Pres. Heman then gave his presidential speech and the year plan of 2010 - 2011 as follows:

President speech 2010-11

It is indeed an honour to serve one of the most prestigious Rotary Clubs of District 3450, the Rotary Club of Hong Kong Island East.

Our Club has a lot of good cultures, our most senior members are always supportive to the Club, like Uncle John who strive to learn what the internet is all about and work on our website; I remember that during the Macau District Conference, Uncle Peter supported us to the extent of going with us to have late supper in one of those congee places. Each president passed on their baton, with wealth of experiences, wonderful partnerships, and good practices. Like the Hebei project initiated by PP Eddy and PP George, Choi Jun School through PP Paul and PP Laurence; PP Andy started the Adopt-A-School project with Choi Jun School as well as Guizhou Mountain Clinic with Amity Foundation. Last year, with IPP Norman's initiatives, we almost visited every single one of our services partners before we started our working relationship with them. We are truly passing on the torch.

We have Golf Tournaments in honour of our respectful seniors, Uncle Peter and Uncle John, and our youthful past presidents, such as PP Henry and PP Andrew and in the coming year PP George, PP Stephen and PP Hubert as well.

We contributed our times and efforts to District, our PDGs, Past Presidents even our Director like Nancy, taking up various roles in the District.

It is in our selflessness in contribution, from members, board members, past presidents, most respectful senior members, PDGs and of course our Rotarianne, our Club has been awarded with 3 Presidents of the Year, Eddy Wong, Andy Wong and Norman Lee in the last 5 years.

So with the support of all our Most Senior Members, Past Presidents and fellow members, and a tradition of 56 Years, where do we go from here??

This year RI President Ray Klinginsmith has said, " what we need to do is to focus our best efforts on encouraging our

Clubs and the District to do what Rotarians are passionate about, and what Rotarians are the best at doing, which is Building Communities-Bridging Continents" With that I would like to present to you what we would like to do this year.

Lastly, on behalf of our board of directors and service chairs, we urge you to participate in our projects, whether you like to organize, donate, or just participate, your engagement meant a lot to us. Most important of all, as Uncle John says, come and join our Luncheon Meeting, and if you can't, do make up on Website. Thank you.

After a big round of applause from the attendants Pres. Heman went on to present his year plan as follows:

Subject: Singles Cruise

Ed and Dorothy met while on a singles cruise and Ed fell head over heels for her. When they discovered they lived in the same city only a few miles apart, Ed was ecstatic. He immediately started asking her out when they got home.

Within a couple of weeks, Ed had taken Dorothy to dance clubs, restaurants, concerts, movies, and museums. Ed became convinced that Dorothy was indeed his soul mate and true love. Every date seemed better than the last.

On the one-month anniversary of their first dinner on the cruise ship, Ed took Dorothy to a fine restaurant.

While having cocktails and waiting for their salad, Ed said, "I guess you can tell I'm very much in love with you. I'd like a little serious talk before our relationship continues to the next stage. So, before I get a box out of my jacket and ask you a life changing question, it's only fair to warn you, I'm a total golf nut. I

play golf, I read about golf, I watch golf on TV. In short, I eat, sleep, and breathe golf. If that's going to be a problem, for us, you'd better say so now!"

Dorothy took a deep breath and responded, "Ed, that certainly won't be a problem. I love you as you are and I love golf too. But, since we're being totally honest with each other, you need to know that for about the last five years I've been a hooker."

"I see," Ed replied thoughtfully. He looked down at the table, and was quiet for a moment, deep in serious thought then he added, "You know, it's probably because you're not keeping your wrists straight when you hit the ball."
