideas contained in your bulletin . . .

With all good wishes for your continued success, I am

Yours sincerely,

Eugene H. Brooks
Rotary Club of Birmingham.

Sir,

I fully appreciate the valuable remarks made by "Interested" and "Also Interested" regarding the Community Service of our Club.

Since the inauguration of our Club, the method of fund-raising has been limited *only* to weekly free contributions or rather *F-I-N-E-S*. Should we not start thinking of other effective ways to boost the fund . . .

Will our President therefore call a meeting to study what our Club should or can do to solve the problem?

Meanwhile, the Community Service Committee should start to survey the demand for service rather than just wait for funds.

Planning is definitely more constructive than just waiting.

Yours sincerely in Rotary,
Worker

EDITOR'S ANSWER:

Several suggestions were put forward at the latest Board of Directors' meeting in respect of raising an appreciable fund for our Community Service. It was agreed in principal that a Charity Ball should be organised sometime this year.

The Chairman of the Community Service Committee has recommended a project for us to undertake during the 1954-55 Rotary year, details of which may be found elsewhere in this issue.

Sir,

I find the *Tung Feng Weekly Bulletin* very interesting, and I have caused a special file to be made for same. Unfortunately I have misplaced the first number of Volume 1, and in order to complete my file, I shall be much obliged if you will forward a copy to me.

With many thanks,

Yours sincerely,

M. K. Lo
Hong Kong

(A copy has been forwarded.—Ed.)

Rtn. Joseph Sails For Malaya

Rtn. Joseph Fung, accompanied by his Rotary-Anne Mignon and their 13-month-old son, Eric, left Hong Kong aboard the s.s. Corfu last Friday for Singapore en route to Kuala Lumpur.

Rtn. Joseph would remain there for about four or five months on behalf of his firm, Fung Keong Rubber Mfg. Ltd., which have extensive interests in Malaya.

Rtn. Joe said goodbye to a number of our members at a farewell party given by him at Winner House last Thursday. Among those present were Rtns. Y. C. Fogg, "Dragon" Nie, K. T. Wang, Tom Freeman, Ben Lee, K. S. Chang, S. K. Chan, Bill Nichol, John Yuen, Pat Cha, Alan Yin and Henry Chang.

Rtn. Joseph will be pleased to correspond with our members; his address is 7A, Treacher Road, Kuala Lumpur, Malaya.

Rtn. Joseph will probably represent our Club in presenting our bannerettes to the Rotary Clubs of Kuala Lumpur and Singapore during his stay in Malaya.

ROTARY FOUNDATION STUDENTS VISIT H. K.

TWO Rotary Foundation Fellowship students were among the 43 persons who attended our last regular luncheon meeting at Winner House on July 7.

They were 22-year-old Michael P. Hammond, of Appleton, Wisconsin, U.S.A., and 21-year-old Brice M. Clagett, of Washington, D.C., U.S.A., who were awarded Rotary Foundation Fellowships for Advanced Study by the Board of Directors of Rotary International.

Michael, a graduate of Lawrence College, will study Indian philosophy at Delhi University, and Brice, a Princeton University graduate, will further his studies in Indian politics and history at Allahabad University.

On a one-year grant by Rotary International after being nominated by Rotary

Clubs of their respective areas, both Michael and Brice left their homes three weeks ago and reached Hong Kong by plane on July 6, after having visited Hawaii for one week and Japan for 10 days.

They left last Saturday by air (July 10) for Calcutta via Bangkok and Rangoon and are expected to reach their respective universities before this weekend.

During their five-day stay in the Colony, they managed to visit and attend the regular meetings of the Rotary Clubs of Hong Kong, Island East, Island West and Kowloon, where they were

warmly welcomed and accorded Rotary Fellowship.

They brought greetings from the Rotary Clubs of their areas to every member Club in the Colony and assured us that they will convey to their respective clubs our greetings and good wishes.

Rtn. Frank Harris of our sponsor Club will soon be leaving Hong Kong for a three-month holiday, returning back here in late September. We wish Rtn. Harris **BON VOYAGE** and a **VERY HAPPY HOLIDAY**.

We are, indeed, very happy to record that seven members from our sponsor Club and three from our twin-brother Club attended our meeting last Wednesday.

The speaker at the meeting was Rtn. (Dr.) K. E. Van Der Mandele, Consul-General for the Netherlands in Hong Kong, who gave us an insight to the duties, performances and activities of a Consul. Dr. Van Der Mandele was thanked by Rtn. Seven S. C. Shih, following which President John adjourned the meeting with a Toast to the Rotary International.

In his talk, the speaker said that the life of a Consul does not consist of just wining and dining as many believed; his duties were varied and numerous, among which Dr. Van der Mandele listed those of a judge, mayor, passport and visa

during his stay

WE CONGRATULATE . . .

. . . Rtns. W. V. Pennell and W. T. Grimsdale who have assumed the office of President of Rotary Club of Hong Kong and Rotary Club of Kowloon, respectively, for the 1954-55 Rotary year.

We extend our warm greetings and best wishes to them and to members of their respective "cabinets".

On being installed as the new President of Hong Kong Club, Rtn. Pennell said that in honouring him, the Club also honoured his profession—journalism. He paid special tribute to his predecessor, Rtn. George Lin and Mrs. Lin—"the ideal Rotary-ane".

officer, general trouble shooter, harbour master, shipping surveyor, trade promoter and public relations officer.

The speaker traced briefly the history of the word "consul." He said that the word "consul" was a very old one, and was used for the main authorities in the Roman Republic, but after the emperors started to rule Rome, consuls began to lose their power.

The word was revived by the Italian Republic in the Middle Ages, and was given to one of the elders of an overseas community who was either appointed by the home authorities or elected by the community. The consul was usually a merchant either appointed or elected to perform special functions. Dr. Van der Mandele said.

The speaker said that career consuls were first sent out at the beginning of the 19th century, and the China Coast was one of the first places where appointed consuls were to be found.

Many of the small countries maintained both career and honorary consuls. An honorary consul was usually a merchant or banker.

Dr. Van der Mandele said that the difference between a diplomat and a consul was rather great; a consul was a merchant while a diplomat was a noble or lord sent out by the government. Gradually, the functions of the two became much more parallel and in most countries they merged the two services and the same man could serve as a consul and a diplomat.

The principal difference now between a diplomat and a consul was that the diplomat was accredited to the central government while the consul was accredited to the local authorities.

General Trouble Shooter

Turning to the duties of a consul, Dr. Van der Mandele said that they were so extensive that it was easier to say what consuls did not do, than what they were doing. His duties to his own nationals in the local community included being judge, mayor, and passport and visa officer. For the ships of a consul's country, the consul was harbour master and shipping surveyor. Dr. Van der Mandele humourously added that the duties of shipping surveyor was merely counting the number of life buoys on the ship.

As general trouble shooter, he would have to help solve marital problems among his countrymen, and sometimes religious matters.

The second important task of a consul was reporting home. This was a very old duty but as the dealing of governments had become more complicated, reporting to the home government was more complicated than in former days.

The third important part of a consul's duties was trade promoter. "We must try to promote the trade of our country," Dr. Van der Mandele said. A consul's duties as a trade promoter was mainly to promote exports of his own country, but in a place like Hong Kong he also promoted Hong Kong goods in his own country.

A consul would also have to promote tourist travel to his own country, and also to act as a Public Relations Officer. In carrying out his duties with regard to public relations, a consul would dine and wine very often, but "I can assure you that I spend more time on the desk" than wining and dining. Dr. Van der Mandele added.

(Continued on seventh page)

HAVE YOU PAID . . .

. . . to our Hon. Treasurer the sum of \$65, being the first six months' dues (\$50) and contribution to the Community Service Fund (\$15) for the 1954-55 Rotary Year?

In case you have not yet done so, please do not forget to bring with you a cheque for \$65 to the next regular meeting on July 14.

Rtn. "Dragon" will issue to you a new Membership Card upon receiving your cheque.

What are the kinds of membership in a Rotary club?

Active (including additional active), past service, senior active, and honorary.

What are the qualifications for active membership in a Rotary club?

Adult male persons of good character and good business or professional reputation engaged as proprietor, partner, corporate officer, or manager, of any worthy and recognized business; or holding an important position in an executive capacity with discretionary authority in any worthy and recognized business; or acting as the local agent or branch representative of any worthy and recognized business, having entire charge of such agency or branch in an executive capacity; or engaged in any worthy and recognized profession; and personally and actively engaged, within the territorial limits of this club, in the respective busi-

nesses or professions in which they are classified in the club.

What is additional active membership in a Rotary club?

Any active member of a Rotary club may propose and the club may elect to active membership one additional man from the concern or establishment with which the proposer is connected, whose classification shall be the same as that of the proposer.

Qualifications—The qualifications for additional active membership are the same as those required for active membership.

Termination—Additional active membership terminates automatically upon the termination of membership of the proposer; or in event the original active member becomes a senior active member of his club; or in the event that the membership of the additional active member is terminated for other reasons set forth in the constitution.

**Pres. John's Grandson Wins
Championship**

The 4½-month-old grandson of President John Yuen won the grand championship in the Hong Kong and Kowloon Children's Health Contest sponsored by the UNICEF Group of the United Nations Association of Hong Kong, at the Kowloon YMCA on June 26.

The baby, Master Yuen Yuen, weighing 18 lbs, was judged the healthiest child among some

40 finalists, ranging from three months to 12 years of age.

The two photos appearing in this page show Master Yuen Yuen and his parents, Mr. and Mrs. Yuen Ta-Ming, son and daughter-in-law of President John.

(Continued from second page)

In conclusion, Dr. Van der Mandele spoke on what his duties had to do with Rotary. He said that he gave service to the public from morning to night; and as with the public servant, consuls shared the danger of being complacent. Therefore he was very happy to have joined Rotary so that he would be always reminded of his service to the public.

Attendance

Twenty-three of our 24 members attended the last regular meeting on July 7, representing 95.83% as follows:

Do You Know . . .

. . . there is one Rotarian among our members who comes to our regular meetings without showing any outward sign of being partly disabled?

He is Rtn. Y. C. Lee who always carries a walking stick but who can discard it when participating in sports events.

Yes, he has lost his right leg. But he had managed remarkably well through his courage, strong will and determination, steadily and gradually adapting himself to his condition and advancing his business and social positions.

No one who was in Shanghai in 1937 can forget the tragic incident which took a heavy toll of lives when a bomb fell on the most populous part of Nanking Road at

the Sincere Co. Rtn. Y. C. was among the unfortunate victims. His life was saved but despite all efforts he was unable to preserve his right leg, as medical science then was in a less advanced stage than now and penicillin and such other miraculous drug were not yet available. Five times he had to be operated upon and finally his leg was amputated above the knee.

After leaving the hospital where he stayed for over eight months, he soon discovered that people often helped and pitied him. This brought on him a feeling of depression and gave him a gloomy outlook. But reason and will power saved him and he gradually found new courage to face life and to overcome difficulties.

PASSPORT PHOTOS PLEASE!

Our Hon. Secretary Pat is expecting to receive from you before the end of this month a passport photo of your goodself printed on glossy paper.

The photo will be used for printing a Roster of the members of our Club.

Prior to the tragedy, Rtn. Y. C. was a clerk in The China Travel Service at Shanghai but after he was disabled he became a concurrent manager of four different commercial establishments in the same city. Despite the fact that he experienced ups and downs in his career during World War II and the subsequent political change in China, he can still manage to maintain the very foundation laid down by his own hands. This explains how less important is a disabled body than a firm will to mankind.

Now, he is serving as the manager of the Business Division of the Dab Chung Industrial Co., Ltd. which is one of the leading manufacturers of needles and screws in the Far East. He is well experienced and thoroughly acquainted with conditions in Hong Kong where he has been a resident for many years.

Though possessing only one leg, he participates in all activities of the Club. Originally an athlete, he still keeps up with sports and can swim and partake in any recreational activities with a zest which cannot but command admiration.

Rtn. Y. C. is a worthy example of how a man, though physically handicapped, can conquer his disabilities through sheer will power.

ROTARY TODAY

DO YOU KNOW . . .

. . . that Rotary membership world wide continues to increase week after week, with each new report indicating the extended influence of the Rotary organization.

During 1953-54 (to June 24), 456 new Rotary Clubs were organized in 53 countries—more new Clubs than in any previous year in Rotary's history!

Latest figures: 8,282 Rotary Clubs with 389,000 Rotarians in 89 countries and geographical regions.

ROTARY WHEEL FOR H. K. ISLAND WEST

SPECIALLY designed by Rtn. "Dragon" Nie, a Rotary Wheel on which were inscribed the English and Chinese names of the Rotary Club of Hongkong Island West was presented to our twin brother Club by President John Yuen. The presentation took place at the regular meeting of the Hongkong Island West Club last Friday on the fifth floor dining room of the Golden Dragon Restaurant. Present were 40 Rotarians and guests, including President W. V. Pennell, Past President George Lin, and Rtns. David Wai and S. P. Ma of our sponsor club.

Colony, Island West Club came up with a five-course Chinese lunch served by several charming waitresses.

PRESIDENT John Yuen has rightly declared that our weekly luncheon meeting on July 14 was a Red Letter Day in the short history of our Club. A total of 40 persons were present, including President W. V. Pennell, of our sponsor Club, and President H. C. Fung, of our "twin brother" Club, as well as 10 of their respective Clubs' members.

In addition to President John, five other members of our Club (Rtns. Bill Nichol, Tom Freeman, "Dragon" Nie, Y. C. Fogg and Henry Chang) also attended the meeting.

On behalf of our Club, President John wished the President, his officials and members of the host Club a very successful year and pledged to maintain our closest contact and relationship with them.

Thanking us for our good wishes, President H. C. Fung said that he was deeply moved by the kindness and thoughtfulness of his elder "brothers" and hoped that his Club would soon be able to reciprocate.

Instead of European food which normally is served at other member Clubs throughout the

On his first visit to our Club since assuming the Presidency of the Rotary Club of Hong Kong on July 1, President Pennell said the purpose of his visit was two-fold, namely, to return the courtesy of President John's many visits to the Hong Kong Club and to see how we

were getting on.

President Pennell added that it was sheer joy of old Rotarians of the sponsor Club to see that both Island East and West Clubs have been progressing exceedingly well in many respects. He wished us continued success.

It was also a Red Letter Day for our Sergeant-At-Arms Ben Lee; he succeeded in collecting contributions totalling \$249 for the Community Service Fund which now stands at \$1,429.

This big increase was due to the generosity of members who made donations to mark the winning of the grand championship by President John's grandson in a recent children's health contest.

Rtn. Tom read two letters of greetings received from the Rotary Club of Rochester, U.S.A., and Rotary Club of Auckland, New Zealand, while Rtn. Pat read a similar letter from the Rotary Club of Hemet, California, U.S.A. It is interesting to note that the letter of congratulations received from the Rotary Club of Rochester was the 4,295th letter sent out by that club to various member Clubs throughout the world.

The meeting ended with a Toast to Rotary International, associated with which was the Rotary Club of Hong Kong.

* * * * *

Meet New R.I. President

More than 8,600 Rotarians and guests who attended the 1954 convention in Seattle, Washington, U.S.A., are already acquainted with the man elected at that meeting to head Rotary International in 1954-55.

Additional thousands throughout the Rotary world are familiar with the Four-Way Test which he originated:

1. Is it the TRUTH?
2. Is it FAIR to all concerned?
3. Will it build GOODWILL and BETTER FRIENDSHIPS?
4. Will it be BENEFICIAL to all concerned?

R.I. President Herbert J. Taylor has been a Rotarian since 1923. He is a former member and Past President of the Rotary Club of Pauls Valley, Oklahoma, U.S.A., and is currently a member and Past President of the Rotary Club of Chicago, Illinois, U.S.A. He has served Rotary International as Committee Chairman and member, District Governor, Director, and Vice-President. Just a few weeks ago Herb provided further service to Rotary International when, on behalf of his business firm, he gave to the organization the copyright to the Four-Way Test quoted above.

In addition to his Rotary interests, Herb is Chairman of the Board of the Club Aluminum Products Company and is a Director of Chicago Federal Savings and Loan Association, Monarch Aluminium Manufacturing Company (Cleveland, Ohio, U.S.A.), First National Bank of Barrington (Illinois, U.S.A.), and the Chicago Better Business Bureau. His hobby is boys' work and he is a sponsor of one of the largest boys' camps in the U.S.A.

Rotarians everywhere join in extending best wishes to President Herbert J. Taylor for the success of Rotary's Golden Anniversary Year under his leadership!

APPEAL TO MEMBERS

Exhorting us to step up our service during the Golden Anniversary Year, Dr. C. T. Wang, past Rotary International Vice-President, requested each and every Rotarian in the Colony to contribute US\$10 or HK\$60 to the Rotary Foundation Fellowship Fund for the purpose of sending students overseas for higher studies.

The purpose behind the fund, Dr. Wang said, was the promotion of better understanding among different peoples of the world; it was part of Rotary service programme as a unit of Rotary International.

Rotarian C. T. made the appeal at the regular luncheon meeting of our sponsor Club on July 13.

Art in Printing

President John Yuen came to the rescue of Rtn. K. S. Chang last week. As Chairman of our Programme Committee, Rtn. K. S. was unable to find a guest speaker in time for our regular luncheon meeting at Winner House. Following feverish last-minute telephone calls between Rtns. K. S. Chang, Henry Chang and John Yuen a "victim" was finally found, and the result was a talk on "Art in Printing" by President John.

As all other Rotarians know, Rtn. John is fully qualified to talk on the subject, having been in the printing business for more than 30 years. Rtn. John was pleased to fill the gap. Following is his informative and interesting talk in part:—

The word, Art, is composed of three letters of the alphabet, A-R-T. In my opinion A denotes Appeal, R suggests Response and T means Technique. When any process of reproducing embraces these three elements, it can be called an art.

However, it has been frequently argued that printing is not an Art. This could or could not be disputed, depending upon the particular situation. As far as I feel personally, there exists a striking parallel between the laymen's conception of printing and the dictionary's definition of art. The dictionary defines art as "the employment of means to accomplishment of some end; the power of quality of perceiving and transcribing the beautiful or aesthetic in nature."

Important Factors

Regarding the employment of means, an artist uses a brush or pen and colours while a printer uses colour plates, printing machines and inks. Although the artist may express himself as a painter or a designer and the printer as a reproducer, these different methods of expression have the common factor that they are all designed for the purpose of graphic appeal to the human mind.

Printing is required to reproduce, with fidelity and without variation or distortion, the artists conception of the subject. Art may have to develop a particular style and cultivate individuality but printing is deprived of the creative impulse which inspires the artist in his work.

In dealing further with the question of art in printing, I shall now discuss with you some important factors concerning the artist, design, colour, typography, production ability, printer's skill and tools of production.

Artist: The art in printing primarily depends on the artist who designs and paints the original copy. His copy is important because it will produce a profound influence in printing. Inasmuch as the artist is privileged to enjoy originality and individual personality, in most cases he has to consider the purpose of the design, wishes of the people, skill of the printers and mechanical limitation of the printing equipment. If he is drawing a picture merely to satisfy his own aesthetic desire, he may do whatever he wishes.

Rtn. ALAN YIN VISITING MALAYA

Rtn. Alan Yin, Director and Chairman of our Classification Committee, left by plane yesterday (July 19) for Singapore on a business and holiday trip. He is expected to remain in Malaya for about a month during which time he will complete details for installing air-conditioning systems in several theatres.

Provided with many bannerettes of our Club by Rtn. Tom, Rtn. Alan hopes to visit and present our bannerettes to as many Rotary Clubs in Malaya as possible during his stay there.

He will also visit his daughter, Anne Mignon, and son-in-law, Rtn. Joseph Fung, who went to Kuala Lumpur on July 2.

But if he is preparing a subject of commercial value directed by advertisers, traders or industrialists, which is to be printed, he is influenced by their requirements.

With my experience in metal and paper printing, I think it is both economical and more satisfactory for printing firms to employ their own artists who should be well-trained in designing and fully acquainted with the capabilities of the printing equipment. Talented and experienced artists can make prints highly decorative out of the simple elements of design and colour produced by available printing equipment. A good artist will both reduce the printing cost and increase the efficiency in production. An old saying "Well begun is half done" applies well in the matter of engaging good artists to make designs of quality and taste.

Design: From the artist comes the design which is vital in printing. As the definition of design is intent or purpose, it should correspond with the function, cost, production ability, handling convenience and other competitive features. A design is important, because it can either make or mar the art in printing.

To design material for printing, it should not, as far as possible, ignore the essential aspect of art, although often the aesthetic quality is being sacrificed to mere commercialism. A good design should be an expression of purpose, personality and desire. From time to time, design is influenced by the invention of printing machinery, papers, inks and the trend of mass production. It should strive for a better co-ordination between the artist and the printer.

(To be continued in next issue)

THANK YOU KEELUNG!

We express our gratitude in advance to the Rotary Club of Keelung for their kindness in having asked Rtn. Charlie T. F. Wei, newly appointed R.I. Administrative Adviser, to present their Club bannerette to us.

Rtn. Charlie visited the Keelung Club last Tuesday (July 13) and was asked to forward their bannerettes to our Club and to the other three Clubs in the Colony.

It is understood that the bannerettes will be brought to Hong Kong through the courtesy of Rtn. Jerry O'Donnell of the Hong Kong Club.

New Officials Of Kowloon & Macao

We greet and congratulate the 1954-1955 Presidents and their fellow-officers of the Rotary Club of Kowloon and the Rotary Club of Macao. They are:

KOWLOON:

- Rtn. W. T. Grimsdale, *President*
- .. S. K. Wong, *Vice-President*
- .. A. J. Stonyer, *Hon. Secretary*
- .. W. E. Hines, *Hon. Treasurer*

MACAO:

- Rtn. Dr. Antonio Alberto de Barros Lopes, *President*
- .. Lee Po Tin, *Vice-President*
- .. Pedro Lindman Lobo, *Hon. Secretary*
- .. Dr. Mamiao Rodrigues, *Hon. Treasurer*
- .. Sydney Chen, *Director*

Letters to The Editor

BEG YOUR PARDON!

The Editor wishes to express his apologies for the two errors pointed out in the following letter from a member of the Rotary Club of Taipei:

Sir,

Your *Tung Fung* weekly bulletin, as usual, is very interesting.

I would like to point out, however, two errors inadvertently made on the front page of Vol. 2, No. 1. You quoted Rtn. Charlie as saying that "he would maintain close contact with our Club and other Clubs in his area in order to promote the Rotary Objects....." Should it not be "Rotary Object"?

Then, among the 10 Rotary Clubs under the jurisdiction of Rtn. Charlie you mentioned "The Rotary Club of Taipei North" when it should be "The Rotary Club of Taipei West."

I should be much obliged if you would make the necessary corrections.

Yours in Rotary
A MEMBER OF ROTARY CLUB
OF TAIPEI.

This is the Golden Anniversary Year!

Our Golden Anniversary! No—it hasn't been fifty years since our own Rotary Club was organized. However, it does mark the anniversary of the very ideal around which our Rotary Club has developed. Let's make the most of it. This will be a once-in-a-lifetime opportunity to tell the world about Rotary.

HOPING TO REGAIN DISTRICT STATUS—T. F. WEI

ROTARIAN Charlie T. F. Wei, newly-appointed R.I. Administrative Adviser, has expressed great hopes that we may regain our District status before the end of the year, following the organization of two more new Rotary Clubs in this Colony and in Taiwan.

This was disclosed by Rtn. Jerry O'Donnell, Vice-President of the Rotary Club of Hong Kong, at our regular luncheon meeting last week, when he presented a bannerette to us on behalf of the Rotary Club of Keelung.

Rtn. Jerry, who returned from a visit to Taiwan, told us that Rtn. Charlie was very enthusiastic on his job and was organizing a new Club in Kaohsiung. Rtn. Charlie plans to visit us in the late part of August and hopes to apply to Rotary International for a District status for us.

The new District, it is anticipated, will embody the existing 10 Clubs in Hong Kong, Kowloon, Macao, Taipei, Keelung, Tainan and Kaohsiung as well as two projected new clubs in Kaohsiung and Kowloon.

It may be recalled that this area lost its District status in 1952 following the suspension of many clubs on the mainland of China. At that time, only four clubs in Hong Kong, Kowloon, Macao and Taipei were functioning. The District, formerly known as the 57th District, ori-

ginally comprised 12 Rotary Clubs, namely Hong Kong, Kowloon, Macao, Taipei, Foochow, Amoy, Swatow, Canton, Wuchow, Liuchow, Kweiyang and Kunming.

The last District Conference was held in Hong Kong on May 26-27, 1951, and was attended by representatives of Hong Kong, Kowloon, Macao and Canton. The then District Governor was Rtn. Pedro Lobato, of Macao.

According to Rtn. C. T. Wang, father of the Rotary movement in China, the grant of District status is vested in the Board of Directors of Rotary International and, though there is no rigid rule as to the number of Clubs a District be composed of, in some cases District status was granted to an area with only eight clubs but in most cases a District was formed with 14 clubs.

Nevertheless, convinced that we have a good chance to receive favourable consideration by Rotary International, Rtn. C. T. hoped that all the existing Clubs under the jurisdiction of Rtn. Charlie would jointly request him as R.I. Administrative Adviser to apply for District status.

ALTHOUGH we were highly honoured by the presence of the President of the Kowloon Club and the Vice-President of the Hong Kong Club as well as many other visiting

Through the courtesy of U.S.I.S., two travelogues in colour will be shown at our

NEXT MEETING

(July 28, 1954)

They are *Death of Valley in San Francisco and Village and Road.*

Rotarians and guests, it is with much regret to report that only 19 of our 24 members attended the regular meeting on July 21.

As a result, the percentage of members' attendance dropped to 79.16%, the lowest since the "birth" of our Club. It is hoped that members will make it a point in future to attend the regular meetings. (The Editor proposes to list the names of absent members at future meetings.)

On his first visit to our club in his capacity as President of the Rotary Club of Kowloon, Rtn. Grimsdale extended his Club's warm greetings and wished us to continue from strength to strength.

President John most appropriately reciprocated our wishes and urged our members often to make an effort to visit the Kowloon Club and all the other clubs in the Colony. President John also took the opportunity to instruct the Sergeant-At-Arms to make checks at our next meeting of those members who might have not yet visited other clubs and in which case a fine may be imposed.

Early Days of H.K. Rotary Club

We were honoured at our regular luncheon meeting on July 21 by having one of the pioneers of the Rotary movement in Hong Kong as our speaker. Rtn. D. S. Hill, of our parent Club, gave us a very interesting talk on "Reminiscences of Early Days of Hong Kong Rotary Club".

Rtn. Hill, who joined the Rotary Club of Hong Kong in 1931, shortly after the Club received its Charter, remarked, "One would hardly believe that the Hong Kong Rotary Club which has sponsored three other clubs in this district could possibly have arisen from that incredibly cold and forbidding start."

Rotarian Hill, a past President of the Hong Kong Rotary Club, said that there seemed to be very little knowledge of the early days of the Club.

The pioneer of the Club, he added, was Rotarian Jim Davidson, who had started several Clubs in South China, Mr. Davidson came to Hong Kong in 1930 and discussed with the Vice-Chancellor of Hong Kong University and Sir Robert Kotewall, the possibility of forming a Rotary Club here.

He said that in 1930 there was very little contact between the Chinese and foreign residents in Hong Kong. This was the fault of both the

CELEBRATING GOLDEN ANNIVERSARY

As from this issue, the next 32 editions of *Tung Feng* weekly bulletin until February 23, 1955, will have its Masthead printed in gold and dark blue colours in order to celebrate the Golden Anniversary Year of founding of the Rotary organization.

Chinese and foreigners, who were all reluctant to mix, the speaker added.

Both Chinese and foreign clubs were exclusive to each other and foreign clubs were no more like the provincial town clubs in England. Even the foreigners were divided in small circles.

It was under this atmosphere that the Club was set up. The chartered members included Dr. S. W. Ts'o, Mr. T. B. Wilson, the Hon. Sir Man-kam Lo, Mr. W. N. Thomas Tam, Dr. Li Shu-fan, Sir Shouson Chow, Sir Robert Kotewall, and Lieut-Col. E. J. R. Mitchell. The charter was granted in February 1931, and weekly luncheons were held at Lane Crawford.

Rtn. Hill said that in those days there was no such function as fellowship committee or social committee. Attempts had been made to mix the members together but half the time members just ignored such attempts.

There was no Serjeant-at-Arms and the very mention of the word "fine" would mean that half of the members would resign.

Very few attempts were made to address the members by their initials or nicknames, and the foreigners in those days were rather reluctant to wear the badges stating their full names and occupations.

The programme of these luncheons was, however, very good, and speeches were broadcast through Radio Hong Kong.

The then Secretary of the Club, Mr. M. F. Key, was "absolutely a menace." He was a first-class shorthand writer and members would be very much shocked when they found their "unwise remarks" at the luncheons being published in the Rotary bulletin.

Rtn. Hill disclosed that the first contribution by the Hong Kong Rotary Club to the community was the Southern Playground. It also started the Children's Playgrounds Association.

In the parent club Club what little English concluded:

In those days, there was no elder brother or parent clubs or enthusiastic Rotarians to tell the Club what to do. In fact it was a "typical stuffy little English Club during the first two years," concluded the speaker.

Rotarian Hill was thanked by Rotarian K. C. Goh after which the meeting ended with a Toast to Rotary International coupled with the Rotary Club of Keelung.

100 PER CENT CLUB!

President John Yuen expressed his full confidence that we will achieve a 100% Club in respect of contributing fund to the Rotary Foundation Fellowship for the purpose of sending students overseas for advanced studies.

We will not, however, be able to call ourselves a 100% Club should any of our members fail to contribute US\$10 or HK\$60 towards the Fund.

The *Tung Feng* will be pleased to acknowledge such contributions as from the next issue. Please send in your cheque to our Hon. Treasurer.

Art in Printing

(Continued from previous issue)

As all Rotarians at some time and in some way are concerned with printing, the Editor of *Tung Feng* decided to publish President John's vocational talk, "Art in Printing", given at our regular meeting on July 14, in full in view of the value of the important factors in good printing referred to by President John. The first part of his talk dealt with the artist and the design. The second and final part, below, refers to colour, typography and other essential points:

Colour Relationship

Colour: Apart from design, colour is equally important to the artist as to the printer whose printing inks are made of colours. Colour produces sensation that requires no conscious struggle of intellect to appreciate. Not only does it conjure up mental images but it also creates emotional response and arouses definite association. Every colour has a meaning. Red or orange conjures warmth; blue or grey suggests coolness; green means freshness, recalling springtime, woods and green fields. A picture of a tomato appears more appetizing when printed in its rich red than when reproduced in cold unreal grey and white. Colour can be either a stimulant or a depressant. It may help you to relax and feel gay or cause you to be annoyed and depressed. Therefore, one should be cautious in choosing right colours.

In the art of printing much stress is now being placed on the increased use of colour. The intelligent selection of colour by the artist to suit a given design and the efficient use of colour inks by printers in reproduction deserve special attention. It should be noted that every colour scheme involves a fundamental knowledge of colour familiarity with colour relationship principles, as well as an understanding of the mechanical limitation of printing presses, papers and inks.

Typography: Another essential branch of the art of printing is typography. By typography I mean the metal types of letters or characters (the English alphabet has 26 letters or characters; the Chinese language has over 8,500 characters) which are used in various combinations, sizes and settings to graphically convey a definite meaning in the form of a "Word picture."

Lettering should be simple, visible and characteristic in selection and, of course, different designs call for different typographic treatment. In many cases it is found to give better results in

THIS IS YOUR LAST CHANCE . . .

. . . to send in by next meeting on July 28 your passport photo on glossy print to Hon. Secretary Pat and your annual attendance card to Rtn. Y. C. Fogg.

Should you fail to do so, Sergeant-At-Arms Ben Lee will be pleased to collect a contribution from you.

identification and harmony if hand-lettering is used rather than ready-made types.

Production ability: Production ability is important in the art of printing. Among the many printers in Hong Kong, the majority specialize in letter press, some in ordinary offset, and still others in photo-process lithographing. To play safe, printers should not accept orders beyond the limitations of their production ability as determined by the equipment and personnel.

Selling Power

It is obvious that colour photo-process printing requires a higher degree of production technique. In its latest development, it has contributed new possibilities to the art in printing. A glance through the advertising pages of pictorials, magazines and periodicals will not fail to impress us with the fact that nowadays advertising illustrations have capitalized on the selling power of colour. Page after page greets our eye with its warmth and richness. Through the process of direct colour photography in taking pictures and in making colour plates for printing, the brilliant scintillation and blending of colours have been produced in all their fascination and charm, thus achieving rich colour, sparkle, detail and cinescope quality and giving life to the illustration. The products illustrated by the prints are vividly shown in use, being worn, eaten, drunk, played with, listened to, driven by Mister and Mrs. Public. It reveals very clearly how much production ability influences the technique of printing.

Printer's skill and experience: Human skill and experience play an important role in the art of printing. In many cases, where a plant has

the best printing presses, the work produced is not of expected quality. Also, there are cases where printers with inferior equipment are able to produce quality prints. Why? It is due to the skill and experience of the workers.

Unfortunately, printing matters which are only made to order, usually contain minute and tricky details. If a little mistake is made in lettering, picture or colour, it may spoil and destroy the whole job and mean a dead loss to the printer. Constant alertness in supervision and strict attention at all times is absolutely necessary. Therefore, to be a printer is really no easy job. However, his work is interesting, if exacting, and his skill coupled with the knowledge gained by experience frequently lead to improvements which tend to constantly raise the standard of the work produced not to mention the personal feeling of satisfaction in the higher quality of production achieved.

Tools of Production: The last and most important factor is the tools of production. It is true in every profession that when you want to produce something, you must prepare and sharpen your tools. Printing is no exception, and also requires good and efficient machinery. Precision presses, good quality papers, and the best inks should be used for quality production. Despite many obstacles to be overcome and the challenge of unfair competition, the good printer will continue to refuse to produce inferior work simply to meet the prices quoted by unscrupulous operators, President John concluded.

YOUR OPINION PLEASE!

It has been suggested by Rtn. Bill Nichol, Chairman of our Membership Committee, that a Closed Meeting be held on August 4 to permit members to discuss various aspects of our Club's activities.

President John and the Board wish to have your opinion on Rtn. Bill's proposal.

Should there be no objections to the above suggestion from any member by next meeting on July 28, a Closed Meeting will be called for on August 4.

100% IN FELLOWSHIP FUND ACHIEVED

WITH all our 24 members, without excep-
tion, having either paid or expressed will-
ingness to pay their respective HK\$60 con-
tribution, our Club has achieved a 100% success
in donations toward the Rotary Foundation Fel-
lowship Fund.

Those who have signified their intention to
contribute are requested to hand in their cheques
to Rtn. Henry Chang at the next meeting on
August 4 so that we can report
and send our contributions to
Rotary International early.

On behalf of our Club,
the *Tung Feng* wishes to re-
cister and convey our apprecia-
tion to Mrs. Cecilia L. Yin
who, when contacted last Fri-
day, was pleased to make con-
tributions toward the Fund on
behalf of her husband, Rtn.
Alan Yin, and her son-in-law,
Rtn. Joseph Fung, who are
both on leave visiting Malaya.
We are sure that Rtns. Alan
and Joseph will be glad to
learn of this through the
medium of *Tung Feng*.

The quick success in our achieving a 100%
Club result was chiefly due to the efforts of
Rtn. Dr. C. T. Wang, father of the Rotary
movement in China and past Rotary International
Vice-President, who made a strong appeal to all
Rotarians for contributions at the Hong Kong
Rotary Club's meeting on July 13.

The object of the Foundation Fellowship is
to send students overseas for advanced studies and
for promoting better international understanding
and goodwill.

Every Rotarian is expected, though not oblig-
ed, to contribute US\$10 to the Fund during the
life-time of his membership. Rotary International
will, however, welcome additional contributions
by Rotarians if they wish to make further dona-
tions.

The Rotary Foundation
Fellowship Fund was created
in 1947 (upon the death of
Rtn. Paul Harris) in memory
of Rotary's Founder. Since
then, a total of 606 awards has
been made to 493 young men
and 113 young women from 57
countries and geographic re-
gions for studies in 35 differ-
ent countries.

Of these, 302 have com-
pleted their studies, 101 are
winding up their Fellowship
year, and 113 will be studying

during the 1954-55 which is the eighth year of
the Fellowships programme.

*Hong Kong also shared the benefits
of the Fund two years ago, when the
Rotary Club of Hong Kong sponsored
Miss Grace Sun who was awarded a
Scholarship by Rotary International.
Miss Sun has been studying social science*

A business meeting to
discuss various aspects of our
Club's activities will be held
at our

NEXT LUNCHEON

(August 4, 1954)

All our members are urged
to attend the meeting which
is closed to guests. Rotarians
from other Clubs will, how-
ever, be welcome.

3,386 CLUBS NOW 100%

According to information, just received from Rotary International, by June 30, 1954, a total of 3,385 Rotary Clubs throughout the world have achieved their 100% status in respect of contributions to the Rotary Foundation Fellowship Fund.

If we send our contributions early to Rotary International, we may become the 3,386th 100% Club.

at Forham University, New York, U.S.A. She has, according to Rtn. George Lin, immediate Past President of our sponsor Club, visited many Rotary Clubs in the United States.

These young people who have been awarded Fellowships have been aptly called "ambassadors of goodwill." The contribution they make to a better understanding between peoples of the world is not to be regarded lightly. It begins in their country of study, it is in full force in their close, personal contacts with their fellow students and with Rotarians and others during their year in school, and it continues in a never-ending process as they take their place in their chosen fields and bring to their friends and associates the benefit of their experience.

No longer is their impression of other peoples and lands based merely on what they read in books or the press, or hear over the radio, or see in motion pictures. They have *been* there—they know whereof they speak.

The demonstrated success of the Rotary Foundation Fellowships programme entitles the Rotary Clubs and Rotarians throughout the world to take justifiable pride in the fact that through their generosity this programme has been made and continues to be made possible.

The board of directors of Rotary International has awarded Rotary Foundation Fellowships for Advanced Study during the academic year 1954-55 to 94 men and 19 women, a total of 113 young people from 34 countries.

The 34 countries, and the number of awards made to candidates from each, are as follows:

Argentina, 2; Australia, 4; Austria, 1; Belgium, 1; Brazil, 3; Canada, 4; Chile, 1; Costa Rica, 1; Cuba, 1; Denmark, 2; Dominican Republic, 1; Ecuador, 1; Egypt, 1; England, 7; Finland, 1; France, 1; Germany, 1; India, 3; Italy, 1; Japan,

1; Mexico, 1; Netherlands, 2; New Zealand, 1; Norway, 1; Peru, 1; Philippines, 1; Scotland, 2; Singapore, 1; Southern Rhodesia, 1; Sweden, 1; Union of South Africa, 1; United States, 60; Venezuela, 1; Wales, 1.

These Fellowships have been granted for study in the following 20 countries, the figures indicating how many Fellows will study in each:

Argentina, 1; Australia, 3; Belgium, 2; Brazil, 2; Canada, 3; Chile, 1; England, 19; France, 9; Germany, 5; Greece, 2; India, 2; Ireland, 1; Italy, 4; Netherlands, 1; New Zealand, 2; Peru, 1; Scotland, 11; Sweden, 1; Switzerland, 7; United States, 36.

At Rotary Last Week

Notwithstanding the poor attendance with only 29 persons present, the high spirit of Rotary Fellowship and full enjoyment of the programme were much in evidence at our last regular meeting on July 28.

Sergeant-At-Arms Ben figured very prominently and received a few shouts of "well done" from members. He stood on his feet for most of the time before the main feature of the day's programme started, having had little time to enjoy his lunch.

He presented a birthday cake to Rtn. Seven S. C. Shih, which was most fittingly decorated with the word "7", and a regular badge to visiting Rtn. Bill Anderson from our sponsor Club. Rtn. Bill has been a regular visitor to our past meetings. Rtn. Seven's birthday, incidentally, fell on the day of our meeting.

Rtn. Ben's fine efforts were fully compensated by the handsome contributions of Rtns. Seven and Bill, which together with donations and fines from other members totalled \$249 for the benefit of our Community Service Fund which now stands at \$1,759.

The Rotary Club of Bangkok presented its bannerette to us through its visiting member, Rtn. (Dr.) J. S. Gould, who said he was most happy to notice that our Club, though new, was very active.

The two full-colour travelogues shown to us through the courtesy of U.S.I.S. constituted the main feature of the day's programme, the showing time of both lasted for nearly 35 minutes.

Rtn. Tom Freeman, Chairman of the International Service Committee, thanked the U.S.I.S. which was represented at our meeting by Mr. Richard McCarthy, after which President John led the Toast to Rotary International, associated with which was the Rotary Club of Bangkok.

Green Mountain Land

The contents of both travelogues were very interesting and informative. One was of the Green Mountain Land.

The state of Vermont lies in the North-Eastern part of the United States known as New England. Vermont stretches from Canada to Massachusetts and, because of its beautiful chain of mountains, it is often called the Green Mountain Land.

Vermont was first seen by white men in 1609 and was first permanently settled by the ancestors of its present 1,720 inhabitants.

Vermont's wealth lies under her earth from which come copper, asbestos, talc, slate, marble and granite. The main industries are lumber plantations, wool manufacturing and dairy producing. It is one of the richest states in America today.

Death Valley

The travelogue of Death Valley in California shows that the vast desert of more than 100 years ago, has now become one of the most picturesque and main attractions for tourists and vacationists in the United States.

In the 14 million acres of forests, mountains and deserts which the people of the United States have set aside as National Parks, there are many strange and beautiful places, and one of the strangest is Death Valley.

Death Valley lies between the Western states of California and Nevada and is a multi-coloured desert of 3,000 square miles.

Attendance

Twenty of our 24 members participated in the last regular luncheon meeting on July 28, representing 83.33% as follows:

Prepare Yourself Please!

It is most advisable for members to prepare for the next meeting on August 4 at which various aspects of our Club's activities are to be fully discussed.

It is hoped that the Chairmen of various Committees will inform us about the activities of their respective committees and that all members will arm themselves with lots of questions.

The following subjects are most likely to come under discussion:

1) Procedure in recommending new members to our Club.

2) Preparations by the Fellowship Committee for our first Ladies' Night (suggested for August 12).

3) Progress made by our Community Service Committee for setting up a Recreation Centre as our 1954-55 project.

4) Establishment of a Golden Anniversary Committee.

Another Honour to Cibils and to R.I.

Immediate Past President Joaquin Serratos Cibils has been decorated by the government of Egypt with the "Order of Merit." This additional honour, added to the previous decorations Rtn. Joaquin has received from other governments, is further recognition of Rotary International and appreciation to Rtn. Joaquin of his leadership.

THIS WEEK'S

programmes of other member Clubs in the Colony are as follows:

HONG KONG (Tuesday):

"Macao & Hong Kong" by Mr. J. Braga.

KOWLOON (Thursday):

"Australian Day" by Rtn. Harry Menzies.

WEST (Friday):

"Report on R.I. Convention" by Rtn. E. T. Tsu.

E. T. TSU COMING TO HK

Rtn. E. T. Tsu, President of the Rotary Club of Taipei, who represented us at the last R. I. Convention, will arrive in Hong Kong on August 5, from Seattle, U.S.A., via Tokyo.

He will remain in the Colony for one week before returning to Taipei and will address our Club at our meeting on August 11, giving us details of the R. I. Convention.

Opportunity Cast in Gold

Never before has a single Rotary event been given the painstaking planning, reached for such ambitious goals, promised such unlimited benefits to the Rotary world as the approaching Golden Anniversary celebration. And—never before has success of a single Rotary event depended so heavily on the inspired support of Rotarians everywhere.

There is a two-fold job to be done from the very beginning of the Anniversary year:

- Rally the wholehearted support of approximately 400,000 Rotarians in nearly 8,300 Rotary Clubs.
- Provide the organizational ability and leadership needed to make this celebration live as one of the great chapters of achievement in the annals of Rotary.

All of the ingredients needed for writing a matchless record of achievement are present in abundant quantity. The celebration presents an outstanding opportunity to increase understanding, appreciation, and approval by Rotarians and the public of the ideals, aims and accomplishments of Rotary.

To achieve these objectives, a carefully prepared plan of action has been drawn up to dramatize the great story of Rotary at club, district, and international levels. Highlights include: intensive world-wide and local publicity campaigns; colourful club pageants; outstanding district conferences; club-building, business-building, community-building, world-building projects; a spectacular, climactic international convention.

The complete plan of action for this historic celebration is outlined in the "Prospectus for Rotary's Golden Anniversary".

But the celebration plans, as they now stand, are nothing more than notes of hope and promise. They need the force of 400,000 Rotarians to make them a successful reality. It is up to Club officers to fill these men with the desire to make this celebration an outstanding success. It is up to Club officers to organize this work force into an efficient team, show them the jobs that have to be done. Their effective handling of this assignment assures that 400,000 Rotarians will respond by writing the Golden Anniversary story in glowing terms.

Letters to The Editor

Sir,

I am very glad to learn from the July 20th issue of our Bulletin that we may soon regain our District status. Could you enlighten me as to what advantages a Club will enjoy when it is under a District?

Yours in Rotary,
A New Member

EDITOR'S ANSWER:

There are no special privileges for a Club under the status of a District which is formed in a limited territory within which a group of Clubs are associated for administrative purposes.

Once a District is formed, a District Governor will be elected by the Clubs in the district, to replace the R. I. Administrative Adviser appointed by the President of the R. I. to the non-District area.

A District may enjoy the nomination of a Rotary Foundation Fellowship, whereas it appears from the latest circular of the Foundation Fund that a non-District area is not privileged to do so. The following paragraph from the Circular indicates such privileges of a District:

"Fellowship for the academic year 1955-56 will be awarded (to 110 districts) during the Rotary year 1954-55. This will be the third time for the selection of Fellows under the every other year alternating basis of eligibility of districts to put forward a candidate."

Sir,

This is the Golden Anniversary Year of Rotary foundation. Like other Clubs, I think we should nominate a special committee to undertake the once-in-lifetime planning for such an event.

Rotarily yours,
H. C.

EDITOR'S ANSWER:

I think President John will be pleased to bring it up and discuss the matter at our next meeting on August 4 which will be devoted to various business activities of our Club.

TAIWAN TO HAVE 10 CLUBS—E.T. TSU

ROTARIAN E. T. Tsu, President of the Rotary Club of Taipei, told *Tung Feng* last Saturday that he would strive, in conjunction with R.I. Administrative Adviser T. F. Wei and other Rotarians, to organize five more Clubs, bringing the total number in Taiwan to 10.

The five new Clubs which E. T. hopes to organize will be located at Taichung, Hsincho, Pingtung, Chiayi and Hua Lien. The existing five Clubs in Taiwan are Taipei, Taipei West (being organized), Keelung, Kao-hsiung and Tainan.

Rtn. E. T. said that while in Seattle he brought up the District matter with the new R.I. President Herbert J. Taylor, whose view was that a District should have not less than 15 Clubs in the area.

It appears, therefore, that we may not regain our District status before the end of the year as Rtn. T. F. Wei had earlier hoped.

Nevertheless, there is still some hope; for if Rtn. E. T. succeeds in increasing the Clubs in Taiwan to 10, which number together with the existing five Clubs in Hong Kong, Kowloon and Macao and the projected additional Club in the Mongkok area of Kowloon will qualify us for District status.

Rtn. E. T. arrived in the Colony from the United States via Tokyo last Thursday after attending the Seattle Convention on behalf of all the Rotary Clubs in Taiwan and the Hong Kong Island East and West Clubs.

He has made a special trip to Hong Kong before returning to Taiwan next Wednesday in order to report to us on his impressions of the Seattle Convention. He was met at Kai Tak airport by President John Yuen and President H. C. Fung.

On behalf of our Club, *Tung Feng* wishes to express our deepest gratitude for his kindness in representing us at the Convention and in making his special trip here to visit us.

We wish also to thank him in advance for a valuable gift—a Rotary clock—which he will present to us on behalf of the Taipei Club at our next meeting on August 11, and to wish him and the officers of his Club a very successful Rotary year.

Impressions of the Convention

SPEAKING of his impressions of the Seattle Convention at the meeting of Island West Club last Friday, Rtn. E. T. said

OUR PROXY TO SEATTLE
Rtn. E. T. Tsu

Next Meeting

Date: August 11, 1954
Place: Winner House

Speakers: Rtn. E. T. Tsu on "Impressions of the Seattle Convention" and Rtn. John Commard on "Do We Live Rotarily?"

Both Rtns. E. T., of Taipei Club, and John, of Mesa Club, Arizona, U.S.A. are on brief visits to the Colony. We are very fortunate to have them as our speakers at the next meeting prior to their returning to Taiwan and the United States.

that, in addition to the International Convention, he also visited 16 Rotary Clubs in 14 different States of America during his two-month stay.

As our delegate (by proxy) to the Convention, E. T. said that he conveyed our greetings to the Convention as well as to every Rotary Club which he visited in the United States.

His talk at the West Club was devoted to the first part of his impressions because he said he wished to reserve the second part for the speech which he is due to give at the August 11th meeting of our Club.

Rtn. Tsu said that it seemed to him that this year is the convention year in the United States, for, during his two months' tour of America he saw many other conventions apart from the Rotary Convention. Rotarians were more dignified in their dress and behaviour as compared to the delegates at the other conventions.

He said that he regretted very much that he was not in his Chinese national dress when he attended the Seattle Convention, as on several occasions he was mistaken by other Rotarians for a Japanese or a Filipino.

Another thing which Rtn. E. T. regretted was that there was no regional dinner for the Far East area whereas Rotary regional dinners were arranged for America, Europe, England and others.

He was most impressed by the elaborate preparations which must have taken months to carry out for the success of the various programmes and meetings of the Seattle Convention. As many as 10 hotels in Seattle were used in a single day by Rotary International for simultaneous convening of different meetings, which were all held in the most friendly atmosphere and subjects were thoroughly and frankly discussed by the delegates.

The programmes of the various meetings were conducted in a most efficient manner with entertainment programmes for relaxation introduced at intervals.

With well over 8,000 Rotarians and their Rotary-Annes attending the Convention from all over the world, Rtn. E. T. said it was really a difficult job for the Convention Committee to arrange hotel accommodation and places for simultaneous meetings of various committees.

He said that there are only five cities in the United States with adequate facilities to accommodate conventions of the Rotary size. They are Seattle, Chicago, San Francisco, New York and Atlantic City.

The House of Friendship was converted from a gymnasium but no one could have recognized it as such after its marvellous conversion. Most fellowship programmes were staged in the House of Friendship and visiting delegates were served by wives and daughters of Rotarians of the Seattle Club.

The hospitality of the Seattle Club was hard to imagine. The 280 individual members of the sponsor Club of the Convention gave simultaneous dinner parties at their homes to entertain 8,000 fellow Rotarians and their wives from the world over.

Concluding his talk on the first part of his impressions of the Convention, Rtn. E. T. said that through his personal attendance he had come to appreciate fully the vastness of the Rotary movement and its world-wide influence because of its activities and its services to the community.

He urged that, if possible, more Rotarians from the Colony and from Taiwan should take the opportunity to attend the Golden Anniversary Year Convention to be held in Chicago next year.

At Rotary Last Week

The first business meeting of our Club, held at the last regular luncheon on August 4, produced enthusiastic and frank discussions among the members on the various activities of the Club.

Some sharp criticisms were also recorded from members commenting on the way the Community Service Committee was handling our community service project for the 1954-55 year.

In the absence of Rtn. Seaker S. K. Chan, Chairman of the Committee, President John Yuen made a brief report on the progress made by the Community Service Committee which did not, however, satisfy the members. After much discussion, it was decided that Rtn. Seaker should submit a detailed report in writing on the project before the end of August.

Meanwhile, a report, not in writing, was submitted by Rtn. Seaker at the last Board of Director's meeting on Friday (Aug. 6). This report will be found elsewhere in this issue of *Tung Feng*.

Tl classifie for con tions fo

Rtn. Bill Nichol, Chairman of the Membership Committee, advised us that 14 steps had to be taken by his committee, the Classification Committee, and the Board prior to accepting any candidate for new membership.

He also advised members that we would like to see our membership grow in quality rather than in quantity and that a new candidate should be a "top" in his profession in our district and likely to become a good Rotarian with a respectable family and personal background plus good relationship with his workers and subordinates.

When recommending a candidate for membership, Rtn. Bill urged members not to inform the candidate of the proposal until the proposer has been advised of the approval of his recommendation by the Board.

Answering a question by Rtn. Seven S. C. Shih, Rtn. Bill said that his Committee had already passed five candidates for the Board's approval, while three other candidates were being investigated pending consideration. He said that he would also refer the recommendations of two more candidates to the Board for instructions as he was not clear about their classifications.

Rtn. Henry Chang, deputising for Rtn. Alan Yin (who is on leave) as Chairman of the Classification Committee, asked members to write to him in case they could not find in the List of Open Classifications (published in the July 13th issue of our Bulletin) a suitable classification for a candidate they may wish to propose.

In such an event, Rtn. Henry added, he would first check with the "Outline of Classifications" book issued by Rotary International and, upon finding a suitable classification, would refer the matter to the Board for a decision.

Before opening the meeting for discussion, Sergeant-At-Arms Ben Lee presented a regular badge to President H. C. Fung of the West Club, in appreciation for which Rtn. H. C. generously contributed \$50 toward our Community Service Fund.

Rtn. Tom Freeman, Chairman of the International Service Committee, read three felicitous letters from the Rotary Clubs of San Francisco, Miami and Kowloon.

At the conclusion of the meeting, President John led the usual Toast to Rotary International associated with which was the Rotary Club of San Francisco.

Proposals for Membership

The names, addresses, qualifications and classifications of five candidates are published below for consideration of our members; the recommendations for membership by the respective proposers

have been approved by the Directors at the Board's meeting last Friday.

If no objections are filed within 10 days from any member with the Board, the applicants are considered elected.

- 1) Mr. J. C. Bao

Latest Board's Meeting

A Board of Directors' meeting of our Club, held at the Winner House on August 6, was attended by President John Yuen (chairman), and Rtns. Pat Cha, "Dragon" Y. L. Nie, S. H. Ma, K. C. Goh, Seaker S. K. Chan and Henry Chang.

Several important resolutions such as the holding of a Charity Ball and the approval of five new members were passed. Further discussions on the Community Service Project and the Golden Anniversary Committee also took place. Brief details of the meeting follow:

1) The minutes of the last Board's meeting on July 2 were confirmed.

2) Chairman Seaker Chan, of the Community Service Committee, was instructed to prepare a written report on the proposed Recreation Centre project upon his return from Malaya.

Rtn. Seaker will be leaving for Malaya sometime this week and is expected to be back in about two to three weeks' time. He is on a goodwill tour to Malaya together with representatives of various Kaifong Associations in the Colony.

An assurance was given at the meeting by Rtn. Seaker that the financial undertaking by our Club for the proposed Recreation Centre (for children and young people) would be limited to \$15,000. The North Point Kaifong Association of which Rtn. Seaker is the Chairman would be responsible for the balance.

The Kaifong Association would also bear the maintenance and running expenses of the Centre after its completion.

The Recreation Centre will be operated in the name of the Rotary Club of Hongkong Island East by the Kaifong Association.

It was also made known by Rtn. Seaker that the entire piece of land of approximately 38,000 square feet will be made available for the Recreation Centre as the Kaifong Association has secured a separate suitable lot from Government for building its proposed school.

The period of the lease granted by Government is one year which is the normal practice and policy of Government. Rtn. Seaker, however, expressed his confidence that Government would renew the lease to us from year to year unless there should be some urgent developments.

The blueprint of the Centre, submitted by Rtn. Seaker, calls for the erection of a skating rink, a miniature golf course, an open-air theatre, a children's playing field and two buildings (shelters) facing King's Road for ping-pong and other games, etc.

3) Recommendations for membership of five candidates were approved; their names, addresses and classifications are published elsewhere in this Bulletin.

4) Rtn. Henry Chang was instructed to check into the classifications of two candidates.

5) Rtn. Henry Chang was instructed to submit estimates for printing 100 members' rosters.

6) Failing to submit the Club's budget for 1954-55 for the second time, Hon. Treasurer "Dragon" Y. L. Nie was fined \$20 and was instructed to have it ready for the next Board's meeting.

7) It was approved that the Hon. Treasurer's report for the 1953-54 year be audited by Rtn. S. C. Tso of the Hong Kong Rotary Club, whose appointment as our Club's Hon. Auditor was adopted and passed.

8) President John Yuen was appointed Chairman of the Golden Anniversary Committee which will include the following Rotarians as members: Tom Freeman, Y. F. Chen, Hsi Yu-I, T. S. Wang, Bill Nichol, K. T. Wang, Seven S. C. Shih and Henry Chang.

9) A Charity Ball to commemorate the Golden Anniversary and to raise funds for the Recreation Centre project will be held this year and Rtn. Tom Freeman was appointed Chairman of the Ball Committee.

10) The names of two Hon. Members of our Club were submitted and President John was authorised to approach them and to submit the names at the next General Meeting for approval should the individuals concerned express willingness to accept such membership if elected.

THIS WEEK'S . . .

HOW ROTARY CLUBS FUNCTION IN U.S.A.

TWO very inspiring talks on how to live Rotarily and how to conduct regular Rotary meetings successfully were given by two distinguished visiting Rotarians at our last regular luncheon meeting at Winner House on August 11.

It was the first time since the inauguration of our Club that we featured two speeches at one meeting. The meeting was attended by 38 members, visiting Rotarians, guests and Press representatives.

The occasion was to honour and welcome our delegate (by proxy) to the Seattle Convention, Rtn. E. T. 'Tsu, President of the Taipei Rotary Club. "Welcome Rtn. E. T. 'Tsu" posters were posted at the entrance of Winner House and in the meeting room.

Speaking on the subject "How the Clubs in America are Conducted" instead of his original topic on the second part of "Impressions of the Seattle Convention", Rtn. E. T. said following his visits to 16 Clubs in 14 States during his two-month tour in the United States, he noticed that regular meetings of Clubs in America were conducted differently to those in the Colony and in Taiwan—the latter being run on the former Shanghai pattern because many of us had been

members of the Clubs in the Northern metropolis for a long time.

Rtn. E. T. said that after the usual registration and fellowship, the meetings of the fellow Clubs in America always opened with members singing "The Star Spangled Banner", and concluded with another song—"America the Beautiful". He said that he had been so impressed by this that he was determined to make a similar introduction at future meetings of the Taipei Club, especially the singing of the Chinese National Anthem at the conclusion of the meetings.

Instead of being behind the head table, the National Flag at meetings of the Clubs in America was always placed in a distinguished corner with an electric fan and floodlight focussed on it. This, E. T. observed, made the meetings more solemn and impressive.

Another difference, said E. T., was that in only two of the 16 Clubs he had visited were there any guests. There were more visiting Rotarians than actual members at the meetings, because, he added, Rotarians were anxious to achieve 100% attendance by visiting meetings of other Clubs in case they could not attend their own meetings on account of urgent business.

Next Meeting: August 18, 1954
Speaker: Rtn. Wilson T. S. Wang
Subject: School "Shops"—A Vocational Talk

COMMITTEE MEETINGS URGED

President John Yuen urges Chairmen of various Committees to convene meetings as often as possible for discussing their respective activities, and to report any interesting news worthy items to Rtn. Henry Chang for publication in *Tung Feng*.

Rtn. Henry also wishes to take this opportunity to invite Committee Chairmen to submit the names of the members on their respective Committees, which he hopes to publish in the Bulletin for information of other members.

In and around the city of New York, Rtn. E. T. said, there were 20 Rotary Clubs with four Clubs holding their regular weekly meetings each day of the week from Monday through Friday. It was certainly much easier for Rotarians there to make up their 100% attendance.

As there were always more visiting Rotarians than members at the meetings, Rtn. E. T. said that the visiting Rotarians were called upon one by one and made to stand up until all were introduced, upon which the members of the host Club clapped their hands and sang the "Welcome Rotarian" song the words of which were displayed through a lantern slide.

Meals were served within 15 minutes by waiters or waitresses and some of the Clubs have members serving by rotation in practising the slogan of "Service Above Self". Americans ate quicker than the Chinese because, E. T. noted humorously, "they eat to live and we live to eat."

The practice of using members to serve meals at the meetings was, according to Rtn. E. T., introduced during the last World War on account of the pressure on manpower in America, and was still being carried out by some Clubs there.

The duties of the Club President were to preside, leaving the Chairmen of various Committees to conduct the meeting. For instance, explained E. T. citing an example, visiting Rotarians and guests were introduced by the Chairman of the Fellowship Committee; presentation of banners and souvenirs were made by the Chairman of the International Service Committee; and the introducing and the thanking of the speaker were carried out by the Chairman of the Programme Committee.

The induction of a new member was very simple with the proposer introducing and outlining the candidate's background, classification and other details.

The inauguration of a new President was equally simple and impressive. The outgoing President, E. T. said, presented the President's badge to the incoming President, who in turn pinned a Past President's badge on the jacket of his predecessor to conclude the inauguration ceremony.

It was the general practice of the Clubs in America to appoint the immediate Past President to the post of the 1st Vice-President so that he may help the incoming President to carry out his duties more successfully.

Rtn. E. T. also informed us that Rotary signs were conspicuously posted along the highways in America, from which visitors could easily locate the Clubs they wish to visit.

In this connection, Rtn. E. T. advised us that we should place a new Rotary sign at the Kai Tak Airport to include the time, date and address of the meetings of the Hong Kong Island East and West Clubs.

The next speaker, Rtn. John Command, of the Mesa Club in Arizona, started his talk with a couple of popular songs usually sung at Rotary meetings in America. He led us to sing one simple but meaningful song "ROTARY", the wording being "ROT...ARY...that spells ROTARY".

Rtn. John, who has been a member of the Mesa Rotary Club for 34 years and who has been a Past President and is now a Senior Active, said that he had been to 36 Clubs in Europe and England. During his visit to one Club in England, he added, he tried to lead the British Rotarians to sing the same song, but was told that they could not sing at their Club as they had no licence to do so.

DO YOU STILL REMEMBER . . .

. . . that you may be fined by Rtn. Ben Lee, Sergeant-At-Arms, in case you fail to answer any questions concerning news items published from time to time in *Tung Feng*.

But you also can get even with Sergeant-At-Arms by putting your questions to him. If he cannot answer, he fines himself.

So from now on, please read your bulletins carefully and be prepared for any surprises from Rtn. Ben.

Declaring that Rotary was his religion and that his heart was in Rotary, Rtn. John said that he always tried to visit other Clubs; to meet more Rotarians; and to take the Rotary ideals into his home and his business.

Rtn. John urged us to select new members not only because they were big "shots" in the community but men who were Rotarians at heart. He said that Rotarians should live up to their pledges given at the induction ceremony and that they should do something good for Rotary and not expect Rotary to do things for them.

With eight children and 22 grand-children, Rtn. John said that he was now 72 years of age and has been leading a very happy life through his constant practice of Rotary ideals.

Before going to the bed every night, Rtn. John said, he always read these questions: "Have I done any good in the world today? Have I helped someone in need? Have I cheered someone in sorrow? If yes, I say I have lived in deed today."

Attendance

Twenty of our 24 members participated in our last luncheon meeting on August 11, representing 83.33% as follows:

Rotarians present	20

Rtn. John has kindly taken a baynerette from our Club for presentation to his Club upon returning to his home.

The speakers, Rtns. E. T. and John, were respectively thanked by Rtn. Bill Nichol and Rtn. K. S. Chang, after which President John adjourned the meeting with the Toast to the Rotary International, associated with which was the Rotary Club of Mesa.

THIS WEEK'S . . .

programmes of other member Clubs in the Colony are as follows:

HONG KONG (Tuesday):

High Fidelity Reproduction by Mr. A. T. B. Bardens.

KOWLOON (Thursday):

A Ladies' Day coupled with a talk on *Via Alaska* by Rtn. Hon. Lawrence Kadoorie.

President Bill Grimsdale said that the Kowloon Club will welcome Rotarians from other Clubs to bring their Rotary-Annes to the Ladies' Day.

ISLAND WEST (Friday):

A coloured travelogue with sound entitled *Wings Over Guatemala and Mexico* will be shown through the courtesy of Pan-American World Airways.

Calling Your Attention!

The following members are requested by Hon. Secretary Pat to rush their photos, 1½" x 2", on GLOSSY paper, to him so that we may proceed with the printing of our Club Roster:

Rtn.	Seaker K. Chan
"	Chang Kuo Sin
"	Chen Yuen Foo
"	Hsi Yu-I
"	Y. C. Lee
"	K. T. Wang

Rtn. Pat explained that photos handed to him earlier by the above-listed members were either of a wrong size or printed on a type of paper from which we cannot make satisfactory blocks.

E. T. Honoured At Dinner

Rtn. E. T. Tsu, President of the Taipei Rotary Club and the delegate (by proxy) to the Seattle Convention of our Club and Island West Club, was the guest of honour at a dinner given jointly by the officers of the East and West Clubs at Winner House on August 9.

Those present at the dinner from our Club were Rtns. John Yuen, Bill Nichol, Tom Freeman, Pat Cha, "Dragon" Y. L. Nie, S. H. Ma and Henry Chang; and from the West Club were Rtns. H. C. Fung, T. Y. Lo, Tommy Chan, C. K. Ho and Y. C. Tse.

Arriving in the Colony from Seattle via Tokyo on August 5 (Thursday afternoon), Rtn. E. T. went to the meeting of the West Club the following day when he delivered a speech on "Impressions of the Seattle Convention".

Four days later on Tuesday, August 10, he attended the regular meeting of the Hong Kong Rotary Club and came to address us at our meeting the following day, after which he was accompanied by President John Yuen and Rtn. Tom

Freeman to the Kai Tak Airport to board a CAT aircraft on his home journey to Taipei.

Ladies' Night—September 17

Originally scheduled for August 12, the first Ladies' Night of our Club will now be held at Winner House from 8.30 p.m. to 2 a.m. on Friday, September 17. Charges per head will most probably be fixed at \$15.

The object of the function is to further the fellowship and to raise money for our Club Fund. The function is open to our members and Rotarians of other Clubs as well as their wives and friends.

An interesting programme for the night is being arranged by Rtn. S. H. Ma, Chairman of our Fellowship Committee, in cooperation with Rtn. K. C. Goh, Chairman of the Club Service Committee.

On account of limited accommodation, our members and Rotarians of other Clubs are urged to reserve tables as early as possible with Rtn. S. H. Ma (Tel. 70100).

ROTARY NEWS FROM ABROAD

TAIPEI . . .

Rtn. Charlie T. F. Wei, Administrative Adviser of Rotary Clubs in Hong Kong, Kowloon, Taiwan and Macao, and Rtn. P. L. Marcel Moo, a long time resident of Hong Kong, have been inducted as members of the Rotary Club of Taipei at a meeting held on July 29.

KAOHSIUNG . . .

The Rotary Club of Kaohsiung received its Charter on July 30. The ceremony which included a banquet, dancing and games, was held at the Four Seas One Family Club. The Kaohsiung Club was sponsored by the Taipei Club. Through the *Tung Feng*, we wish to tender our best wishes and congratulations to the President, the officers and every Charter Member of the Kaohsiung Club.

CHICAGO . . .

► Change of Address: The Central Office of the Secretariat of Rotary International, the President's Office and the office of the Rotary Foundation have been moved (as from August 16) to its new Headquarters: 1600 Ridge Avenue in Evanston, Illinois, U.S.A.

► R.I. President's Official Call: President Herbert J. Taylor has issued an invitation to our members (Island East Club) and all Rotarians

throughout the world to attend, if possible, the Golden Anniversary Convention to be held in Chicago next May—when the golden threads that form the fabric of Rotary will be woven into a magnificent tapestry.

► Will you be in Europe around Sept. 10-13? Preparations for the Fifth Regional Conference of Rotary Clubs in the European, North African, and Eastern Mediterranean region are rapidly going forward. Although this conference is intended primarily for Rotarians, their families and guests from the "ENAEM" region, Rotarians from all parts of the world are heartily welcome to attend. Among those from other parts of the world planning to attend this meeting in Ostend on September 10-13 are President Herb and Mrs. Taylor and Past R.I. President Guy Gundaker.

Are there any members of our Club (Island East) who plan to be in Europe in September? If so, please take advantage of this opportunity to share Rotary fellowship in Ostend. Forms for requesting hotel reservations may be secured from the Secretariat of Rotary International.

WILSON SPEAKS ON SCHOOLS AND SHOPS

AT our last regular luncheon meeting (August 18) at Winner House, Rotarian Wilson Wong, Principal of the New Method College, spoke on "School Shops". He made a comparison of schools and shops, touching on the many similarities between the two.

According to the old Chinese tradition, said the speaker, scholars topped the list in the classification of people, and the school, the place where the scholars were produced, was regarded as a sacred place.

In the old days to name schools as shops was degrading. For a shop was a place where shrewd businessmen made money by selling goods at a higher price than what they paid for the goods, and that was considered as an act of dishonesty. "Of course

we all know that this is wrong and is least accepted by us Rotarians," said Rtn. Wong. "For it is the object of Rotary to encourage and foster high ethical standards in business and professions; the recognition of the worthiness of all useful occupations; and the dignifying by each Rotarian of his occupation as an opportunity to serve society."

There were great differences between shops and schools but, Rtn. Wong pointed out, there were some striking similarities. There were many kinds of shops, some run by the Government, such

as for rice-rationing, some jointly run by Government and the people, or partially subsidized, such as public utilities and communication services. In a democratic country, private shops played a significant role in supplying the needs of the community. Government schools, subsidized and grant-in-aid schools resembled shops in this respect as well as private schools, which, the speaker emphasized, did not exist merely to supplement the shortage of government schools.

Rtn. Wong said that nearly two-thirds of pupils in Hong Kong were enrolled in private schools. In the interests of the public, especially of the not-too-well-to-do class, it was hoped that many more schools would be built by the government so that education could be afforded by all people of all classes. Rtn. Wong

added: "Of course, the government has been making a great effort in this field, although it has its difficulty in meeting the great expenses necessary for this purpose and also there is the question of stability of the local population that cannot be overlooked.

"However, it should not be assumed that private schools will lose this significant position as soon as we have government schools for all. This effect is clearly seen by referring to an analogy of the rice-rationing again. One might, thoughtlessly,

Next Meeting: August 25, 1954

Speaker: Rtn. Seaker S. K. Chan

Subject: "Social Welfare Work in Singapore"

expect that as soon as the government sells rice, all private rice-shops will have to close down. But this, as we have seen, is not true. But there are people who would prefer to have better qualities of rice other than those sold by the government."

From his observations on his last trip round the world, Rtn. Wong said, he had seen private schools in practically all countries even where enough free schools were provided. The exception was found only in countries which insist that all young people should be indoctrinated, taught to think alike, speak alike, feel the same and even to march to the same goose-step. In such a country, education was much the same as the production of dolls. Each doll looked alike, in fact they measured the same to the last millimetre; they all spoke with open eyes when they are bent, and the eyes closed when they were laid down. The producers were proud of them.

"In other words," said Rtn. Wong, "such a country is proud of producing such education! Perhaps you might see this point more clearly by imagining the panic that would occur in this meeting if all of us had been taught to be so agreeable that there is no difference in our opinions, feelings and beliefs and tastes. We would say the same "yes" at the same time, say the same "no" at the same time, eat the same food, wear the same kind of clothes, and worse still, to make it more expressive, we would woo the same type of girls!

"I might have exaggerated a little in order to make my point clear, yet this could happen as a result of a regimentation of education. The challenge is mutual between private and government schools to re-assure that this will not happen to us, that democracy will not be killed by regimentation or autoocracy in education. That is why private schools always exist in democratic countries."

What made a school resemble a shop so much was the fact that it had to take care of the financial side as well. Government schools were financed mainly by Government funds or revenue from taxes and partly by tuition fees. Some

schools, the subsidized school for instance, also depend on public donations. Private schools on the other hand depend on tuition fees.

Good shops or bad shops, Rtn. Wong continued, were not judged by whether they were profit-making or non-profit-making. Certain shops were making a handsome profit yet because of good service to the community, they gained a good reputation as well. Certain shops were losing money and at the same time they were not rendering good service to the community.

"Schools are run with the prospect of a surplus in their budget or at risk of a deficit. In either case there are good schools as well as bad schools, and they cannot be judged merely from their balance sheet.

"There is no end to the spending if a school is kept up to the standard of what a modern school should be. If one has any knowledge of the spendings on the government schools or grant or subsidized schools, one will appreciate the fact that the school fees charged by private schools are well below what they should be. An estimate of \$65 was spent per pupil per month in a government secondary school and no rental was charged, I was told," said Rtn. Wong.

In spite of this handicap, he added, private schools had made sound progress. They were accommodating two-thirds of the total number of school children in Hong Kong. They had better school premises and equipment than they used to have, better qualified teachers were being engaged and higher classes were being held.

Rtn. Wilson Wong
(by Au Ching)

COMMUNITY SERVICE FUND

Handsome contributions towards our Community Service Fund were made by Rtn. "Dragon" Y. L. Nie and all members present at our last meeting to mark the birthday anniversary of "Dragon" which falls on August 24.

As a result of the collections amounting to \$213, the Community Service Fund now stands at \$2,350.

"Among schools there is they both the standard service of schools as may not be valuable revenue that is the that one has community," co

"Among the similarities between shops and schools there is one thing we are sure of and that is they both need to progress with advancement of the standard of the community and that the ideal service of Rotary can be applied successfully in schools as well as in shops. The profit may or may not be in terms of money but there is one valuable reward I am sure one will receive and that is the reward in the feeling of satisfaction that one has rendered good service to the community," concluded Rtn. Wong.

The speaker was appropriately thanked by Rtn. Hsi Yu-I, Chairman of the Vocational Service Committee, after which President John Yuen adjourned the meeting with the Toast to Rotary the world over, associated with which was the Rotary Club of Hollywood West.

Prior to the speech by Rtn. Wilson on "School Shops", Rtn. Tom Freeman, Chairman of the International Service Committee, presented a bannerette of the Rotary Club of Hollywood West, which was received on our behalf by President John.

RTN. JOSEPH SENDS GREETINGS

Rtn. Joseph Fung has written to President John Yuen sending his best wishes and greetings to every member of our Club. He has generously contributed \$100 towards our Community Service Fund.

It may be recalled that Rtn. Joseph, accompanied by his wife and son, went to Kuala Lumpur on July 2. He will remain there for four or five months to look after his company's extensive business interests in Malaya.

It is learned that Rtn. Joseph had a reunion in Kuala Lumpur recently with his father-in-law who is none other than our member, Rtn. Alan Yin.

New Classification Opened

The Board of Directors at a meeting, held immediately after the last regular luncheon gathering on August 18, approved the opening of a new Classification recommended by Rtn. Henry Chang, Acting Chairman of the Classification Committee.

The new Classification is Leaf Tobacco Distributing (Minor) under the Tobacco Industry (Major).

Five New Members Elected

The five new members whose names and classifications were published in *Tung Feng* on August 10 are now considered elected as no objection to their membership was received from any of our existing members after the required 10-day notice.

The new members are Messrs. J. C. Bao, Iden Albert Ronald Bennett, K. Y. Shang, Fred N. T. Tan and Edwin H. C. Tao.

The induction ceremony of these five new members has not yet been fixed, pending the briefing of them on Rotary objects and ideals by Rtn. K. C. Goh, our Vice-President.

Gift To Every Member

The Rotary Club of Hongkong Island West has kindly offered a copy of its Members' Roster FREE to each and every member of our Club.

Those who have not yet received a copy of this Roster, please notify Rtn. Henry Chang.

GOLDEN ANNIVERSARY COMMITTEE MEETING

A meeting will be convened at 5.30 p.m. at the Peninsula Hotel by the Chairmen of the Golden Anniversary Committees of all Rotary Clubs in the Colony to discuss matters pertaining to the celebration of Rotary's Golden Anniversary Year.

The meeting will be attended by President John Yuen of our Club, President H. C. Fung of the Island West Club, Rtn. Fred Clemo of the Kowloon Club, and Rtn. Gin Su of the Hong Kong Club, who are Chairmen of their respective Clubs' Golden Anniversary Committees.

Golden Anniversary Briefs

ROTARY'S Golden Anniversary year—a year that will be marked by a great global celebration—is here.

Given the theme, "50 Years—Service Above Self," the celebration will be designed to achieve these prestige-building goals: increase worldwide understanding, appreciation and approval of the ideals, aims, and accomplishments of Rotary.

THE celebration is scheduled to open on February 23, 1955, the birthday of Rotary, and run until June 2, the last day of the international convention to be held in Chicago, the birth place of Rotary.

Clubs and Districts are expected to spend the next seven months planning specific celebration programmes and projects.

A RECORD turnout of 20,000 persons—one or more delegates from every Rotary Club in the world.

That is the goal which has been set for the Golden Anniversary international convention.

Coming as the climax of Rotary's worldwide Golden Anniversary celebration, the R.I. convention committee is planning a spectacular programme that will feature colourful pageants, inspirational speeches, instructive discussion groups and wholesome entertainment.

Club and District Golden Anniversary chairmen are urged to begin all-out campaigns *NOW* to boost convention attendance.

Ladies' Night—Dinner Dance

Please keep your evenings open for the second and third Fridays of next month—September 10 and 17.

On September 10, between 8 p.m. and 1 a.m., the Hong Kong Rotary Club will hold a Ladies' Night at the Ritz to which function members of all the Rotary Clubs in the Colony, their wives and friends are cordially invited to attend. Cover charge, including dinner, is \$15 per head.

Reservations for tables at that event must be sent in at the latest on Monday, September 6, to Rtn. N. T. Assomull, 11, Duddell Street.

The first Ladies' Night of our Club will be held at Winner House on September 17 from 8.30 p.m. to 2 a.m. Cover charge, including Chinese dinner, is \$15 per head.

Kindly reserve your tables early with Rtn. S. H. Ma (Tel. 70100).

This function is open to members of other Rotary Clubs in the Colony.

This Week's . . .

. . . programmes of other member Clubs in the Colony are as follows:

HONG KONG (Tuesday):

Dr. S. Lewis Land, head of the Department of Industrial Education, Pennsylvania, U.S.A., who has arrived on a brief visit to the Colony, will address the meeting of the Hong Kong Club. The subject of Dr. Land's speech will be announced at the meeting.

KOWLOON (Thursday):

A Closed Meeting to discuss internal affairs of the Kowloon Club. It is suggested that new Rotarians of the Island East and West Clubs should attend the meeting to see how the "elders" conduct their business meeting.

ISLAND WEST (Friday):

A talk on "Conditions in Malaya" may be given either by Rtns. C. N. Li or S. F. Li, provided they are able to return to Hong Kong from Singapore in time. Otherwise Rtn. Tommy Chan will address the meeting with a vocational talk on "Fire-Cracker Industry".

Seaker Commends Singapore's Social Welfare Work

ROTARIAN Seaker S. K. Chan, Chairman of our Community Service Committee, spoke highly of the social welfare work undertaken by the Singapore Government and the private agencies in Singapore. He strongly urged us to plunge into welfare work and not to waste breath expounding empty ideologies if we wish to aid society to get rid of poverty, ill-health, ill-treatment and other social ills.

Speaking on *Social Welfare Work in Singapore* at our last regular luncheon meeting at Winner House on August 25, Rtn. Seaker said that he had just completed a goodwill tour of Malaya where, as Chairman of the North Point Kaifong Association, he and a number of other representatives of Kaifong Associations made an extensive study of the social welfare work there.

Rotarian Chan said that social welfare work in Singapore was progressing along very systematic lines. The Singapore Government, he added, emphasized the importance of welfare work with actual financial support and efforts towards welfare work were well clothed with judicial authorities—the existence of definite social legislation.

Rotarian Chan explained that the "Goodwill Mission" was organized under the auspices of the

various Kaifong Associations in Hong Kong and the mandate that the mission was charged with was expressly limited to a thorough study of the methods of social welfare work practised in Singapore so that recommendations might be made to aid the Hong Kong programme.

Welfare activities and the relief of distress in Singapore were undertaken by the Government and by a number of private agencies. The aim of the Department of Social Welfare was to keep the whole field under review and to provide the necessary services in those parts which were not adequately covered by other Government departments or by private agencies. Collaboration between the various departments and voluntary organizations was ensured by the existence of the Singapore Welfare Council.

Established in 1946, the Social Welfare Department of Singapore was an exceptionally strong and large organization. There were 11 sections in the Department—administration, public assistance, women and girls protection, children and young persons, youth welfare, community centres, home administration, court protection services, counselling and advice, homes for the aged and social research. There were 11 assistant secretaries to head the different sections.

Next Meeting: September 1, 1954

Speaker: Mr. Tsufa Lee

Subject: Life Insurance in Hong Kong

Rtn. Seaker S. K. Chan, Chairman of our Community Service Committee, addressing us on the subject "Social Welfare Work in Singapore." -- (Photo by courtesy of New Life Evening Post.)

Referring to a few important programmes, Rtn. Seaker said:—

"First, on the care and protection of children and young persons, the Department has achieved a magnificent record. The Singapore Government has enacted a special ordinance to give protection to children and young persons, who are under the age of 14, needing care and protection either because of neglect, ill-treatment or destitution.

"The Children's Social Centres serve the needs of under-privileged children between the ages of six and 14 years. One free meal is provided daily and children therein enjoy some sort of informal education. Any parent or guardian desiring to place an under-privileged child has only to make a proper contact according to rules. The two creches operate from 7.30 a.m. to 5.00 p.m. admitting babies and children under six of the working mothers.

"Secondly, for care and protection of women and girls, the Singapore Government has also a special ordinance. It may surprise you to hear that work of this nature is taken charge of by a man.

"Girls under 18 may be put in one of the Girls' Homes which are places of safety. We visited a Department-operated Home as well as one maintained by the Catholic Church. Evidently, the girls are happy, for they gave a magnificent performance in dancing and singing before the guest audience.

"Lastly, I like to mention the work on advice and enquiry services and public assistance. The advice and enquiry services offered to the public by the Department have since July, 1952, been extended to include a poor man's lawyer service.

"Concerning public assistance, regular cash payments and grants are available to the needy from a number of sources. Payments are administered by the Department of Social Welfare under a scheme. A team of investigators carries out home visits to enquire into the circumstances of applicants. Those persons who are found to qualify under the scheme are normally given relief according to fixed scales."

Thanking the speaker, Rtn. Alan Yin said that he had also just come back from a visit to Singapore which covers an area of 225 square miles with a population of 1¼ million. He hoped that we would apply the high public spirit of Singapore in social welfare work in Hong Kong.

President John adjourned the meeting with a Toast to Rotary International coupled with which was the Rotary Club of Cebu.

BANNERETTE FOR KYOTO CLUB

Rotarian Y. C. Fogg, Chairman of our Attendance Committee, told us at our last meeting that during his 18-day tour of Japan in August, he visited 10 cities and attended the meeting of the Kyoto Rotary Club to which he presented a bannerette of our Club.

He said that he, however, regretted very much in not having been able to attend the meetings of two Tokyo Clubs while he was in that city as he could not locate the Clubs.

Rtn. Y. C. went to Japan on August 6 on a holiday trip together with members of his family and returned to Hong Kong on August 24.

Bill Nichol Leaving For U.K.

Rtn. Bill Nichol, Chairman of our Membership Committee, is due to leave Hong Kong by air on Monday, September 6, on a six-week business tour in the United Kingdom and European Continent.

He will visit the famous Austin car factory in Birmingham, England, for a few days before returning to London, thence go to Scotland en route to countries in Europe.

Since he will not be staying in any one place for more than a few days, Rtn. Bill may not be able to visit any of the Rotary Clubs during his tour. He will, however, endeavour his best whenever possible to attend Rotary meetings with a view to keeping up his attendance record which has thus far been 100% plus.

Rtn. Bill has nominated Rtn. K. C. Goh, our Vice-President, to act as Chairman of the Membership Committee, until his return to the Colony around the middle of October.

THIS WEEK'S . . .

. . . programmes of other Clubs in the Colony are as follows:

HONG KONG (Tuesday):

The American Economic Trends as Shown by New York Stock Market by Mr. Fisher Y. C. Yu, noted Chinese economist and authority on foreign exchange and security.

KOWLOON (Thursday):

A Chinese film entitled *Loan of the East Wind* will be shown through the courtesy of Rtn. William C. K. Ho. The film is in colour and will last approximately 20 minutes. The name of the film is of particular interest to our members as our weekly Bulletin is called *East Wind*.

ISLAND WEST (Friday):

A talk on *Conditions in Malaya* will be given by either Rtn. C. N. Li or Rtn. S. F. Li, who are due back on August 31 from a goodwill tour to Malaya.

Bannerette Exchanged With Singapore

A bannerette of our Club was presented to the Rotary Club of Singapore by Rtn. Alan Yin, Chairman of our Classification Committee, during one of his four consecutive visits to that Club recently.

In exchange, the Singapore Club requested Rtn. Alan to bring back its bannerette which was presented to our Club at our last meeting by Rtn. Tom Freeman, Chairman of our International Service Committee.

Reporting on his trip to Malaya, Rtn. Alan said that he left Hong Kong on July 19 and returned on August 17. During the short space of the four weeks, he managed to achieve a 100 per cent attendance by visiting the Singapore Club's four weekly meetings.

He said that the average attendance record of the Singapore Club, consisting of 150 members, has been between 59 per cent and 65 per cent and that it seemed to him the Sergeant-At-Arms there was not as active as our Rtn. Ben. Members of that Club, he observed, addressed each other by Mister and often had to be introduced among themselves.

Speaker S. K. Chairman of Community Service Committee, addressed us on the "Social Welfare in Singapore." (Photo by of New Evening Post.)

Kin. Club's Annual Ball

The annual Charity Ball of the Rotary Club of Kowloon will take place at the Peninsula Hotel from 8.30 p.m. to 1 a.m. on Friday, October 22. The entire proceeds are earmarked for the building of a Youth Centre in Kowloon. Three floor shows including a fashion display will be among the interesting programmes scheduled for the night.

It is hoped that members of our Club as well as those of other Clubs in the Colony will support the Kowloon Club's fund raising project for its 1954/55 community service programme by participating in the function and taking advertising space in its Ball Programme.

Cover charge for the night, including cocktails prior to dinner, will be around \$23 to \$25 per head, while a 6" x 9" full-page advertising space in the Programme will cost \$100 and a half-page space \$75.

Donation tickets at \$2 each will be available in advance which may bring you many lovely and valuable prizes. The Club has thus far received more than 100 prizes for distributing to donation-ticket holders.

Those of our members who wish to attend the Ball and/or buy donation tickets and advertising space may contact Rtn. Fred Clemo (Tel. 57472) of the Kowloon Club. Rtn. Henry Chang, Editor of *Tung Feng*, (Tel. 70086) will be pleased to handle our members' requirements in this connection.

News In Brief

INDUCTION CEREMONY of the five newly-elected members of our Club will take place at our next meeting on September 1. The new members are Messrs. J. C. Bao, Iden Albert Ronald Bennett, K. Y. Shang, Fred N. T. Tan and Edwin H. C. Tao.

NEW CLASSIFICATION of Football Association (minor) under Associations (major) has been recommended by Rtn. Henry Chang, Acting Chairman of the Classification Committee, to the Board of Directors for their approval. Rtn. Alan Yin, who is now back from a trip to Malaya, has assumed his post as Chairman of the Classification Committee.

BLOOD DONATIONS by our members and all Rotarians in the Colony will be welcome by the British Red Cross Society, Hong Kong Branch. The collection centre of blood donations is located at the Statue Square, next to the Supreme Court.

LADIES' NIGHT of the Rotary Club of Hong Kong scheduled for Friday, September 10, is fast approaching. Have you reserved your tables? Please contact Rtn. N. T. Assomull (Tel. 36290). Meanwhile, please don't forget to keep your evening open for Friday, September 17, which will be the first Ladies' Night of our Club.

ISLAND WEST CLUB has achieved a 100 per cent in donations toward the Rotary Fellowship Foundation Fund, it was reported in the latest issue of the *Westary* Bulletin. The West Club has 30 chartered members.

TONIGHT at 5.30 p.m. a joint meeting will be convened at the Peninsula Hotel by the Chairmen of the Golden Anniversary Committees of all Rotary Clubs in the Colony.

Ball Committee Meeting

A preliminary meeting of the Annual Ball Committee will be convened by Chairman Tom Freeman at his residence (69, Blue Pool Road, 1st fl., Happy Valley) at 5.30 p.m. on Thursday, September 2, to discuss arrangements for the Ball, after which members will be entertained to dinner by Tom.

All members on Tom's Committee are requested to be at his home not later than 6 p.m. on Thursday and to prepare NOW any problems and suggestions which they may wish to bring up for discussion at the meeting.

The Annual Ball Committee comprises the following members whose names were announced by Rtn. Tom at our last weekly meeting. The Chairmen of the various Sub-Committees are concurrently members of the General Committee.

General Committee:

Chairman—Rtn. Tom Freeman
Hon. Secretary—Rtn. Hsi Yu-I
Hon. Treasurer—Rtn. Y. F. Chen
Master of Ceremonies—Rtn. Ben Lee

Sub-Committees:

Advertising—Rtn. Henry Chang

SEPTEMBER 7, 1954

FOUR NEW MEMBERS INDUCTED

FOUR of our five newly-elected members were inducted at a simple, impressive ceremony which took place at our last regular weekly meeting at Winner House on September 1, increasing the membership strength of our Club to 28.

The new members are Rtns. J. C. Bao, Iden Albert Ronald Bennett, Fred N. T. Tan and Edwin H. C. Tao. Induction of the fifth member, Mr. K. Y. Shang, is expected to take place following his return to the Colony.

This was the first induction since the inauguration of our Club last April. The new members were called upon to stand up throughout the ceremony by President John who exhorted them to put the ideals of Rotary service into everyday practice in their personal, business and community life.

Welcoming them into our Club, President John told them that they have been granted membership, after having been duly informed of the ideals and object of Rotary, because their qualifications have made them leaders in their respective classifications in our territory.

Explaining that membership in a Rotary Club was a privilege, President John added that the privilege carried corresponding obligations, and told

the new members: "You should attend weekly meetings because every meeting is a part of your education in Rotary. You should give willing service to the Club as an added strength to us. You should know your fellow Rotarians because your first approach is through acquaintance and friendship. We are equals in Rotary and we can be called by our first names to inspire fellowship."

President John then called upon all the members present to stand up and asked them to extend their cooperation to, and help the new members to become useful and happy Rotarians.

The ceremony was concluded after President John pinned a badge of our Club on each of the new members and shook hands with them as a symbol of fellowship, uniting them with members of our Club and Rotarians

of fellow Clubs throughout the world.

FIRST to receive the badge from President John was soft-spoken, white-bearded Rtn. J. C. Bao, proprietor of Great China Barber Shop, No. 385, King's Road. It is believed that this is the first time in the history of the Rotary movement in China, Hong Kong and Macao that the classification of hairdressing, under which Rtn. Joe has become a member of our Club, has ever been filled.

Through the courtesy of the British Council, an 18-minute colour film will be shown at our

NEXT MEETING

(September 8, 1954)

The film is entitled "Bridge of Time".

Rtn. Joe 鮑善昌

Sixty-six-year-old Rtn. Joe is the eldest member of our Club but his spirited and enthusiastic management of his business and his attendance at several of our previous meetings as President John's guest is a record perhaps as good as that of some of our younger members. Before coming to the Colony three years

ago, Rtn. Joe had been a very successful businessman in the gunny bag trade in Calcutta, India, for 20 years. With him in the Colony are his wife, two sons, both married, and several grandchildren.

Board's Resolutions

THE acceptance with much regret of the resignation of Rtn. Alan Yin as a Director and Chairman of the Classification Committee, and the approval to change our Ladies' Night function from Winner House to The Ritz were among the several resolutions passed by the Directors at a Board meeting held last Friday, Sept. 3. Details concerning these two resolutions will be found elsewhere in this issue of *Tung Feng*.

The meeting was attended by President John (Chairman) and Rtns. Pat Cha, Bill Nichol, K. S. Chang, Seaker Chan, "Dragon" Y. L. Nie, S. H. Ma, K. C. Goh and Henry Chang.

Other resolutions passed were:

- 1) The minutes of the last Board meeting held on August 6 were read and confirmed.
- 2) The recommendation by the Classification Committee to open the minor classification of Football Association under Associations (major) was adopted.
- 3) The Club Roster is to be printed shortly and will be sold to members at \$5 per copy.
- 4) Notwithstanding the Ladies' Night function on September 17 which also can be considered a regular meeting, the weekly luncheon meeting on September 15 will be held as usual at Winner House.

THIS WEEK'S . . .

. . . programmes of other member Clubs in the Colony are as follows:

HONG KONG (Friday)

The regular weekly meeting on Tuesday will be substituted this week by a Ladies' Night function to be held at The Ritz on Friday, Sept. 10.

KOWLOON (Thursday)

Human Rights and Homeless Men by Mr. L. Stumpf.

ISLAND WEST (Friday)

Impressions of the Goodwill Tour to Malaya by Rtn. C. N. Li.

Born in London in 1909, Rtn. Iden Albert Ronald Bennett was the second to receive his badge at the ceremony. Rtn. Ron came to the Colony in 1947 to join the Hong Kong Tramways Limited as an Assistant Traffic Superintendent, and was promoted to his present position, Traffic Superintendent, two years later upon the retirement of his predecessor.

Rtn. Ron

Although from a family of printers, Rtn. Ron was unable to settle down to life in the large printing works owned by his father. Instead, he took up Road Transport in 1926 and was actively engaged in this occupation until 1935, when he joined the London Transport as a tramcar driver and served in that capacity for five and a half years, conforming to trade union regulations which stipulated that at least five years of experience were required before promotion could be granted.

He was promoted to Regulator and then quickly to Inspector and was, in 1945, seconded to the driving school at Clapham as deputy in charge of training. In the following year, he was seconded to special duties as Inspector of Equipment for all the eight London Transport depots then operating tramcars and continued in that capacity until 1947 when he came to Hong Kong. Rtn. Joe and his wife, Winifred, have been residents of Hong Kong for the past seven years.

Rtn. Canton

Rtn. Canton, then has a Machine, his contribution, his member of the

Tour to

Rtn. Fred 譚道德

The next to be inducted was Rtn. Frederick N. T. Tan, born in Peiping in 1926, but whose family hails from Kwangtung Province. His father, the late Mr. Nelson B. S. Tan, was a graduate of the Columbia University and at one time was Mayor of Swatow.

Rtn. Fred, a graduate of Lingnan University, Canton, came to Hong Kong in 1949 and since then has been with the National Cash Register Co. His classification in our Club is Accounting Machine Distributing. Under the same classification, his colleague, Rtn. Bill Anderson, is a member of the Hong Kong Rotary Club.

Rtn. Fred is Assistant Hon. Secretary of the Y's Men's Club of Hong Kong and a member of the Lingnan University Alumni. He lists swimming and photography as his hobbies. He is the second bachelor member of our Club, the other being our Hon. Secretary Pat.

Alan Resigns Directorship

ROTARIAN Alan Yin, a Director of our Club and concurrently Chairman of our Classification Committee, has tendered his resignation from both posts in view of his impending departure from the Colony for Malaya, where he is required to stay for at least six months to complete plans for air-conditioning several theatres on behalf of his company.

This was disclosed by President John at last Friday's meeting of the Board of Directors. After President John explained that the general practice of Rotary function was to replace any Director who would be away for more than six months, Rtn. Alan's resignation was accepted by the Directors with much regret.

The Directors then nominated Rtn. Henry Chang as a candidate for the Director's post vacated by Rtn. Alan. The nomination will be formally put up for consideration and approval of all members at our next luncheon meeting on September 8. The Board also wishes to have other nominations from members at the next meeting.

Meanwhile, the Board has appointed Rtn. Henry Chang to succeed Rtn. Alan Yin as Chairman of the Classification Committee.

LADIES' NIGHT AT RITZ

The first Ladies' Night of our Club scheduled for Friday, September 17, from 8 p.m. to 1 a.m. will now be held at The Ritz instead of Winner House in order to accommodate more people in view of the anticipated heavy bookings from our members and Rotarians of other Clubs in the Colony. Cover charge will remain at \$15 per head, but European food instead of Chinese will be served.

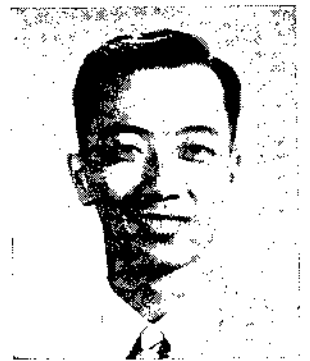

The change of place will enable members and visiting Rotarians to invite as many guests as they wish instead of only two as originally limited.

Those who have not yet reserved their tables, kindly write to Rtn. S. H. Ma, Chairman of the Fellowship Committee, c/o Hong Kong Telephone Co. Ltd., 38, Leighton Hill Road, or contact him through Tel. 70100.

Reservations will remain open until 2 p.m. on Wednesday, Sept. 15.

Rtn. Edwin H. C. Tao, the fourth and last to receive the badge at the induction ceremony, is a native of Kiangsi Province. Rtn. Edwin, 33, received his early education in Peiping and Shanghai, after which he went to Kunming, during World War II, to enrol at the National South West Associated University, from which he graduated in mechanical engineering. At one time he received lectures from none other than our member Rtn. Alan Yin, who was a professor teaching heat-engineering at that University, and who was Rtn. Edwin's sponsor to our Club as his additional active member under the classification of Air Conditioning Equipment Distributing.

After completing his university education in China, Rtn. Edwin went to the United States for further studies in mechanical engineering and industrial administration at Rose Polytechnic Industrial Institute in Indiana, and later joined the Yale University as an Assistant Lecturer until 1949, when he returned to Hong Kong to join the American Engineering Corporation as their Assistant Factory Manager. Rtn. Edwin is in Hong Kong with his wife, Margaret, and two-year-old son, Keith.

At Rotary Last Week

EVERY one of us is subject to the possibility of an unexpected and sudden calamity as the Chinese saying states, "Just as Nature has its unexpected storms, human life has its sudden calamities," said Mr. Tsufa Lee, at our last weekly meeting on September 1 at Winner House.

Speaking on "Life Insurance," Mr. Lee said in part: "Since as an individual, we do not know what may befall us at any time, and when calamity may befall us, and since, at the same time, we can predict with varying degrees of certainty and precision, depending on the size of the group, how many among us in a given group of people are likely to meet with calamity in a given period, it is right that men should think of the idea of forming groups to jointly make some provisions for the benefit of their dependents.

"Indeed, knowing that a certain number of people among us in a group will fall victims to calamity, or fate, if you like to call it so, in a given period of time, why should we not each contribute to make some provision for the dependents of those unfortunate few, who will be stricken by calamity, to mitigate the rigour and direful consequence of this unforeseeable calamity.

"The importance for the individual buyer of life insurance is none other than this: When an individual buys a life insurance policy from a life insurance company, it means that he has joined a group and obligated himself to make contribution to the group funds, so that all individuals in the group may receive such benefits as they wish to get, in the event that they become the victim of calamity, which, sooner or later, by the nature of things, must become the fate of every one of us and which befalls some of us far too prematurely.

"The insurance company is merely the agency, through which you are enabled to participate in this group activity and to get the benefit by joining.

"In the main, life insurance companies are concerned with two objects: one is to make provision against premature termination of life and the other to make provision for old age. For the first, they have the insurance in its purest form which they call term insurance and the latter they sell an income which they call annuity or pension bonds. The two things they sell are diametrically opposite in nature.

"For the first, you are asked to pay a small sum of money, so that the desired benefit will be given to your beneficiary, if and when your life comes to an abrupt termination; and for the latter, you are asked to pay a lump sum, so that you

200 EXPECTED AT HK FUNCTION

TWO hundred Rotarians and their guests are expected to attend the Ladies' Night of the Rotary Club of Hong Kong on Friday, September 10, at The Ritz, according to Rtn. N. T. Assomull, Chairman of the Fellowship Committee in charge of the function.

The deadline for reservations is September 7, and those who have not yet done so should contact Rtn. Assomull (Tel. 36290) immediately.

No tickets will be issued, but Rotarians who have reserved tables will have their names displayed on the seating chart at the attendance table at The Ritz and should advise their guests accordingly.

will receive an income when you reach a certain age, at which your normal income from your daily pursuit of life stops, to enable you to live in relaxation free from worry and concern.

"Since life insurance is designed to provide each individual with their individual needs, and since every individual's needs are different, every individual should make a study of his or her own needs and discuss the matter with a qualified agent.

"As a general principle, I can add that since life insurance premium increases as one gets older, it should therefore be bought, wherever one's conditions permit, when one is younger rather than when one becomes older.

"Perhaps, as another general principle, it should be added that since one's needs increase and changes from time to time, it is far better to buy life insurance in small amount to meet a need as it arises, and add a new one from time to time, as one's needs grow and changes, rather than to wait until one's conditions become such that one can buy an overall policy of a large amount to meet all the needs, as so many of us are prone to do." Mr. Lee concluded.

The speaker was appropriately thanked by our newly-inducted member, Rtn. Ron Bennett, after which President John adjourned the meeting with the Toast to the Rotary International, associated with which was the newly-chartered Club in Taiwan, the Rotary Club of Kaohsiung.

Annual Ball Shaping Up

A PRELIMINARY meeting of the Annual Ball Committee, convened by and held at the residence of Chairman Tom Freeman last Thursday (Sept. 2), produced many concrete results, which in all respects assure success of our forthcoming Ball.

With the exception of Rtn. "Dragon" Y. L. Nie, Chairman of the Decoration Sub-Committee, all the officers of the General Committee were present at the meeting and all without single exception offered constructive suggestions and enthusiastically discussed the problems facing the Committee.

As announced earlier, the object of the Annual Ball is to raise \$15,000 (exclusive of expenses for the function) for materialising our 1954/55 community service project which calls for the building of a Recreation Centre on a 38,000-square-foot lot in King's Road, opposite the China Motor Bus Co. Ltd., to be granted for this purpose by Government.

Among the important decisions reached at the meeting were:—

- 1) The date for the Annual Charity Ball has been tentatively set for Nov. 26 (Friday) with Nov. 19 (also Friday) as an alternative.
- 2) The place will be either at one of the popular night clubs or a private residence capable

of accommodating 400 persons. Rtns. Ben Lee and Hsi Yu-I have been entrusted to explore the possibilities in this connection.

3) Charges for dinner tickets will be \$25 per head.

4) The necessary fund is expected to be raised from dinner tickets, donation tickets and advertisements in the Ball programme.

5) An appeal will be made to member Rotarians of other Clubs in the Colony and the public to support our project.

6) All our members will be requested to be responsible for obtaining at least two pages of advertisements for the programme and for selling donation and dinner tickets. Charges for a full-page advertising space (6" x 9") will be \$100 and a half-page space \$60, while donation tickets will be sold at \$2 each.

7) The night's programme will include light but brief entertainment to provide the best possible enjoyment to all attending the function and little interruption of dancing. Rtn. Wilson Wang, Chairman of the Programme Sub-Committee, will study the matter fully and map out the night's programme.

The following Rotarians have been appointed members of the Sub-Committees listed below, in addition to those announced in our last Bulletin (the other Sub-Committees' Chairmen have not yet selected their members):—

Donation (under Chairman S. L. Yuen):
Ben Lee, Seven S. C. Shih, "Dragon" Y. L. Nie, S. H. Ma, H. C. Yang and K. Y. Shang (a newly elected member whose induction is expected shortly).

Publicity (under Chairman K. T. Wang)
Henry Chang

Tickets (under Chairman Edwin H. C. Tao)
Jimmy Wu, Fred Tan, Pat Cha and K. C. Goh.

Reception (under Chairman Seven Shih)
Y. C. Fogg, Y. C. Lee, Ron. Bennett, Bill Nichol, Y. F. Chen and K. T. Wang.

JOHN LEAVING FOR MANILA

President John Yuen is due to leave for Manila early this week on a seven-day business trip and is expected to return in time for our September 15 meeting.

During Rtn. John's absence, Vice-President K. C. Goh will preside at the next regular luncheon meeting on September 8.

Golden Anniversary Celebration

A JOINT Celebration Ball and a combined Gala Folk Dancing and Ballad Festival will form the main features to commemorate the Golden Anniversary of the founding of the Rotary organisation, it was unanimously decided upon by the Chairmen of the Golden Anniversary Committees of the Clubs in Hong Kong, Kowloon and Macao, at a joint meeting of the Chairmen on August 31.

The date for the Celebration Ball has been tentatively set for Saturday, February 26, 1955. It is to be held at the Peninsula Hotel in Kowloon, and 100 VIPs, who are leaders in rendering splendid community services in this Colony and Macao, will be invited to attend as guests of honour.

The combined Gala Folk Dancing and Ballad Festival either by children or adults of different nationalities is to be held in the Hongkong Football Ground. Scouts show and military bands shall be invited to play. Macao will also be represented by Portuguese Folk Dances.

As the birthday of Rotary is on February 23 which happens to be a Wednesday—the regular meeting date of the Hongkong Island East Club—all Rotarians of the Rotary Clubs of Hong Kong, Hongkong Island West and Kowloon will attend our meeting for this special occasion.

No date was fixed but the meeting agreed that Hong Kong and Kowloon Rotarians shall make a visit to Macao on another week-end for the commemoration of the Rotary Golden Anniversary in the Portuguese Colony.

Booklets, containing brief histories of the various Clubs as well as the Rotary movement, will be published both in English and Chinese for the information of the general public.

The joint meeting also unanimously agreed that some form of donation or presentation of a trophy cup in sports be made in commemoration of the event and our President John was given the task of discussing this matter with Past President Kwok Chan, of the Hong Kong Club.

On its arrival in Hong Kong, Rotary's anniversary movie film *The Great Adventure* will be shown in cinema houses on the island and mainland.

The expenses of the Ball, publication of historical booklets, programmes of entertainment, etc. shall be distributed proportionally among various clubs.

The joint meeting which will meet again on Friday, September 24, elected Hong Kong Club President Penn and Rotarian Gin as permanent chairman and secretary, respectively, of the Joint Chairmen Meeting of Clubs Golden Anniversary Committee.

Those who attended the meeting on August 31 were:

- W. V. Pennell, President of Rotary Club of Hong Kong
- G. D. Su, Chairman of Club Golden Anniversary Committee, Rotary Club of Hong Kong
- F. C. Clemo, Past President & Chairman of Club Golden Anniversary Committee, Rotary Club of Kowloon
- Dr. P. Lobato, Past President & Chairman of Club Golden Anniversary Committee, Rotary Club of Macao
- John Yuen, President & Chairman of Club Golden Anniversary Committee, Rotary Club of Hongkong Island East
- H. C. Fung, President & Chairman of Club Golden Anniversary Committee, Rotary Club of Hongkong Island West

Rotary's Own Film

"THE "Great Adventure", Rotary International's own motion picture, will be ready for worldwide premiere showings on February 23, 1955, the opening date of the Golden Anniversary celebration. The film will dramatize Rotary's remarkable story of friendship and service.

Star of the film is Edward Arnold, an outstanding actor. Supporting him is Jim Backus, who currently appears on the weekly "I Married Joan" television show in the United States.

A cast, featuring among others, Scandinavian, Scottish, Indian, Japanese, Australian, Brazilian characters, lends the movie an international flavour.

Plans call for each District Governor to receive one 16-mm copy of the film in English, French or Spanish.

Governors, in turn, will schedule the distribution of the picture to Clubs in the District.

The Rotary story is written to appeal equally to Rotarians and to the general public. Running time for the film has been limited to less than 30 minutes, making it ideal for showing on television.

LADIES' NIGHT ASSURED RECORD ATTENDANCE

A RECORD attendance, overshadowing that at any previous function of our Club, is assured at our first Ladies' Night to be held at The Ritz on Friday (Sept. 17). All 26 members of our Club, at present in the Colony, their Rotary-Annes and approximately 200 visiting Rotarians and guests are expected to join and enjoy our fellowship at the party and to help raise our Club Fund.

The function will commence at 8 o'clock in the evening and continue until 2 a.m., instead of 1 a.m. as previously announced, special permission having been obtained from the authorities concerned for the extra one hour extension.

According to Rtn. K. S. Chang, Chairman of our Programme Committee, a very entertaining evening has been planned, and will possibly include a Hula-Hula Dance and a Square Dance.

The night's function has been carefully worked out by Rtn. S. H. Ma, Chairman of our Fellowship Committee who will be assisted at the party by Rtns. Ben Lee, S. L. Yuen, Y. C. Fogg and "Dragon" Y. L. Nie, in order to make our first Ladies' Night a real success with everyone assured of an enjoyable evening.

Those who wish to make additional reservations will have time to notify Rtn. S. H. Ma at our next luncheon meeting tomorrow, while

members of fellow Clubs in the Colony may contact Rtn. S. H. Ma on telephone 70100.

THE birthday (Sept. 11) of a-week-old inducted new member, Rtn. Edwin H. C. Tao, was celebrated at our last regular meeting on September 8, when our song-master, Rtn. Alan Yin, led everyone in "Happy Birthday to Edwin."

At the same meeting, Rtn. Henry Chang, Chairman of both the Bulletin and the Classification Committees, was unanimously elected a Director upon nomination of the Board to succeed Rtn.

Alan, who will shortly leave the Colony for Malaya, where he is expected to remain for more than six months to instal air-conditioning systems at several theatres on behalf of his company, American Engineering Corp.

Assuming the Directorship, Rtn. Henry thanked the members of the Board for their nomination and all fellow members for their approval. He pledged to serve the Club and the community in our territory to the best of his ability in accordance with the ideals and object of the Rotary.

The occasion of Rtn. Edwin's birthday and of Rtn. Henry's appointment as a Director afforded a wonderful opportunity to our Sergeant-At-Arms, Rtn. Ben Lee, to collect \$221 in contributions which together with previous donations and fines brought the Community Service Fund to \$2,594.

Next Meeting: September 15, 1954

Speaker: Rtn. Hsi Yu-I

Subject "The Plastics Industry"

Welcoming visiting members from other Clubs and guests, President John made special mention of Rtns. R. J. Picciotto and S. H. Pang, both of our sponsor Club, who were on their first visit to our meeting. In addition to them, five other Rotarians of the Hong Kong Club and one from the Kowloon Club were present.

Mr. Eric Innes, representative of the British Council in Hong Kong, entertained us with an 18-minute film entitled "Bridge of Time". The colour film, which was screened after a brief introduction by Mr. Innes, depicted life and activity on and around England's historic River Thames, and included the many beautiful scenes seen during the short trip from London to Windsor.

Colourful "shots" of the Tower Bridge, the Oxford and Cambridge boat race, the Trooping of the Colours, the Chelsea Pensioners, the ceremony of the presentation of the Order of the Garter and other nostalgic scenes were vividly depicted on the screen.

The film was shown through a projector made available to us through the courtesy of the United States Information Agency.

Mr. Innes was appropriately thanked by a newly inducted member, Rtn. Fred N. T. Tan, after which President John adjourned the meeting with the Toast to Rotary the world over, associated with which was the Rotary Club of Manila.

Tomorrow's Speaker

THE man who will be addressing us at our meeting tomorrow is none other than our popular Rtn. Hsi Yu-I, shareholder and manager of Kader Industrial Co., Ltd., manufacturers of plastics and specialists in cold storage and ice-making. Incidentally, he is Chairman of our Vocational Service Committee.

Although in the plastic trade for only about nine months, hard-working Yu-I has already acquired wide technical and commercial knowledge in manufacturing and marketing plastic goods which the company, under previous managements, has been producing in the Colony for the past several years.

It is most fitting for a man like Yu-I to enlighten us on his profession. He is second in charge of the company which as a single unit is considered the biggest plastic goods manufacturing enterprise not only in Hong Kong but also throughout the Far East.

With an authorized capital of \$5,000,000, of which \$3,600,000 worth of shares have been fully paid up, Kader Industrial Co., Ltd. are putting out more than 80 different kinds of plastic goods, chiefly household articles, the majority of which are marketed in South-East Asian countries, the Middle East, East and West Africa and practically in all British Commonwealth territories.

Rtn. Yu-I

Efficiency in producing quality goods with up-to-date machinery at low production cost has enabled Kader Industrial Co. to market their products also in South and Central Americas. Notwithstanding the fact that the United States are the pioneers of the plastic industries, Yu-I's company plans to market their output in that country at competitive prices.

Accounting for more than 50 per cent of the Colony's total exports of plastic goods, Kader's annual volume of business has on the average amounted to more than \$10,000,000. It is no wonder that His Excellency the Governor, Sir Alexandra Grantham, prior to his departure from the Colony on leave, paid a special visit to the plant of Kader's and highly praised its operational efficiency and high-quality products, for which not only Yu-I but also every member of our Club should be proud.

Early Education

Kader Industrial Company occupy a 90,000-square-foot site on a hill behind King's Road, near the China Motor Bus Co., Ltd. The three-storey impressive plant and office building covers 60,000 square feet and overlooks the harbour. It employs some 200 clerical staff and workers.

Always practising his motto, "The hardest in work, the best in luck", Rtn. Yu-I has been putting in long working hours since entering into business at the age of 22.

Born in Shanghai in 1913, Yu-I received his early education in Chinese at a preparatory school and entered the Catholic St. Xavier's College at the age of 13, where he was taught French and English. Five years later, he enrolled at the Aurora University and continued advance studies in French, leaving at the age of 22 and majoring in political economics.

Soon tot in the Mei Wan hai Evening evenings at iversity, the nness to stud Yu-I is st language s Kader Ind

JOHN RETURNING FOR LADIES' NIGHT

President John Yuen, whose departure on business for Manila was delayed until last Thursday, will now shorten his stay in the Philippines capital and return to the Colony in time to take part in our first Ladies' Night function at The Ritz on Friday.

This was the assurance given by President John to *Tung Feng* half an hour before his departure from Hong Kong.

UNOFFICIAL COUNCILS' MEMBERS TO BE HONOURED

Unofficial members of both the Executive and Legislative Councils, chairmen of various Kaifong Associations, leaders of other charitable and welfare societies and all others who have rendered distinguished services to the general public of Hong Kong, will be invited to attend, as guests of honour, our Joint Celebration Ball next February 26 to commemorate the Golden Anniversary of Rotary.

The Joint Celebration Ball will be organized and sponsored by the Rotary Clubs of Hong Kong, Hongkong Island East, Hongkong Island West, Kowloon and Macao.

Successful HK Function

In a gay and colourful atmosphere, the Rotary Club of Hong Kong held their weekly meeting at The Ritz on Friday (Sept. 10) which took the form of a Ladies' Night.

Approximately 200 members of our sponsor Club, their wives and guests as well as visiting Rotarians from the Hongkong Island East, West and Kowloon Clubs were there. President Penn presided over the function most ably and led all present to enjoy the evening whole-heartedly. He was in the best of spirits and was seen enjoying himself very much and dancing practically every number.

After extending his welcome to the visiting Rotarians and the guests, President Penn requested immediate Past-President George Lin, assisted by Rtn. David Lam, to present the 100-per-cent-attendance Rotary buttons to 10 Rotarians for the 1953-54 Rotary Year, including Rtn. George himself.

A special medal was awarded to Rtn. Alim P. Jagtiani for his unbroken record of 100% attendance during the past five years from 1949 to June 30, 1954. If it were not for his country being extremely upset in a particular year during which Rotary functions were made impossible there, Rtn. Alim would have been able to qualify for a 100% attendance record for 17 successive years since he became a Rotarian.

Those who received the 100-per-cent buttons were Rtns. W. V. Pennell, George Ling, Alim P. Jagtiani, N. T. Assomull, R. Coombs, Guy T. Harden, Alfred Ho, P. Y. Ko, John J. Marden and A. de O. Sales (who was absent).

THIS WEEK'S . . .

. . . programmes of other member Clubs in the Colony, except that of the Hongkong Island West Club, have not yet been arranged. Their respective regular luncheon meetings will, however, be held as scheduled.

The meeting on Friday (Sept. 17) of the Hongkong Island West Club will feature a vocational talk on "Escalators" by Rtn. Colin Ure, a member of the Hong Kong Rotary Club.

(Continued from previous page)

Apparently finding newspaper work unprofitable or uninteresting, Rtn. Yu-I a year later entered the Chinese Maritime Customs College and after four and a half months' study was appointed tide-waiter on the outdoor staff of the Shanghai Customs.

In 1939, because of his knowledge of the French language, he was transferred to the Yunnan Customs and stationed on the Chinese-French Indo-China border, where he was responsible for numerous seizures of contraband during his two years of service there, and for which he received more than \$20,000 in rewards from the Customs.

Said Good-bye

Shortly after the outbreak of the Pacific War, Yu-I resigned from the Customs and went to India, where using his rewards from the Customs as capital he started his own business with several friends. During his one and a half years in India, he sent on behalf of his company much-needed medical supplies and piece-goods into the interior of China. In sending supplies from India, Yu-I employed caravans, each of as many as 400 mules, yaks and ponies, to "ferry" each shipment of goods to China, which entailed a six to eight months' journey.

At the end of 1943, Yu-I said good-bye to India and went back to Kunming to start a real estate business which he kept going very well until the Japanese surrender, when he and his family packed up, and returned to Shanghai.

He then went into the import and export business also with a number of his friends, chiefly bringing tobacco leaves from India to supply the cigarette manufacturers in Shanghai, Canton and Hainan Island. Realizing that the situation in China was getting worse, Yu-I made preparations to move his company's assets to Hong Kong but, unfortunately, had to abandon 80 per cent of his personal property in Shanghai when he hurriedly came to Hong Kong in April 1949—one month before the Communists occupied the Northern metropolitan city.

While in the Colony, Rtn. Yu-I continued his import-export business for several years until early this year when he was invited to join the Kader Industrial Co., Ltd.

Rtn. Yu-I, who is fond of playing contract bridge, is in Hong Kong with his family which consists of his wife, Florence, and four grown-up children. His eldest son, Nelson, is 18 years of age and is preparing for the London University matriculation examination; his two daughters, 14-year-old Jenny and 13-year-old Jessie, are studying at St. Stephen's Girls' College; while the youngest son, Bing, aged 7, is in the Precious Blood Primary School.

ROTARY TIES BEING ORDERED

Our Club has ordered a number of special Rotary ties and tie-pins from the Supplies Office of Rotary International and these are expected to reach us every soon.

Members who wish to have them, may register their requirements with Hon. Secretary Pat.

SEPTEMBER 21, 1954

FOUR PRESIDENTS AT OUR LADIES' NIGHT

OUR first Ladies' Night was, indeed, a great success; not only as a party, but, more important, as a fellowship promotion project. More than 200 members of the Colony's Rotary Clubs, their Rotary-Annes, and their guests mingled freely and enjoyed themselves in a most friendly and informal atmosphere, seldom evident at big social functions in Hong Kong. Even our strict, rule-enforcing Sergeant-at-Arms Ben Lee temporarily put on the "Nelson eye" and joined in the fun. Our Ladies' Night, which took place on September 17 at The Ritz was regarded as an additional official regular weekly meeting of our Club.

tion was the presence of the Presidents of all Rotary Clubs in Hong Kong—the first time that the four Presidents have been seen participating jointly in one single Rotary function during the current Rotary Year.

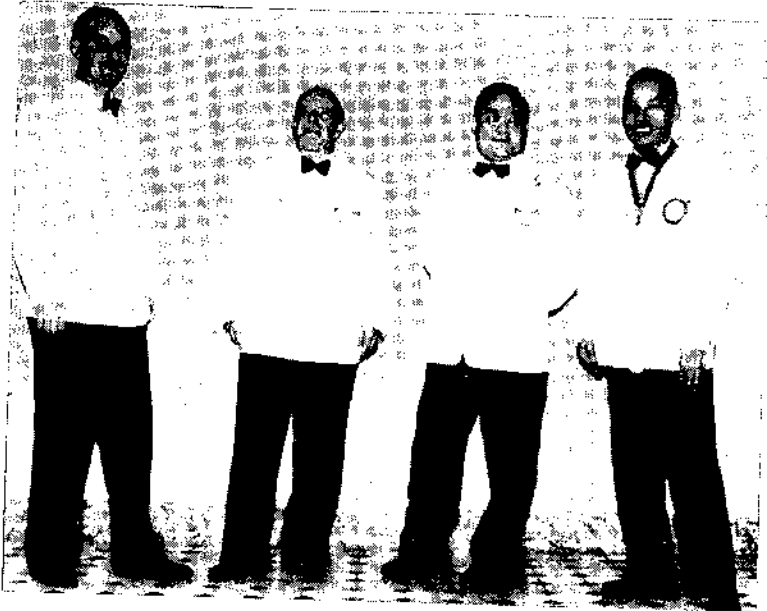

Rtn. K. S. Chang, Chairman of our Programme Committee, is to be heartily congratulated for the excellent entertainment he provided.

There were two "floor-shows" on the programme. Miss Rosemarie Budd sang "Yours" and "Mama, Yo Quicero" for which she was loudly applauded. Her sister Diana Budd and Mr. Hugh Chan recently returned from a tour in South-East Asia performed a lively Spanish Dance.

One of the outstanding features of the func-

Ladies' Night Official Table: (Left to right), Pres. W. T. Grimsdale of Kowloon Rotary Club, Mrs. W. V. Pennell, Pres. John Yuen of Island East Club, Mrs. Grimsdale and Pres. W. V. Pennell of Hong Kong Club. (This and the other photos appearing in this issue were made available for publication through the courtesy of *New Life Evening Post*.)

FOUR PRESIDENTS: Rtms. W. T. Grimsdale (Kowloon), W. V. Pennell (Hong Kong), H. C. Fung (Island West) and John Yuen (Island East).

Hon. Secretary Pat Cha, as usual, ably performed the duties of Master of Ceremonies and presented bouquets to our guest artistes. Indeed, we all had an enjoyable evening.

Among the visiting Rotarians were Dr. C. T. Wang, "Father" of the Rotary movement in China, President W. V. Pennell of the Hong Kong Club, President W. T. Grimsdale of the Kowloon Club, President H. C. Fung of the Island West Club, and Rtms. R. Y. Cheng, David Wei, Daniel S. C. Koo, Henry Tang and C. K. Ho.

Welcoming the visiting Rotarians and guests, President John Yuen thanked them for their attendance which contributed appreciably to the success of the function. He said that as he considered the event a very important occasion for our Club, he hurried back from a week's visit to Manila to be present.

Members of the Reception Committee, consisting of Rtms. Ben Lee, S. L. Yuen, Y. C. Fogg and "Dragon" Y. L. Nie, were first on hand at the attendance table to receive the guests. Rtn. C. T., accompanied by his Rotary-Anne, was the first among the guests seen signing the Register of Visiting Rotarians.

Notwithstanding his absence from the Colony, Rtn. Bill Nichol was represented by his charming wife, Olive, his 13-year-old daughter, Andrea, and his secretary, Shirley, who all helped to sell fresh roses and orchids to bring additional income to our Club Fund and for their assistance we are greatly indebted.

The function ended at 2 a.m. the following day.

NEXT MEETING

Rtn. Hsi Yu-I, Chairman of our Vocational Service Committee, will address us at our meeting tomorrow.

His talk on "The Plastics Industry" was originally scheduled for our last meeting, but was postponed until tomorrow in order to accommodate the screening of a film specially arranged by Rtn. Arthur Woo, of our sponsor Club.

At Rotary Last Week

It was a Red Letter Day for our Club last week, when we marked the birthday anniversaries of four members at our regular meeting held at Winner House.

Our Song-Master, Rtn. Alan, led those present to sing the "Happy Birthday" four times to Rtms. K. S. Chang, Y. C. Fogg, H. C. Yang (all on Sept. 18) and Joe Bao (Sept. 20).

Taking advantage of this happy occasion, Sergeant-At-Arms Ben Lee succeeded in collecting a record figure (\$419) in contributions to increase our Community Service Fund to \$3,013.

Visiting Rtn. K. C. Munshaw from Ind. presented a colourful bannerette of his Club (Ahmedarad) to us. It was received by Vice-President K. C. Goh, who presided at our last meeting in the absence in Manila of President John Yuen.

Vice-President K. C. later instructed Hon. Secretary Pat Cha to present a bannerette of our Club to Rtn. Munshaw to take back to his Club as a token of our appreciation of Ahmedarad Club's wishes and greetings.

Present at our meeting were two special guests of Rtn. Arthur Woo, member of Hong Kong Rotary Club, who were invited to show us a colour film entitled "The Idea Takes Wings". They were Messrs. Oliver Corderoy and Finlay Stewart, members of the Moral Re-armament (MRA) Force from the United States operating in Asia.

A brief introduction by Mr. Corderoy recalled that the MRA movement was originated by the management and staff of the National Airlines in Miami to settle a dispute and strike involving the airline company. It was through frank and sincere discussions between the employers and employees that the dispute was amicably settled, resulting in greater benefits to both parties following the settlement.

The movement spread steadily to many large cities in the United States, where the principles of the movement were employed to settle many other employer-employee disputes.

As a result of repeated success, the Eastern, National and Pan-American airlines jointly sponsored the film, "The Idea Takes Wings" after four years of planning.

The film, lasting 30 minutes, featured the principles of the MRA movement and all the actors appearing in the film were staff members of the National Airlines—the originators of the Movement who settled their dispute on the four principles of absolute honesty, absolute purity, absolute unselfishness and absolute love. These four principles are similar to the Four Way Test originated by President Herb Taylor of Rotary International.

This film has already been shown in 24 cities of 23 different countries by members of the Moral Re-Armament Force.

Miss Diana Budd and Mr. Hugh Chan performing a Spanish Dance at our first Ladies' Night at The Ritz.

At the end of the showing of the film, Rtn. Joe Bao thanked the guests and Vice-President K. C. adjourned the meeting with the Toast to the Rotary International, associated with which was the Rotary Club of Ahmedarad, India.

Attendance

Twenty-four of our 28 members attended the weekly luncheon meeting on September 15, representing 85.71% as follows:

THIS WEEK'S . . .

. . . programmes of other member Clubs in the Colony are as follows:

HONG KONG (Tuesday):
Fellowship Meeting.

KOWLOON (Thursday):
Round the Seasons in Hong Kong by Mr. G. S. P. Heywood, Director of the Royal Observatory, Hong Kong.

ISLAND WEST (Friday):
American Youth of Today by Mr. Harry A. Brunger, Secretary of Y. M. C. A. in America, stationed in the Colony.

GOOD MANAGEMENT

In the interest of Rotarians, *Tung Feng* reproduces below a slightly abridged version of an article which appeared in *Time* magazine of September 20, 1954. Its reproduction is through the courtesy of *Time* Correspondent John Osborne stationed in Hong Kong.

AN impressive list of U.S. industries have recently found themselves in trouble. Proxy fights toppled the managements of the New York Central and New Haven railroads, stockholder complaints plagued American Woolen Co. and now a fight is shaping up for Montgomery Ward & Co.

When is a company well managed? At one time, the profit sheet at the end of the year was the only yardstick. But well-managed companies no longer take such a short view . . . Frequently a well-managed company will sacrifice short-range profits and dividends for long-range gains, *e. g.*, Du Pont spent US\$27 million before it had nylon ready for commercial production. Moreover, shrewd managers do not become complacent even when their profits, year after year, are large. The test is whether the company's profits are growing along with the industry trend . . .

While profits are being viewed in a new light, the changing philosophy of business has loaded other new responsibilities on management. Now a well-run company, in addition to making a profit, must also maintain good relations with labor, customers, stockholders and the communities in which it has plants. It must develop new products and carry on a research program; it has to assure itself of a continuing market for its products and of a pool of trained executive talent. In short, a company needs a clear policy and a plan for the future . . .

St. Regis Paper Co., which once operated only paper mills, has grown by a careful program of buying up an adequate supply of raw materials and developing better products from them through research. As a result, the company's sales have climbed from US\$7,000,000 in 1934 to US\$200 million a year. Says President R. K. Ferguson: "We've always kept to kindred products based on utilization of our basic material—wood pulp. Good management is one that concentrates

in a given field." The company has also been careful of its community relations. Recently it decided to close its paper mill in Oswego, N. Y. But first St. Regis found another company that needed a mill and arranged to have it take over the plant, thus assuring an industry for the town.

Other successful companies have not been as single-minded as St. Regis. Glidden Co. branched out from paints and naval stores to plastics, food products and many other items. But such companies are not as helter-skelter in their diversification as they may seem at first look. They carefully pick new items that will fit into their old sales and manufacturing organizations.

One of the key marks of a well-managed company is that it must have enough executives to cope with any crisis. To keep young men moving up, Chicago's big First National Bank has a chart on executive and employee requirements 25 years ahead. For every executive Detroit Edison has a No. 2 man who is familiar with his job. General Motors has so many executives who can take over in an emergency that American Management Association Vice President James O. Rice said: "They're like the Notre Dame backfield—three deep."

Another test of good management is the ease with which ideas are exchanged. Jersey Standard solves its problems by calling conferences that reach all the way down the management line. Said one management expert admiringly: "In most management meetings, you get the feeling a decision is going to be reached arbitrarily. But at Jersey's meetings, if anyone has anything to say, he'll be listened to rather than have the gavel slapped down."

. . . In short, what management experts have found is that the same factors that make a small company successful also make a giant a success—and it is often the good small company that turns into a giant.

IN a humorous letter President Hsiung recently let his Manila audience know that he received a letter from a country of

President Hsiung's Manila substitute brought of Rtn. Hsiung's Plastics Industry.

After Hong Kong on Septem' PAI, President said that his nephew, Mr. Cheng, arrived Manila late hours later a people. The escorted by sounding the the escorted

SEPTEMBER 28, 1954

JOHN GETS A "PRESIDENTIAL" WELCOME

In a humorous talk which brought much laughter President John Yuen told us at our last weekly luncheon meeting at Winner House of his recent brief business trip to the Philippines' capital. He remarked jokingly that the welcome he received upon reaching Manila was such that he could have been taken as "the President of a country on a State visit."

President John's interesting description of his Manila visit was in fact a last-minute substitute brought about by the unavoidable absence of Rtn. Hsi Yu-I, whose vocational talk on "The Plastics Industry" was scheduled for the meet-

After leaving Hong Kong at 4 p.m. on September 9 by PAL, President John said that he and his nephew, Mr. Johnny Cheng, arrived at the Manila International Airport three and a half hours later and were welcomed by more than 60 people. They drove to his nephew's residence, escorted by three Police officers on motor-cycles, sounding the sirens all the way through as if the escorted were high officials.

Due to the SEATO and WHO conferences being in session, the Bay View Hotel—the best in the Philippines' capital—was fully occupied, but John was very fortunate in having accommodation reserved in advance through a previous arrangement by his relatives.

During his six-day stay there, John visited many industrial establishments, including the two largest cigarette factories, one nail plant, one steel rolling mill and a fibre and lumber works. He said he was deeply impressed by the growth and expansion of industries in the Philippines' capital, the majority of which were making profits. For instance, he pointed out, one cigarette manufacturer told him that his factory had made profits totalling 30 to 40 million Pesos during the past four years.

In this connection, President John advised those Rotarians in Hong Kong who were thinking of doing business in Manila, not to take up import/export trade but to establish new industrial factories there, which would be welcomed by the Filipino authorities and which would most probably yield good returns.

Turning to the post-war rehabilitation of buildings, John said that the construction of buildings in Manila has not been as rapid and extensive in scope as in Hong Kong; war-damaged houses were still evident in many parts of the city. He said it seemed to him that there were opportunities for construction companies in Hong Kong to set up business there, helping Manila to rehabilitate buildings to the mutual benefit of both parties.

Next Meeting: September 29, 1954
Speaker: Mr. Harry A. Brunger, Fraternal Secretary of the Chinese Y.M.C.A.
Subject: Young People in Other Lands

President John disclosed that he enjoyed the night life of Manila and that during his brief stay there he visited a few night clubs.

Though on business which occupied most of his time there, President John did not forget his Rotary spirit. He attended the Thursday regular meeting of the Manila Rotary Club, extended our greetings to Manila Rotarians and told them of the activities of all the Rotary Clubs in Hong Kong.

On behalf of our Club, President John took the opportunity of his visit to present our bannerette to the Manila Club, whose membership was about 170 and whose average weekly attendance record was around 85%.

The weekly meetings were held at the Manila Hotel from 12.30 to 2 p.m., which generally featured musical selections by noted artists in addition to informative talks. Fifteen minutes of the one and a half hours' weekly programme were allotted to the Chairman of the Pines Committee (Sergeant-At-Arms) to raise contributions and collect fines from members for the community service fund.

President John said shortly before leaving Manila he noticed a friend of his wearing a sports shirt on which were designs of the Rotary wheel. He obtained 24 of these shirts through his relative, Mr. Cyrus Cheng. When told that the shirts might help our Club increase our community service fund, President John said that his relative declined to accept payment and presented the shirts to us as a contribution. Being a non-Rotarian, Mr. Cheng's gesture was doubly appreciated by our members and President John has already written an official letter, thanking Mr. Cheng for his generous gift.

THIS WEEK'S . . .

. . . programmes of other member Clubs in the Colony are as follows:

HONG KONG (Tuesday):

Speaker: Dr. A. D. Edal-Behram
Subject: A New Economic Approach to Good Health and Longevity

KOWLOON (Thursday):

Closed Meeting

ISLAND WEST (Friday):

Speaker: Rtn. K. S. Lo
Subject: Non-Alcoholic Beverage (a vocational talk)

Concluding his talk, President John took the opportunity of the first regular meeting following our Ladies' Night to thank Rtn. S. H. Ma, Chairman of the Fellowship Committee, and other members for their valuable part in making the function a great success.

The meeting was adjourned by President John with the Toast to the Rotary the world over, coupled with which was the Rotary Club of Kce lung.

Attendance

Of our 28 members, 25 were present at our last regular luncheon meeting on September 22, representing 89.28% as follows:

Ben Becomes Auctioneer

RTN. Ben Lee, Sergeant-at-Arms, temporarily changed his profession from hotel operator to auctioneer. Though new in the trade, Ben managed to raise \$392—not for himself nor for his hotel, but for our Community Service Chest and our Club Fund.

This happened at our last luncheon meeting, when Ben, assisted by Rtn. K. S. Chang, successfully auctioned off five of the 24 sports shirts brought back from Manila by President John to President H. C. Fung of the Island West Club, Rtn. Guy T. Harden of the Hong Kong Club, and three members of our Club, Rtns. John Yuen, S. K. Chan and Seven Shih.

If more time could have been spared for him on the floor, Ben would have easily auctioned off all the 24 shirts, bringing in perhaps three or four times the amount raised in the short space of 15 minutes.

Two more shirts were later bought at \$50 a piece by Rtns. Y. F. Chen and Alan Yin—the latter for his son-in-law, Rtn. Joseph Fung, who is on leave in Malaya.

Members of our Club and Rotarians of other Clubs in the Colony wishing to have one of these shirts may obtain them from Hon. Treasurer Y. L. Nie at \$50 a piece. There are only 17 left.

Bannerette For Keelung

A bannerette of our Club was presented to the Rotary Club of Keelung on September 14 by Rtn. Charlie T. F. Wei, R.I. Administrative Adviser, acting on our behalf.

This was disclosed in a letter of September 16 received by our Hon. Secretary Pat from the Keelung Club. The letter, signed by Rtn. William Sung, Hon. Secretary, reads:

"When Administrative Adviser T. F. Wei came to our weekly meeting last Tuesday, Sept. 14, as the speaker of the day, he had been very kind in presenting us a handsome bannerette of your Club, which was accepted by President R. S. Hsu.

"On behalf of all the members of the Club, I would like to extend our sincerest appreciation to all of your members for your thoughtfulness and goodwill.

"Wishing you every success in Rotary."

It may be recalled that the Keelung Club presented one of their bannerettes to our Club through Rtn. Jerry O'Donnell, Vice-President of the Hong Kong Rotary Club, who attended our meeting on July 21 upon his returning from Taiwan.

Miss Shirley Dee, charming secretary of Rtn. Bill Nichol, helping our Club to raise funds by selling roses to Mr. Marshall J. Stayner at the Ladies' Night. Mr. H. J. Yapp is seen looking at the camera, while Pres. Penn and Mrs. W. T. Grimsdale, wife of Pres. Bill, of Kowloon Club, are engaged in conversation at the Official Table.

West's Maiden Bannerette

LED by their President, seven members of the Rotary Club of Hong Kong Island West attended our last meeting to witness President H. C. Fung present their Club's maiden bannerette to us.

The bannerette was suitably designed in traditional Rotary colours—golden and dark blue—with the Rotary wheel and a Chinese junk and the Club's Chinese and English names.

President H. C. said that he was most pleased to present his Club's maiden bannerette to the "elder brother" of the twin-clubs thereby reciprocating our first bannerette given them some time ago. He said his Club's bannerette carried the affection of the Island West Club to the Island East Club and hoped that it would greatly further strengthen the ties between members of the two Clubs.

On behalf of our Club, President John assured Island West Club of our deep appreciation for their brotherly gesture.

"Lighthouse" Enlightens Us

MANY enlightening and interesting news items to member Rotarians in the Colony were found in the first three issues of *Lighthouse*, a fortnightly bulletin of the newly chartered Rotary Club of Kaohsiung in Taiwan, and are published below for general information.

SPONSORER & CHARTER: Sponsored by the Rotary Club of Taipei, the Kaohsiung Club was granted its charter by R.I. on June 17 upon application for membership on their behalf by President E. T. Tsu of their sponsor Club to the R.I. officers on June 15. It was a record for R.I. to grant a charter within 48 hours after receiving an application.

The charter was presented to them by Rtn. Charlie T. F. Wei, R.I. Administrative Adviser, at a ceremony on July 30 when 600 persons attended the Charter Night Ball.

The organizing of a Rotary Club in Kaohsiung was first conceived as early as in 1951 by Capt. Henry T. Jarrel, the then U.S. Naval Attaché stationed in that city. It was not until December 1953 that the conception began to take definite form through efforts of Director H. G. McConeghey of U.S.I.S. there. A provisional

Rotary Club of Kaohsiung was finally formed on January 17, 1954.

ATTENDANCE & MEMBERSHIP: The Kaohsiung Club has a membership of 30 and the average attendance during the six weekly meetings from August 4 through September 8 has been 65.1%. During the same period, they have collected contributions and fines totalling TW\$1,471.12 for their Community Service Fund. They have already sponsored 10 scholarships for deserving students who were deprived of further studies due to financial reasons.

NEW CLUB MOVEMENT: President E. T. Tsu of the Taipei Club attended the regular meeting (Sept. 8) of the Kaohsiung Club whilst on his way to organize new Rotary Clubs in Pingtung and Chiayi. Pres. E. T. enlisted the help of the Kaohsiung Club to form a committee to assist the organization of the Club in the neighbouring city of Pingtung.

"TUNG FENG" FOR EVERYONE: Pres. E. T. distributed a copy of our (Hongkong Island East Club) bulletin, *Tung Feng*, (Vol. 2, No. 6, August 10 issue) to each of the Kaohsiung Club members from which they could read the speech made by E. T. in Hong Kong on "His Impressions of the Seattle Convention of the Rotary International".

100% Club Confirmed

Our Club's 100 per cent contribution to the Rotary Foundation Fellowship Fund was acknowledged in a letter of September 17 addressed to our Hon. Secretary Pat by R.I. Secretary George Means. The letter reads:

"Thank you for your Club's 100% contribution to the Rotary Foundation. Congratulations for this achievement!"

"Your Club's interest in the work of the Foundation is greatly appreciated. One of its projects, the Fellowship programme, has received the support of Rotarians around the world who see in it an effective means of promoting international understanding.

"Rotary Foundation Fellowships have been awarded to 602 carefully selected young men and women from 57 different countries and/or geographical regions of the world. The members of your Club have helped make this possible."

THE four Macao Community commemorates the founding of the Club, announced by the Club when he represented members of the committee on the 100th anniversary meeting of the G.A. Commi

The joint anniversary of the Club was held in Gloucester on September 2. The event was unanimously solved, among other things, to raise through joint efforts (a charity) for joint community projects selected from

\$50,000 JOINT ROTARY PROJECT

THE four Rotary Clubs in the Colony and the Macao Club will embark on a \$50,000 community service project early next year to commemorate the 50th Anniversary of the founding of the Rotary organization. This was announced by President John Yuen at a meeting held at Winner House last Friday (Oct. 1), when he reported to the Board of Directors and members of our Club's Golden Anniversary Committee on the resolutions passed by the combined meeting of the Chairmen of the five Clubs' G.A. Committees.

The joint meeting of the Clubs' Golden Anniversary Committees was held at the Gloucester Hotel on September 25, when it was unanimously resolved, among other things, to raise \$50,000 through joint functions (a charity show and/or a football match) for a joint community service project which shall be selected from one of the following:

- 1) building a Rotary ward for leper children
- 2) setting up a fund to help poor people with loans
- 3) constructing a holiday camp for poor children
- 4) organizing a re-settlement scheme on Sunshine Island

- 5) establishing a clinic in a re-settlement area
- 6) giving financial aid to farmers

The aim of the joint Rotary project would be to raise approximately \$50,000 but should the proceeds from the proposed charity show and/or the football match fall short of the \$50,000 goal, the deficit would be made up by each Club on a *pro rata* basis according to the number of its members.

The Joint Chairmen's meeting appointed President H. C. Fung of the Island West Club to negotiate with the Hong Kong Football Association for help in holding a charity football match, and also with the Hong

Kong Football Club for permission to use their stadium for a charity show and/or a charity soccer game.

Presided over by President W. V. Pennell of the Hong Kong Club, the Joint Chairmen's meeting also decided to form seven sub-committees to serve under the Joint Golden Anniversary Committee. All Clubs are instructed to submit to Hon. Secretary Gin Su before October 7 a list of the names of their respective representatives on the sub-committees.

Next Meeting: October 6, 1954

Subject: The Plastics Industry

Speaker: Rtn. Hsi Yu-I

K. S. CHANG GOING TO MALAYA

RTN. K. S. Chang, Chairman of our Programme Committee, is expected to be away for three weeks from Oct. 18 to Nov. 5, visiting Malaya on business.

In view of this, Rtn. K. S. has, with approval of the Board, appointed Rtns. Ron Bennett, Fred Tan, Pat Cha and W. Dayaram (a newly elected member) to be members of his Committee. Rtn. Ron will be acting Chairman during K. S.'s absence from the Colony.

The following members of our Club have been appointed by our Board and the Golden Anniversary Committee to serve on the seven sub-committees:—

- 1) *Golden Anniversary Banquet* (two members from each Club): Rtns. Ben Lee and "Dragon" Y. L. Nie
- 2) *Golden Anniversary Festival* (two members from each Club): Rtns. C. S. Wong (a newly-elected member) and K. S. Chang
- 3) *Golden Anniversary Brochure on Rotary History* (one member from each Club): Rtn. K. C. Goh
- 4) *Inter-Club Visit* (one member from each Club, except the Hongkong Island East Club which will nominate two members): Rtns. Y. C. Fogg and S. H. Ma
- 5) *Invitation to VIPs to Golden Anniversary Banquet* (one member from each Club): Rtn. Jimmy Wu
- 6) *Golden Anniversary Joint Project* (composed of the chairmen of the Clubs' Community Service Committees): Rtn. Seaker S. K. Chan
- 7) *Publicity* (one member of each Club): Rtn. K. T. Wang

The views of our Directors and members of our Club's Golden Anniversary Committee on the proposed six alternate schemes for the joint community service project varied and it was felt that we should submit our recommendations through our delegate, Rtn. Seaker Chan, to the Golden Anniversary Joint Project Sub-Committee for consideration.

At Rotary Last Week

THE exchange of bannerettes between our Club and three overseas Rotary Clubs were the highlights of our regular luncheon meeting held at Winner House last Wednesday, September 29.

The bannerettes were presented to us in person by Rtn. Ron Moran of the South Sydney Club and Rtn. Arne Piltz of the Stockholm East Club, while that of the Carrot River Club (Sask.) was conveyed to us through Rtn. Tom Freeman, Chairman of our International Service Committee.

Rtn. Tom also read a letter of greetings and best wishes sent by the Rotary Club of St. John's, Newfoundland, Canada.

After welcoming visiting Rotarians and guests, President John thanked Rtn. Frank Cleary for his valuable assistance rendered during the initial organising of our Club. Rtn. Frank was a member of the Extension Committee charged to organise our Club and is Hon. Secretary of our sponsor Club.

Sergeant-at-Arms Ben Lee presented a regular badge of our Club to frequent-visiting Rtn. Guy T. Harden, also from our sponsor Club, for which Guy generously made a handsome contribution to our community service chest, which now stands at \$3,435.

At the same meeting, President John showed us a lovely present—a Rotary clock—from the Rotary Club of Taipei.

The speaker of the day was Mr. Harry Brunger, fraternal secretary of the YMCA, who recently returned to the Colony after visiting many countries in Europe, United Kingdom, North America, Canada and the United States.

On behalf of the YMCA, Mr. Brunger has travelled very extensively and met the youth of many lands and is perhaps the most authoritative person to speak on "Young People in Other Lands" which was the subject of his speech.

Mr. Brunger said that the youth of the free world were on the march and they hoped to find something in life. They were trapped by big ideas but have great desire to render service like Rotarians and expect very much from Rotary Clubs.

During his tour of North America, Mr. Brunger said, he visited and spoke to many Rotary Clubs, all of which requested to bring their greetings to the Clubs in Hong Kong.

Charity Ball On Nov. 26

THE annual Charity Ball of our Club will be held at The Ritz on Friday, November 26. This was unanimously agreed upon at a meeting of the Annual Ball Committee held at Sunning House on Sept. 30.

The function will be a formal one and the proceeds will be used for building a Recreation Centre for Youth on King's Road as our 1954-55 community service project.

The Board of Directors have already approved the suggestion of Rtn. Tom Freeman, Chairman of the Annual Ball Committee, that the regular meeting on October 13 be a Business Meeting in order for him and members of his Committee to report on their progress and to discuss other relevant matters with other members.

Proposal For Membership

THE names, addresses, qualifications and classifications of three candidates are published below for consideration of our members; recommendation for membership by the respective proposers has been approved by the Board's meeting last Friday (Oct. 1).

If no objections are filed with the Board within 10 days by any member, the applicants will be considered elected.

- 1) Mr. MARSHALL J. STAYNER
Business: Orient Publishing Company
 139/141, King's Road
Position: President
Residence: As above
Major: Printing & Publishing
Minor: Periodical Publishing
Proposer: Rtn. Henry Chang as his Additional Active

- 2) Mr. W. DAYARAM
Business: Dalamal E. Sons (HK) Ltd.
 460, Jaffe Road
Position: Managing Director
Residence: 49, Pottinger Street
Major: Dry Goods & General Merchandise (Drapery)
Minor: General Merchandise Distributing
Proposal: Rtn. K. C. Goh

- 3) Mr. C. S. WONG
Business: Hong Kong Football Association
 Hong Kong Football Club,
 Sports Road
Position: Chairman
Residence: 10, Tai Hang Road
Major: Associations
Minor: Football Association
Proposer: Rtn. "Dragon" Y. L. Nie

FELLOWSHIP PARTY

A FELLOWSHIP party among members of our Club and their families will be held at Eucliff, the residence of the Eu family at Repulse Bay, in the afternoon of October 11—a public holiday.

This is however subject to the availability of Eucliff on October 11, although Mrs. Eu has already offered her residence for our fellowship party. President John will advise us on this point at tomorrow's meeting.

Tung Feng For H.K. Rotarians

THREE hundred copies, instead of 100, of *Tung Feng* will be printed in future for distribution not only to our members but to all Rotarians in the Colony. This was decided by the Board of Directors at their meeting on October 1.

The Presidents of other Clubs will be approached for the distribution of *Tung Feng* to each of their members at their regular weekly meetings.

The decision to increase the circulation of our bulletin has been made possible by the approval of the Board to accept one small paying advertisement in each issue, the revenue from which would help to cover the printing cost of \$45 per issue.

The space of the advertisement will be limited to a 1" x 6" horizontal strip on the back page at \$30 per insertion. Advertisers will be restricted to members of our Club. The service may later be extended to Rotarians of other Clubs in the Colony.

District Status—A Certainty

FROM reports reaching *Tung Feng* from President E. T. Tsu of the Taipei Club it appears that the regaining of our District status is a certainty before we enter the next Rotary Year (refer to Vol. 2 No. 6 of *Tung Feng* for more details).

In less than two months since his return to Taipei, Rtn. E. T. has put in much effort to achieve his goal—10 Clubs in Taiwan—in order to increase the number of Clubs in Taiwan, Hong Kong, Kowloon and Macao to 15, the minimum number of Clubs required to form a District.

According to Rtn. E. T., he has to date succeeded in having four of the six new Clubs started; they are the Taipei West, Chiayi, Pingtung and Hsinchu. With the assistance of a former Nanking Club member, Rtn. Gunsun Hoh, on the preparatory committee, E. T. said the Hsinchu Club would be the first among the four to be organized.

The other two new Clubs on E. T.'s schedule will be located at Taichung and Chonghua (not Hua Lien as reported in Vol. 2 No. 6).

Rtn. E. T. added that he hopes that member Rotarians from the Colony participating in

the forthcoming Inter-City Forum next March or April would be able to shake hands with the delegates of the 10 Clubs in Taiwan.

Joseph Resigns Directorship

RTN. Joseph Fung has tendered his resignation as a Director of our Board in view of his stay in Malaya being much longer than he had originally scheduled. This was disclosed in a letter dated Sept. 16 to President John, which was made known at last Friday's meeting of the Directors.

Rtn. Joe's stay in Kuala Lumpur for more than six months has been made necessary by the recent re-organization of his rubber factory in Malaya.

His resignation was accepted by the Board with much regret.

The Board has nominated Rtn. Tom Freeman, Chairman of our International Service Committee, to succeed Rtn. Joseph. The Board's nomination will be formally put up to members for their consideration and approval at tomorrow's regular meeting.

The Directors however wish members would make further nominations on the floor tomorrow.

THIS WEEK'S . . .

. . . programmes of other member Clubs in the Colony are as follows:

HONG KONG (Tuesday):

Speaker: Rtn. Bob Harper

Subject: Why I choose the car business?

KOWLOON (Thursday):

Speaker: Rtn. J. C. L. Wong

Subject: "A family, not an institution"—The story of the Blue Funnel

ISLAND WEST (Friday):

Speaker: Mr. Seaward Woo, Chairman of the Board of the Tung Wah Hospital

Subject: The Tung Wah Group of Hospitals

'INVASION' BY MALAYAN CHINESE SOCCER PLAYERS

TWENTY-FIVE members of the visiting Malayan Chinese Football Team and 15 VIPs of the Hong Kong Football Association, the Chinese Amateur Athletic Federation and the Kwong Wah Football Club "invaded" our Club last Wednesday, October 6, as guests of our Hon. Treasurer "Dragon" Y. L. Nie to share and enjoy the Rotary fellowship at our regular luncheon meeting.

The "invasion" of 40 leading sports personalities provided us the opportunity to achieve a record attendance of 63, surpassing the previous highest figure of 61 on June 26 when Mr. Edward Hunter, noted American foreign correspondent and author, eloquently spoke on "Answer to Brain-Washing".

After President John extended our Club's hearty welcome to all visiting Rotarians and guests, Rtn. Lim Kee Siong, Captain of the touring team, introduced each member of the Malayan Chinese Football Team. He presented a bannerette of his Club (The Rotary Club of Seremban, Malaya) to us, which was received by our President who in reciprocation gave one of ours to the Seremban Club.

The speaker of the day was none other than our Chairman of the Vocational Service Committee, Rtn. Hsi Yu-I, who gave a very informative talk on his trade and traced the history of The Plastics Industry way back to 1869.

Rotarian Hsi said the word "plastic" derived from the Greek "plastikos" meaning "fit for moulding." Such a definition was no longer suitable. Primarily, any substance that would flow under the application of heat or pressure or a combination of the two was a plastic.

The first commercial plastic—celluloid—was produced in 1869, but the first real impetus to the development of the modern plastics industry was given in 1909, when a new substance—the now well-known bakelite—was produced. Since then, the modern plastics industry has developed by intensive research on the part of many men in different countries.

The reason for the use of plastics was to provide some advantage, such as lower cost of the finished articles, saving in weight, simplification, more attractive colour or form, greater durability, better performance, low heat conductivity, lower maintenance cost, mass production of complex

A business meeting to discuss internal affairs of our Club, chiefly the forthcoming Annual Charity Ball, will be held at our

NEXT LUNCHEON
(October 13, 1954)

Sub-Committee Chairmen of the Annual Charity Ball Committee are reminded to prepare for reporting on their progress to members at the meeting.

shapes and greater safety.

All plastic materials were placed in two general groups—thermosetting and thermoplastic. The former achieved its rigidity through a chemical reaction while the latter underwent a physical change only.

In conjunction with the two generic classes of plastics there were four sub-divisions: Synthetic resin, Cellulose derivative, Protein and Natural resin.

Rtn. Hsi said that a plastic material, although thought of as a single entity, was in fact made up of several component substances. Every plastic moulding composition was composed of basic materials—binder (or base), filler, colouring matter, lubricant, accelerator or inhibitor and plasticiser.

The speaker concluded by giving a short account of the process of manufacturing plastics.

He was thanked by Rotarian Edwin Tao after which President John adjourned the meeting with the Toast to Rotary International, coupled with which was the Rotary Club of Seremban.

Kowloon Charity Ball

THE Rotary Club of Kowloon will hold its 7th annual Charity Ball at the Peninsula Hotel next Friday, October 22. The charge per head is \$25 which includes cocktails before dinner.

Members of our Club and other Rotary Clubs are cordially requested to support the function of the Kowloon Club. Those who wish to attend the event may contact Rtn. A. J. Stonyer (Tel. 32509).

Through the appeal of *Tung Feng*, the following nine members of our Club have booked advertising space in the Kowloon Club's Charity Ball Programme: Rtns. John Yuen, Tom Freeman, S. L. Yuen, Y. F. Chen, Hsi Yu-I, Wilson Wang, K. T. Wang, Bill Nichol and Henry Chang.

Those who wish to take up a page (\$100) or a half-page (\$75) of advertising space, please note that the closing date is October 15. The Editor of *Tung Feng* will be very happy to attend to your requirements.

Attendance

Twenty-six of our 28 members participated in our last luncheon meeting on October 6, representing 92.85% as follows:

FELLOWSHIP COMMITTEE MEMBERS

On the recommendation of the Attendance Committee and with the approval of our President, Rtn. S. H. Ma, Chairman of the Fellowship Committee, has appointed the following to be members of his Committee:

Rtns. Joe Bao, Fred Tan, Ron. Bennett, Marsh Stayner and W. Dayaram—the last two Rotarians being the latest elected members of our Club who are due to be inducted at the October 20th meeting.

Members of the Fellowship Committee are requested to be at regular luncheon meetings (starting at 12.30 p.m.) as early as possible.

Attendance Committee Resolutions

SEVERAL important resolutions were passed by the Attendance Committee at a recent meeting held at the residence of Rtn. Y. F. Chen. The meeting was attended by Chairman Y. C. Fogg, and the five members, Rtns. Y. F. Chen, Y. C. Lee, S. C. Shih, H. C. Yang and S. L. Yuen.

The resolutions were:

1) That it be recommended to the President to appoint more members to the Fellowship Committee so that, in conjunction with the Attendance Committee, fellowship with members from other Clubs, especially those from foreign countries, shall not be neglected.

2) That every member of the Attendance Committee shall be provided with a copy of *Attendance Information* issued by Rotary International for guidance.

3) That in compliance with Rule 3 of *Attendance Information*, the Secretary of this Club shall supply the Attendance Committee with various kinds of literature for distribution among new members.

4) That an announcement shall be published in our Bulletin asking all members to report to the Attendance Committee at the end of each month the dates on which they attended meetings of other Clubs, so that the Committee can check the attendance cards received from other Clubs and make the monthly announcements in the Bulletin.

5) That instruction shall be sought from the President as from what date our Rotary Year shall start as far as our attendance record is concerned—whether it shall date from our first meeting or from the day when the Charter of our Club was granted.

6) That it be recommended to the President that at the end of every six months, the names of those members having the best attendance records shall be announced by the President at the regular general meeting and published in the Bulletin as well.

7) That at the end of every six months the attendance record shall be published in the Bulletin.

8) That messages shall be sent to all absent members, immediately after each meeting.

9) That members of the Attendance Committee shall be divided into three groups for duty by rotation as follows:

Group A Rtns. Y. C. Fogg and Y. C. Lee

Group B Rtns. Y. F. Chen and S. L. Yuen

Group C Rtns. S. C. Shih and H. C. Yang

When Group A is on active duty, Group B shall stand by rendering general assistance, etc. Members on active duty should arrive at meetings not later than 12.30 p.m., and those on stand-by duty not later than 12.45 p.m.

THIS WEEK'S . . .

. . . programmes of other member Clubs in the Colony are as follows:

HONG KONG (Tuesday):

Speaker: Rt. Rev. R. O. Hall, Bishop of Hong Kong

Subject: Higher Education in Hong Kong

KOWLOON (Thursday):

Speaker: Prof. David Barker, of the University of Hong Kong

Subject: Biology as a Career

ISLAND WEST (Friday):

Instead of the regular luncheon meeting, a Club Assembly for discussing business affairs will be held at 6 p.m. at the Golden Dragon Restaurant followed by a Chinese dinner, charges for which are \$10 per head. The function is open to all Rotarians.

TOM MADE A DIRECTOR

Rtn. Tom Freeman, Chairman of our International Service Committee, was unanimously elected a Director of our Club at our last meeting (Oct. 6) to succeed Rtn. Joseph Fung.

Rtn. Joseph's resignation, accepted with much regret by our Board, was occasioned by his stay in Malaya being much longer than he had originally anticipated.

Admission Of Women To Rotary Clubs?

THE question of women membership in Rotary Clubs will be raised at the Rotary World Convention next year, according to a news agency report from Singapore. The report quoted a pretty, 22-year-old Ceylonese student, Miss Philomena Samuel, who hit out at her critics after she had made a suggestion for women to be admitted as members of Rotary Clubs.

Miss Samuel made the suggestion at a dinner in honour of Rotary District Governor Phya Srivasar of Thailand who visited her hometown of Seremban at the end of September. Miss Samuel claimed that "in the present democratic world it is essential that all elements of society should get together. Times have changed and the women of today are leading in various spheres of life."

The first rebuff for the youthful campaigner came from the President of the Singapore Rotary Club, Dr. Thevathesan who said "that even in America where women are much more emancipated than in Malaya the women have not succeeded in gaining membership of Rotary Clubs. Men feel a need to get together at times among themselves and have a right to do so."

To this Miss Samuel replied: "I see no reason why we should always look to America for

a lead. What is wrong with Seremban showing America the lead once in a while."

She then disclosed that the Rotary District Governor of District 46, Mr. Phya Srivasar, had told her that he had no objection to women being admitted as members and gave an assurance that he would raise the question at Rotary's world convention next year.

Seremban Rotary President R. Muttu Ramalingam and Phya Srivasar gave an assurance that Rotary would do something for women. Mr. Muttu Ramalingam added that if women were not admitted into the Seremban Rotary Club it would start a Rotary inner wheel.

Replying to another critic, Miss Samuel declared: "Women today are in a quite different position from what they were 49 years ago, when Rotary Clubs first started. At that time the prominent people in business were all men. But today there are many women prominent both in business and the professions. Surely it is not unreasonable to ask that business and professional women be admitted to membership," she contended.

LET'S SHARE ROTARY WITH OTHERS

One of the principal objectives set up for this Rotary year by Herbert J. Taylor, President of Rotary International, is a 10% minimum increase in the membership of each Rotary Club.

"Rotary is a maker of friendships and a builder of men," says President Taylor. "We should, therefore, share Rotary with others. Let us do our best during this momentous Golden Anniversary Year to bring Rotary, its friendships, its ideals, its opportunities for service, to thousands of men not now enjoying the thrill of serving through our great Rotary movement."

NORTH POINT RECREATION CENTRE PROJECT

FOLLOWING divided opinion expressed at the first business session on October 13, members at a special regular meeting held three days later finally agreed to uphold the Board's decision to go ahead with our first Community project originally initiated by Rtn. Seaker S. K. Chan, Chairman of our Community Service Committee.

Rtn. Seaker's recommendation calls for the erection of a recreation centre on a 38,000-square-foot site on King's Road, next to the Social Welfare Centre, granted by the Hong Kong Government for buildings and facilities to meet the recreational needs of the general public.

The financial commitment by our Club for the project would be limited to \$15,000, while the North Point Kaifong Association, of which Rtn. Seaker is Chairman, would be responsible for the balance of the construction expenditure should it exceed our Club's commitment. In addition, the North Point Kaifong Association would also bear the maintenance and running expenses of the centre.

The Board of Directors of our Club first approved, in principle, Rtn. Seaker's project on July 2, and brought it up for discussion at

our first business meeting on August 4 during which many members criticized and commented adversely on the way the Community Service Committee was handling the project. As Rtn. Seaker was absent from the meeting, members urged the Board to convey their views to and request Seaker to submit a detailed report in writing on the project before the end of August.

On August 6, Seaker made a substantial verbal report to the Board of Directors, who, however, instructed him to prepare and submit a written report upon his return from a goodwill tour to Malaya in conjunction with various Kaifong Associations.

Meanwhile, our Club appointed an Annual Charity Ball Committee under the Chairmanship of Rtn. Tom Freeman, who in turn appointed members to serve on different sub-committees with a view to planning the raising of \$15,000 for the project through a Charity Ball to be held at The Ritz Garden on November 26. The Charity Ball Committee and its various sub-committees held several separate meetings thereafter and made all necessary preparations for the function.

In order to finalise its plans and to hear views of members, Rtn. Tom requested that

Next Meeting: October 20, 1954

Speaker: Major Sammy Lee, twice Olympic Diving Champion, now touring the world.

Subject: Swimming and Diving—illustrated with film.

d.

INDUCTION OF NEW MEMBERS

The induction of three new members, who received their instruction of the Rotary principles and object from Rtn. K. C. Goh on October 8, will take place at tomorrow's meeting.

The new members are Messrs. M. J. Stayner, W. Dayaram and K. Y. Shang.

a business meeting be held at our regular luncheon on October 13 at which Tom and the Chairmen of various sub-committees on the Ball Committee made progress and preparation reports to members.

It was after the presentation of the reports by the Chairmen of the Ball Committee's various sub-committees that a heated discussion resulted among members, many of whom expressed dissatisfaction and urged abandonment of Rtn. Seaker's project, and also suggested that a new undertaking such as the running of an anti-trachoma clinic be considered in its stead.

In view of the differences of opinion among members over the project, President John called for a vote which resulted in 12-11 votes against Seaker's project. In spite of the voting, many realized that it was unwise to change the Board's original decision, especially when all the preparations had been completed for the forthcoming Annual Charity Ball. So the debate continued until 2.45 p.m., when President John, at the suggestion of Rtn. Seven Shih, adjourned the meeting and called for a special session to discuss the matter further.

At the resumed meeting last Saturday, Hon. Secretary Pat reviewed past discussions on the project and read Section 2 of Article VII of our Club's Constitution, which says *inter-alia*:

"The decision of the Board in all Club matters shall be final, subject only to an appeal to the Club . . . Appeal may be taken from any decision of the Board to the Club and on such appeal the decision appealed from shall be reversed only by a two-thirds vote of the members present, a quorum being present, notice of such appeal having been given by the secretary to all members of the Club at least five days in advance of such meeting."

On the basis of the Constitution, President John declared the voting at the October 13th meeting null and void, and reinstated the earlier decision of the Board to carry out Seaker's project unless an appeal by the members was lodged immediately.

Following a brief verbal report on the project to the members by Rtn. Seaker, who also extended his sincere apologies for the delay in submitting it, all members present gave their support upholding the Board's decision to erect a recreation centre as our Club's first community service project.

The project as decided upon by the majority will be called the North Point Recreation Centre, sponsored by the Rotary Club of Hong-kong Island East.

At the suggestion of members, a special committee known as the Recreation Centre Committee was immediately formed to go into the various aspects of the project. The Committee is specially empowered to make decisions on behalf of our Club in connection with the recreation centre project.

The following members were elected to serve on the Committee, which would appoint a Chairman from among its members, other than Rtn. Seaker, Chairman of the Community Service Committee:

Rtns. Tom Freeman, Seven Shih, Ron Bennett, Ben Lee, Seaker Chan, Jimmy Wu and S. L. Yuen (the last three are members of the Community Service Committee).

Attendance

Two regular meetings were held during the week under review in order to enable members to complete their discussions on the first Community Service project of our Club.

At the first regular luncheon on Wednesday, October 13, the birthday anniversary of Rtn. Alan Yin was recorded and banners of the Maga City Rotary Club, Philippines, and our Club were exchanged.

Twenty-four of our 28 members were present at this meeting, representing 85.74% as follows:

REMINDER

Friday, October 22, is the date of the Annual Charity Ball of the Rotary Club of Kowloon. It will be held at the Peninsula Hotel between 8.30 p.m. and 1 a.m. Cocktails will start at 7.30 p.m.

SUCCESSFUL FELLOWSHIP PARTY

Despite inclement weather with occasional drizzle, the first official fellowship party of our Club proved successful and very enjoyable. It afforded a truly wonderful opportunity to the families of our members to get acquainted.

The party, attended by some 60 persons, was held at Eucliff, through the courtesy of Mrs. Eu, on Monday, October 11.

The two photos appearing in this issue of *Tung Fong* were taken by Rtn. Jimmy Wu at the party.

PERSONALITY

Rotarian Y. C. Fogg

RTN. Y. C. Fogg, Chairman of our Attendance Committee, is incidentally a second "Y. C." our Club boasts of. We had the biography of "Y. C." Lee in our bulletin of July 13, 1954.

Rtn. R. C. Fogg

Y. C. Fogg is indeed a true representative of his classification — E d u c a t o r. Aside from running his school—Tung Chi College—the task of which would need the undivided attention of an average person, "Y. C." has also occupied the following positions concurrently in succession since 1949:

- Founder & Treasurer of the Overseas Chinese Education Association,
- Vice-President of the Council and Chairman of the Chinese Section, Hong Kong Teachers' Association,
- Committee Member of Hong Kong Private Chinese Schools Association,
- Committee Member of Syndicate and the Board of Control of the Chinese School Leaving Certificate Examination of Hong Kong,
- Committee Member of Wanchai Kai-fong Welfare Advancement Association,
- Member of the Board of Directors of the Confucius Hall,

Member of English Text Books for Chinese Schools Committee,

Member of Education Week Committee,

Member of School Coronation Committee,

Member of Committee of Chinese Studies of the Education Department of Hong Kong, etc.

Mr. Y. C. was born on September 20, 1909, in Nan Hai District, Kwangtung, China, and came to this Colony at the age of seven with his family. During the next 20 years while Y. C. Fogg was studying in private schools, Government Schools and finally at the Tutorial Institute and Ling Nan University, his late father, Mr. Kue Ting Fogg, a well-known building contractor and proprietor of Him Tai, was busy building important projects in the Colony, including the Typhoon Shelter off Yaumati, the old Central Market of Hong Kong, the Reclamation of Shanshuipo and many others.

In 1934, Y. C. graduated with honours from Lingnan University, and was conferred the degree of LL.B. by Lingnan University, and B.A. by New York State University.

If you wonder at the amount of energy and zest Y. C. shows in his work today, you need just go over the various activities he undertook during his college years to realize what a talented man he is:—Chairman of the Social Sciences Society, Secretary and Treasurer of the Dramatic Club, Editor of the Lingnan Weekly.

Furthermore, he was also English teacher for Lingnan Middle School. He taught for two years after his graduation, and then founded Tung Chi College in Hennessy Road, and later in Wanchai Road. At this period, he also founded the Teachers' Association of the Eastern District Schools and became one of the five standing Committee members.

When Hong Kong fell into Japanese hands, he took his family to Macao. Here again, his seemingly unlimited energy enabled him to take two teaching jobs at two different middle schools,

and run a small restaurant as well in order to support his family of ten.

After V-J day, he came back to this colony and rebuilt Tung Chi College at 15A Kennedy Road and later took up the manifold duties of his exceptional career as described above.

Before we close this brief biography of Y. C. Fogg, we must congratulate him on the scholastic achievement by his eldest son, Ka Lun, age 22, who graduated from Michigan University, U.S.A., in January, 1954. In addition to the degree of B.C.E., he was also awarded a scholarship of US\$1,500 for further studies in the post-graduate school of the Michigan University.

Any father can be justifiably proud of such a son! The rest of Y. C.'s family consists of his Rotary-Anne, who is a graduate of St. Holy Spirit School, three daughters and two sons, younger than Ka Lun. With the exception of the eldest daughter who graduated from Tung Chi College in 1952, and is now studying education in Chung Chi College, the four younger children are all in Tung Chi College.

(By Seven Shih)

THIS WEEK'S . . .

. . . programmes of other member Clubs in the Colony are as follows:

HONG KONG (Tuesday):

Speaker: Hon. Mr. U. Raschid,
Minister of Housing and
Labour, Burma

AN APPEAL TO ALL ROTARIANS

THE President, officers and members of the Hongkong Island East Club should be deeply grateful for the guidance and support of all the senior Rotarians in the Colony in connection with the forthcoming Charity Ball to be held at The Ritz Garden on Friday, November 26.

The proceeds of the Ball would go towards the erection of a Recreation Centre in North Point. It is the first community service project of the Colony's six-month-old "baby" Club which looks forward to the senior members of the Rotary Clubs of Hong Kong, Kowloon and Island West for help to make our maiden "Ideal of Service" test a success.

During the week, appeal letters to all Rotarians in the Colony will be sent out by the Advertising, Donation and Ticket Sub-Committees of the Annual Charity Ball Committee. It is earnestly hoped that members of other Clubs will response most generously to our Appeal.

As time is running short, members of other Clubs are specially requested to response to our Appeal as quickly as possible.

It is anticipated that about 100 prizes, including a refrigerator for the first prize and a gold watch for the second prize, will be avail-

able for distribution to lucky donation ticket holders.

Donation tickets are \$2 each, and dinner tickets \$25 per person. A full-page (6" x 9") advertising space in our Souvenir Programme is \$100 and a half-page space (6" x 4 1/2") is \$60.

Rotarians of other Clubs in the Colony who wish to contribute and help us either in the form of taking up advertising space in the Programme, donating a prize, and/or purchasing donation and dinner tickets, may contact the following:

Henry Chang (Tel. 20095 or 70086), Seven Shih (Tel. 33141) or F. Y. Chen (Tel. 73613) for advertising space.

S. L. Yuen (Tel. 26032 or 37446) for prize donations or donation tickets.

Edwin Tao (Tel. 70109) for dinner tickets.

They may also contact President John Yuen and Asst. Secretary Miss Katherine Soo (both Tel. 38016) and Tom Freeman, Chairman of the Annual Charity Ball Committee (Tel. 73211) for any of the above requirements.

We appeal to all Rotarians to help us realise our first project by direct or indirect support for which we sincerely thank them in anticipation.

PLEASE NOTE

Hon. Secretary Pat has reminded us at the last meeting that starting from next week members should wear tie and jacket at all future meetings as the heat of the summer is now over.

Rtn. Pat also advised members to put on their Sunday best at tomorrow's meeting because we are going to take another group photo.

At Rotary Last Week

TWO members, Rotarians Marshall J. Stayner and K. Y. Shang, were inducted by President John Yuen at our last regular luncheon meeting held at the Winner House on October 20. This brings the total membership of our Club to 30.

Rtn. Marsh was sponsored by Rtn. Henry Chang as his additional active (major: Printing and Publishing; minor: Periodical Publishing) and Rtn. Shang by President John. Rtn. Shang's classification is major: Metal Working Industry, and minor: Can Manufacturing.

Shortly after the meeting was convened, President John took the opportunity of their presence to thank Past President George Lin and Rtn. P. Y. Koo, both of our sponsor Club, for their valuable assistance in helping us organise our Club.

Rtn. Bill Nichol, Chairman of our Membership Committee, received a warm welcome from our members. He returned to the Colony on October 16—three days before our last meeting—from a six-week business tour which took him to France, Italy and the United Kingdom. He brought back the greetings and a bannerette of the Abbeville Rotary Club, which is about 100 miles from Paris.

A vote of thanks in the traditional Rotary manner was accorded to a non-Rotarian, Mr. H. J. Yapp, a colleague of Rtn. Henry for his constant help in bringing out our *Tung Feng* bulletin.

Major Dr. Sammy Lee, who addressed us at the meeting turned out to be one of the wittiest of the guest speakers we have had since the inauguration of our Club. His illuminating commentary while a colour movie of the 1952 Olympic swimming and diving events was being screened was interspersed with jokes (several against himself) that brought roars of laughter from the audience.

Major Lee, who is a general physician and an ear-eye-throat specialist, won the Olympic diving championships in 1948 and 1952. He is

making a goodwill tour of the world with his charming Chinese wife. Major Lee is of Korean race, but an American citizen. His parents migrated to the United States some 50 years ago.

In a brief talk before the screening of the movie, Major Lee recalled that his parents advised him: "Always be proud of your Oriental background without which you cannot be a good American". Major Lee, who is only about 5' 2" high, recalled that his father also advised him that if he wanted to be strong and healthy and to progress "you must use your head and your body". He wanted to be tall and strong, so he heeded his father's words and took up diving.

Referring to his success at the 1952 World Olympics, Major Lee said that one of the reasons for his winning the title was that three of the judges were from Iron Curtain countries. They were debating among themselves whether he was a North or South Korean and by the time they came to a decision it was too late.

The speaker was thanked by Rtn. Alan Yin, after which President John adjourned the meeting with the Toast to the Rotary International, associated with which was the Hawthorne Rotary Club in California, U.S.A.

Attendance

Twenty-five of our 28 members attended the last weekly luncheon meeting on October 20, representing 89.28% as follows:

Successful Kowloon Ball

A RECORD crowd of over 350 people surpassing that recorded at any of the six previous occasions attended the Seventh Annual Charity Ball of the Rotary Club of Kowloon at the Peninsula Hotel last Friday, October 22. It was so successful that it is anticipated that the Kowloon Club will have comfortably achieved its goal when the results of the proceeds become known in about a week's time.

The object of the function was to raise \$20,000 in aid of the Club's community service project for the 1954/55 Rotary Year which is to build a Boys' Hostel in Kowloon to help in the social welfare of delinquent youths—a very much needed service in our overcrowded city.

According to President Bill Grimsdale, the Boys' Hostel will be built on a piece of land to be granted by the Hong Kong Government. The exact location of the site has not yet been decided on by the authorities.

Starting with cocktails at 7.30 p.m., the crowd enjoyed themselves in small groups on the spacious L-shape balcony until 9 p.m., when Sergeant-At-Arms Inglis sounded the usual Rotary meeting signal and led them into the ballroom which was colourfully decorated with Rotary flags, bannerettes, etc., which gave the event an international atmosphere.

At the official table with Pres. Bill and Mrs. Grimsdale were Pres. and Mrs. W. V. Pennell of the Hong Kong Club, Pres. and Mrs. H. C. Fung of the Island West Club, Pres. John Yuen of the Island East Club and his daughter Mary, Rtn. and Mrs. Henry Chang of the Island East Club, Lt.-Col. and Mrs. C. D. W. K. Greenway, Mr. and Mrs. H. Haitmeyer and Mrs. W. Ramsay-Main.

The Master of Ceremonies Rtn. J. Moodie, introduced the guest artists. He presented Tina Laine, soprano, who was loudly applauded and

RECREATION CENTRE COMMITTEE MEETINGS

Three meetings of the Recreation Centre Committee, newly-appointed to finalize preparations for the our first community service project, were held last week.

At the first meeting on Monday, Oct. 18, Rtn. Ron Bennett was elected Chairman of the special Committee and Rtn. Jimmy Wu as the Hon. Secretary.

The other two meetings were held on Thursday and Friday (Oct. 21 and 22), at one of which the Committee discussed various related matters with the representatives of the North Point Kaifong Association.

who had to render four numbers in response to the audience's repeated encores; Kalpana, Indian classical dancer; Marie Budd, torch singer; and Bert Gilette, organist.

The Argentine Consul, Mr. Juan Carlos Ripetta, and Mrs. Ripetta gave a tango exhibition.

In a Fashion Parade, lasting 45 minutes, outstanding fashions from leading London houses were modelled by graceful mannequins of amateur status but with professional poise.

Organised by Mrs. E. W. Clemo, assisted by Mrs. W. G. Robertson, the show was very well received. Sports wear by Teddy Tinsling were the opening numbers, including a dazzling outfit in Hawaiian mood. There was also a Grandma blouse in red flannel, with tartan pantelettes.

There were attractive outfits and a black wool grosgrain coat was one of the smartest in the show. Among the many exquisite ballgowns shown, the most admired was a Chinese model in frothy white nylon and lace tulle, surmounted on white satin. This was encrusted with crystal paillettes, and was not leg-revealing, contrary to the prevailing fashion. A Chinese wedding dress, and the European counterpart, demurely sprinkled with seed pearls, were very warmly applauded.

Models wore jewellery designed by M. Christian Dior, specially flown out for the occasion.

The mannequins were Hilary, Amber, Lily, Michelle, Elizabeth, Vera, Vickie, Ira, Nina, Jane and Sam.

The Programme Committee should be congratulated for arranging the most successful programme of the evening, which delighted everyone at the function.

Introducing A New Member

RTN. MARSHALL J. STAYNER was born in Barrington, Illinois, U.S.A., in 1923. He attended the Barrington Public School,

Rtn. Marsh

graduating at the head of his class at the age of 16. Four years later, in 1942, he completed his university education at the Iowa State College, earning for himself a Bachelor's degree in Architectural Engineering with the highest honours.

In the same year, Marsh started his advanced studies towards a Doctor's degree in Theory of Mathematics at Northwestern University, but his studies were interrupted by the Second World War when he was called upon to join the United States Marine Corps. After completing his military training at home, he was later sent overseas and served in the South Pacific as well as the Western Pacific.

When the Japanese surrendered in 1945, he was assigned to China and was with the Marine Corps at Tsingtao until his discharge from military service in 1948. During his few years of service in the Marine Corps, Marsh rose steadily and quickly from a private to the rank of Master Technical Sergeant, and developed the theory of temperature navigation which is now widely used by the commercial aviation industry as well as by the military in the field of guided missiles through pressure application.

Upon becoming a civilian, Marsh joined General Chenmault's Civil Air Transport as a co-pilot and was later promoted to pilot. When the Communists started the civil war in China, Marsh played a big part in air-lifting much-needed military, medical and food supplies to Nationalist garrisons, such as to General Yen Hsi-shan's troops at Taiyuan in Shensi.

While in the Civil Air Transport, he moved from co-pilot to Chief of Statistical Control, then Operation Manager of Northwest China for the provinces of Sinkiang, Kansu, Ninghsia, Tsinghai and Suiyuan. Later he became Assistant to the Executive Vice-President in charge of petro-

leum, oils and lubricants at CAT's head office in Canton. With the major reorganization of CAT in late 1948, Marsh was promoted to the position of General Assistant to the Executive Vice-President and concurrently head of the Research, Statistics and Reports Service Division.

In February 1950, Marsh started his publishing career when he purchased "The Orient" magazine from Rtn. Henry Chang and his associates, and since then he has been struggling very hard working an average of 15 to 17 hours daily in order to put the company on its feet.

He is the President of the Orient Publishing Company in which his sponsor, Rtn. Henry is the Manager. Marsh is also co-Director with Rtn. Henry of a Chinese daily newspaper, the *New Life Evening Post*. It is believed that Marsh is the first American in Hong Kong to have financial interest in a Chinese newspaper, and one of the few American publishers in the Far East.

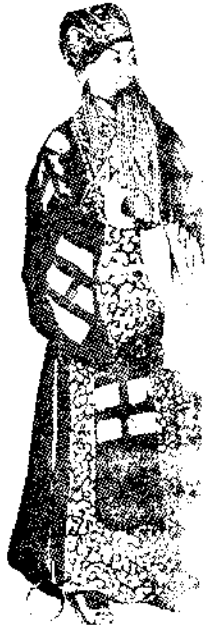

Marsh loves China; he wants to serve the Chinese people and make his permanent home in the East. It is sincerely hoped that he will not change his mind of his own accord or through the influence of his future better-half, or for any other reason. He is the third member of our Club who is still a bachelor. It is likely that he may soon join the ranks of the rest of us 27 members since all indications are that he may bring back with him a bride from Tokyo when he makes his forthcoming trip to Japan.

Always willing to help others whether they be his clients, competitors, employees or friends, Marsh no doubt will be a good Rotarian carrying in his heart our motto: Service Above Self.

(The Editor hopes to introduce the other newly inducted member, Rtn. K. Y. Shang, in the next issue of "Tung Feng".)

REPLY TO KLN- ROTARIAN

The Editor wishes to thank you for a copy of your letter, dated Oct. 14 and addressed to the President and Directors of our Club in connection with the status of a new member. The matter is being investigated and your letter may be published in our bulletin if you would be kind enough to forward your name and address.

NOVEMBER 2, 1954

PRES. JOHN ADOPTS MANILA "STRATEGY"

WHEN Pres. John visited the Philippines about a month ago, he not only participated in the fellowship of the Manila Rotary Club, he also observed, among other things, a unique method employed by Manila Rotarians to swell their Community Service Fund.

At our last weekly luncheon meeting on October 27 at Winner House, Pres. John experimented with the Manila "strategy". The result was most rewarding to our Community Service Fund which was increased to HK\$5,187 by a collection of HK\$295.

The greater portion of the HK\$295 was credited to the success of the Manila "strategy", which involved Mr. Wallace Harper, father of our guest-speaker, and Mr. Alex Harvey both of whom were singled out by Pres. John in his speech welcoming visiting Rotarians and guests.

Pres. John recalled that during the Sino-Japanese hostilities prior to the outbreak of the Pacific War, he bought from Mr. Harper over 2,000 trucks which were transported to the Chinese Government on the famous Burma Road. He also recalled that through his introduction many years ago in Shanghai, our newly inducted member, Rtn. K. Y. Shang, succeeded in selling a lot of his products to Mr. Harvey.

Those incidental recollections by President John, coupled with a hint (Manila "strategy"), induced both Mr. Harper and Rtn. K. Y. to voluntarily offer "outstanding commissions due" to our President in the form of handsome contributions to our Community Service Fund.

Coming as the guest of one of our members, Rtn. Gin Sa, of our sponsor Club, also made a contribution in lieu of payment for his lunch.

Asked by our President, Rtn. R. J. Newton of the Kowloon Club said that it was his first visit to our Club and promised that he would endeavour to visit us more often in the future.

Due to his absence on leave in Malaya, Rtn. Joseph Fung's birthday anniversary was not recorded at our last meeting. Sergeant-at-Arms Ben Lee, however, instructed the Editor to make a special mention of it in our Bulletin, through which members of our Club send our "Happy Birthday" greetings to Joseph.

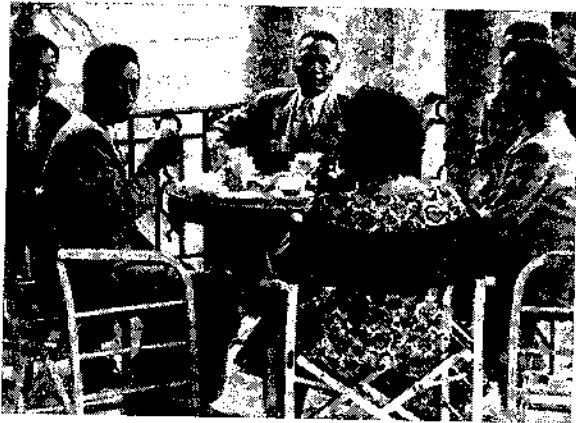

Introduced by President John, Rtn. Bob Harper of the Hong Kong Club, told us a very interesting story of the motor car business since its beginnings, through its growth under the influence of such men as the late Henry Ford to its present state--one of the most important factors in the progress of our 20th Century civilisation.

Next Meeting: November 3, 1954

Speaker: Mr. F. A. Ewins, of the Hong Kong Police

Subject: Ballistics

MORE FELLOWSHIP PARTY PHOTOS

Two more photos taken by Rtn. Jimmy Wu at our last Fellowship Party at Eucliff are reproduced above. Left shows President John Yuen with his guests at tea time, while in the other is Mr. Sterling Fisher (extreme right) of the *Reader's Digest* from Tokyo being conducted by Rtn. Marsh on sight-seeing through Eucliff.

Entitled "Why I Choose the Car Business", Rtn. Bob vividly described the ingenuity of the late Henry Ford in the mass production and development of the average automobile which contributed tremendously towards the day-to-day transportation requirements of the human being.

He also told us of other interesting aspects relating to the world's largest, fastest, quietest and most expensive cars. With reference to the first car ever built in the world, Rtn. Bob said that it was difficult to be accurate, though there was a story of a French artillery officer who around 1760 was said to have built a steam car which blew up after running a few yards.

In conclusion, Rtn. Bob related the part which his father, Mr. Wallace, and himself played, with such pleasure, in the overall drama of the motor car business.

REMINDER TO MEMBERS

MEMBERS of our Club are reminded once again that the 120-page Souvenir Programme of our forthcoming Annual Charity Ball will soon go to press.

Those who have not yet responded to the Advertising Sub-Committee's appeal, are requested to send in the copy/block of their advertisements to Rtn. Henry Chang as soon as possible—not later than November 6.

The Advertising Sub-Committee wishes to thank Rtns. "Dragon" Y. L. Nie and Y. F. Chen for having sent in eight and six pages of advertisements, respectively.

The speaker was appropriately thanked by Rtn. Marsh Stayner, a newly inducted member, after which President John adjourned the meeting with the Toast to Rotary International associated with which was the Rotary Club of Rangoon.

ATTRACTIVE DONATION PRIZES

MANY attractive and valuable prizes, including a seven-cubic-foot refrigerator, a gold watch and two complimentary Hongkong-Tokyo return air tickets are among the many prizes which will be distributed to lucky holders of Donation tickets to be drawn at our Annual Charity Ball on Friday, November 26.

According to Rtn. S. L. Yuen, Chairman of the Donation Sub-Committee, the donation prizes received to date from the public and from Rotarians throughout the Colony exceed more than \$6,000 in value.

You have a good opportunity to win a prize for yourself and at the same time contribute to a worthy cause—in helping us to raise sufficient funds for our first community service project. It is only \$2 a ticket.

Thank You!

The Rotary Club of Hongkong Island East wishes to express their gratitude to the following Rotarians and companies for their support with advertisements or donations, received up to last Saturday (Oct. 30), in connection with the first Annual Charity Ball of the Colony's six-month-old "baby" Club:—

Hong Kong Club: Rtns. Guy T. Harden, Bill Harper, K. K. Tsu, G. M. Hughes, F. X. Cleary, C. C. R. Shekury and J. C. Hsia.

THIS WEEK'S . . .

. . . talk at the Hongkong Island West Club will be given in English instead of the usual Cantonese dialect. This and the programmes of other member Clubs in the Colony during this week are as follows:

HONG KONG (Tuesday)

Fellowship Meeting

KOWLOON (Thursday)

Speaker: Mr. J. B. Kite
Subject: Chambers of Commerce

ISLAND WEST (Friday):

Speaker: Dr. Howell Jones
Subject: Relation between the Heart and High Blood Pressure.

Introducing Our 30th Member

UNTIL recently we had only one grand-father in our ranks. Today, we have two—President John Yuen and Rtn. K. Y. Shang, the latter being our 30th member, inducted a fortnight ago. No doubt, we all are very proud to have a second grand-father in our midst.

Rtn. K. Y. Shang

Rtn. Shang was born in Shanghai in 1895. After graduating from Chao Tung University, famous for its "output" of railway administrators, Rtn. K. Y. turned his attention to industry. In 1922, he founded the China Can Company which specialised in tin lithography and can-making, then a totally new industry in

China. With President John helping in administration and sales promotion, the China Can Company progressed steadily as the years went by.

Rtn. K. Y. is believed to be one of the few industrialists in China to have conceived as early as 30 years ago the idea of operating industries scientifically. Working with untiring effort and supported by his associate, K. Y. maintained strict discipline among his workers and introduced welfare benefits, such as free medical treatment and recreation facilities for his workers, which practices were then also new in China and which earned himself immense popularity among his staff.

He came to Hong Kong before the Communists took control of Shanghai, and re-organised the Hong Kong branch factory of his company into an independent Hong Kong incorporated firm of which he is the Managing Director, and President John a co-Director.

Rtn. K. Y. is a Christian. Riding is one of his popular hobbies.

THE ROTARIAN REPORTS ON H.K. TWINS

The October issue of "The Rotarian" carries a full-page report on the birth of the Twin-Clubs in the Colony last May, accompanied by three photos showing the Presidents of the Rotary Clubs of Honabony Island East and West, the 55 Charter members of the two Clubs and Rtns. Tom Freeman and Y. C. Fong at the Charter Night attendance table.

The report gives an account of the historical background of the Rotary movement in China and Hong Kong.

Manila President Opposes Woman Membership

Rotarian Eugenio ("Gene") Puyat, President of the Rotary Club of Manila, said recently that there was no need for women to be in Rotary Clubs because there were already women's clubs and civic bodies where women were outstanding, according to a news agency report from the Philippines capital.

Rtn. "Gene" made the above statement when asked to comment on the suggestion by Miss Philomena Samuel, 22-year-old Singapore law student, that women should be admitted to membership in Rotary Clubs (refer to Oct. 12th of *Tung Fung* for Miss Samuel's suggestions).

"Personally," he said, "I say women should not be mixed up with Rotary Clubs. For them to be admitted into Rotary would be like admitting me into the Y.W.C.A. It would be awkward."

Rtn. "Gene" suggested instead, the establishment of "Inner Wheel" clubs by wives of Rotarians such as had been done in the Philippines where the Inner Wheel members were called "Rotary Annes".

Inner Wheel clubs could be established in Malaya, he said, and the Rotary Annes there could take care of community interests that the Rotarians might overlook.

NOVEMBER 9, 1954

TWO VIPS CELEBRATE BIRTHDAY ANNIVERSARIES

THE birthday anniversaries of three members, including two VIPs of our Club, were recorded and celebrated at our last regular luncheon meeting at Winner House on November 3. Led by song-master, Rtn. Alan Yin, all present sang "Happy Birthday" greetings to President John Yuen and Hon. Secretary Pat Cha. The third member whose birthday anniversary was also noted was Rtn. Y. C. Lee but

due to his absence from the meeting, members say "Many, Many Happy Returns of the Day" to Y. C. through the medium of this Bulletin.

Four stands designed by Rtn. "Dragon" Y. L. Nie for displaying the miniature flags of some 60 nations outside the "Iron Curtain" countries throughout the world made their first appearance at the meeting. President John said that Rtn.

We are Now 29 Minus 2 On Leave

Our membership today totals 29. The above is the most recent photograph of 27 of our members. The two on leave are Rtns. Joseph Fung and K. S. Chang.

"Dragon" was now designing a special plastic board to list the names of the officers and chairmen of the various committees of our Club. When completed, the board measuring about two feet by four feet will be displayed at future meetings.

By a curious coincidence, our guest speaker, Mr. F. A. Ewins, Police Ballistics Officer, who issued a warning on the danger of war relics still undiscovered in the Colony, was, less than 48 hours later, called upon to remove a live 375-pound Japanese armour piercing shell from a hill only 50 yards from our meeting place.

A grim reminder of the Japanese attack on Hong Kong 13 years ago, the shell came to light last Thursday night (November 4) when workmen excavating the hill in Cheung Hing Street, next to Winner House, discovered it buried deep in red clay. Mr. Ewins skilfully removed the shell the following morning after several hours of hard work, and had it subsequently loaded on to a Marine Police launch and dumped in deep waters near Cheung Chau Island.

In his talk on "Ballistics", Mr. Ewins explained many interesting aspects of firearms and missiles, ranging from revolvers to shells and bombs. Under microscopic examination, he said, there were no two things alike in the world. They were only similar, not identical. Because of this basic theory, the speaker added, it was most important to check the bullets seized by the Police in a robbery or a murder case in order to do justice to both the victim and the accused.

As a Ballistics Officer, Mr. Ewins said that some of his duties dealt with explosives and the removal of war relics discovered in the Colony. War relics, he said, could be very dangerous if not properly and expertly handled when discovered. He warned and urged the public to report immediately to the Police such discoveries.

Mr. Ewins also urged the public to call for his assistance should they find difficulty in handling explosives for blasting and other construction works. He disclosed that there were many illegal manufacturers of fireworks in Hong Kong apart from the only licensed fireworks manufacturer (Editor's note: this manufacturer appears to be the Kwong Man Lung Firecracker Factory owned by Rtn. Tommy Chan of the Island West Club). As the existence of illegal fireworks factories could aggravate fires which occurred in a squatter area, Mr. Ewins requested the public to report such cases of illegal manufacturing of fireworks to the Police.

NEXT MEETING

Mr. J. D. Romer of the Hong Kong Government will exhibit various kinds of snakes to our meeting tomorrow when he gives a talk on "Snakes in the Colony of Hong Kong".

Thanking the speaker on behalf of our Club, Rtn. Seven Shih recalled his 15 years of happy association with Mr. Ewins in the Shanghai Police Force, and vividly described the dangerous tasks performed by Mr. Ewins as a Ballistics Officer in Shanghai. Rtn. Seven spoke highly of the speaker's expert knowledge of ballistics and said that if it were not for Mr. Ewins' assistance, a time bomb placed at one bank in Rtn. Seven's police territory in Shanghai would have exploded, perhaps resulting in injury to persons and the collapse of the bank building. Rtn. Seven said that time bombs planted at two other banks not in his territory exploded and the buildings of the two banks were heavily damaged. These could have been avoided had the discoveries of the time bombs been made earlier and Mr. Ewins notified in time.

The meeting was adjourned by President John with a Toast to Rotary International coupled with which was the Rotary Club of Bangkok.

Attendance

Twenty-two of our 30 members were present at our last regular meeting on November 3, representing 73.33% as follows:

CONGRATULATIONS!

On the occasion of the 8th Anniversary of the founding of Civil Air Transport, its President, Mr. A. T. Cox, recently awarded a Five-Year Service Pin to our member, Rtn. Tom Freeman, who is a Director of our Club and concurrently Chairman of both the International Service and Annual Charity Ball Committees.

Thank You!

The Rotary Club of Hongkong Island East wishes to acknowledge with sincerest thanks the donations and advertisements received during the week ending November 6 from the following Rotarians and companies in connection with the first Annual Charity Ball to be held at the Ritz Garden on Friday, November 26:—

Board's Meeting

SEVERAL decisions, including the acceptance of the resignation of a charter member and the withdrawal of the Board's earlier approval of two new members, were made at a meeting of the Board of Directors last Friday (November 5). The meeting, held at Winner House, was attended by President John Yuen and Rtns. K. C. Goh, "Dragon" Y. L. Nie, Tom Freeman, S. H. Ma, Bill Nichol and Henry Chang.

The minutes of the previous meeting of the Board held on October 1 were confirmed with one minor modification.

The Board's earlier approval accepting Messrs. C. S. Wong and W. Dayaram as members of our Club was withdrawn because their status, in some respects, did not fulfil classification requirements.

A special tribute was accorded to Rtn. Tom Freeman, Chairman of the Annual Ball Committee, for efficiency in mapping out and speeding up preparations for our first Annual Charity Ball to be held at The Ritz Garden on November 26.

The discussion on inviting certain persons to be Honorary Members of our Club was deferred until a later date.

Plans were discussed for making the regular meeting on February 23, 1955, a real success, since as many as 200 Rotarians in the Colony and from Macao are expected to attend our meeting on that day—the 50th Birthday Anniversary of Rotary International.

Rtn. Tom Freeman, Chairman of our International Service Committee, was authorised to approach various Consulates in Hong Kong for donation of their national flags for display at that meeting, while Rtn. "Dragon" Y. L. Nie was requested to study the seating arrangements, decorations and other matters relating to this historic meeting.

The resignation of Rtn. Y. C. Lee was accepted with much regret. Y. C. resigned from the Dah Chung Industrial Co., Ltd. in our territory and is now with the Siber Hegner & Co., Ltd. in the Central District. A letter from Y. C. sends his best regards to all our members. We wish him every success in his new undertaking.

\$2 For \$2,500!

No fooling! Among the prizes you may win for a \$2 Donation Ticket in aid of our Community Service Project are two Hongkong-Tokyo return air tickets, donated by Civil Air Transport. The value is \$2,500.

There are also many, many more other valuable prizes for distribution to lucky Donation Ticket holders; these include a Hongkong-Manila return air ticket, donated by Cathay Pacific Airways Ltd., a 7½ cubic-foot Crosley Shelvador refrigerator and a gentleman's Marvii automatic 18k gold wrist watch.

All in all, donations and prizes received up to November 6 are valued at \$8,000. More are coming in and their total value should easily reach \$10,000.

So, buy more tickets for more chances to win one or more of the prizes for yourself and your family.

West's Flag For Hong Kong

President H. C. Fung of our sister club, Hongkong Island West, presented his Club's bannerette to the Sponsor Club last Tuesday, November 2, 1954. The presentation was accorded a warm applause and appropriately acknowledged with remarks of appreciation by President Penn.

Later on in that fellowship meeting, Rtn. C. T. Wang was called upon to make a report on the Club's standing with regard to the Rotary Foundation. Rtn. C. T. said that the present picture was very encouraging and urged the newly inducted members to make their contributions soon. He further suggested that the Club should make it a point to collect contributions to this worthy cause from new members immediately after their induction.

Sergeant-at-Arms Colin Ure had a very fruitful day, because Past President Kwok Chan came along to help by naming all Rotarians at the meeting. All Rotarians were asked to make deposits to the Brown Boxes when they were correctly identified, and Rtn. K. C. didn't miss a single one--not even the guests. (By Pat Chu)

News From Near And Far

HONG KONG ISLAND WEST CLUB has lost two of its charter members, Rtns. Pua Chun-Ming and George Young, who have resigned on account of pressure of work.

TAIPEH CLUB, under the leadership of Pres. E. T. Tsu, has introduced the singing of the Chinese National Anthem at its regular meetings. It may be recalled that Pres. E. T. learned this novelty whilst attending the last R.I. convention in U.S.A.

PROVISIONAL ROTARY CLUBS OF PINGTUNG AND HSINCHU, both in Taiwan, have been recently organised and inaugurated, thanks to the efforts of President E. T. Tsu of the Taipei Club and Rtn. Charlie T. F. Wei, R.I. Administrative Adviser for Taiwan, Hong Kong and Macao.

KAHSIUNG CLUB has started plans to build its own Club House on a piece of spacious land in a suburb of the city. The land was donated by Rtn. C. C. This is perhaps the first time in the history of the Rotary movement in China that a Rotary Club will have its own Club House.

ROTARY TODAY has 8,380 Clubs with a total membership of 392,000 Rotarians, according to statistics of October 25. Altogether 74 new Clubs in 33 countries were chartered since July 1, 1954; 18 of them received their charters in the month between September 29 and October 25.

THIS WEEK'S

programmes of other member Clubs in the Colony are as follows:

ENJOYABLE PROGRAMME ASSURED FOR NOV. 26

THANKS to the efforts of President John Yuen, Hon. Secretary Pat and Miss Shirley Dee, Secretary of Rtn. Bill Nichol, a very enjoyable and entertaining programme for our first Annual Charity Ball is now assured.

The night's programme will include two special songs by Miss Alice Lee, popularly known as the "Nightingale of the Orient", several classical Indian dance numbers by Miss Kalapana, and the appearance of 10 popular Chinese actresses depicting 10 historical Chinese beauties in ancient customs. It is believed that the depiction of the 10 historical Chinese beauties will be the first ever to be publicly organised in Hong Kong.

It is encouraging to note that Rtn. Charlie T. F. Wei, Rotary International Administrative Adviser for Hong Kong, Kowloon, Macao and Taiwan, will make a special trip to the Colony from Taipei to attend the Charity Ball which will be held at The Ritz next Friday, November 26, from 8 p.m. to 2 a.m. We hope that Mrs. T. F. Wei will also be able to come here and to enjoy the evening with us.

According to available information, Rtn. T. F. is expected to arrive here aboard a CAT airplane in time to attend the regular meeting of the Hong Kong Club on Tuesday, November 23,

and to address us at our weekly meeting the following day. After participating in the meeting of the Kowloon Club on Thursday, he will proceed to the Portuguese Colony the same afternoon by s.s. Tai Loy in order to attend the regular meeting of the Macao Club that evening.

The R.I. Administrative Adviser will return to the Colony from Macao aboard the same ship on Friday morning and attend the meeting of the Island West Club at noon. He will wind up his Rotary activities that evening by attending our first Annual Charity Ball.

It has now been arranged that a meeting of the Joint Chairmen of various Clubs' Golden Anniversary Committees be held at the Gloucester Hotel at 5.30 p.m. on Nov. 24, so that the R.I. Administrative Adviser will be able to attend.

Latest indications are that over 350 Rotarians, their ladies and friends are expected to be present at our Charity Ball, the entire proceeds of which will be for our Club's first Community Service Project.

Reservations are now open and members of our Club and fellow Rotarians of other Clubs are requested to make their table reservations through Rtn. Edwin H. C. Tao (Tel. 70109) or Rtn. Seven S. C. Shih (Tel. 33141).

Next Meeting: November 17, 1954
Speaker: Mr. K. Keen, Social Welfare Officer.
Subject: The Work of the Social Welfare Office.

That's The Spirit!

In lieu of taking up his quota of two pages, though not compulsory, Rtn. H. C. Yang has kindly offered \$200 instead of \$100 for a full-page of advertisement in the Special Souvenir Programme of our first Annual Clarity Ball. We thank you, Rtn. H. C., for your wonderful Rotary spirit.

At Rotary Last Week

VICE-PRESIDENT K. C. Goh underwent a severe Fellowship "test" at our last regular meeting on November 10, when he was asked by Pres. John Yuen but failed to name almost 20% of the other members present. As a result, he had to contribute handsomely toward our Community Service Fund for each of the five unnamed members. Members also joined K. C. by each putting contributions into the Red Box.

At the same meeting, the birthday anniversary of Rtn. Y. F. Chen was noted and Rtn. K. S. Chang was welcomed back from his recent visit to Malaya.

Four tamed live snakes were shown to us by Mr. J. D. Romer, Pest Control Officer of the Hong Kong Government, when he told us an educational and interesting story on "Snakes in the Colony of Hong Kong".

The snakes showed great friendliness toward those who cared to handle them by crawling up and down their arms and shoulders and around their necks. In turn, they treated the snakes with respect.

Our Sergeant-at-Arms Ben Lee who had had been bitten by a snake, however, looked upon them with something close to fear saying that those who had not been bitten by a snake did not know what snakes really were.

In his talk, Mr. Romer said that snakes in the Colony of Hong Kong (Serpentes or ophidia), were represented locally by 31 species (in about 30 different genera) of land snakes in addition to three species (in three different genera) of sea snakes, semi-aquatic, terrestrial, scansorial and fossorial species, he said.

The speaker explained that snakes were divided according to the nature and disposition of their teeth into the following:

1. Aglypha: Non-venomous snakes having only solid teeth;
2. Apisthogypha: Usually mildly venomous snakes with poison fangs in the rear of the upper jaw;
3. Proterogypha: Venomous and highly venomous snakes with fangs in the front of the upper jaw;
4. Solenogypha: Venomous and highly venomous snakes having greatly specialized hinged fangs in the front of the upper jaw.

The most common poisonous snake in the Colony, said Mr. Romer, was the "Cheng Tsuk Se" or the bamboo snake.

The large constrictors, boas and pythons were not poisonous. However when they grew to over 10 feet in length they became dangerous and an untrained man would find difficulty in struggling with them.

"The largest specimen, to my knowledge, is the Indian python, one of which was killed on The Peak in September 1949," stated the speaker.

Mr. Romer dealt with the general habits of snakes, commenting briefly on breeding, "sloughing" or changing their skins, and hibernation. He said that some snakes thrived in captivity and could be tamed easily.

The speaker was thanked by Rtn. Ron Bennett, after which President John adjourned the meeting with a Toast to Rotary International, associated with which was the newly-inaugurated Rotary Club of Hsinchun in Taiwan.

THIS WEEK'S

programmes of other member Clubs in the Colony are as follows:

HONG KONG (Tuesday):

Speaker: Rtn. G. E. Marden, past Rotary International Director

Golden Anniversary Latest

THE first joint meeting of members of the different Rotary Clubs in Hong Kong delegated to serve on the Joint Golden Anniversary Sub-Committees, was held at the Peninsula Hotel last Friday evening (Nov. 12). It was presided over by President Penn, assisted by Hon. Secretary Gin Su, both of the Hong Kong Club. Rotary-Anne Colin Ure was very kind to be present to record the minutes of the meeting.

After Rtn. Gin Su had recalled the minutes of the last meeting (Sept. 24) and explained the purpose of the present session, President Bill Grimsdale of the Kowloon Club explained that it would be difficult for his Club (in view of the heavy commitments in their own 1954/55 Community Service programme) to contribute on a *pro rata* basis towards the expenditure should the joint function suffer a serious deficit. He, therefore, requested that the amount of contribution towards such deficit by each Club be fixed and made known so that his Club could make a decision.

Alan Is Leaving

Rotarian Alan Yin is due to board a Dutch steamer for Malaya today (Tuesday). He will be away for a few months to instal air-conditioning systems on behalf of his company in several theatres in Malaya. His Rotary-Anne, Cecilia, will join him in Malaya in about one month's time.

President Bill's point was, however, settled immediately after President Penn, Chairman of the Joint Golden Anniversary Committee, made certain clarifications. Expressing optimism over the amount anticipated to be raised through various joint functions, President Penn said that the figure of \$50,000 was only tentatively fixed to guide the Joint Project Sub-Committee in its consideration of a joint project. The actual amount required for the joint project will become known once the particular Sub-Committee recommended a specific project to be undertaken jointly during the Golden Anniversary Year by all the Clubs.

President Penn further indicated that the Hong Kong Club, being fortunately in a better financial position, should be able to contribute more towards any deficit, especially so when it has no special community service programme of its own this year. He, however, requested that each Club should name a certain amount which it would be able to contribute in case of deficit.

President H. C. Fung, of the Island West Club, said that the South China Athletic Association would soon instal its flood-lighting and that the possible use of their stadium for our joint functions should also be included in our consideration. He pointed out that the S.C.A.A. stadium could accommodate 20,000 people, or approximately 5,000 seats more than the Hong Kong Football Club ground. The meeting resolved to authorise President H. C. to negotiate with both the South China Athletic Association and the Hong Kong Football Club.

The meeting further decided that a football match in aid of our joint project would be definitely held next year and that 100 VIPs and an equal number of their ladies would be invited to the Joint Ball to be held at the Peninsula Hotel on February 26, 1954. (Cont. on next page)

(Continued from previous page)

After the general session, members of various Sub-Committees immediately convened separate meetings at which preliminary discussions concerning their respective activities were held and a Chairman of each Sub-Committee was appointed.

The following Rotarians were elected with their members to serve on the various Sub-Committees:

BANQUET OR BALL:

C. F. Wood (Chairman) and F. T. Melwani of Kowloon.
John Blitz and B. C. Field, of Hong Kong.
Ben Lee and Bill Nichol, of Island East.
T. Y. Lo and Tommy Chan Moon Tong, of Island West.

FESTIVAL:

A. Brown (Chairman) and Joe Wolfe, of Hong Kong.
W. S. T. Louey and Fred Clemo, of Kowloon.
K. S. Chang, Ron Bennett and S. C. Shih of Island East.

Tse Yu Chuen and K. S. Lo of the Island West.

It was decided that three members, instead of two, from each Club should serve on the above Sub-Committee. We have already named three, but the names of the third members of other Clubs to be on this Sub-Committee will be made known later.

INVITATION TO VIPS.:

Fung Ping Fan (Chairman) of Hong Kong.
W. T. Grimstale of Kowloon.
Jimmy Wu (Secretary) of Island East.
C. N. Li of Island West.

INTER-CLUB VISITS:

A. de O. Sales of Hong Kong.
E. J. S. Tsn of Kowloon.
Y. C. Fogg and S. H. Ma, of Island East.
Kaau Se-leuk of Island West.

No Chairman was appointed at last Friday's meeting. This Sub-Committee will convene another meeting on November 17.

HISTORY:

F. I. Tseung (Chairman) of Hong Kong.
Lim Hoy Lan of Kowloon.

K. C. Goh (Secretary) of Island East.
P. C. Chang of Island West.

GOLDEN ANNIVERSARY JOINT PROJECT:

S. H. Pang (Chairman) of Hong Kong.
E. Joffe of Kowloon.
Speaker K. Chan of Island East.
Li Shu-Fan of Island West.

PUBLICITY:

K. T. Wang (Chairman in charge of the English section) of Island East.
H. N. Tang (Chairman in charge of the Chinese section) of Island West.
Golin Ure of Hong Kong.
E. Joffe of Kowloon.

Thank You!

The President, Officers and members of the Rotary Club of Hongkong Island East wish to express their gratitude to the following Rotarians and companies for their advertisements, contributions and/or donations sent in during the week ending November 13 in support of our Club's first Annual Charity Ball to be held at The Ritz on Friday, November 26:

HONG KONG CLUB: Rtns. G. E. Marden and Ja Sau Fan

T. F. WEI TO ADDRESS ALL CLUBS

ROTARIAN T. F. Wei, Administrative Adviser of Rotary International for China, Hong Kong and Macao, will address this week's meetings of the Rotary Clubs of Hong Kong, Hongkong Island East, Kowloon and Hongkong Island West on Tuesday, Wednesday, Thursday and Friday, respectively. Rtn. T. F. arrived in the Colony from Taipei Sunday afternoon.

In addition to addressing this week's regular meetings of the four Clubs in the Colony, Rtn. T. F. also contemplates to attend, during his week's visit, the Joint Chairmen's meeting of the Clubs' Golden Anniversary Committees on Wednesday afternoon, the regular dinner meeting of the Macao Club on Thursday and the Annual Charity Ball of our Club at The Ritz on Friday evening.

Meanwhile, preparations are being continued by the various Sub-Committees of the Annual Ball Committee to ensure that the first charitable function of our Club turns out to be a real success. A rehearsal of the evening's programmes will be carried out at The Ritz tomorrow evening (Wednesday).

The celebration of Rtn. Marsh Stayner's birthday anniversary (Nov. 23), the exchange of greetings between the Los Angeles Club and our Club, and the Fellowship "test" of Rtn. Seaker K. Chan highlighted last week's regular luncheon meeting at Winner House on November 17.

The greetings were exchanged by President

John with Rtn. Albert Quon of the Los Angeles Club who attended our meeting.

Rtn. Seven S. C. Shih, acting Song-Master, led those present to extend Happy Birthday greetings and Sergeant-at-Arms Ben Lee presented a birthday cake on behalf of our members to Rtn. Marsh.

When called upon to name the members present at the meeting, Rtn. Seaker failed to remember the names of five (i.e. little over 20%) and had to contribute \$2 for each failure. Sergeant-at-Arms Ben suggested that the "Club" name of members be used in future Fellowship "tests" and he offered himself to be tested at the next meeting.

The speaker at our last meeting was Mr. Kenneth Keen, Social Welfare Officer of the Hong Kong Government. He gave us a brief account of the work undertaken by his office which was set up in 1947 and consisted of six sections, namely, the Relief Section, Child Welfare Section, Youth Welfare Section, Probation Section, Moral Welfare Section and Community Development Section.

Regarding the Relief Section, Mr. Keen said that anyone who was really in need of help, could approach any of the six social welfare centres established by the Social Welfare Office (three in Hong Kong and three in Kowloon), where he would be given food, clothing, and sometimes a job if possible.

WHAT DO YOU THINK OF THE IDEA?

Manacled together are the Lorain, Ohio, Rotary Club's "ten most wanted" members. Why are they "wanted"? They missed some meetings. After being listed as such, they came in chains as you see them in this photo, reproduced from the October issue of "The Rotarian." Their captors in front are (left to right): Tom McGeachie, 1953-54 Club President; Earl White, Attendance Committee Chairman; R. H. Herrick, Club Secretary. The "wanted" plan is spurring Club attendance.

This section, according to the speaker, has been giving out an average of 3,000 free meals a day, and looking after unsuccessful suicide cases, the record of which was 15 in one day. The cause of attempted suicides was chiefly due to economic troubles and family quarrels.

Mr. Keen was of the opinion that the majority involved in suicide attempts by jumping overboard a ferry boat during the daytime had in fact no real intention of drowning; they just wanted to "get it over".

The Relief Section also dealt with emergency cases such as distributing free meals to victims of big fires in squatter areas. Mr. Keen disclosed that over 100,000 people received such help as a result of the several disastrous fires since November 1952. In addition, the Section also helped the screening of fire victims for resettlement.

The Probation Section which hitherto has been confined to juvenile care, would extend its service to adult offenders next year. Juvenile offenders were being looked after by two approved schools (formerly known as Reform Schools) —one for boys and one for girls.

The Children's Centre in Shanghai Street, run on behalf of Government by the Salvation Army, has achieved great success during the last two years of operation and was now housing some 100 children. In this connection, Mr. Keen praised the Rotary Club of Kowloon for its 1954/55 community service project in sponsoring a similar Children's Centre in Kowloon.

Referring to the Child Welfare Section, Mr. Keen said this section was actually the Muitsai

Section in prewar days under the Secretary for Chinese Affairs. It mainly handled cases involving ill-treatment of children and trafficking in children. According to Mr. Keen, there were more than 2,000 orphans in the Colony who could not be looked after by his office at present due to lack of facilities.

The Moral Welfare Section tackled problems involving prostitution of girls under 16 years of age and gave them protection and care until jobs were found for them or they got married. Government has been handling such cases with the assistance of the Home of Good Shepherd Sisters.

The work of the Youth Welfare Section was to co-operate with various Boys and Girls Clubs in providing simple schooling to under-privileged children. At present, some 3,600 children were being cared for by 80 clubs in the Colony. Mr. Keen estimated that there were over 50,000 of such children remaining to be taken care of. Such under-privileged children also received one-week camping holiday at Silver Mine Bay (sponsored by the Hong Kong Rotary Club).

Although it did not exercise direct control over their activities, the Community Development Section's work was to advise and assist various Kai-fong Associations in their welfare undertakings. This Section also helped clamp down on bogus charitable organisations.

Rotarian Pat Cha thanked the speaker on behalf of our Club, after which the meeting was adjourned by President John with a Toast to Rotary Clubs the world over, associated with which was the Los Angeles Club.

Congratulations!

ROTARIAN Marsh Stayner, one of the two recently-inducted members of our Club, is to be congratulated for winning a Silver Cup, awarded to him by the Toastmaster Club last Friday (Nov. 19) for being the best speaker of the week in the "Breaking the Ice" speech-speaking course.

The Toastmaster Club, newly-inaugurated in the Colony, aims at training members for public speaking and holds weekly meetings at which members are called on to talk on an unprepared subject within a limited period of time.

Rtn. Marsh spoke for five minutes on his meeting with the Panchen Lama in Chinghai Province, China, after the Second World War.

Advertising Income

THE Chairman of the Advertising Sub-Committee of the Annual Ball Committee wishes to express his sincere gratitude to the members of our Club, fellow Rotarians of other Clubs and various companies for their generous support by advertising in the Special Souvenir Programme of our forthcoming Annual Charity Ball.

The total income from advertisements to be carried in the Programme is \$8,780. This is still short by \$1,220 of the originally estimated target of \$10,000. The aggregated advertising space sold was 60 full-pages and 38 half-pages.

It is encouraging to note that nearly 75% of the \$8,780 in advertising income were sold through the efforts of our members and the remaining 25 were subscribed by fellow Rotarians of the Rotary Clubs of Hong Kong, Kowloon and Island West and the general public.

The efforts by our 29 members are as follows:

Rtn. "Dragon" Y. L. Nie	\$800
Rtn. Y. F. Chen	\$600
Rtn. S. L. Yuen	\$420
Rtn. Marsh Stayner	\$400
Rtn. Henry Chang	\$360

West Club's Meeting

A BRIEF account of the history of Radio Hong Kong was outlined by Mr. N. Y. Chow when he spoke on "Chinese Programmes of Radio Hong Kong" at the weekly luncheon of the Rotary Club of Hongkong Island West, at the Golden Dragon Restaurant on November 19.

Mr. Chow is the Senior Programme Assistant, Chinese Section of Radio Hong Kong.

Speaking on the essential requirements of a broadcasting station, he said that these were the transmission station, studio and reception station. In Hong Kong, the studio was in Electra House, the transmission station in Hungghom and the reception station on Mount Butler, which received and relayed selected items from other world stations such as the BBC.

He said that radio broadcasting in Hong Kong in comparison with other Commonwealth and Colonial regions, had a long history. Broadcasts in Chinese began in 1929.

He mentioned that Mr. Lau Shin-chuen, a pioneer of the Chinese programme, might be said to have laid the foundation of broadcasting in Chinese. Mr. Lau was Programme Secretary in charge of the Chinese Section from 1935 until his retirement this year.

Other notable personalities who made valuable contributions to the Chinese programme were: Mr. and Mrs. T. O. T'so, Mr. H. O. T'so, Mrs. F. I. Tseung, Mr. Chen Ying-hung, Mr. Leung Ping-hin and the late Mr. Chung Hok-nung.

Mr. Chow recalled that the first broadcasting studio was in a room in the General Post Office Building. In 1932 it removed to the second floor of Gloucester Building. Radio Hong Kong moved to its present premises in Electra House in 1950.

TABLE RESERVATIONS

Table reservations for the Charity Ball will close at 2 p.m. on Wednesday, November 24, it was announced by Rtn. Edwin Tao, Chairman of the Tickets Sub-Committee.

Seating arrangements will be made on the first-come-first-serve basis. Payment of dinner tickets may be made either to Rtn. Edwin or Rtn. Y. F. Chen.

Thank You!

The Rotary Club of Hongkong Island East wishes to thank the following Rotarians and companies for their advertisements, donations and/or contributions sent in during the week ending November 20 in support of the Club's first Annual Charity Ball to be held at The Ritz on Friday, November 26:

WELL, fellow Rotarians, pat yourselves on the back! We did it! It was certainly a great success—our first annual Charity Ball at The Ritz last Friday evening. As you saw for yourself, the place was packed with members of our Club and of the other Clubs in the Colony, and, of course, with the very many friends whose generous support and assistance made the outstanding success possible.

Little over 400 people came to our "maiden" charitable function which should bring us at least \$20,000 after deducting expenses, to enable us to launch our first Community Service project. We originally anticipated only \$4,000 from donation tickets but Chairman S. L. Yuen, of the Donation Subcommittee, scored an unexpected achievement by selling 6,025 donation tickets which alone brought us \$12,050.

We have to place on record the 100 per cent support of our "twin", the Rotary Club of Hongkong Island West. All their members either took up advertising space in our Souvenir Ball Programme, donated prizes or contributions, bought donation tickets or turned up and brought along many guests to our Ball. They all helped us to make the evening a most enjoyable one. When they have their first charity ball, no doubt we shall make every effort to reciprocate fully.

Many members of our sponsor Club, the Rotary Club of Hong Kong, also gave us their wonderful support, for which we are most deeply indebted. Member Rotarians of fellow Clubs attended our Charity Ball with their ladies included those from the Hong Kong Club: President W. V. Pennell, immediate Past-President George Lin, Rtms. B. C. Field, K. K. Tsu, Jack Eng, N. T. Assomuli, Alim Jagtiani, David Wei-Man Wai, R. Y. Cheng, C. T. Wang, Daniel Au, Gin Su, Sir Shouson Chow, Daswani, Gorman and S. F. Li. From the Island West Club came President H. C. Fung, Vice-President C. N. Li and Rtms. T. Y. Lo, Daniel Koo, C. K. Li and C. K. Ho among others.

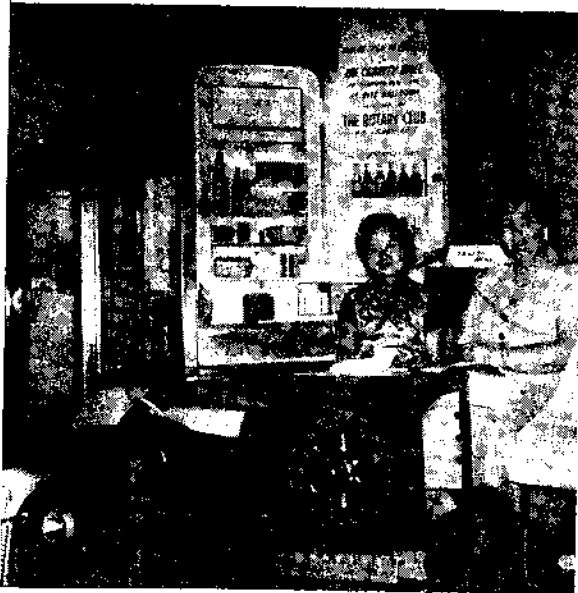

We were honoured with the presence of Rtn. T. F. Wei, Rotary International Administrative Adviser for

Hong Kong, Macao and China, who specially flew here from Taipei to give us his support and encouragement. He addressed the large gathering and commended us on our splendid effort to put into practice so quick—considering our Club is less than one year old—the ideals and object of Rotary. And, he wished us further success.

All who honoured the occasion with their personal presence were full of praise of the work we have done and have undertaken to do in the service to our community. And, they all said

Next Meeting: December 1, 1954
Speaker: Rtn. Jimmy Wu Man-Hon
Subject: Refrigeration Possibilities

1321.

Three days in succession prior to the Charity Ball evening, two Rotary-Annes devoted their time in front of the gifts-display window in Gloucester Arcade to selling donation tickets to the public. In all, they helped sell 838 tickets. They are (left) Helen, wife of Rtn. Tom Freeman, Chairman of the Annual Ball Committee, and (right) Winifred, wife of Rtn. Ron Bennett, Chairman of the Recreation Centre Project Committee. (Photo by courtesy of New Life Evening Post)

they enjoyed the evening which lasted until 2 a.m. the next morning.

The Programme Committee should be most grateful to President John, Hon. Secretary Pat Cha, Miss Shirley Dee, Prof. and Mrs. Yao Hsin-nung and Mr. Wong Yuen-lung and Mrs. Olive Nichol for their untiring efforts in arranging the entertainment programme for the evening, which was thoroughly enjoyed by all.

An example of the appreciation expressed: Said an "elder" Rotarian from our sponsor Club to one of the guests: "By gad, I'm going to steal one of their shows for the Golden Anniversary Ball. He was referring to the pageant, depicting 10 historical beauties in the Chinese history which drew tremendous applause.

In The Ritz Ballroom, colourfully decorated with appropriate Rotary ensigns and flags by Rtn. "Dragon" Y. L. Nie, President John Yuen welcomed the gathering. This was followed by a short address by R.I. Administrative Adviser T. F. Wei. The entertainment programme began at 11 p.m., when Master of Ceremonies Rtn. Ben Lee first introduced Miss Alice Lee, popularly known as the "Nightingale of the Orient", who rendered three of her favourite songs, and then Miss Kalpana, talented teacher of classical Indian dancing, who performed three graceful dance numbers.

At midnight, Mrs. Olive Nichol presented the 10 historical Chinese beauties one after the other and most ably gave a running commentary, describing each of the characters portrayed. Those who participated in the parade of the historical Chinese beauties were Misses Marie Budd as Liang Hung-yu, Chu Ying as Sai Chin Hwa, Lena Yeung as Meng Chiang Nu, Lillian Wang as Yu Chi, Carrie Koo as Imperial Concubine Pearl of Emperor Kwang Hsu, Yang Ming as Hsi Shih, T. F. Lee as Tiao Chan, Grace Chang as Lady Wang Chao-chun, Ma Hsiao-hung as the Empress Dowager Tzu Hsi and Vivien Lee as Yang Kwei Fei. This novel entertainment is believed to be the first of its kind ever introduced in the Colony's social functions.

Before the evening was over, Mrs. Helen Freeman, wife of Rtn. Tom Freeman, Chairman of the Annual Ball Committee, and Mrs. "Charity" Fung, wife of President H. C. Fung of the Island West Club, drew the winning numbers of 84 prizes, while Mrs. Pennell, wife of Pres. Penn of the Hong Kong Club, and President John Yuen made presentations of gifts to each of the 12 guest artistes.

Seated at the official table with President John Yuen were Rtn. T. F. Wei, Miss Helen Wei, Rtn. and Mrs. W. V. Pennell, Rtn. and Mrs. H. C. Fung, Rtn. and Mrs. George Lin, Mr. and Mrs. T. S. Pugh, Mr. and Mrs. A. R. Reid, Mr. S. Grove, Mrs. Wan, Hon. Dr. and Mrs. S. N. Chau, Dr. and Mrs. H. L. Lee, Mr. and Mrs. S. T. King, Rtn. K. K. Tsu, Miss Jennie Mui, Prof. and Mrs. Yao Hsin-nung, and Mrs. Rose Tan.

On behalf of our members, the *Tung Feng* Bulletin wishes to register formally a vote of thanks to Rtn. Tom Freeman, Chairman of the Annual Ball Committee, for his untiring efforts in co-ordinating and supervising the work of various Sub-Committees during the past two months to make our first Charity Ball a truly outstanding success.

COMING KOWLOON EVENTS

A Ladies' Day will be held by the Kowloon Club on December 23, while some 30 village "elders" from the New Territories will be guests at the Club's regular meeting on January 20, 1955.

President Bill Grimsdale has issued an invitation to fellow Rotarians of other Clubs in the Colony to participate in these two special meetings.

At Rotary Last Week

ADDRESSING us at our last regular luncheon meeting at Winner House on November 24, Rtn. Charlie T. F. Wei, Rotary International Administrative Adviser, praised the improvements made by our Club during the past five months and exhorted us to continue to make further progress and to put into further practice the Four-Way Test originated by President Herbert Taylor of Rotary International.

Rtn. Charlie said that he was very pleased to see so many improvements having been made by our Club since he last visited us about five months ago. He cited as examples: our Club required more bannerettes, increased our membership strength by 20%, instead of the 10% minimum increase as wished of each Club by R.I. President Taylor for this year, improved table arrangements and displayed noticeably the Four-Way Test, and produced a weekly bulletin which, in his opinion, not only ranked the best of the Clubs in this area but also was most comparable to the bulletins published by overseas Clubs.

He said there was now better fellowship among our members than before. He witnessed earlier the fellowship "test" of Rtn. H. C. Yang, who succeeded in naming the Club names of all members present except one. This, Rtn. T. F. added, showed we had better acquaintanceship of each other and knew better of each other's business and profession.

The R.I. Administrative Adviser renewed his earlier appeal (made to us in July at a dinner before he went to Taipei) that he would like to see our Club making balanced progress in the four avenues of service and every member taking part in the work of one or the other committees. He exhorted us to put in more time on some serious programmes, like the vocational and community service programmes.

Relating the story of the Four-Way Test, Rtn. Charlie told us of the most commendable "Service Above Self" effort put in by President Taylor of Rotary International by resigning a US\$30,000-a-year job in 1933 for a US\$6,000 position with a view to re-organising a near bankrupt firm into a growing concern after several years of constant practise of the Four-Way Test not only by himself but also by every member of his company.

He said the Four-Way Test was the most effective means to bring about better relations between human beings, and exhorted every Rotarian to practise the same in his business and other dealings with human beings.

In this connection, Rtn. Charlie disclosed that since the copyright of the Four-Way Test had been passed on to Rotary International by its originator, Rtn. Taylor, Rotary International wished to have it translated into the Chinese and other languages of the world nations in which there were Rotary Clubs. It is sincerely hoped by R.I. that with the translation into as many languages as possible, the Four-Way Test would in the future be more effectively practiced by all Rotarians.

The speaker was thanked by Rtn. Ron Bennett, after which President John Yuen adjourned the meeting with a Toast to Rotary International, associated with which was the Rotary Clubs in Free China--Taiwan.

Earlier in the meeting, Rtn. Gin Su of the Hong Kong Club also commented favourably on our Club bulletin and Rtn. Jimmy Wu's birthday anniversary (November 28) was appropriately recorded.

Attendance

Twenty-seven of our 29 members attended the last regular meeting at the Winner House on November 24, representing 93.10% as follows:

numbers being drawn by Mrs. Helen Freeman C. Fung with Messrs. Ben Lee and S. L. Yuen as judges.

Mrs. Pennell, wife of the Hong Kong Rotary Club President, presents a gift to Miss Kalpana.

CONGRATULATIONS!

Rotarian Reggie Shun Wah celebrated two events at last Thursday's regular meeting of the Kowloon Club. He treated everyone to drinks and passed out cigars. Why? His Rotary-Anne had presented him with a son.

At the same meeting, President Bill Grimsdale announced that Rtn. Reggie has been promoted to Vice-President of the Kowloon Club, succeeding Rtn. Wong Sik Kuen who resigned due to extended leave for one year from the Colony.

Rtn. Reggie will be the acting President of the Club from April, 1955, when Pres. Bill expects to go on home leave.

T. F. Wei Asks For Rotary Extension

ROTARIAN T. F. Wei, Rotary International Administrative Adviser for the Clubs in China, Macao and Hong Kong, has strongly urged the Rotary Club of Kowloon to organise a Chinese-speaking Club in the Mongkok District, and the Rotary Club of Macao to study the possibilities of also promoting a Chinese-speaking Club in the Portuguese Colony.

Recalling his sincere wish of last spring, Rtn. T. F., addressing the Kowloon meeting last Thursday, renewed his desire that the Board of Directors of the Kowloon Club should favourably consider his suggestion to promote a Canton-dialect-speaking Club in the Mongkok District which, he pointed out, has developed into a business centre on the Peninsula and which should have a Rotary Club in its area. He expressed the belief that Rotarians in Hong Kong would assist members of the Kowloon Club in its expansion work and to make the R.I. Administrative Adviser's wish an early reality.

Rtn. T. F. Wei's appeal was well received, and President Bill Grimsdale of Kowloon promised that the officers of his Club would carefully consider the expansion request made by the R.I. Administrative Adviser.

Travelling to the Portuguese Colony immediately after attending the Kowloon meeting, Rtn. T. F. made an equally strong appeal to members of the Macao Club the same evening that they give up part of their territory for a Canton-dialect-speaking Club in order to promote further the Rotary movement and to afford an opportunity to non-Portuguese or non-English speaking leading Chinese business and professional men there to share the "Service Above Self" Rotary ideals and object.

Accompanied by President H. C. Fung and Hon. Secretary Henry Tang of the Island West

Club, and President John Yuen and Director Henry Chang of the Island East Club, the R.I. Administrative Adviser reached Macao at 6 p.m. last Thursday and was welcomed at the wharf by almost 50% of the Macao's 20 Rotarians, including President Barros Lopes, Past District Governor Pedro Lobato and Directors Sidney Chan, Dr. Damiao Rodrigues and Vice-President Lee Pou-tin.

At 8 p.m., Rtn. T. F. attended the joint meeting of the Board and Committees' Chairmen and with them he reviewed the activities of the Macao Club which, sponsored by the Hong Kong Club, was chartered by R.I. in 1938 with 31 members but which now had only 20 members. It conducted its regular dinner meetings every Thursday in Portuguese and/or English. The average attendance at its weekly meetings in the past was 60 per cent.

The Macao Club convened its regular dinner meeting at 9 p.m. at which Rtn. T. F. officially suggested the proposed new Club in the Portuguese Colony. He told them that he had already organised two new Clubs at Hsinchu and Pingtung in Taiwan and that he hoped to promote more Clubs in Taiwan, Kowloon and Macao to increase the Clubs in the territory under his jurisdiction to at least 15 in order to regain the District status for us before completing his year's office as R.I. Administrative Adviser by June 30, 1955. He said he was of the opinion that Macao with a population of 200,000 could afford another Club which, if organised, should not interfere with the activities of the sponsor Club.

A few members of the Macao Club strongly opposed the Administrative Adviser's suggestion by advancing different views, but it seemed that the majority of the members were in accord with the appeal of Rtn. T. F.

After some spirited discussions among the members for almost two hours, the meeting ended with the members, including those who had voiced objection, pledging to consider the recommendation to promote a new Club in Macao.

At the same meeting, the Macao Club through its President presented its bannerettes through Rtn. T. F. to the Taipei Club and through Rtn. Teddy Yip to the Rangoon Club.

The Administrative Adviser and his party returned to Hong Kong early Friday morning.

During his one-week visit to the Colony, Rtn. T. F. also attended the regular meetings of the Hong Kong and Island West Clubs and the Joint Chairmen's meeting of various Clubs' Golden Anniversary Committees. All in all, he managed to attend eight Rotary functions from which he gathered a clear picture of the Rotary activities of all the four Clubs in the Colony and the one in Macao.

Infected By "Virus Rotary"

Rtn. Tom

He is soft-spoken and modest. He is a China-born American. He is go-getter. He is the happiest Rotarian in our Club today.

He is none other than Rtn. Thomas F. Freeman, Chairman of our Annual Charity Ball Committee, whose selflessness and untiring efforts were the decisive contributing factors which made our first Annual Charity Ball such a successful event.

In the words of Rtn. Seven S. C. Shih, Tom has indeed been infected deeply by "Virus Rotary" and possesses the true Rotarian spirit. It is inspiring to watch Tom work or to work with him, because one cannot help being contaminated by his infectious enthusiasm.

During the last few weeks prior to our Charity Ball, Rtn. Tom had worked diligently day in and day out with various members on the Sub-Committees and had set up a desk in his home and worked sometimes alone, often with his charming wife, Helen, into the small hours of the morning on the affairs of the Ball and of the Club. No matter how depressed at first, one could not but feel uplifted again after having consulted with and received encouragement from Tom on difficult matters relative to the Ball affairs.

Rtn. Tom is a Director and the Chairman of the International Service Committee of our

THIS WEEK'S . . .

ISLAND WEST (Friday):

Fellowship Meeting.

Club. He always discharges his Club's duties efficiently and cheerfully and is one of the most popular members of our Club.

He is an American but he was born in Chungking, the wartime capital of China, in 1908.

He lived there and in Chengtu during the early part of his life until returning to the United States to attend college. His father, a medical doctor, used to take Tom and his brother on quite extensive trips around Western China and the Tibetan border-lands during summer vacations when they were old enough.

Tom graduated from the University of Southern California in 1932 and returned to China in the spring of 1933 via Hanoi by the French Indo-China Railway to Kunning. From there he made an overland journey of twenty-six days on foot by the caravan route to Suifu, visiting some of the more friendly Lolos on the way. From Suifu he travelled by boat to Chungking, and again on foot to Chengtu where two jobs were offered him teaching in the West China Union University and managing his father's old hospital. Tom accepted both and stayed for two years.

He returned to the United States in 1935 and was engaged in social welfare work for a number of years, the last five of which, ending in 1941 when the United States entered the war, were with the National Youth Administration as Director of its Public Service Programme for the State of California. Immediately after this, Tom spent a year with the U.S. Army Air Force, Material Command, coordinating the ensuring of

INTER-CITY FORUM

April 9th and 10th, 1955, have been chosen for the Inter-City Forum in Taipei.

The R.I. Administrative Adviser, Rtn. T. F. Wei, has personally extended on behalf of the sponsor Club, the Rotary Club of Taipei, an invitation to all Rotarians in the Colony and in Macao to visit Taiwan and participate in the Inter-City Forum for the 1954/55 Rotary Year.

The Inter-City Forum will be preceded by a five-day celebration from April 4 through April 8 of the Golden Anniversary event by different Rotary Clubs in Taiwan.

Rtn. T. F. hopes that fellow Rotarians from Hong Kong and Macao will, if possible, attend the Golden Anniversary celebration of different Clubs in Taiwan by going to Taipei a few days earlier.

The R.I. Administrative Adviser assured us that there would be no difficulty for us to obtain entry and exit permits from the Chinese Government through the good offices of the Taipei Rotary Club for this occasion.

compliance by aircraft factories and allied industries in the seven Western States in the proper procurement and utilization of strategic materials, component parts and equipment.

Anxious to return to China again, Tom accepted an offer from the U.S. Office of War Information to work in that area, and from then until the end of the war worked at various locations—Kweilin, Kweiyang, Chungking, Kunming, Sian and many others. He had the satisfaction of being present at the preliminary surrender of the Japanese at Chichang, Hunan, and soon thereafter found himself working for the

United Nations Relief and Rehabilitation Administration at Taiyuan, headquarters for the work performed in the three provinces of Shansi, Suiyuan and Charhar.

After several months of the foregoing, Tom heard that General Chennault was going to start an airline and so joined him in the formative stages of CNRRA Air Transport, which came into being in October 1946 and has developed into the present Civil Air Transport. Tom has been successively CAT's Personnel Director, Executive Secretary and Assistant to the President. Aside from the job, which never lacks interest, his main interests are his family and some hobbies including photography and sailing.

Winning Numbers

The following is the list of the donation ticket numbers which drew prizes at our first Charity Ball. Lucky ticket holders may contact Rtn. S. L. Yuen, Chairman of the Donation Subcommittee (Tel. 26032) for their respective prizes:

G. A. FESTIVAL RECOMMENDATIONS

SEVERAL recommendations for celebrating Rotary's Golden Anniversary Festival next February have been submitted by the Festival Sub-Committee to the Joint Chairman's Committee of the four Clubs' G.A. Committees for consideration.

Consisting of three members from each of the four Clubs, the Festival Sub-Committee headed by Chairman Arthur Brown of the Hong Kong Club, has been assured of the personal assistance of the Presidents of the Hong Kong and Island West Clubs.

The functions of Festival Sub-Committee are to arrange for a musical and/or choral and/or dancing festival to take place in one of the suitable stadiums in Hong Kong, the entire show to last from 2½ to 3 hours. No decisions were made at the first meeting on Nov. 12 as to the form which the Festival should take, but the following suggestions were put forward by various members:

- a) Parade around the Ground by Boy Scouts, Girl Guides and other similar organizations synonymous with community service.
- b) Folk songs, folk dances, school choirs.

- c) One act from a well-known ballet.
- d) A fashion show of costumes of all nationalities reminiscent of the year 1905, the year of Rotary inception.
- e) Special recognition in some form or other of persons born on the 23rd February, 1905; and also of babies born on the 23rd February, 1955.

An informal meeting followed on Thursday, November 25, at which were present Mrs. H. M. Howell (Carol Bateman), Jean Raymond, Mr. D. Fraser (Government Master of Music), Rtms. Arthur Brown, Joe Wolfe and W. V. Pennell. The discussion opened on the basis of an open-air festival. Toward the end of the detailed con-

sideration of programme and arrangements, a strong feeling developed in favour of holding the Festival in one of the major theatres rather than outdoors, largely because of the uncertainty of the weather. Enquiries were now being made as to the feasibility of this proposal.

The date of the Festival would be more or less determined by the musical side and school holidays. It was suggested that the show (if out-

Next Meeting: December 8, 1954.

doors) be held in the week following Easter Monday, when the Schools Musical Festival would be over and the children on holiday; and that there should be two performances only, one for the general public after dinner and the other, mostly for children, at half-price as matinee.

Carol Bateman pointed out that costuming of the ballet might be rather expensive; for instance, 200 costumes would cost \$7,000.

Though the primary object is to celebrate Rotary's Golden Anniversary and to bring it more widely to public notice, at the same time it is the desire to raise as much money as possible for the community service objective to be decided upon.

It was also decided at the meeting that a Fashion Show, beginning with the costumes of 1905 (the year of Rotary's birth) should be either a separate affair or be associated with the Banquet rather than with the Folk Festival of Music and Dancing.

The meeting adjourned with President Penn agreeing to consult the Presidents of other Clubs whether the performance should be held indoors or outdoors.

Meanwhile, the Banquet or Ball Sub-Committee, headed by Chairman C. F. Wood of the Kowloon Club has reported that the general preference is for a banquet to be followed by dancing; the main Dining Room of the Peninsula Hotel to serve this purpose, with the verandah reserved for Cocktails and etc. The approximate number of persons for such banquet was estimated as follows:

Rotarians and Wives	300
V.I.P. and Wives	88
Press, etc.	10
		—
		398
		—

Rtn. Wood said that according to the Manager of the Peninsula Hotel, 398 persons were all that the Dining Room could seat comfortably. In the event of more than 300 Rotarians and wives, it would be necessary to cut down the number of V.I.P.s. Photographers would be limited to an absolute maximum of ten and allowed entry by Ticket only. The formal banquet would be followed by an informal "get together" and dancing until 2 a.m.

Rtn. F. C. Wood concluded that the charge for dinner would be HK\$15 per person. Cocktails would be served before the banquet on the verandah, either against cash or member's accounts.

At Rotary Last Week

A VOTE of thanks and deep appreciation was extended by President John Yuen at our last weekly luncheon meeting on December 1 to Rtn. Tom Freeman, Chairman of the Ball Committee, and to members on his Committee for their joint effort in making our first Charity Ball such a great success.

At the same meeting, the bannerettes of our Club and the Rotary Club of Baroda, India, were exchanged.

Sergeant-at-Arms Ben Lee appointed Rtn. S. C. Shih as his Assistant.

Hon. Secretary Pat Cha reported that Rotary ties were now available at \$15.50 each from Mackintosh's Ltd.

The speaker was our own member, Rtn. Jimmy Wu Mau-hon, who expressed an opinion that the successful process of quick freezing could create for Hong Kong a new industry whereby freshly killed choice meat or fish could be prepared for storage or export.

Speaking on his subject, "Refrigeration Possibilities in Hong Kong", Rtn. Jimmy said that refrigeration could be applied to control temperature and humidity, and as a result, had extensive industrial applications. One of the first uses for it was for cold storage where perishable goods could be stored for prolonged periods.

In recent years, he added, the suitable temperature and humidity made possible by refrigeration had induced merchants in Hong Kong to store many native dry products in cold storages prior to shipment from the Colony.

"This explains," he said, "why so many cold storages are going up and this, apart from providing Hong Kong with facilities as an entrepot, also achieves the dual purpose of stabilising food prices and building up food reserves to meet any crisis."

The textile industry, one of the most important in Hong Kong, also benefited from re-

refrigeration by way of air-conditioning of plants, said Rtn. Wu.

"So extensive are the applications of refrigeration that it seems the job of the refrigeration engineer is to make its uses popular by designing and fabricating practical and economical equipment," he said.

Rtn. Jimmy added that he was sure that local engineers, sufficiently acquainted with latest developments, could modify or create designs to meet local requirements.

"Let us take up the challenge and develop this into an industry by itself, bringing applications like air-conditioning within the reach of a larger number of people," he urged.

Thanking the speaker on behalf of the Club, Rtn. Edwin Tao who is connected with the air-conditioning industry, said that he was of the opinion that the refrigeration industry could only be successfully introduced and carried out in the Colony provided that the branch of servicing refrigeration was also established simultaneously.

The meeting was adjourned by President John Yuen with a Toast to Rotary International, associated with which was the Rotary Club of Baroda, India.

Attendance

With five of our 29 members absent, the attendance percentage at our last weekly meeting at the Winner House on December 1 dropped to 82.75% as follows:

URGENT REMINDER

MEMBERS are reminded that Rtns. S. L. Yuen and Edwin Tao, Chairmen of the Donations and Tickets Sub-Committees, respectively, are obliged to render their accounts within this week to the Hon. Treasurer of the Annual Ball Committee.

As a result, they sincerely request those members who have not yet paid for their donation and/or dinner tickets to bring their cheques to tomorrow's meeting.

During the course of this week, the Hon. Treasurer of the Annual Ball Committee will send to all members the Club's bills for their advertisements in the Souvenir Programme of the Charity Ball.

We missed the following members whose absence last week was excused:

Rtns. Hsi Yu-I, S. H. Ma and K. Y. Shang.

Board's 10th Meeting

THE 10th meeting of the Board of Directors of our Club was held at the Winner House last Friday evening (Dec. 3). Those who attended were Rtns. John Yuen (Chairman), K. C. Goh, Pat Cha, S. H. Ma, Y. L. Nie, Bill Nichol, K. S. Chang, Seaker Chan, Tom Freeman and Henry Chang.

The minutes of the 9th meeting were read by Hon. Secretary Pat Cha and confirmed by all present.

While reviewing the Club's accounts and budget which are yet to be approved, the Board decided to:

a) require members, wishing to present our bannerettes to fellow Clubs on our Club's account, to obtain written authorisation either from

President John Yuen or Hon. Secretary Pat Cha before approaching Hon. Treasurer Y. L. Nie for the bannerettes required;

b) authorise Hon. Treasurer Y. L. Nie to employ an Assistant Treasurer for keeping the books of our Club;

c) accept, with grateful thanks, the Hon. Treasurer's offer to pay remuneration to the Assistant Treasurer out of his own pocket.

Rtn. Tom Freeman was requested to ask Rtn. Ron Bennet to convene a meeting of the Recreation Centre Committee during this week.

Rtn. Y. F. Chen, Hon. Treasurer of the Ball Committee, was requested to render a preliminary report at tomorrow's regular meeting on the revenue and expenditure of the Charity Ball.

Rtn. Henry Chang, Chairman of both the Club Bulletin and Classification Committees, was authorized to reshuffle the members of his Committees.

Rtn. Tom Freeman, Chairman of the International Service Committee, who is due to go on home leave, was requested to nominate additional members and appoint someone to act for him during his absence.

Pres. Penn's Tribute

PRESIDENT W. V. Pennell of the Hong Kong Club told his fellow members at their last Tuesday meeting that the first Charity Ball of the Rotary Club of Hongkong Island East held at the Ritz on November 26 was the most successful Rotary Ball he had ever witnessed in the Colony.

He took the same opportunity to extend his Club's congratulations for this success to the Chairman and members of our Annual Ball Committee.

Led by song-master Rtn. Arthur Brown, all those present joined in a special tribute and sang "Many, Many Happy Returns of the Day" to Sir Winston Churchill, Prime Minister of Great Britain, on occasion of his 80th Birthday Anniversary last Tuesday.

The Club also extended congratulations to Rtn. Bob Harper, whose Rotary-Anne recently presented him with an 8½-pound baby.

The meeting heard an interesting talk on the background, origin, organization and work of the Hong Kong Council of Social Service given by its former Secretary, Mrs. J. Crutwell.

Among the ladies who attended the meeting were Mrs. Crutwell, the speaker; and the Rotary-Annes of W. V. Pennell, G. E. Marden, Dugg Hill and Dick Holmes.

THIS WEEK'S . . .

. . . programmes of other member Clubs in the Colony are as follows:

HONG KONG (Tuesday):

AMERICAN PAINTER ADDRESSES TWO ROTARY CLUBS

ARRIVING here on a world tour to give exhibitions and lectures under the auspices of the United States State Department, Mr. William Arthur Smith, acknowledged as one of America's leading young artists, spoke at two of the four Rotary Clubs' meetings last week.

Mr. Smith first addressed the Hong Kong Club at the Paramount Ballroom last Tuesday and on the following day was accompanied by two members of the United States Information Agency at the regular luncheon meeting of our Club at Winner House.

Speaking on the relationship between artists and businessmen, Mr. Smith told Rotarians of both Clubs that the general misconception that artists (other than commercial artists) could not be businessmen was false. He said many artists in the United States had shown great ingenuity working out their own economic problems as well as helping businessmen to promote sales of their goods.

During the Second World War, Mr. Smith explained, American manufacturers were obliged either to pay heavy taxes to the Government out of their earnings or to make use of the profits for advertising purposes. At that time, he added, there was a general shortage of merchandise,

and, as a result, American manufacturers had very little to sell and did not require commercial advertising to achieve any degree of immediate sales.

It was at that time, Mr. Smith said, that some American manufacturers thought of the idea of using artists to do historical or educational paintings which were subsequently successfully employed in their institutional rather than in commercial advertisements. These carried no slogan or copy aimed at selling the products but simply mentioned the name of the companies in small type at the foot of the illustrations.

This type of institutional or goodwill advertising proved very successful when, at the end of the war, those manufacturers who employed such form of advertising sold more products than their competitors.

With this in view, Mr. Smith said, businessmen today were most happy to utilise the ingenuity of artists and to employ their work in institutional advertisements.

The speaker was suitably thanked by Rotarian G. H. Hughes at the Hong Kong Club and by Rtn. Tom Freeman at our meeting upon concluding his talks.

THIS WEEK'S . . .

. . . programmes of other member Clubs in the Colony are as follows:

HONG KONG (Tuesday):

A colour film entitled "Fabulous 500" on motor racing will be shown at the meeting.

KOWLOON (Thursday):

Speaker: Mrs. Eileen Dekker
Subject: The Impressions of Holland by the English Wife of a Dutchman

ISLAND WEST (Friday):

Speaker: Mr. C. C. Yin
Subject: Light Industry of Hong Kong

At the same meeting of our Club last Wednesday, the bannerettes of our Club and the Rotary Club of Fostoria, Ohio, U.S.A., were exchanged. Our meeting was adjourned by President John Yuen with a Toast to Rotary International, coupled with which was the Fostoria Club.

Now for the other two Clubs in the Colony. The Kowloon Club heard a short talk by Brigadier J. B. Clifford-Hull on the construction of the Tai Lam Chung dam. The talk was illustrated with slides showing the various stages of progress in the construction of the dam. At the Island West Club meeting two short films were screened—one showing Miss Ava Gardner on the stage of the Broadway Theatre in Kowloon and the other was entitled "Wings to Hawaii", provided by Pan-American World Airways.

Attendance

Twenty-six of our 29 members attended our last weekly meeting at Wimmer House on December 8, representing 89.65% as follows:

List Of Members Visiting Other Clubs

DURING the month of November, 13 members of our Club made 30 visits to other fellow Clubs in the Colony, Macao and Malaya, according to a report released by the Attendance Committee.

Rotarian Joe Bao headed the list by visiting all the other Clubs in the Colony on six occasions, while President John Yuen and Hon. Secretary Pat Cha each made four visits to other Clubs.

It is encouraging to note that Rtn. Joseph Fung, though away from the Colony on leave in Malaya, managed to attend the weekly meetings of the Kuala Lumpur Club on three occasions.

A breakdown of visits during November by fellow members to other Clubs follows:

Rtn. Tom Freeman Honoured

ROTARIAN Tom Freeman, Chairman of the Annual Ball Committee, and his Rotary-Anne, Helen, were the guests of honour at a dinner given members of the General Committee of the Ball Committee, at Winner House last Wednesday evening (Dec. 8). Members bid farewell to the couple and wished both Tom and Helen a most pleasant holiday in the United States. They left the Colony by air last Friday and are expected to be back after three months.

Present at the dinner as a guest, President John Yuen observed that there never has been an "after-the-Ball" dinner like this by any Rotary Club in the Colony. He said: "We are very happy to see Tom and Helen going on their well-earned home leave holiday, though our Club will certainly feel the loss of the capable services of Tom during the few months."

Also present as a guest, Miss Alice Lee kindly sang two sentimental songs in sending off Tom and Helen.

Those who participated in the farewell din-

HENRY RESHUFFLES HIS COMMITTEES

Authorized by the Board of Directors at their 10th meeting on December 3, Rtn. Henry Chang, Chairman of both the Club Bulletin and Classification Committees, has re-organized the composition of his Committees as follows:

Club Bulletin Committee:

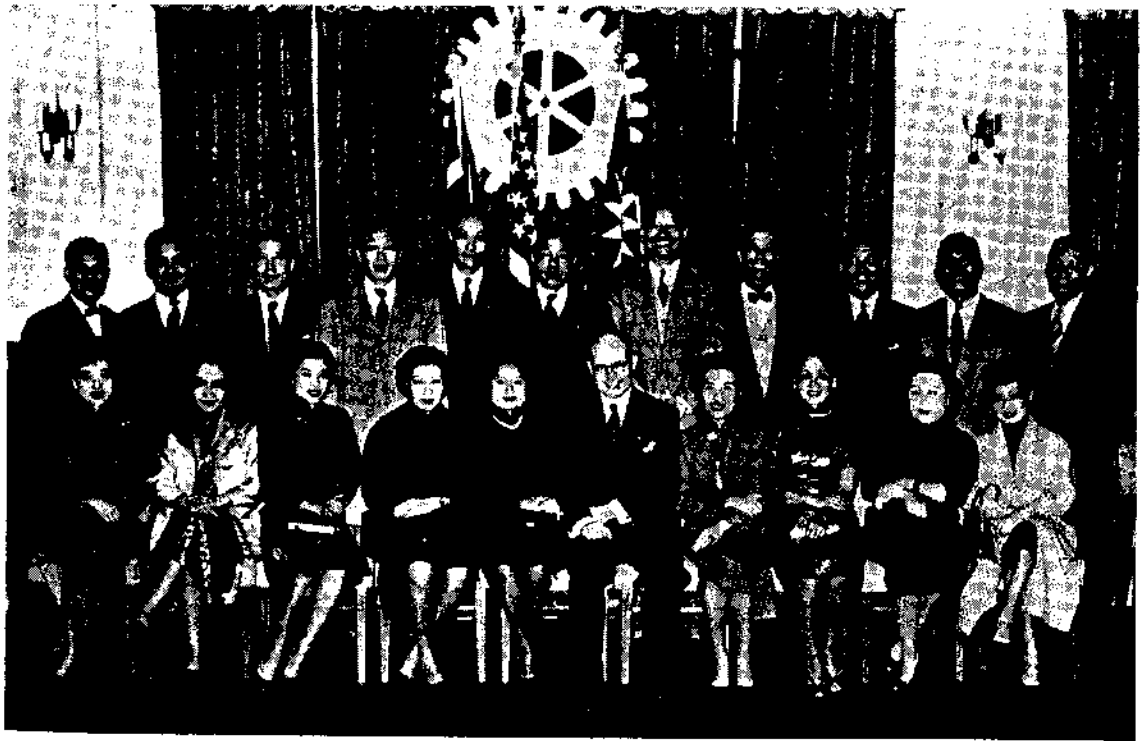

Rtns. Seven S. C. Shih and Edwin Tao

Classification Committee:

Rtn. Fred Tan

uer to Tom and Helen were President John Yuen, Hon. Secretary Pat Cha and Rotarians Y. F. Chen, Y. L. Nie, S. L. Yuen, Henry Chang, K. T. Wang, Hsi Yu-I, S. C. Shih, Edwin Tao, Ben Lee and Wilson Wang as well as eight Rotary-Annes, Mary Yuen, Kay Chang, Susan Wang, Florence Hsi, Winnie Shih, Margaret Tao, Sylvia Lee and Sophia Wang.

The Party Honouring Tom and Helen Freeman

Group photo taken at the farewell dinner at Winner House on December 8 showing from left to right (seated): Mrs. Susan Wang, Mrs. Sylvia Lee, Miss Alice Lee, Mrs. Mary Yuen, Mrs. Helen Freeman, Rtn. Tom Freeman, Mrs. Kay Chang, Mrs. Winnie Shih, Mrs. Florence Hsi and Mrs. Margaret Tao.

More Than \$21,000 Raised

THE first Annual Charity Ball of our Club in aid of our first community service project has brought us approximately \$21,000 after deducting expenses incurred for the occasion. This was disclosed by Rtn. Hsi Yu-I, Hon. Secretary of the Annual Ball Committee.

In a preliminary report, Rtn. Hsi said that 372 persons, including 26 guests of our Club, attended our first charity-fund-raising occasion at The Ritz on November 26. Total revenue from the Ball was:

Donation tickets	\$12,050.00
Dinner tickets	8,650.00
Advertising income ..	8,750.60
Total gross revenue	\$29,450.60

Expenditures incurred amounted to about 27% of the total gross revenue, or roughly \$8,000 (including \$6,000 for 372 dinners), leaving a net balance of little over \$21,000 for our Community Service Fund.

Around The Rotary World

Are you going to Chicago?

Hotel accommodations for the Golden Anniversary Convention in Chicago between May 29 and June 2, 1955, are now being accepted by the Rotary Convention Hotel Committee, c/o Chicago Convention Bureau, 134 North La Salle Street, Suite 900, Chicago 2, Illinois, U.S.A.

Members of our Club intending to visit Chicago and participate in the Convention are reminded to make their hotel accommodation reservations NOW. In case you are not familiar with the reservation procedure, kindly contact Hon. Secretary Pat Cha.

Here's Your Chicago

In less than six months, some 20,000 Rotary folk from all quarters of the world will roll into Chicago for their giant Golden Anniversary Convention—and they'll be honoured guests in a city rich in means of entertainment, colourful in tradition. What is this city? Where can you go and what can you see and how? Max Hurd, Chairman of the Host Club Executive Committee, gives you a few answers to these and other questions in THE ROTARIAN for January.

The Golden Anniversary

Here is what Edward H. Birchall, the President of Rotary International in Great Britain and Ireland, said recently in Ostende, Belgium, about Rotary's Golden Anniversary:

"In my view, the success of our celebration will be measured principally by the manner in which each individual Rotarian makes use of the opportunity which the memorable occasion presents. Let each one of us indulge in thoughtful reflection about our obligations, and resolve to correct any variations which may have crept into our lives.

"Clubs do not make Rotarians. Rotarians make Clubs. But it is true that much Rotary action develops at the Club level. It is the Club level, too, that the Rotary story can be told to the outside world. Surely the best way is for each Club to initiate or perform some special project, some outstanding act of service, in each of the four avenues of service."

DR. STUMPF ADVOCATES GOOD NEIGHBOURLINESS

NATIONS with different cultures and forms of government ought to live creatively together, accepting personal and cultural differences as good neighbours, said Dr. K. L. Stumpf at our weekly luncheon meeting at Winner House on December 15.

Speaking on "Human Welfare and the Forces of Dehumanisation"—which subject is closely related to the principles of Rotary—Dr. Stumpf, Director of the Hong Kong Office of World Council of Churches, said that the human dilemma of the present day and the forces of dehumanisation, if they continued to spread, would destroy human beings, their tradition and freedom.

Before calling upon Dr. Stumpf to address us, President John Yuen put Rtn. S. W. Zao to a fellowship "test" from which S. W. emerged with only two failures, while Hon. Secretary Pat Cha reminded the six newly inducted members of their contributions (US\$10 each) to Rotary's Foundation Fellowship Fund.

Reviewing the present human situation, Dr. Stumpf said that human beings had to register many failures—international, political and economic, cultural and moral—which, he said, were failures because man was the agent as well as the victim. "We are in a muddle because we

cannot make a radical choice, because we refuse to make up our minds to accept either alternative: humanitarian faith as it finds its expression in 'human welfare' or the 'forces of dehumanisation'.

"Our dilemma is a spiritual one. War, crime, poverty, bestiality, vulgarity, untruthfulness, the brood of ugly selfishness, are rooted in our lack of a world view, in wrong convictions, or in the complete absence of any convictions.

"The average man of our time neither believes nor disbelieves. It is precisely this attitude which creates our modern crisis, our modern dilemma and which inevitably increases the forces of dehumanisation."

Dr. Stumpf enumerated some of the characteristics and the consequences of the forces of dehumanisation, which, he said, pervaded all parts of the globe. "Individuals and entire nations have already lost their liberties by the swift strokes of these forces, and will, if they continue to spread, destroy us, our tradition, our freedom, our cause, too. The pain of the forces of dehumanisation is marked by abrupt seizures of power, often exercised by unknown, unqualified persons or groups."

As a result, he added, man was forced to

cease to believe in the dignity of the single human being and must transfer his faith into the symbols of a relentless power. "It is this totalitarian power which controls his physical existence, determines his needs and desires and which even dictates those forms of existence which once belonged to his inner private life.

"A vast network of police is required to keep the forces of dehumanisation in order. Subsidiency to these forces is the only virtue required by the totalitarian state. All individuals without exceptions receive their authority to exist from a centralized, lifeless bureaucracy. Propaganda takes the place once occupied by education.

"All laws and moral sanctions safeguarding the dignity and rights of the individual in society are thrown out as worthless rubbish of a dying bourgeoisie. An individual who retains even the smallest awareness of his dignity, of his personal rights, is considered dangerous," the speaker said.

He did not believe that a necessity existed which must turn man into his own nemesis. "It is furthermore my firm conviction that the existing forces of dehumanisation are not the outcome of anything predestined in human nature, but of a perversion of human nature by evil," declared Dr. Stumpf.

He added: "The most challenging problem of our civilisation, therefore, was how to effec-

tively apply a great human principle which proved to be a real bulwark against the advancing forces, a principle which helps us to be a good neighbour, a principle which guarantees a life in peace, fellowship, in family, civic, national and international relations, a principle which helps to promote."

Speaking of human welfare, Dr. Stumpf referred to the Four Freedoms stated by the late Mr. Franklin D. Roosevelt: Freedom from want, freedom from fear, freedom of speech, and freedom to worship.

Dr. Stumpf said he would, however, add a fifth one, the freedom from hatred. These freedoms, he said, meant that the basic human needs of all children, of all persons, irrespective of class and caste, of nation and race, should be met, not ignored or frustrated. It also meant that exploitation, ruthless competition or any other attempt to satisfy one's own comfort at the expense of others, were inadmissible. The purpose of programmes of human welfare must be to reduce or better, to prevent the ills of society.

"Human welfare work lies between the healing and educational professions. It considers the worth of the individual to be a basic value. It

IMPORTANT TIP

THE *Tung Feng* Bulletin learned from a most reliable source that beginning at tomorrow's meeting President John Yuen has decided to call upon any member to recite the Four Way Test, originated by R.I. President Herbert Taylor.

In case you are called upon to do so, but fail, you may be requested by President John to contribute \$5 toward the Community Service Fund.

The importance of thoroughly understanding and constantly practising The Four Way Test by every Rotarian in his daily life was stressed by Rtn. Charlie T. F. Wei, R.I. Administrative Adviser for our area, during his talk at our Club on November 23.

Of the things every Rotarian thinks, says or does in accordance with The Four Way Test are:

1. Is it the Truth?
2. Is it fair to all concerned?
3. Will it build good will and better friendship?
4. Will it be beneficial to all concerned?

DOUBLE ATTRACTION AT TOMORROW'S MEETING

Some 80 persons are expected to turn up at our meeting tomorrow (Dec. 22) at Winner House to enjoy a five-minute talk on Christmas Cheer by Mr. Jack Yuen, President of the Y's Men's Club of Hong Kong, and a Vocal Solo by Miss Jeannette Ho with Professor M. E. Guldi at the piano.

The meeting will be held in the main dining room of Winner House (also on the top floor) in order to accommodate a bigger attendance. Hon. Treasurer Y. L. Nie has prepared special Christmas fare for the occasion.

believes that the individual should not be sacrificed for the state. It is based on the conviction that the recognition of human needs leads collectively to programmes of established human rights and responsibilities. The human right is the right to equal opportunity for a good life and the responsibility of a good society to remove or reduce unnecessary hardships for all," said Dr. Stumpf.

The speaker then spoke of the four key concepts:

"In order to help others effectively, we must respect the human personality; that means his right to make his own life, to enjoy personal and civil liberties, to pursue happiness and spiritual goals in his own way.

"Human welfare work always strives to make the other person participate actively and responsibly in the process of help.

"Social welfare should be carried out without regard to race, creed or colour.

"Self-awareness is another essential item in a human welfare work without which it is difficult to understand the other person."

"The parable of the good Samaritan in the New Testament takes on a new meaning today, where we are so often constrained not to pass by on the other side. This parable teaches us to help one another actively. It teaches us that Samaritan and Levite, Greek and Buddhist, Christian and Mohammedan, nations with different culture and forms of government, ought to live creatively together, accepting personal and cultural difference and good neighbours in a world which must be committed to nothing less

than goodness and spiritual unity," concluded Dr. Stumpf.

The speaker was most appropriately thanked by Rtn. Marsh Stayner, after which President John adjourned the meeting with a Toast to Rotary International, coupled with which was the newly chartered Rotary Club of Hsinchu in Taiwan.

In this connection, President John informed us that on behalf of our Club, he has sent a congratulatory cable to the Hsinchu Club.

Attendance

Twenty-two of our 29 members attended our last regular meeting at Winner House on December 15, representing 75.86% as follows:

Golden Anniversary News

ROTARY'S Golden Anniversary Convention to be held in Chicago, Illinois, U.S.A., May 29 - June 2, 1955, promises to be one of the greatest events of its kind in Rotary history.

Preparations for this historic event go back over several years. But during the past several months these preparations have been gradually accelerated so that now for the first time it is possible to tell something of the highlights of the great programme being planned.

Nearly all the sessions are to be held in the famous Chicago Stadium, west of the downtown business area better known as the Loop. The stadium has seating accommodations for thousands.

Among the special features of the programme being planned is a spectacular Golden Anniversary Pageant on May 30. Taking part in the Pageant will be hundreds of professional actors, stage hands and musicians. The Pageant will present the dramatic and inspirational story of the growth and development of Rotary during its first 50 years.

Entertainment is also to be provided by the Chicago Symphony Orchestra, one of the world's finest, the Purdue (Indiana) University Glee Club, and a famous guest soloist whose name will be announced at a later date.

On May 31, there will be held a series of unique meetings in various downtown Chicago hotels. Each meeting will be devoted to the story of Rotary in various parts of the world.

These meetings will be presided over by leading Rotarians from these areas, and they will include musical entertainment unique to the areas. However, Rotarians will not be able to attend the meetings devoted to their own parti-

REPLY TO "FAIR-MINDED"

The Editor of *Tung Feng* will be glad to publish "Fair-Minded's" letter of December 17 should he be kind enough to forward his name and address not necessarily for publication but as a token of good faith.

Meanwhile, *Tung Feng* shall contact the Chairman of the Committees concerned for the latest development on our planned community service project for publication, if possible, in the next issue of this Bulletin.

ular areas. They will be invited to attend meetings covering the stories from other regions.

Climaxing the five exciting days will be Rotary's Golden Anniversary Ball on June 2 night. The Ball will be held in several leading Chicago hotels to accommodate the great numbers of guests who are expected to attend.

In addition to the plenary and other sessions and regional dinners special entertainment is to be provided the ladies and young people.

10% Membership Increase

Many Rotary clubs in all parts of the world have already attained or exceeded a 10 per cent increase in their membership.

In one month alone, September, over 400 clubs reported they had attained their increase goal.

The Rotary Club of Beenleigh, Queensland, Australia, as an outstanding example, reported a 50 per cent increase in its membership.

Editor's Note: It may be noted that in this connection, the Rotary Club of Hongkong Island East has already achieved a 20% increase in its membership.

YULETIDE SPIRIT MARKS ROTARY MEETINGS

CHRISTMAS cheer and spirit were very much in evidence at the regular meetings of all the four Rotary Clubs in the Colony last week. Greetings of the Season were warmly exchanged between fellow Rotarians amidst boasts of goodwill and fellowship in gaily decorated dining rooms. The Yuletide spirit caught everybody, including the Sergeants-at-Arms and their assistants of all the four Clubs.

The Hong Kong Club's meeting last Tuesday featured a short vocal recital by Miss Esther Chow, who sang four songs, accompanied at the piano by her sister, Ruth. Rtn. Kenneth Barnett, who recently returned from his home leave, attended the meeting on his last occasion as a member of the Hong Kong Club. He has resigned, having been transferred to a new post in the New Territories. Rtn. Barnett brought back several bannerettes of other overseas Clubs which he acquired for the Hong Kong Club during his home leave. Three new members were inducted at the same meeting, bringing the total membership of the Hong Kong Club to 113.

The first Christmas luncheon meeting of the Rotary Club of Hongkong Island East last Wednesday was attended by a record number of members, fellow Rotarians of other Clubs and friends,

totalling 77 persons.

Thanks to the good efforts and generosity of Hon. Treasurer "Dragon" Y. L. Nie, the rich decorations of the meeting place and the Christmas fare were certainly the best when compared with those of the other Clubs for this happy and memorable occasion. Among those present were the Presidents of the Colony's three other Rotary Clubs and the Officers of the Y's Men's Club of Hong Kong, headed by its President, Mr. Jack Yuen.

May one more greeting
add its CHEER to the
wishes of all
Fellow Rotarians
for the NEW YEAR

Speaking on "Christmas Cheer", Mr. Jack Yuen extended to us the Y's Men's Club's sincere greetings and told us of a story about a Christmas present and how more people were needed to carry out the spirit of Christmas.

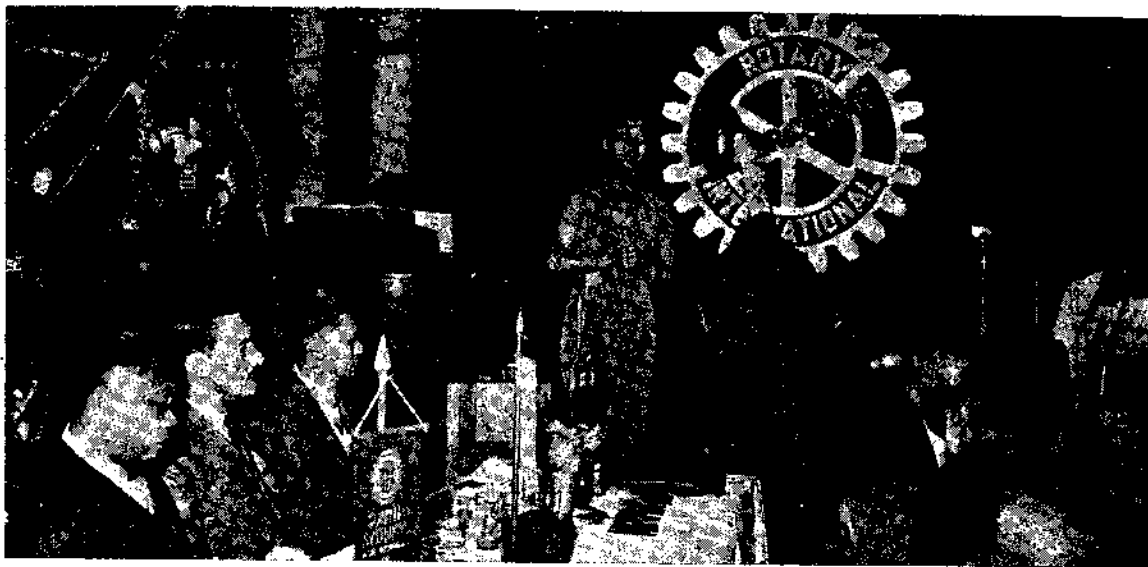

"We are celebrating at Christmas," he said, "the birth of HIM who has taught mankind brotherly love and universal benevolence. His was a lonely voice at the beginning until more and more men joined in to spread his teachings and to engage in good community work by service clubs such as the Y's Men's Club and the Rotary Clubs."

After a short interval, a vocal solo was given by Miss Jeannette Ho, who sang "One Fine

Day", "Sing Joyous Bird" and "The Trees". She was accompanied at the piano by Professor M. E. Guldi and received tremendous applause.

On behalf of our Club, Rtn. Bill Nichol thanked Mr. Jack Yuen, Miss Jeannette Ho and Prof. Guldi, after which President John Yuen adjourned the meeting with a Toast to Rotary International, associated with which was the Rotary Club of Kowloon.

Helped by Rotary-Annes attending the Ladies' Day and by 40 members of the Diocesan Choral Society, the meeting of the Kowloon Club on Thursday was the biggest in attendance when compared with those of the other fellow Clubs. Altogether 192 persons, including 83 ladies, were present. Members from our Club who participated in the meeting were President John Yuen, Rtn. and Mrs. Ron Bennett, Rtn. and Mrs. Seven S. C. Shih, Rtn. and Mrs. Henry Chang, Rtn. Joe Bao and his 19-year-old charming grand-daughter, Jennie. Among those from the Hong Kong Club were President W. V. Pennell, Rtn. and Mrs. C. T. Wang, Rtn. and Mrs. Kenneth Barnett and Rtn. Bill Hawkins.

After the luncheon, Rotarians and their guests were entertained with a musical programme of Christmas songs presented by 20 students each from the Diocesan Girls' and Boys' Schools, respectively. The Choral Society was conducted by Mr. G. A. Goodban and was accompanied at the piano by Mrs. M. H. Goodban. The musical programme also featured three songs by Mr. Osmund Skinner.

NEXT MEETING

The Editor regrets being unable to give advance information as to the speaker and programme of tomorrow's regular meeting.

The Chairman of the Programme Committee will make the necessary announcement at the meeting tomorrow.

The last Rotary meeting of the week was held by the Island West Club at the Golden Dragon Restaurant on Friday, when a choir formed by 15 Rotarians and guests lined up in front of the head table and sang three Christmas carols, led by Hon. Secretary Henry Tang.

The meeting also heard a brief talk by Dr. Ting Su, of the Education Department, on "Philately". He said that stamp collecting was a somewhat contagious hobby and would eventually cost a lot of money. He advised those who were interested in stamp collections to treat it as a strict hobby and not as an investment.

He said that his own interest in stamps was first aroused some 20 years ago because of their designs. During his address, Dr. Ting explained the designs, historical background and peculiarities of many stamps and exhibited many of his valuable collections.

Chicago Mayor Sends Invitation

Mr. Martin H. Kennelly, Mayor of Chicago, has sent an invitation to all our members and their families as well as to all Rotarians throughout the world to go to Chicago, the birthplace of Rotary, for Rotary's Golden Anniversary Convention there from May 29 to June 2, 1954.

In his invitation, the Mayor said that it was his good fortune for many years to know the late Paul Harris, the founder of Rotary, and that he had followed with keen interest the remarkable growth of the Rotary organisation from its beginning in Chicago to its present extension to 89 countries throughout the world.

THIS WEEK'S . . .

. . . programmes of other fellow Rotary Clubs in the Colony are as follows:

HONG KONG (Tuesday):

A Ladies' Luncheon Meeting at which will be screened a travelogue taken by Rtn. and Mrs. Bill Hawkins during their recent travels around the world. Rotary-Anne Gladys Hawkins will render a running commentary.

KOWLOON (Thursday):

A Business Meeting.

ISLAND WEST (Friday):

Speaker: Rtn. A. de O. Sales of the Hong Kong Club.

Subject: What Is the Junior Chamber of Commerce?

New Club For Taiwan

WITH 55 Charter members, the Rotary Club of Taipei West held its organising meeting last Friday (Christmas Eve), according to information received during the week-end from Rtn. Charlie T. F. Wei, R.I. Administrative Adviser for China, Hong Kong and Macao.

A joint congratulatory telegram was sent last Saturday by President H. C. Fung of the Island West Club, and President John Yuen of our Club, to the Taipei West Club.

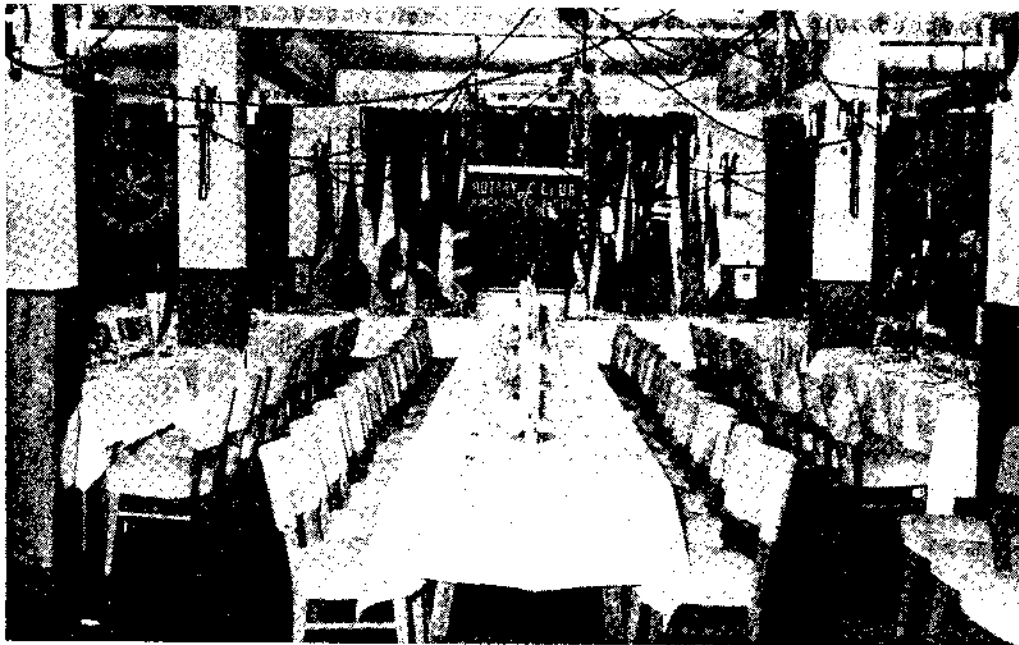

Taiwan now has seven Rotary Clubs; they are Taipei, Taipei West, Tainan, Keelung, Kaohsiung, Hsincho and Pingtung.

The R.I. Administrative Adviser and Rtn. E. T. Tsu, President of the Taipei Club, have three more new Clubs to be formed in Taiwan before the end of the 1954/1955 Rotary Year.

2ND REPLY TO "FAIR-MINDED"

Your questions in respect of our first community project will be most probably discussed and answered at the regular meeting of our Club on January 12.

It is learned from the Chairman of the Recreation Centre Project Committee that a detailed report on the progress of the project will be submitted to the Directors for review at the Board's next meeting on January 7, at which a request will be made by that particular Committee that the regular meeting on January 12 be a Closed Session for discussion by all our members on this subject.

The Winner House dining room was gaily decorated by Hon. Treasurer Y. L. Nie for our first Christmas meeting.

With Compliments of
