Club Assembly

There was no guest speaker as we were having our Club Assembly to discuss the four Avenues of service of the club.

President Rudy started the meeting and was later taken over by President-Elect Robert to conduct the Assembly. He asked whether the new system of having one team leader to handle the job for two months so that all the team leaders have the chance to practice what should be done to administer the club's affairs. Rtn. Tony Loy endorsed such measures. Robert then directed the same question to PDG Peter who expressed his experience that it is okay overall except the Red Box collection might be thinner due to the fact that no donors' names are announced. Just for example, it was not reported in the weekly bulletin when PP John Kwok gave back the prize which he won for auction again during the President Night at the CCC early this month. An announcement of a good deed does not mean to downgrade one's action. It is a natural reaction and more good deeds will follow by others.

Hon. Secretary John Kwok concentrated on the subject of attendance. He considered a poor result of attaining an average of less than 60% per month in our attendance list. At this juncture, PDG Anthony Hung was invited to give us some advice. He said that RI is more flexible on attendance nowadays, such as attending a Board meeting, Rotary fellowship gathering, etc. are counted as make-up attendance. He stressed that a group "make up" to other clubs guided by one of the senior Rotarians is a good way to improve attendance. Encouragement is a good way to improve attendance too.

As a reminder to the incumbent president, PDG Peter asked whether there are any souvenirs for the 100 percenters of his year. P-E Robert said that such small gifts should be for the account of the club and not the reigning president. PDG Peter replied that any expenditure should be approved by the board in the first instance no matter how small it might be. Immediately, President Rudy said this had been the tradition of the club since its charter and there were around ten 100 percenters per year or less. It would not be a big damage to the President. It is just a gesture for good remembrance. It could be a 4-way test plaque or a piece of Object of Rotary.

Why PDG Peter raised such a small matter? Because one of our presidents refused to carry out such a good tradition.

Due to time factor, we could not discuss further about other avenues of service and President Rudy adjourned the meeting with the usual toast.
