After a few rounds of questions and answers Pres. Eric led us to put our hands together to thank Mr. Benson Pau for his informative talk and PP Norman gave the vote of thanks on behalf of the members.

Pres. Eric reviewed the three goals of the club and the plan for the next six months as follows:

1. Increase members to 52 by inducting 6 more members
2. Execute the outstanding projects which are medium scale to large scale.
3. Enhance more exposure of Public Image within Rotary and external to the Public. Pres. Eric invited members' support and participation aggressively within these two months to help the club to achieve the Presidential citation and the Change-maker Awards.

students showed their gratitude through singing performances. It was with such joy and warmth that the ceremony came to an end. After a delicious local hotpot lunch treated by the school, our members, together with the Lamport family, was urged to embark on the return journey to airport to avoid delay of traffic by bad weather. Snow fell heavily on our way back, apart from the beautiful snowy scenery of the Guizhou mountain, we were thankful to the local drivers who drove us back safely through the icy mountainous pathways, which took 4-1/2 hours on return.

LAUGH FOR THE WEEK

Subject: Things they did not and will not learn in school

This should be posted in every school or kid's bedroom.
Love him or hate him , he sure hits the nail on the head with this!

Bill Gates recently gave a speech at a High School about eleven (11) things they did not and will not learn in school. He talks about how feel-good, politically correct teachings created a generation of kids with no concept of reality and how this concept set them up for failure in the real world.

Rule 1 : Life is not fair - get used to it!

Rule 2 : The world doesn't care about your self-esteem.
The world will expect you to accomplish something
BEFORE you feel good about yourself.

Rule 3 : You will NOT make US\$60,000 a year right out of high school.
You won't be a vice-president with a car phone until you earn both.

Rule 4 : If you think your teacher is tough, wait till you get a boss

Rule 5 : Flipping burgers is not beneath your dignity.
Your Grandparents had a different word for burger flipping:
They called it opportunity.

Rule 6 : If you mess up, it's not your parents' fault, so don't whine about your mistakes, learn from them.

Rule 7 : Before you were born, your parents weren't as boring
as they are now. They got that way from paying your bills,
cleaning your clothes and listening to you
talk about how cool you thought you were:
So before you save the rain forest
from the parasites of your parent's generation,
try delousing the closet in your own room..

Rule 8 : Your school may have done away with winners and losers,
but life HAS NOT. In some schools, they have abolished failing grades
and they'll give you as MANY TIMES as you want to get the right answer.
*This doesn't bear the slightest resemblance to ANYTHING in real life.

Rule 9 : Life is not divided into semesters.
You don't get summers off and very few employers
are interested in helping you FIND YOURSELF.
*Do that on your own time.

Rule 10 : Television is NOT real life.

In real life people actually have to leave the coffee shop and go to jobs.

Rule 11 : Be nice to nerds.

Chances are you'll end up working for one..

If you can read this... Thank a Teacher.

If you can read this in English... Thank a Soldier!

And for life and everything else you have... Thank God!!

Now.... think about this and smile if you agree and please pass this on...

If you don't agree, go stick your head in the sand and take a deep breath!
