20th November, 2013

Last Week's Proceedings – 11th November, 2013

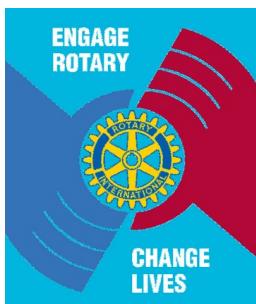

It was a joint dinner meeting with Rotary Club (RC) of Happy Valley in the evening of 11 November, 2013 Wednesday at the Regal Hong Kong Hotel where close to 60 Rotarians and guests of 6 clubs joined hands to welcome the honorable speaker, the Privacy Commissioner Mr. Allan Chiang, and his interesting and informative deliveries on "Myths about Privacy and Data Protection".

The bell was rung at 7:30pm.

When 5 of the 6 Presidents including President Mawin Cheung of RC of Happy Valley, President Doris of RC of Hong Kong Harbour, Charter President Tobias of RC of Shouson Hill, Past President John of RC of Northeast and our President Jonathan Lamport of RC of Hong Kong Island East in place on stage, Assistant Governor (AG) Heman Lam gave a welcome speech to greet our VIP guests and honorable speaker, followed by a brief introduction of agenda of the night.

District Governor (DG) Eugene Fong was then invited to give all participants an opening speech.

DG Eugene welcomed our Guest Speaker and all other VIP participants. In his speech, he stressed the importance of privacy and data protection on daily and business life as this touches upon the qualities of being honest, probity, sincerity and uprightness and surely echoed with the Object of Rotary which are "high ethical standards in business and professions and the dignifying by each Rotarian of his occupation as an opportunity to serve society". DG Eugene realized that individual Rotary Club and Rotary International (RI) District 3450 did house many personal membership information and surely RC should start to look into the lawful requirement in this personal data protection arena. The intra-club use, circulation, disclosure and protection of membership data has already been the topic RI District planned to look into closely in 2014.

DG Eugene felt apologetic about his needs to depart early from the meeting. He said that 11th November was a busy day for Rotary as there were also other events and functions happened on the same night. He asked for an excuse to leave the dinner after his speech to join a next gathering of another Rotary event. Our CDS Eric Chin joined him to his next visit as well. But before his departure, DG Eugene took a few minutes to present an Award to two champion clubs. The awards were the "Every Rotarian Every Year 100% Sustaining Membership Club 2012-2013" to RC of HK South and the "Every Rotarian Every Year 100% Sustaining Membership Club 2012-2013 Top Three Highest in Per Capita" to RC of HK Harbour.

The meeting continued with 5 Presidents (RC of Hong Kong South didn't send her President or a Rep on stage) took turns to introduce their participated members, guests, club histories, key achievements and announcements. When came to HKIE, President Jonathan invited all our members to be upstanding for recognition, namely - PP Uncle John Kwok, PP Heman Lam, PP Norman Lee, PP Eric Chin, PP Eddy Wong, Rtn Avis Kong and Rtn Charles Man. We didn't have Sergeant-At-Arm for Red Box Collection this time. President Jonathan then proceeded to make his Club introduction and announcements as follows:

1. Club history and key achievements:

The Rotary Club of Hong Kong Island East held its inauguration meeting at 1 pm on March 11th 1954 at Winner House, North Point, Hong Kong so this RC year will be our 60th anniversary, we have 56 members. On April 6th, 1954, together with the Rotary Club of Hong Kong Island West, the club formally received its charter from Rotary International. A joint Charter Night was held at the Ritz Nightclub on May 28th, 1954 when past R.I. Administrative Advisor, Charlie T.F. Wei officially presented the charters to the new club.

There were 25 charter members and our Founder President was PP John Yuen. When 1954/55 Rotary Year started on July 1st, 1954, all officers who had then served for only two months during the Rotary Year 1953/54 were automatically re-elected to carry on through the Rotary Year ending June 30th, 1955. By a happy coincidence this was the Golden Anniversary Year of Rotary International.

About territory and daughter clubs: the Club's territory originally extended eastwards from Arsenal Street through Wanchai and Shaukiwan to Stanley. Over the years, the club has ceded part of its territory to two new clubs, The Rotary Club of Hong Kong South and the Rotary Club of Hong Kong North. The club's territory now extends eastward from Arsenal Street through Wanchai to Fortress Street in North Point. However, the club reserves the right to draw new members from the ceded territory.

We have 7 Sister Clubs - 3 in Japan, and 1 in each of Penang, Malaysia, The Philippines, Vancouver, Canada and The United States of America.

Regarding community and vocational services: the Club (HKIE) has remained constantly active in Community Service. Its greatest achievement to date has been the building of the Victoria Park School for the Deaf. This project costed over a quarter of a million dollars.

This was followed by other valuable projects:

- a) The Youth Club at Mansion Street, North Point.
- b) A mobile medical van to the Medical and Health Services of the Hong Kong Government.
- c) A library and study centre called the Star of the Sea Study Centre in Chaiwan Resettlement Estate.

Next came the highlight of the evening. IPP Jimmy of Happy Valley introduced our guest speaker Mr. Allan Chiang.

Mr. Allan Chiang Yam-wang took office as the Privacy Commissioner for Personal Data for a term of five years from 4 August 2010. Mr. Chiang felt very honored to be tasked with protecting personal data privacy in Hong Kong. He felt a profound sense of responsibility and always working closely with his staff and all stakeholders in the community to chart an exciting new path of advocating personal data privacy in Hong Kong. He treasured the chance of being a Privacy Commissioner. The issues of privacy and the protection of personal data have been rapidly evolving in this information age. The past investigation against the Octopus group of companies in relation to the management of their customers' personal data had brought public awareness of their personal data privacy rights to an unprecedentedly high level. As the Privacy Commissioner, Mr. Chiang pledged that he would try all means to secure the protection of personal data privacy through (i) promoting the awareness and understanding of privacy rights among data users, as well as (ii) taking regulatory action to uphold this basic human right.

Prior to joining the PCPD, Mr. Chiang was the Chief Executive Officer of the Hong Kong Design Centre from 2007 to 2009. Before that, he served in the Government for 33 years and was the Postmaster General from 2003 to 2006.

Mr. Chiang's talk began with the mission of PCPD. The mission statement described as: "to secure the protection of privacy of the individual with respect to personal data through promotion, monitoring and supervision of compliance with the Ordinance." Mr. Chiang stressed that his role is to protect information privacy. Other privacy issues like territorial privacy, personal privacy and communications and surveillance privacy are not within his legitimate rim.

The Commissioner explained that personal data or personal information means any data relating directly or indirectly to a living individual, from which it is practicable for the identity of the individual to be directly or indirectly ascertained and, in a form in which access to or processing of the data is practicable. Compiling information about an identified person or about a person whom the data user intends or seeks to identify without prior consensus of the identified person may already be a breach of data privacy law.

However, finding a balance between the right to privacy and other social and economic rights is tricky, as highlighted by the raging debate over a proposal to redact directors' residential addresses and identity numbers from public company searches.

A more recent case was that PCPD found mobile app "Do No Evil" had supplied sensitive personal data - including names of litigants, partial identity card numbers, addresses, claims amounts and company directors' data - to users without voluntary consent. More than 200,000 requests for data access had been made since the app went online last year. The app, with 40,000 users, sources information from Glorious Destiny Investments (GDI), which collates information from the millions of pieces of information about litigation, bankruptcy and company directorships from sources such as the Judiciary, the Official Receiver's Office, and the Companies Registry Gazette. The Commissioner said this act was a threat to personal privacy. Data Protection Principle 3 of the Ordinance restricts use of personal data for anything other than the original purpose unless voluntary consent of the subject of the data is obtained.

The amendment to the Personal Data (Privacy) Ordinance, which kicked in on April 2013, made it compulsory for companies to ascertain that their customers had no objection to the use of their personal data for direct marketing. They are also obliged to inform the customers of the type of data that would be used or transferred. Failure to comply with the two requirements would constitute a criminal offence.

While the companies can still use their pre-existing customers' data, they are required to tell them clearly about its use. Mr. Chiang advised us to keep copies of our requests to opt out of direct marketing, amid public confusion over the new privacy rules. Mr. Chiang also responded to Rotarian questions about difficulties in withdrawing from direct marketing schemes. Mr. Chiang said that apart from calling the companies, consumers could also write in or visit the company in person to make their request. The companies would have to comply with their

customers' opt-out requests regardless of when the requests were made. The Commissioner ended his speech with approval and clapping.

President of RC Happy Valley, Mawin, was invited to thank the Commissioner for his informative and interesting update on privacy and data protection knowledge.

The fun part of the evening was hosted by our new member Rotarian Charles Man. Charles is from Hong Kong Island East. He made notes of the histories and key achievements mentioned by Presidents of the 5 clubs. Up onto the stage, Charles started his quiz games, asking questions related to club histories and achievements announced. HKIE had two members answered questions rightly and got three small nice gifts.

AG Heman closed the meeting by ringing the bell. DAG Douglas then proposed a toast to all VIP guests and all attending club Presidents and members. Douglas also toasted to thank President Mawin and RC of Happy Valley for their host of this successful joint meeting. Meeting was adjourned timely and all participants were invited to a group photo and fellowship after.

The guest speaker for the coming week is Ms Michelle Mak. We will have dual purpose meeting besides Wudang Master Ms Michelle Mak who will demonstrate some exercise for health. The second purpose is to raise funds for Philippine disaster relief. We will have many prizes to be auctioned off such as wine and other gifts which will be from our members to raise funds for the disaster. Please be generous and come and support this auction/donation.

LAUGH FOR THE WEEK

Subject: **The difference between sex, super sex and love**

Girl asks her mother: What is sex?

Mother: Sex is when you stop a car driven by a man who offers you a meal in a restaurant, and then you spend some time with him in the hotel room, have sex with him once, and then each one go on his way and you have a hundred dollars bill extra in your pocket.

Mother: Super sex is when you stop a limousine driven by Chauffeur and a stylish man is sitting in the back who takes you to a luxurious villa, gives you a scrumptious meal with distinctive Caviar ... and then you spend the night together in bed and engage in sex more than once, and then you part with an envelope containing a thousand dollars in your pocket.

And then the girl asks her mother: What is love?

Mother: **Love is a lie invented by men so that they can have sex with you for free.**
