8. Vocational Service –

- ♦ Real Job Interview of Holy Carpenter Secondary School students – Please Contact William Leung if you would offer help in this service.

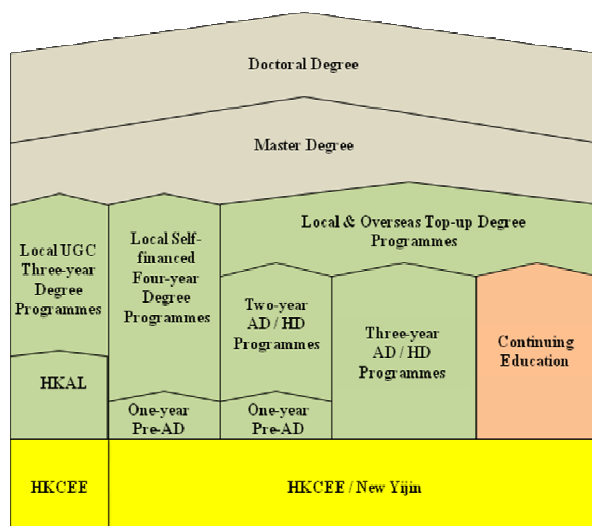

Pres. Eric showed a short video on our visit to Bill Lamport Memorial School in Guizhou, and mentioned that as the school has been built in the rural (mountain area) in Huishui, Guiyang for these very poor kids, a lot of work can be done in the future with collaborations with our Rotaract and Interact Clubs.

PP Tim Lui then introduced our speaker Dr. Simon Leung Tak-wing who has known each other for sometime as both are in the Accounting field. His topic was Double Cohort 2012. Dr Simon Leung is a long serving staff member of The Hong Kong Polytechnic University (PolyU), having joined the institution since 1988. He received his Long Service Award in 2004. For the first 15 years with PolyU, Dr. Leung worked for the Department of Accountancy (now the School of Accounting and Finance). He then joined Hong Kong Community College as Acting Director in 2003, and was promoted as Director after 10 months. He was further appointed in 2008 as Associate Dean (Development) of the College of Professional and Continuing Education of PolyU.

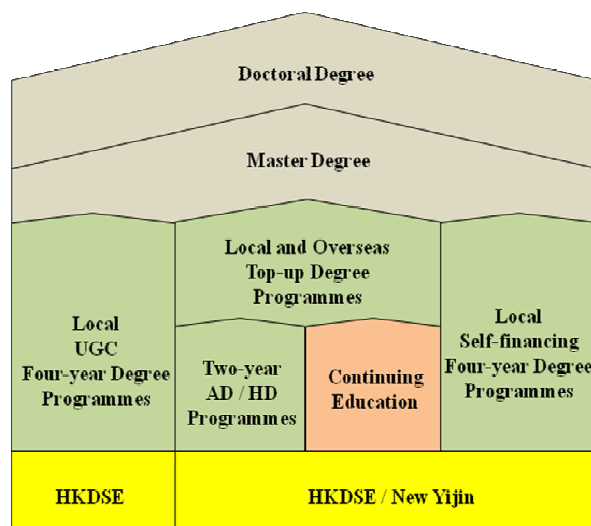

During his long service with PolyU, Dr. Leung has developed a very extensive network both internally at the university and externally with practitioners, professional bodies, as well as academic and non-academic institutions. Dr. Leung is a qualified accountant with academic and commercial training. He got his BSocSc from The University of Hong Kong, and his MBA and PhD from The Chinese University of Hong Kong. Qualification-wise, he is a professional accountant (FCPA, FCCA), a chartered management accountant (FCMA) and a company secretary (FCIS, FCS).

Dr. Simon Leung began by briefly talked about the new 3-3-4 system which would result in students with less public examinations and hopefully would learn and enjoy more of their school years. He also said that the HK Government and Universities are working very hard to make sure there are enough places for these students to choose; the difficulties not only lied in having enough resources to accommodate 2 years students entering University at the same time, but also in working out the right curriculum to fit for students with different academic backgrounds.

Dr. Simon Leung then went on to describe the Old Curriculum (Up to 2012) and compared with the New Curriculum (From 2012) as shown in diagrams below:

The Old Curriculum

The New Curriculum

He then moved on to the Challenges of Double Cohort by drawing our attention to the time table of implementation of the new Senior Secondary Structure as follows:

- 2009 – Implementation of New Senior Secondary structure, the 3-3-4 structure;
- 2010 – Last HKCEE for school candidates;
- 2011 – Last HKCEE for private candidates;
- 2012 – Last HKALE for school candidates and first HKDSE hence 29,000 UGC – funded first year places needed;
- 2013 – Last HKALE for private candidates.

Because of the limited no. of places for UGC programmes each year and with the candidates from HKALE and HKDSE structures, there is an immense requirement for self-financed programmes such as private universities, Associate Degrees, High Dips, and IVE.

The Notion of Quality College of HK Community College (HKCC) is to provide quality programmes, quality staffs, quality learning & teaching environment, quality student development and quality graduates. Dr. Simon Leung stated that HKCC targeted high school graduates, their programmes development partners with HK PolyU. There are 35 programs taught by their own teachers. With 200 full time staff members, quality teaching staffs profile with Masters/PhDs, there are also staff members from industry specific professionals ensuring quality program being delivered.

There are 2 Campuses, one close to Olympic City and the main one is Hung Hom Bay Campus. They encourage students to participate in activities, and Dr. YL So is the Chairman for Student Development Committee. They welcomed the ties with Rotary Club of Hong Kong Island East in providing services opportunity to their students. Currently they have 30 student clubs and societies providing 320 activities, both indoor and outdoor. Dr. Leung stipulated that there is no place for complacency, they would ensure students to stay focus, work hard and get good results and be of good citizen to the society. During Q&A, positive sharing of ideas between speaker and members have taken place.

PP Hubert Chan officially thanked speaker as he stipulated the encouraging message of eliminating some exams from the education system whereby students can enjoy more during their school years. He related the Notion of Quality which are also attributes relating to our club – quality members, quality learning environment, quality services opportunities, quality membership, and quality graduates (our PPs). Also we have been providing quality time in developing our future leaders in University, namely our Rotaractors.

PP Okakura, being invited by our Pres. Eric to the rostrum, said that the reason for visiting us was to pay a visit to our joint project at Holy Carpenter School with their International Director. He mentioned that our relationship began 33 years ago and has been very close since. We joined hands in assisting 2-3 boys in HK Sea Schools, Playright programme and now the Green Magic Course Program with Holy Carpenter School, and they believed that this relationship would continue in the future for a long time.

PP Eddy Wong began the first topic in a series of Rotary ABC as “Object of Rotary”:

The Object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

FIRST. The development of acquaintance as an opportunity for service;

SECOND. High ethical standards in business and professions; the recognition of the worthiness of all useful occupations; and the dignifying of each Rotarian's occupation as an opportunity to serve society;

THIRD. The application of the ideal of service in each Rotarian's personal, business, and community life;

FOURTH. The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service.

Pres. Eric then proposed a toast to Rotary International coupled with the Rotary Club of Osaka Jonan, Hong Kong Harbour and Hong Kong Island East, then adjourned the meeting and invited everyone to a group photo.

WEEE GO GREEN Electrical Appliances Delivery Service Project Kicked Off on Jan 14, 2012

To support the main direction of RI service focus in helping the environment, we joined hands with St. James Settlement in a service project to Recycle and ReUSE the repaired electrical appliances fixed by certified electricians. RCHKIE kicked off the WEEE GO GREEN Electrical Appliances Delivery Service Project, partnering with St. James Settlement, on Jan 14, 2012.

Why this project? The St. James WEEE Recycling Centre lacks the funding to deliver the repaired electrical appliances to the needy families in HK Island. We Offered a Hand.

This Service Project will conduct a total of 7 care visits to the needy families who are identified by social workers:

- We will deliver about 105 small electrical appliances; (avg. 2.5 pcs per family);
- 42 families will be benefited
- The total budget for sponsoring the delivery cost and food pack HK\$ 21,300 was solely sponsored by PP Uncle John. Thank you very much for the generosity of PP Uncle John!

Led by President Eric and Sponsor PP Uncle John, members were divided into 2 teams. Pres. Eric led the team one consisted of Director Kevin Leung, Rotaractor President Henry and Service Chair Menty Yu. Membership Chair William led Team 2 consisted of PP Uncle John, Rotarian Jonah Cheung and Rotaractor Felix Chong. They met at the EcoPark WEEE Recycling Centre in Tuen Mun at 10 am and were welcomed by the center manager Michele Lai. Members were briefed the duty as a volunteer in this service.

Then the team started putting the small electrical appliances including small microwave, fan, ironer and water bottles. Food pack included cookie, oat, rice, tea bags. The two vans with our members and social worker proceeded to Chai Wan and Wan Chai area respectively. Each team visited 3 families and stay for 30 minutes to chat and understand the need of them to explore whether follow up actions be referred back to operation offices. After the visits, 3 families were found have acute needs for some urgent support and were passed to the social workers to follow up. The visit was ended at 1 pm.

Reflection from Rotaractor Menty Yu

A newly joined RC HKIE Rotaractor Service Chair Menty Yu who is a MSc E-Commerce postgraduate student from Shanghai in PolyU, shared her reflection as follows:

It's my first time to do volunteer service in my life, and very luckily, it's in Hong Kong area. What we deliver to those people need help is not only the materials, but also our willingness to help them, care them, and know them. After yesterday's work, I strongly believe that the fruit of our work absolutely exceeds the meaning of those electric facilities and New Year presents. I can feel something from the thanks of beneficiaries, the smile of children and elders, those make me happy. I think I will try to talk and chat with those people more in the future. By The Way, I'm glad to find that Putonghua sometimes is needed, especially in those families with mainland background.

Appreciation from St. James Settlement Social Worker, Miss Michelle Lai

Let me represent St. James' and WEEE GO GREEN to thank for your generous support in today's event. Because of Rotary Club of Hong Kong Island East participation, it is the first time we deliver appliances to families in Hong Kong Island at care visit. Today we had a good start and hope you enjoy the experience.

Visit from our Sister Club Osaka Jonan from Jan 17 – 19 2012

PP Saburo Okakura and Director Fujio Nagata, Chairman of International Service Committee of our Sister Club Rotary Club of Osaka Jonan conducted a friendly visit in Hong Kong from Jan 17 to Jan 19 2012 with an aim to visit the joint project : Green Magic Training in Holy Carpenter Secondary School.

Led by President Eric, HS Jonathan and PP Uncle John we welcomed the visitors in the Airport at 3 pm with a banner stating “ Welcome Osaka Jonan” prepared by Uncle John. We brought them to JW Marriot Hotel for a short rest. Then MC William picked them up and escorted them to the Kiangsu and Chekiang Resident Restaurant where we held a welcome dinner to them. President Eric and his wife Christine, PDG Uncle Peter, PP Laurence, PE Nancy, HS Jonathan, IPP Heman, Dir Kevin, PP Rudy, PP George Leung, PP Uncle John and Membership Chair William Wong joined the party to welcome their arrival. They were served with Yummy Shanghai food, Champaign and red wine in the dinner.

In the afternoon on Jan 18, 2012, they joined our luncheon meeting. To welcome their visit to our club, Pres. Eric presented the two gifts: Club Polo Shirt and Club Briefcase to them as a token of appreciation. A same set of gift was presented to them to bring back to their President too.

Then President Eric accompanied Nagata san and Okakura san with PE Nancy, Membership Chair William Wong, Rtn. Kishu and PP Uncle John to visit the Holy Carpenter Secondary School to learn about the progress of the Joint Project: Green Magic Training to 30 students.

Principal Alan Chow and Vice Principal Joseph Tse welcomed our party and toured around the school to let us know about the school. Then, we proceeded to a classroom where the students of Magic performed 3 rounds of the training they received. Dir. Okakura enquired why the class was named in Green Magic. Vice Principal Joseph explained that the training was not only to provide the magic training in skills, but it also fostered the awareness of the environmental protection to the limited resources to recycle and reuse the materials for training. President Eric also added that the course was to match with the main theme of the project set by RI to promote Environmental Protection to the Earth services.

After the visit, we brought the visitors to a local café to taste the “HK Milk Tea” of which Okakura san liked it very much!

On Jan 19, 2012 afternoon, Pres. Eric and PP Uncle John escorted our two VIPs to Airport. After checking in the luggage, we also have arranged “Yum Cha” with them serving “Dim Sum”. During “Yum Cha” both Okakura san and Nagata san extended their invitation to our members to visit them from April 12 – 16, 2012 to join their Club luncheon meeting on April 13 and then a special visit to view the Cherry Blossom (Sakura) on April 14 following a golf or sightseeing tour on April 15. Pres. Eric thanked for their invitation and would explore the feasibility of the visit to Osaka with members accordingly.

In providing hospital services to our visitors Pres. Eric would like to express the appreciation for the help of HS Jonathan joining to welcome the visitors in the Airport, PP Andy in booking the Restaurant for dinner, MC William Wong in picking up and escort duty to welcome dinner and luncheon meeting, PE Nancy in sponsoring the red wine, and Dir Kevin, Rtn. Kishu, PP John, PE Nancy and MC William Wong in joining the visit the school. The last but not the least, PP Uncle John who prepared the welcome banner and accompanied Pres. Eric in welcoming and to farewell our VIPs in the Airport.

**District 2nd Tournament for All and 1st Blind Bowling Tournament
Our Young Member Ricky Sham won the Highest Score in a Game**

On January 15, 2012, 120 Players gathered at EMAX to participate in the 1st Bowling Tournament held by District 3450 and Hong Kong Blind Sport Association.

The objective of organizing this event is not only to build an inclusive society and select potential blind athletes to participate in the 2014 Asian Games, but also to create the harmonization & care among Rotarians, New Generations and Visually Impaired people.

RC HKIE formed two teams. President Eric led Rotaractor Myra Shen and Sham Ying Chiu, Ricky from Holy Carpenter Secondary School. Recreation Chair Colin led Rotaractor President Henry Cheung and Emily Zhao. Each team was assigned a visually impaired athlete. Each player had to play 3 rounds of games. Our team member, Ricky Sham, who is the representative team member in Hong Kong Youth Bowling team won the two personal award with one in highest score in a game!

Two teams score marks of 1188 and 1147 after three rounds which was an above average performance. Well done two teams of our members!

Every player has to start the first ball with blindfold. What a new experiences to share the feeling of playing bowling in blind. We had enjoyed every moment with Visually Impaired Players,

particularly we have experience to play bowling with blindfold for the first game. Thank for President Eric, Rtn. Colin and Rtn. William Wong in sponsoring all the new generation to participate and raised HK\$ 4,000 to support the district charity event.

LAUGH FOR THE WEEK

Subject: TWO DIFFICULT THINGS TO ACHIEVE:

Two difficult things to achieve are:

1. To plant your ideas in someone else's head.
2. To put someone else's money in your own pocket.

The one who succeeds in the first one is called a TEACHER.

In the second is called a BUSINESSMAN.

The one who succeeds in both is called a WIFE, and

The one who fails in both is called a HUSBAND.
