PE Lawrence Lui presided our 4th Club Assembly. We celebrated the birthday of Rtn John Yao. PE Lawrence reported on the District Learning Assembly.

RI President-Elect Mário César Martins de Camargo had called for collective efforts to embrace growth, service and connection, to form the "best-qualified team of volunteers on the planet".

The 3 essential pillars for membership growth are Innovation, Continuity and Partnership.

On Innovation, he believes change is essential for continuity. New ideas attract new audiences, and diversity and societal dynamics offer new opportunities for innovative and adaptable Rotary participation. On Continuity, consistent, united leadership and alignment can avoid conflict among leaders and increase member stickiness. And through Partnership, we can address community needs effectively, enhance our impact and attract more quality members.

PE Lawrence shared the District's Membership, Foundation and Public Image goals. As to District priorities, the upcoming focus will be 'wellness for body, mind and soul'. Body through sports and wellness, mind through maternal and child health, and soul through vocational service and community economic development. And Family can be the center of all as the foundation for relationships, resilience and thriving together in healthier communities. Important District dates were shared to us.

President Bonnie Yeung reported on our 12% net loss of membership. On the other hand, we have a 23% service participation rate. We also have participation on all District activities.

Rtn Jason Chiu reported on community service this Rotary year. Our "Magic of Tennis" event was especially well received.

PE Lawrence reported on foundation and International service. PP Leo Yu told us that the Philippines Pavilion at the Osaka Expo was designed by Carlo Calma, son of PP Pabling Calma of our sister club, Rotary Club of Makati North.

PE Lawrence shared his experience visiting our sister clubs in Japan, in particular the strong Rotary bond and hospitality he had felt and received.

PP Bernard Lee reported on youth and presented on an event from UNESCO Hong Kong Association which we can engage with youth service in the future. Rtn Christian Li promoted our upcoming northbound travel for Hong Kong vehicles fellowship.

Redbox for the day was HK\$1,380.

We all congratulated PE Lawrence on chairing his first Club Meeting.
