Blond President

Three Arkansas surgeons were playing golf together and discussing surgeries they had performed.

One of the m said, "I'm the best Surgeon in Arkansas. In my favorite case, A concert pianist lost seven fingers in an accident, I reattached them, and 8 months later he performed a private concert for the Queen of England."

The second surgeon said. "That's nothing. A young man lost an arm and both legs in an accident, I reattached them, and 2 years later he won a gold medal in track and field events in the Olympics."

The third surgeon said, "You guys are amateurs. Several years ago a woman was high on cocaine and marijuana and she rode a horse head-on into a train traveling 80 miles an hour. All I had left to work with was the woman's blonde hair and the horse's ass. I was able to put them together and now she's a senator in New York...and running for President!!!"
