Then SAA Rtn Jonan reported a total collection of \$1,200 for the Red Box.

The highlight of today program was the report by our President on her works during the past year. She had attended over 210 service projects and fellowship functions:

Before she presented, she asked us what was the theme of this YEAR?
And what was their interpretation on PEACE?
Most of our members could answer and interpreted well.

Then Pres. Nancy started her reports with the highlights summarized below and the full version will be published in our Club's website for your scrutiny:

In this rotary year, the RI theme is "**Peace through Service**".

Our RI President Sakuji Tanaka said, "...In Rotary, service is much more than a sideline or an occasional pursuit. It is an approach that emphasizes **consideration and caring** for others, and **leads to harmony** among people. Through embracing service in all aspects of our lives, we foster **a spirit of sharing**, find goodwill for others, and **choose peace**." (Message taken from District Governor Kenneth Wong July Newsletter)

Nowadays, a lot of conflict takes place around us, no matter in our workplace and family. The conflicts may rise due to misunderstanding of the common goals between us and lack of forgiveness and supports to others. If someone can have the ability to resolve conflicts, peace will be maintained and better human relationships will be achieved. Thus, we believe that by eliminating and reducing conflict, **PEACE would be with us**.

In the spirit of "Service above self" and with members of HKIE as my team players I devoted selflessly my time and efforts to furthering the cause of humanity. Indeed, my ultimate goal is to make millions of people benefited from the various service projects and community programmers that we arranged that leading them a better life - PEACE in mind and heart.

We are well prepared to answer each of the following questions in no more than one minute when we met people or promote Rotary at the public.

6. CLUB STRATEGIC PLANNING

Our 3-Year Strategic Vision Plan has been:

1. To become one of the most admired clubs in HK for community-minded individuals and their families
2. To continue its active role as a member of District 3450 and Rotary International
3. To enhance Club's Public Image
4. To groom our new generation
5. To keep membership growth
6. To foster Club collaborations, both Inter and Intra District.

Our retention rate is positive. Only two members resigned in this year. One is because of long period of off-shore work posting and the other is a new member who has his own other expectation in joining Rotary.

We have a healthy balance between local & international projects. Each year, we have at least one international project joined with our sister Club. And usually this is a big project. This year we have 2 of such projects.

We are also an ongoing supporter of the Rotary Foundation. Each year we commit to have 5 Paul Harris Fellows or their equivalent amount of contributions. This year we have again met our target with PP John Kwok & PP Hubert Chan upgraded to Major Donor Level 2.

7. MEMBERSHIP PROGRAM

To keep club strong, every Rotarian must share the responsibility of bringing new people into Rotary. Even new members can bring guest to meetings or invite them to participate in a service project. This is one way of increasing membership.

The value of Rotary speaks for itself, and the best way to spark the interest of potential members is by letting them experience fellowship and service firsthand.

Besides the above mentioned, we also employed the following ways and resulted in recruiting **six new members before May 3 with two to three potential members in the pipeline:**

- 1 rekindle old relationship
- 2 put new members to work
- 3 find our competitive spirit - our Club is golf
- 4 keeping members interested in Rotary
- 5 good club fellowship and early involvement in service projects
- 6 Our number one job: RECRUITMENT

8. Budget for Service Projects:

TOTAL APPROVED BUDGET On 17 PROJECTS: \$336,795

TOTAL USED BUDGET FOR 14 PROJECTS: \$282,795

TOTAL SURPLUS BUDGET: \$54,000

We have a handsome surplus of HK\$54K in all the service projects; due to cancellation of

1. Joint Water Project with our sister club Penang
2. Lunch & Transportation subsidy for Choi Jun students
3. HK South Breakfast Funding

With all the efforts my team players and I had dedicated, we have won 14 District Awards(6 Silver/5 Bronze/3 Merit) + One Presidential Citation Award + One Preserve Planet Earth Award; with a total score points of 46 - in which the largest score as of last JPM on June 11.
