Community Service Projects: Empowering Youth through English Conversation and Cultural Exchange Friendships

I'm happy to write to you that next week we will kick off our English Conversation service project with the students of Holy Carpenter School.

Holy Carpenter School is a Band 3 school, most of the students are from Mainland China. The students we are working with are quiet and shy. Outside of school, they have little opportunity to speak English. Hence, our service project is a combination of English + Virtual Pen Pal Cultural Exchange with the students.

Weekly 1-on-1 30 minute zoom session
Duration: 6 months.

We have 7 tutors from the UK (in cooperation with Mercury Education) and 6 tutors here in Hong Kong (Rotary Anns + Eva Leung+ PP Stacy) We had a meeting at 6pm on zoom. Here is our happy group shot.

In the next 6 months, we will work with these 13 students at first. The school hopes that the project will go well and then will expand the student base for us. PP Stacy will keep all members posted.

PP Jonathan's introduction about the Little Life Warrior Society potential project:

In these COVID 19 times, children cancer patients who stay in the hospital for cancer treatment (chemotherapy) go through quite an isolating experience. SIM Data will help them because they can use internet for online lessons, watching movies, connecting with friends, playing games, during the treatment. By providing internet access we would be cheering them up and brightening their circumstances. Project size is tentatively 10,000HKD to 20,000HKD.

Members who would like to participate or have comments and suggestions please contact PP Jonathan and PP Stacy. Thank you!
