President's Message - My good deed for the week

Just recently I had a long overdue catch up with an ex colleague and old friend. A Hong Kong lady, whom I have known on and off for over 25 years. She and her husband, an American gent, had retired to the US in the past 10 years, and we'd lost touch a little here and there. We met with a group of other past colleagues at Luk Yu tea house in Central, and it was great. Now she informed me, she and Bob her hubby, had relocated to Penang. Wow. We were all happy to know they were back in Asia, and promises were made to pop over and see them etc. She also informed me that Bob was looking to hook up with a Rotary club there, since he'd enjoyed his activities as a Rotarian back in the US. Seizing on the chance to do some good, I got in touch with our friends at Rotary Club of Penang, President Stephen and William Wee, and gave them Bob's contact details. They in turn were very thankful and have promised to invite him for lunch. And I felt good. Connecting a Rotarian with Rotarians. And it reminded me of just how deep the goodwill and fellowship goes with who we are and what we belong to. The good news is, I will more than likely be going to Penang this summer, and I can finally look forward to meeting our friends there in person.

SPOTLIGHT ON - LOK CHI ASSOCIATION

The Lok Chi Association was established in 1975 and registered as a charitable institution in 1977. The main service is to provide social and recreation activities for people with intellectual disabilities (PID). Most of them are mild grade, moderate grade and mentally retarded persons. They have 3 centres located in Tai Wo Hau, Lam Tin and North District. Their vision and mission is to help them build up positive image, development of potential and social integration and the ultimate goal is to promote the wellness of their members. Besides the mild and moderate grade PID, they also provide services to support the care takers and parents. Main funding sources

from the Social Welfare Dept., Community Chest which mainly support the services in Lam Tin and North District. Other mass programs they received funding support from other funding bodies.

Their services can be divided into 4 main aspects. **Social and Recreational Services** which include District programs, festival celebration, birthday parties, social gathering. Also have activities with other agencies and run Gateway Clubs on weekends mainly to encourage their members to work together with the volunteers and to plan some of the activities for themselves. **Development programs** which are also major part of their services, offered different kind of interest groups, volunteer groups, learning classes, talent show, sports and arts program etc. **Supportive program** every year in the summer. They will have the summer care programs for special school students, parents' club to help to release the pressure of the parents, provide professional counseling for social workers. **Public Education** which provides talks, seminars, book launches, exhibitions and fun fairs. In the past year they have some of the seminars to promote the knowledge on understanding autism and also to promote the positive image of their members. Results have reminded us the participants got comparatively low scores in the area of the emotional aspect. It also founded that the more game participation in the social recreational activity the better emotion they will have. They also have regular performances, one of which is the lion dance, and dancing performances in the district with other organizations, like a Kung Fu show performed to the elderly at the elderly centre. It was an interesting overview of the organization, and we may look for opportunities to work together in the future.

LAST WEEK PROCEEDINGS April 12th 2017

That done, it was on to the announcements, before P Chris invited PE Stacy to give us a brief pictorial overview of the recent anniversary party, complete with some fun videos. P Chris then asked secretary Meipo to announce the Red Box takings which amounted to \$900, before he then introduced this week's guest speakers who were here to tell us about their organization. After the presentation and some Q&A..P Chris invited PP Rudy to formally thank the speakers. The lucky draw winner this week was PP Henry who won a
