LAST WEEK'S PROCEEDINGS - Jan 10, 2018

The meeting came to order at 1:01pm. Members attending were: PP Uncle George, PP Andrew, PP Rudy, PP Tim, PP Eddy, PP William, Rtn. Peter, Rtn. Bernard, PE Gilbert, and P. Stacy

P Stacy & PP Eddy shared their CPR/AED learning experience. It was a great way to spend a Sunday, to learn life saving skills and also grow through fellowship!

The speaker was Patrick Ogwu. Patrick shared about the true essence of a TED talk – which is to inspire others. Essentially a TED talk is a seminar in which speakers are selected under a selected Theme. Attendees will hear 10 different speakers and hopefully somehow and in some creative form connect dots. From this, it is the Aim of TED that ideas worth spreading will inspire others to limitless possibilities.

Patrick and his committee are organizing a TED talk on HK Poly U campus on March 10th. Patrick shared with us his speaker list and his goals. For him, he wanted to get the message out there that if life doesn't go as planned (according to the script) that it isn't the end of the world, and there is hope and that some other thing might happen just around the corner.

Rtn. Bernard thanked the speaker. Meeting was adjourned at 2:00pm.

NEXT WEEK SPEAKER - Club Assembly

THE LAST LAUGH - Seeing-eye Dog

Two guys were walking their dogs — one had a German Shepherd and the other had a Chihuahua. The man with the Shepherd suggested going into a bar for a drink. The other man says, “They’re not going to let dogs into the bar.” And the first guy says, “No? Watch this.” So he puts on some dark glasses, acts like the German Shepherd is a seeing-eye dog, walks into the bar and orders a drink. And no one says anything. So the second guy takes out some dark glasses, slips them on, and walks his Chihuahua into the bar. The bartender says, “Sorry — we

don’t allow dogs in here.” And the man says, “It’s okay — it’s my seeing-eye dog.” The bartender laughs and says, “This Chihuahua is your seeing-eye dog?” And the guy says, “They gave me a Chihuahua?”
