Rotary Potpourri

This was an award-winning year for the Rotarian Magazine and Rotary International Web-site which were recognized for editorial and creative achievement for Folis Magazine.

RI Web-site won a 2009 Eddie Award for Editorial excellence. It was named the bronze winner in the category for association and nonprofit sites circulated six or more times a year.

The Rotarian picked up a 2009 Ozzie Award in the category of the best use of Digital Imagery for Associations and nonprofits. The recognition was for the best article "HOW TO DO GOOD & FEEL GOOD DOING IT ".

Folio' s Eddie & Ozzie awards are the largest awards competition in publishing. The prestigious designations are bestowed on only the best in magazine and editorial creative teams.

Unluckily, there are a few of our members who have not yet received their copies of the Rotarian for nearly a year and still have the case unsolved with the distribution department of R.I. circulation.

26 students

A first grade school teacher had twenty-six students in her class. She presented each child in her classroom the 1st half of a well-known proverb and asked them to come up with the remainder of the proverb. It's hard to believe these were actually done by first graders. Their insight may surprise you. While reading, keep in mind that these are first-graders, 6-year-olds, because the last one is a classic!
