Rotary Information

When chairman Louis Vincente Giay of The Rotary Foundation came to the East, he passed through Hong Kong before heading homeward. Our district 3450 organized a Cocktail Reception on St. Valentine's Day at Ritz Carlton Hotel in his honour. A promotional speech of the Foundation was well presented to the audience He was accompanied by his wife Celia. PDG Y.K. Cheng and wife Irene were appointed as aides of the couple.

After Chairman Giay's address, he bagged a new major donor in the person of PP Solomon Lee of the Rotary Club of Kowloon East for an amount of US\$250,000.00 which qualified him as a member of the Arch Klumpf Society. His picture will be hung in the photo gallery of the world headquarters of Rotary International. This is the largest amount ever contributed in our district 3450 by a single person so far. The Giay's couple and aides were treated to a Chinese dinner at the residence of the President of the Rotary Club of Kowloon East in the evening with all its members.

If the memory of the writer is correct, Rotary Club of Hong Kong island East did present a cheque for US\$150,000,00 to the Foundation in the year 1993 at the Asia Zone 4 Institute held in Seoul, Korea in memory of the late Uncle John, (John Yuen) founder of the R/C of HK Island East in 1954. This amount was from the Yuen's family earmarked for a selected scholarship by the interest yielded while the capital is untouched.

February is designated as World Understanding Month, during which month, Rotary was established on 23rd February in 1905 by our founder Paul Harris with three young business acquaintances, namely, Silvester Schiele, Gustavus Loehr and Hiram Shorey. In Loehr's office, Paul explained his idea of a different kind of businessmen's club, one in which the various business and professions of a community are represented.

To observe this special month, many clubs arrange international speakers, invite youth exchange students and international scholars from schools and universities to club meetings, plan programs featuring former GSE team members, arrange discussions on international issues, present entertainment with an international cultural or artistic theme and schedule other programs with international emphasis. Rotary quest for goodwill, peace and understanding among people of the world.

We did a good job by inviting students from three different local Universities to give a short talk about themselves at our luncheon meeting.

Jokes

The mechanic

Always wear clean underwear in public, especially when working under your vehicle... From the Northwest Florida Daily News comes this story of a Crestview couple who drove their car to Walmart, only to have their car break down in the parking lot. The man told his wife to carry on with the shopping while he fixed the car in the lot.

The wife returned later to see a small group of people near the car. On closer inspection, she saw a pair of male legs protruding from under the chassis. Although the man was in shorts, his lack of underpants turned private parts into glaringly public ones.

Unable to stand the embarrassment, she dutifully stepped forward, quickly put her hand UP his shorts, and tucked everything back into place.

On regaining her feet, she looked across the hood and found herself staring at her husband who was standing idly by. The mechanic, however, had to have three stitches in his forehead.
