Joint University Vocational Talk -

When Rotarians meet Rotaractors to serve New Generation

On 2nd February 2013, a vocational talk on "Ace an interview - How to stand out from the crowd?" was held in Hong Kong Community College (HKCC venue). It was jointly organized by: Rotaract Club of Hong Kong Community College Students' Union; Rotary Club of Hong Kong Island East and Rotaract Club of Hong Kong Island East. Supported by: Rotaract Club of Lingnan University Students' Union; Interact Club of Holy

Carpenter Secondary School. Sponsored by: Hong Kong Community College (Venue and Reception); Rotary Club of Hong Kong Island East (Lucky Draw).

The objective of the talk is to provide participants with effective interviewing skills and techniques that help them to obtain success in interview. The event was held in a smashing success with nearly 60 participants from HKCC, LU, PolyU and Holy Carpenter Secondary School.

In the beginning, President Steven of RAC HKCC declared the opening of vocational talk and then Dr. Simon Leung, Director of HKCC and IPP Eric gave us a warm welcome speech. The first guest speaker is Rtn. Sharon Lamport, she gave us a fantastic speech on "Effective Interviewing Skill" and left an impressive performance for all the participants by a vivid mock interview with the help of President Steven.

Then a group discussion on "Real World Interview" scenarios launched, led by Rotarians: PE Jonathan, Rtn. Terry Tsang, Rtn. Colin Chau, Rtn. William Wong, Rtn. Dr. Dennis Wat, Rtn. Dr. Rudy Law, Representatives from PolyU DBA Alumni Association: Chairman Dr. Eric Chu and Dr. Salina Lee. On this topic, all participants actively got involved in the heated atmosphere.

Straight after that we had a networking break with tea reception. Event proceeded with an "Interactive Forum" hosted by IPP Dr. Eric Chin, panelists of this forum are Rtn. Colin Chau and Rtn. Terry Tsang. Afterwards, the honored guests also played the interactive question and answer with students resourcefully and humorously, which made the students more excited and the scene more inspiring. Then souvenirs were presented to all guest speakers for their efforts in this great event.

Finally what carried on was the link of lucky drawing-the usher in the climax, in an atmosphere of joy came to an end. In the end, President Steven of RAC HKCC gave an ending thankful speech and President Myra of RAC HKIE declared the closure of this event.

In summary, Vocational training thus provided a link between education and the working world. It also provided great leadership training to the Rotaractors to run their own event.

2nd HK Blind Bowling Tournament

On 27th January, 2013, there was a big and meaningful event --- 2nd HK Blind Bowling Tournament which was held on E-max at Kowloon Bay. This event was organized by the Hong Kong Blind Sports Federation (HKBSF) and co-organized by the Rotary International District 3450 (Hong Kong, Macao & Mongolia). Its main objectives were to develop the self-confidence of people with visual impairment through equal participation in sports training and sports tournament and to arouse the public awareness on their abilities.

There were totally four teams (9 Rotarians and Rotaractors) on behalf on the Rotaract Club of Hong Kong Island East to participate in this event. For each team, there were 4 players. Among the 4 players, there was one player with visual impairment. The club sent Nancy Yee, Eric Chin, William Wong, Laurence Chan to be the leader for each of the four teams. For Nancy Yee's team, Eva Tsoi and Felix Chong were two of the players. Ivan Chin and Irina Dechant belonged to Eric Chin's group. Jill To was in William Wong's team while Myra Sham and Jennie (Wife of PP Laurence) were in Laurence Chan's team.

At the beginning of the competition, all the players (normal people) had to wear a blindfold for the first hit. The purpose of this rule was to let them feel what a blind person feel when playing the bowling. When my eyes were covered by something, I felt that I was living in the dark, like a blind. I could not see anything. It was very difficult for me to have my first hit as I couldn't find my direction precisely. Luckily, my teammates helped me to move to the suitable position and finally I hit the ball. It was so exciting!

We all hit the ball one by one and when it was the turn of the blind player I was touched by what he has done. In the past, he was a normal person and had the experience of playing sports, including bowling. This was the first time of playing bowling since he has been blind. He was taught by his trainer and learnt the movement of each step. His action was slow but every slow action could show his serious attitude towards the learning process. He treasured this experience as it was special to him so he took each step carefully. Thus, he hit very well and got a good result during the competition.

PP Laurence and his Wife Jennie scored very good results and won individual awards and for the Area 3 too.

Through this event, I saw the blind's good attitude towards life. They treasure what they have. We should not overlook their abilities. Although they lost their sight they still own a lot of things because they do not give up. They really deserve a meaningful and joyful life.

Eva Tsoi
Treasurer, Rotaract Club of HKIE.

The 2nd Choi Jun School Happy Luncheon on 25th Jan 2013

There were 5 students and 2 teachers from Choi Jun School, we had 9 members and spouse participated in this meaningful event in a western restaurant - TOMO in TST. Besides the Person In Charge (PIC) of this service project, Director William, there were Pres. Nancy, PE Jonathan and his wife Emmy, Hon. Secretary Stacy, PP Andy and PP Heman, Rotarians Jonah and Morris joined. PIC William thanked and appreciated the supports from the members.

We were all together 16 people occupied and sit on a long table; everyone started to discuss the menu and made the order in their own favorite. Before the foods were delivered to the table, members had a chat with the students, asked them to tell us their hobby and the things they like to do in and after the school. After we finished the last order of drinks included in the set menu all of us have a group photo before leaving the restaurant.

This meaningful event encouraged the students to build up their communicate skill with people and their table manner and let them to learn how to make the order of food when they go out with friends or alone. Thanks to Pres. Nancy to have arranged this nice restaurant with inexpensive and tasty foods.
