Recently, HK Island East Rotary Club is known for its Golf Outing, either in Summer or Winter. By this practice, we have invited golfers to join our Golf Tournament of this Club and later inducted him as our member. Through this golf fellowship relation, we are trying hard to induce more new members to our club.

It is interesting to note that golf professional is being invited to give lesson as speaker in our club during luncheon meeting.

Members are requested to invite golf tutors to demonstrate their skills in Golf game.

Joke

Subject: Effort

A giant ship engine failed. The ship's owners tried one expert after another, but none of them could figure out how to fix the engine.

Then they brought in an old man who had been fixing ships since he was a young. He carried a large bag of tools with him, and when he arrived, he immediately went to work. He inspected the engine very carefully, top to bottom.

Two of the ship's owners were there, watching this man, hoping he would know what to do. After looking things over, the old man reached into his bag and pulled out a small hammer. He gently tapped something. Instantly, the engine lurched into life. He carefully put his hammer away. The engine was fixed!

A week later, the owners received a bill from the old man for fifty thousand rand. "What?!" the owners exclaimed. "He hardly did anything!"

So they wrote the old man a note saying, "Please send us an itemized bill, all we saw u do was, tap with the hammer."

The man sent a bill that read:

Tapping with a hammer..... R 5.00

Knowing where to tap..... R 49, 995.00

Moral of the Story: Effort is important, but knowing where to make an effort makes all the difference!
